After the operation is completed, the iMei code will appear above, the above will be iMei 1 and iMei 2 codes and a number of SN numbers. Now open your text editor, enter your IMEI number and **send a message to switchboard 6060** for 500 VND. This is the switchboard to check the official warranty of Samsung. You will receive a message detailing the warranty activation date as well as the machine's warranty period.

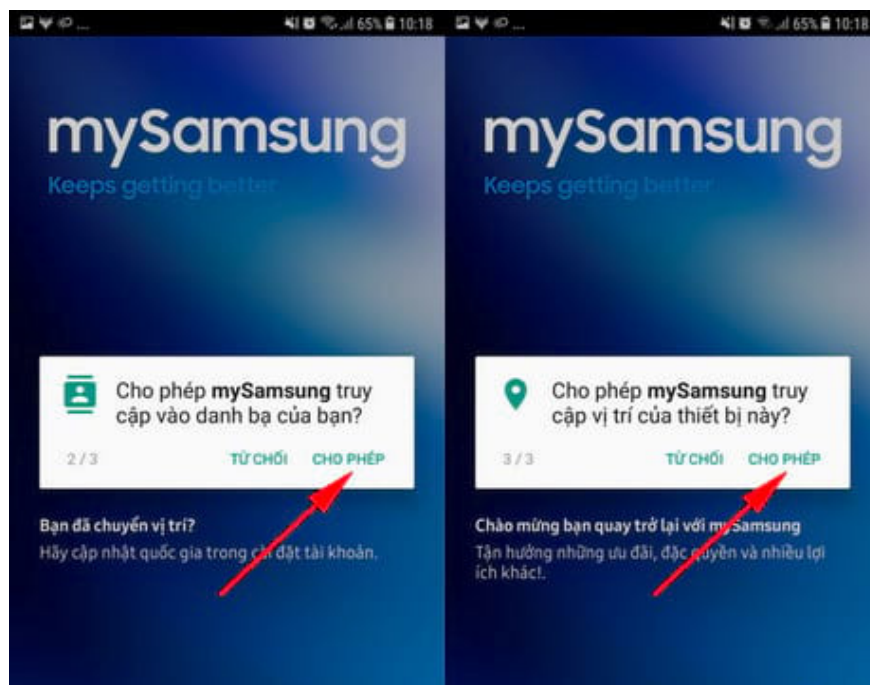

## 2. Check warranty Samsung via mySamsung

### Step 1:

In addition to the above, you can also easily check the warranty period of the device via the My Samsung application. If your phone has not been installed, you can go to the link below.

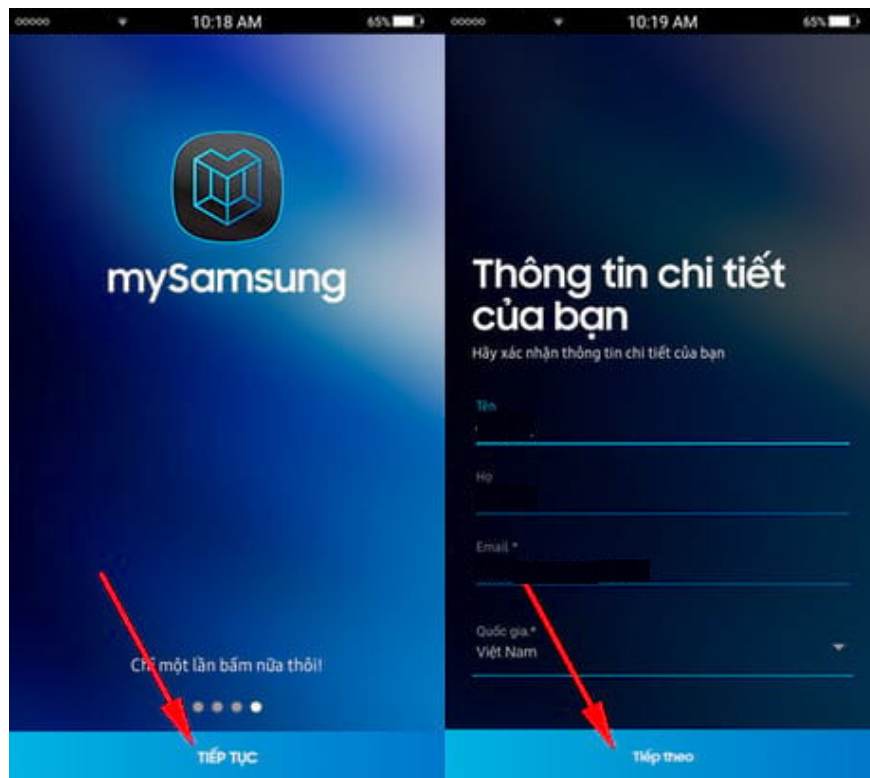

### Step 2:

After the download is complete, start up mySamsung application, at which point the system will ask you for permission to access the device system. You just need to press 'Allow' with access to contacts and phone location.

