## Top 3 most popular lawn mowers today

### 1. Oshima 430 lawn mower

Oshima 430 lawn mower with air-cooled two-stroke engine and single cylinder works with 1.5KW capacity with 10,000 rpm powerful recording capacity and up to 42.8cc cylinder diameter, cylinder diameter 40mm. With the built-in membrane filter, users can save fuel when using it, and they are always very stable and powerful.

## Technical specifications

1. No-load speed: 10,000 rpm
2. Engine: 2 stroke
3. Cylinder capacity: 42,8cc
4. Fuel: Gasoline phase
5. The viscosity gasoline ratio: 25: 1
6. Fuel tank capacity: 1.2 liters
7. Cylinder diameter: 40mm
8. Need type: Need to twist the 28mm 9 knots
9. Length needed: 1.52m
10. Capacity: 1.5KW
11. Speed: 8,000 rpm

## 2. Black & Decker GL5530 portable lawn mower

Black & Decker GL5530 hand-held lawn mower with powerful engine, 530W capacity will make lawn mowing fast, compact and highly effective. The GL5530 portable lawn mower has a grass cutting diameter of up to 30cm so it is possible to cut very fast on large patches of grass without spending too much of your time.

## Technical specifications

1. No-load speed: 0 - 7,300 rpm
2. Power cord length: 10m
3. Wide cut: 30cm
4. Fiber diameter: 1.5mm
5. Capacity: 530W

### 3. Honda UMK435T lawn mower

Honda UMK435T lawn mower is a Honda 4-stroke gasoline engine, which delivers powerful performance and a range of outstanding features, making it easy to operate and safe, fast, especially at Extremely durable.

#### Technical specifications

1. Engine: 4-stroke gasoline engine
2. Cylinder capacity: 5.8cm<sup>3</sup>
3. Cutting blade diameter: 305mm
4. Compression ratio: 8.0: 1
5. Fuel tank capacity: 0.65 liters
6. Start system: Shocking
7. Cylinder diameter: 39mm
8. Fuel consumption: 0.6 liters / hour
9. Lubricant capacity: 100cc
10. Rotating speed of blade: 5250 rpm
11. Rotation speed: 7,000 rpm
12. Capacity: 1000W (1.3HP)
