2. How to create a free Apple ID account on your computer
3. How to turn off auto-light on iOS 11

## How to set new iPhone / iPad wallpaper

### Step 1:

Click on **the Settings icon** on the device. Switch to the new interface and click on **Wallpaper** . Next click **Choose a New Wallpaper** .

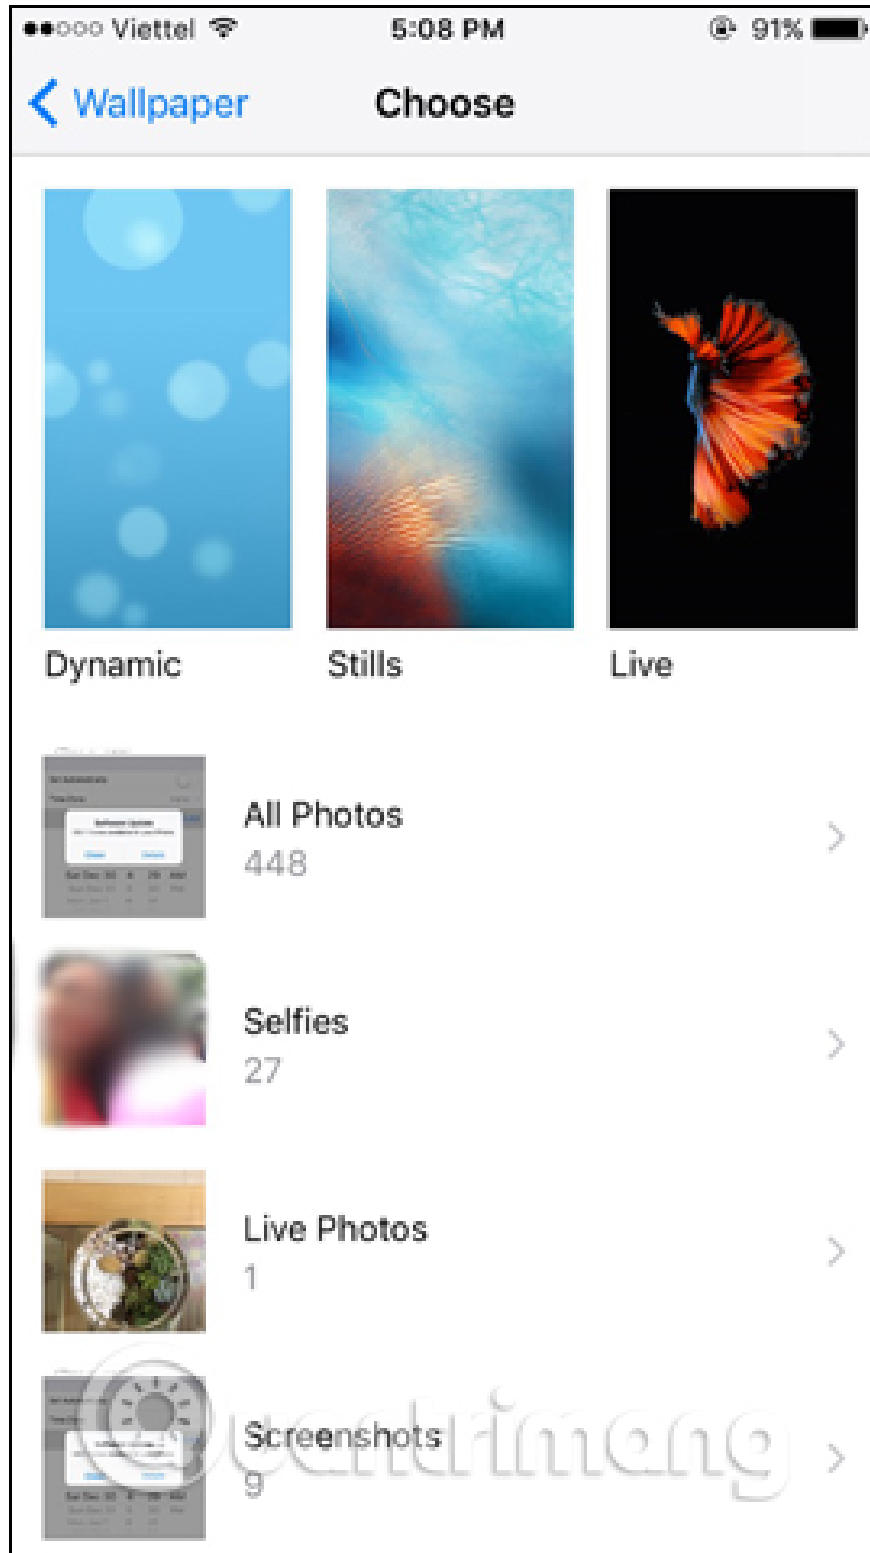

**Step 2:**

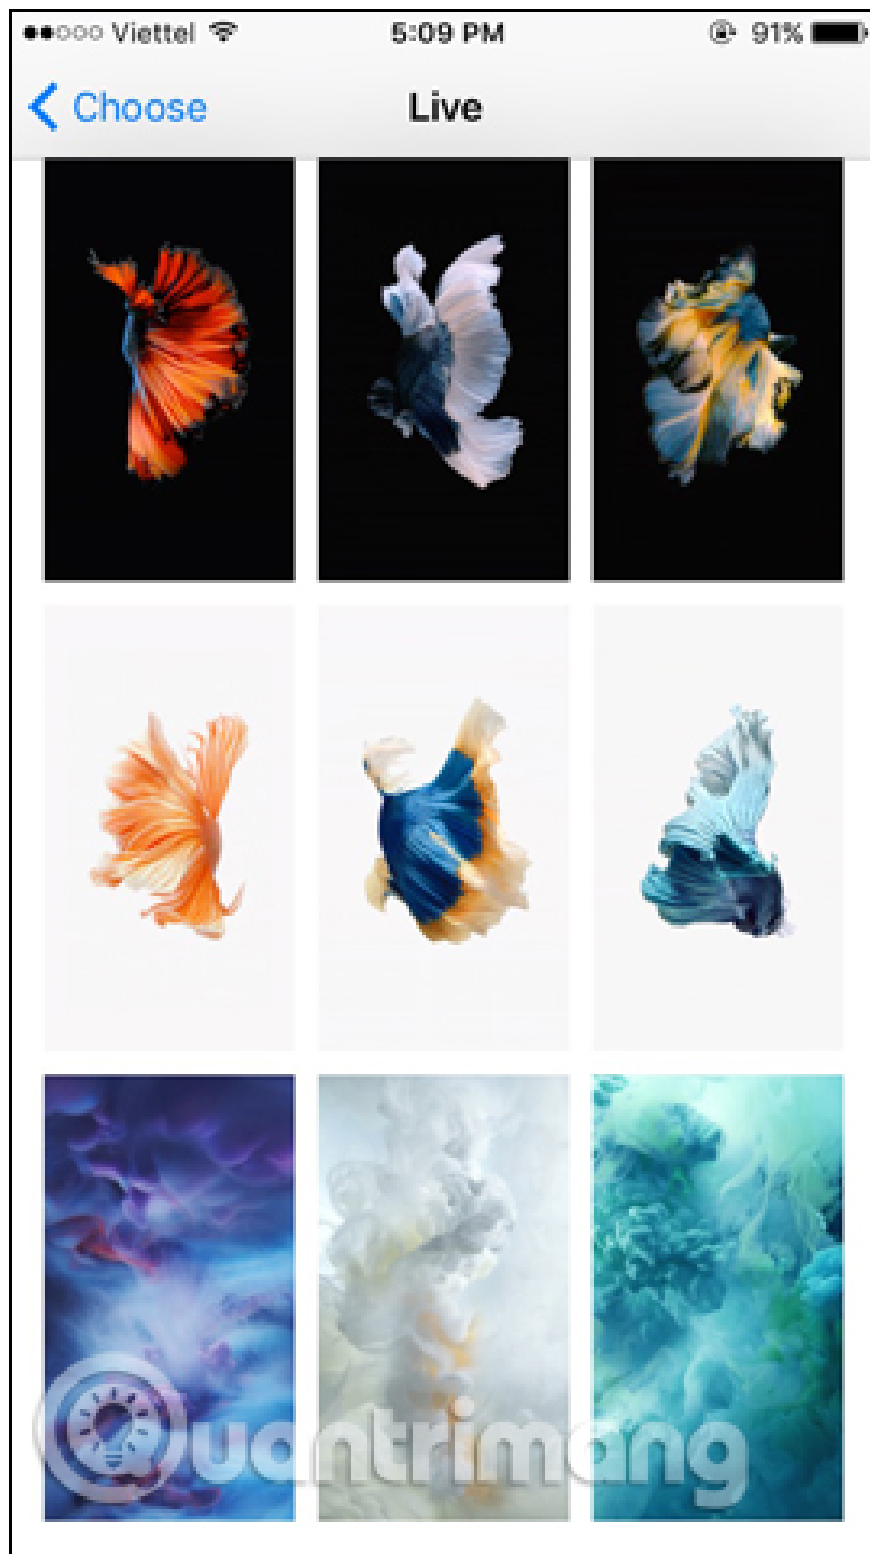

Apple will provide 2 options for choosing the wallpaper for the device, including:

1. You can select the available Apple wallpaper as an iPhone / iPad wallpaper, select the live or static wallpaper in the section.