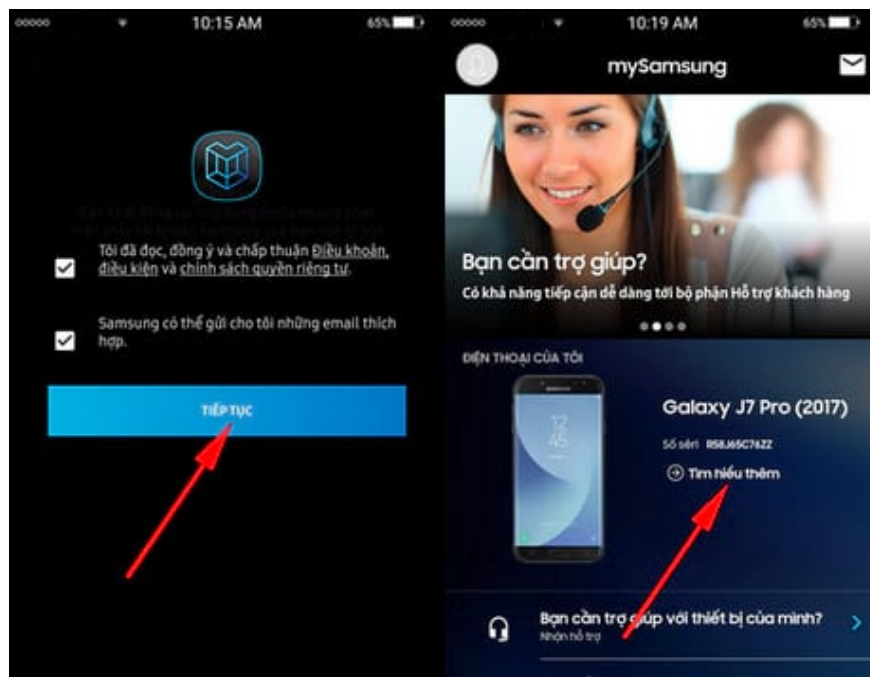

**Note :** Authorization to grant access to equipment systems is a mandatory condition for you to use mySamsung for Android as well as to check Samsung warranty online.

### Step 3:

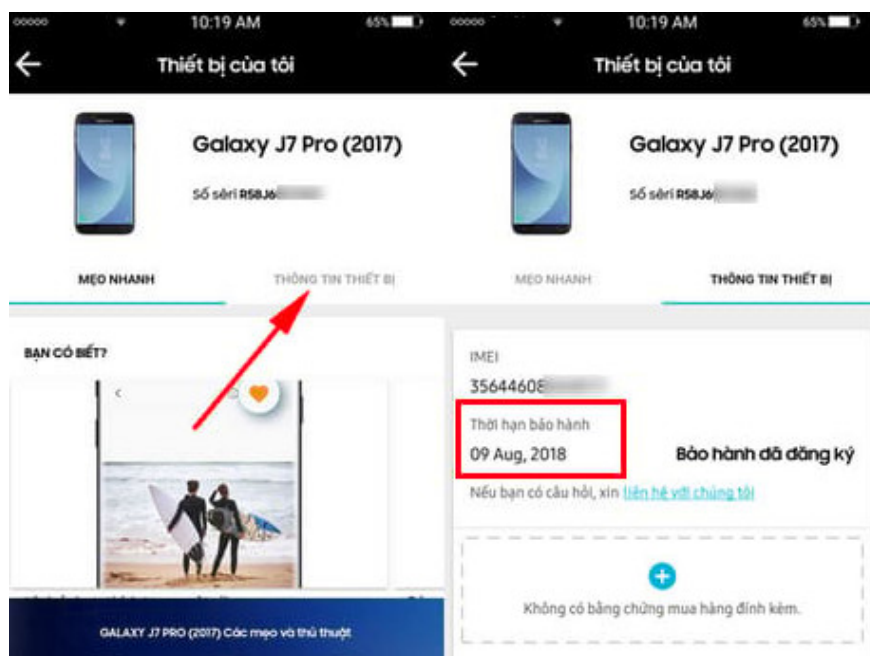

After you have finished granting use rights, you will see a table introducing the features on this application, swiping the screen to the left to continue. Click **Continue** on the next screen and enter your details for the device and **press Resume** if you have a Samsung account.

### Step 4:

After agreeing to the terms required by the application, click 'Continue', and click on the 'Learn more' section in the next interface.

### Step 5:

At this time, information about your phone will be displayed with the device name and serial number. Click the 'Device information' tab and you will see the warranty period displayed on the phone screen.

