Benefits of home coffee makers

Coffee is a drink that brings a lot of benefits to people. A morning coffee will help you stay mentally alert to start the day more exciting.

In addition, drinking coffee also helps blood circulation, reduce the risk of colorectal cancer, protect muscle .

Therefore, if there is a coffee maker at home or office, it will save time but still have delicious and charming coffee cups with typical flavor.

Criteria for choosing the best coffee maker

Choose a coffee maker according to your needs

Family coffee makers often have small, simple and small capacity designs to meet the demand of small numbers of people.

Home coffee maker has a line that meets about 2 cups / time, with 5ly / time, or 20 - 30ly / day . Depending on the need, you can completely choose coffee machines family is perfectly reasonable.

Select by device type

There are 3 types of coffee makers to choose from:

Coffee maker tablet

1. Capsule coffee maker or tablet coffee maker is a compact, easy-to-use mini coffee maker.
2. Coffee maker by compressing coffee capsules in filter bags (capsule). You just need to insert the filter bag into the filter funnel of the machine and press the button, the coffee will automatically extract the extract.

Advantages: The tablet coffee maker uses very hygienic machines. Do not be afraid of powdered coffee for long time to lose the scent or coffee grounds scattered after use.

Semi-automatic coffee maker

1. Manual coffee machine is a cheap family coffee machine when compared to other types of coffee makers.
2. This model has no integrated coffee bean milling function. Machine can make espresso with pre-installed program, however you need to use powdered coffee or buy an additional mini coffee grinder.
3. The traditional milk taps will help you to make cappuccino or latte yourself, be creative.

Advantages: The price is quite cheap. It uses a handle to extract coffee, so you can use ground coffee and both convenient pod / capsule coffee.

Automatic coffee maker

Automatic coffee maker will integrate 2 features of coffee bean grinding and coffee making in the same machine) most often because of compact, simple, quick coffee making and easy to use, meet all requirements of home users.

Choose a reputable brand

There are many types of coffee makers on the market that come from different brands and brands produced in Europe, France, Italy and the United States, which are highly appreciated for their durability and large capacity, enduring operation .

When choosing to buy a coffee maker, you should choose reputable and trusted brands. Some brands produce reputable coffee makers such as DeLonghi coffee maker, Saeco coffee maker, Melitta coffee maker .

Above are useful information to help you choose the type of coffee machine suitable for your needs. Hope you can buy a quality machine and like it.