2. Select photos on iPhone / iPad as wallpaper included in device albums.

For example, I will choose the wallpaper that Apple provides. When you click select and have more different background images.

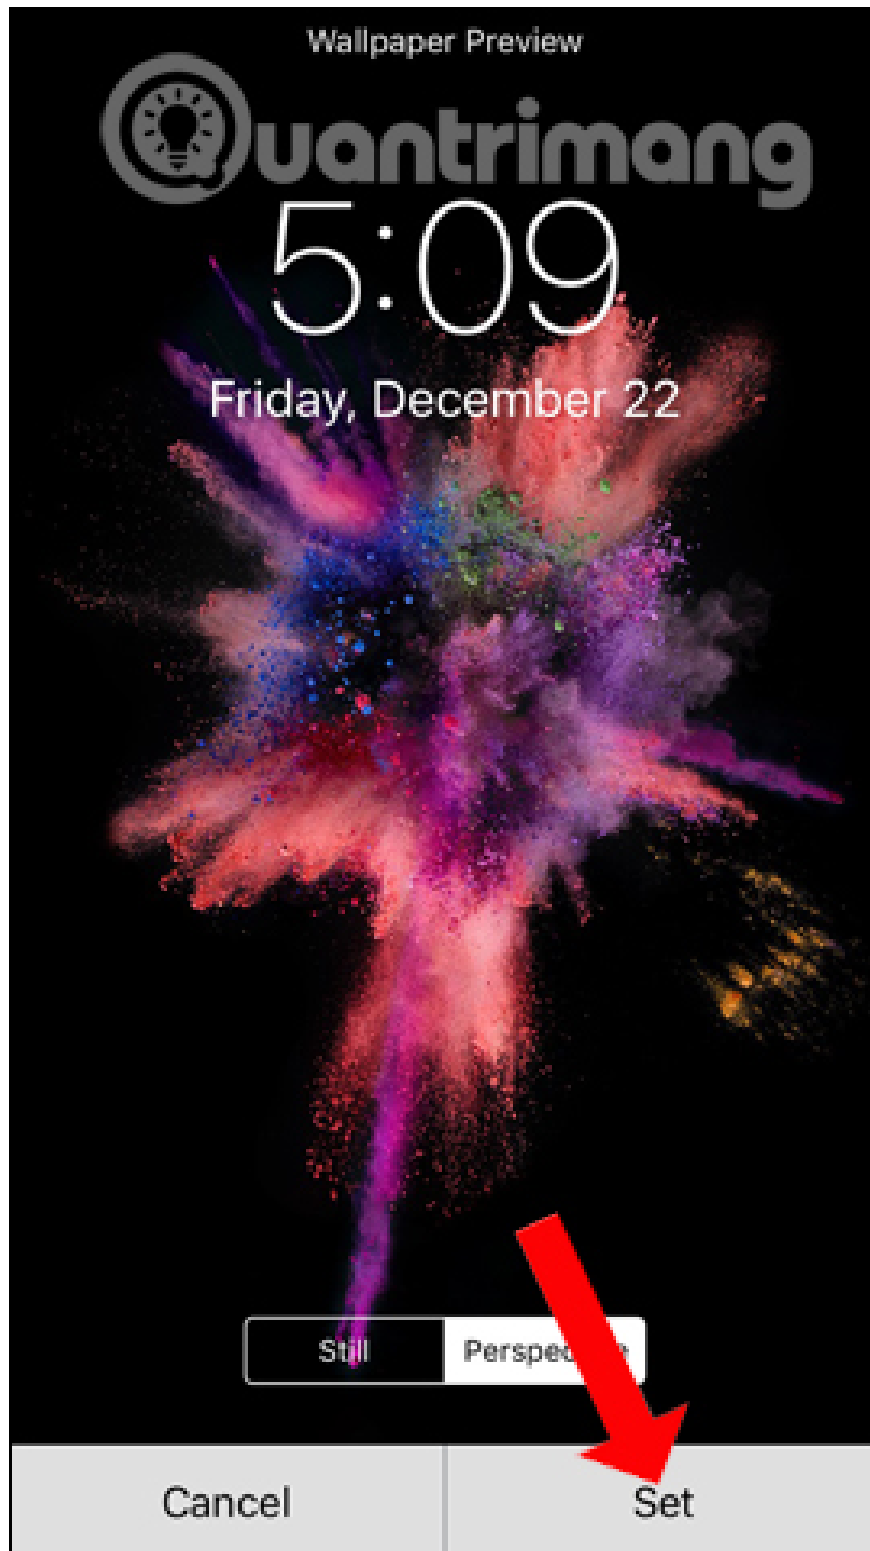

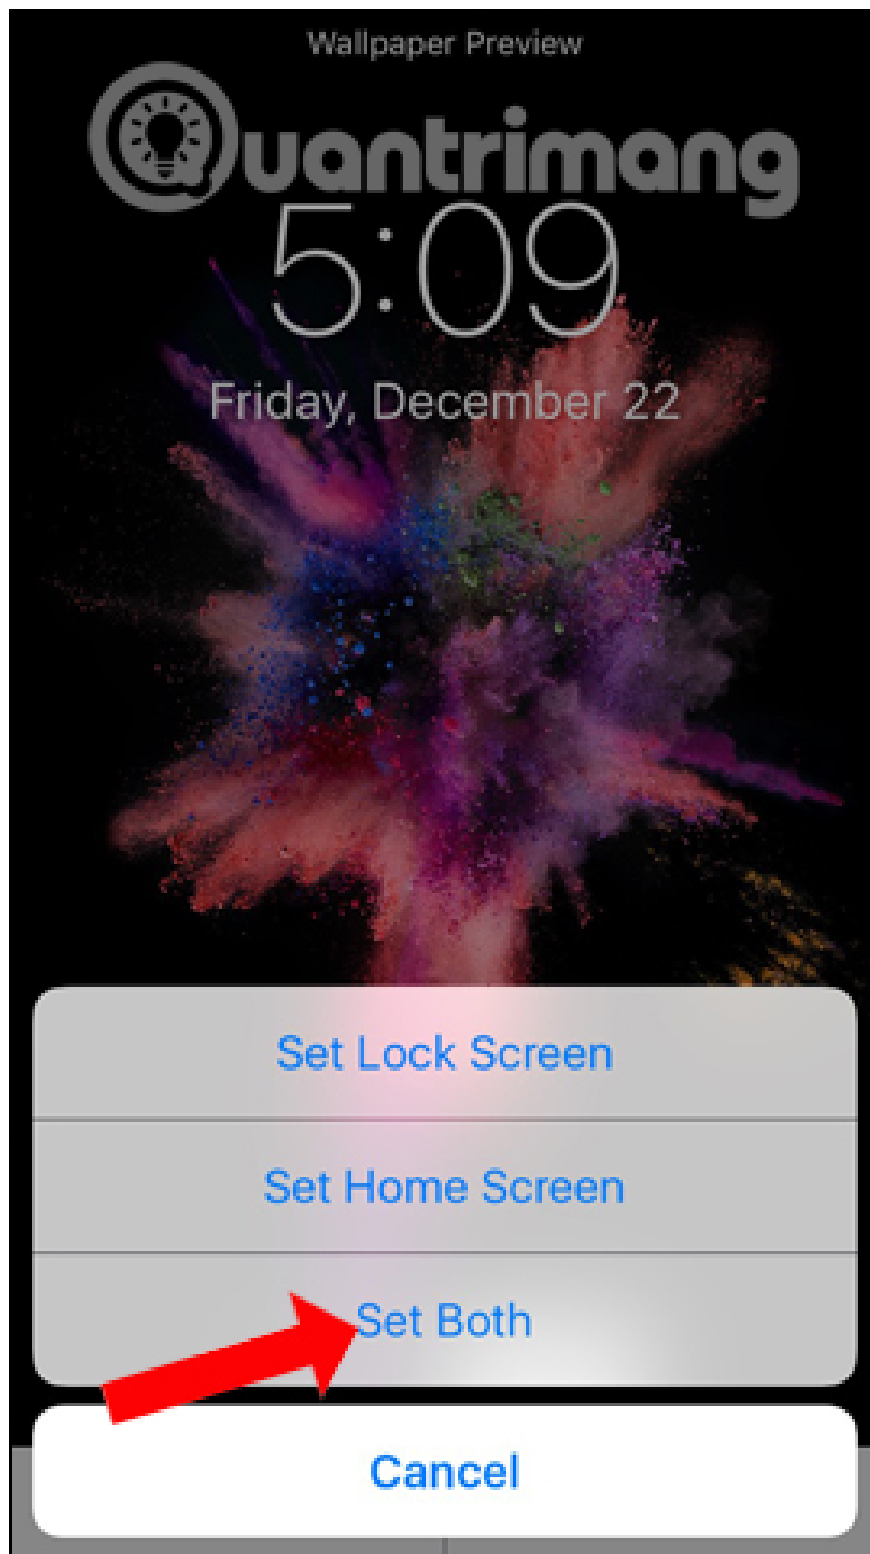

**Step 3:**

Click on the wallpaper that the user wants to use for the device and then click on the Set button. The device will ask users to use this image as wallpaper for lock screen (Set Lock Screen), or the device's main screen (Set Home Screen).

If you want to use this image for both screens, select **Set Both** .

So you have finished setting the wallpaper, changing the wallpaper on iPhone / iPad. With a number of high-end iOS series later, Apple will provide more unique and artistic backgrounds than previous models.