## 3. Call for advice

If you want to know more about warranty information and your phone error is not guaranteed, replacement parts how much . can contact directly with Samsung Vietnam warranty center via phone number :

1. 1800-588-889
2. (08) -38 213213

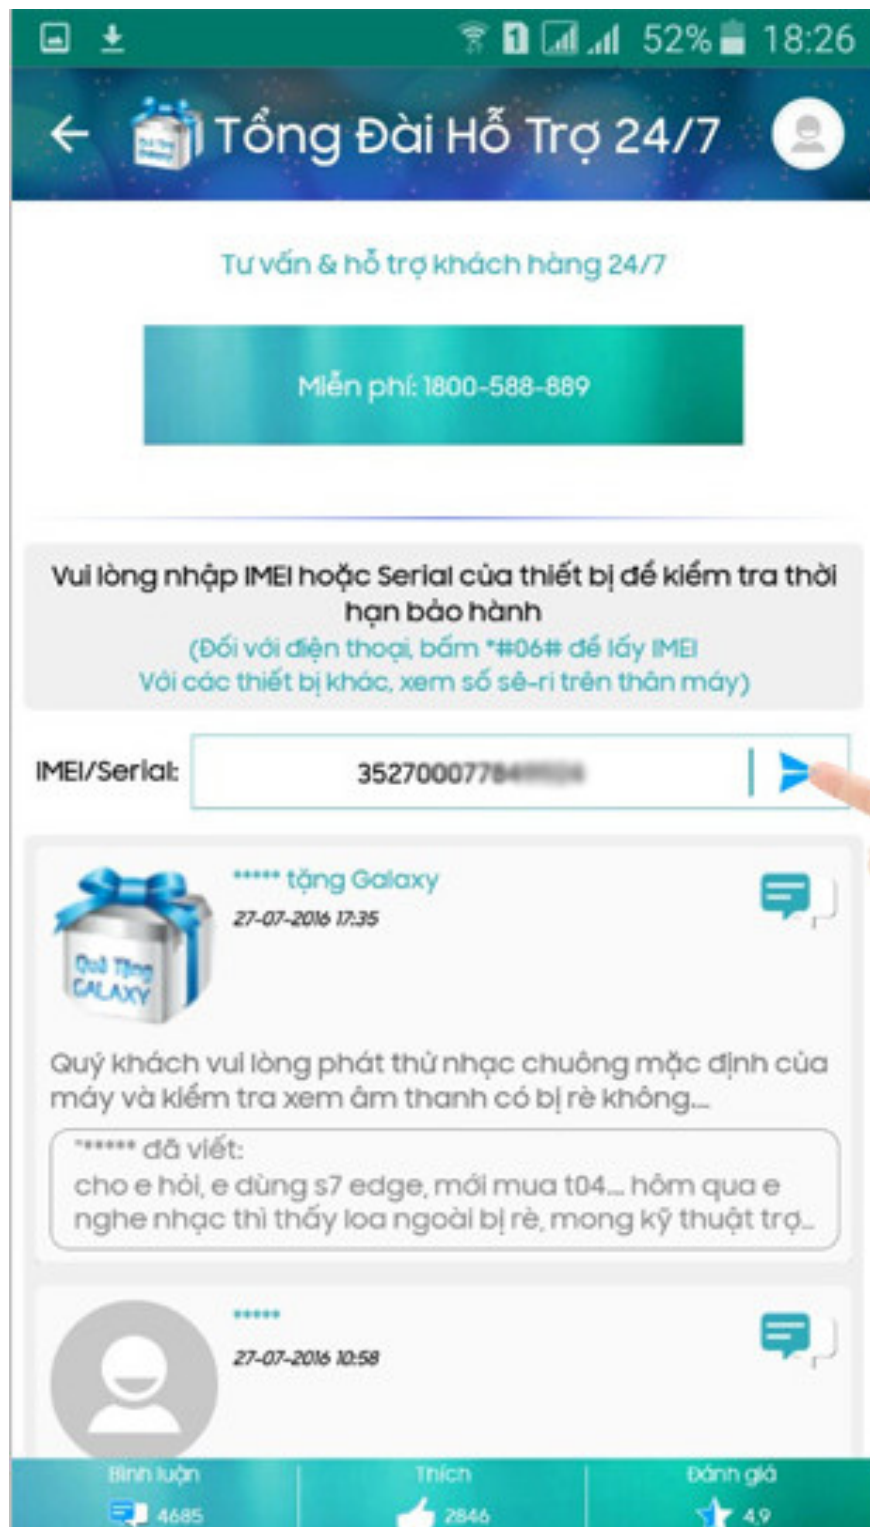

## 4. Check through Galaxy Gift application

### Step 1:

With the above way you have got the iMei code of the phone. After getting the IMEI number, go to the Galaxy Gift application on your Samsung phone. This is usually a pre-installed application.

### Step 2:

At the interface of the Galaxy Gift application, select **Service** => **PBX support 24/7** => **Enter the number of iMei** you have in the **box** => **Check** . Immediately, the machine's warranty information will be displayed.
