The Tet holidays are coming very close and the custom of worshipping Mr. Cong Ong on December 23 every year is an indispensable job. Apple Army will ride fish to heaven to report all the big and small jobs, which happened over the past year in the family of the family to the Jade Emperor. Carp is a major means to help **Apples** can " *cross Vu Mon Hoa dragon* ", so choosing to buy carp is also very important. The fish to give up Apples must be healthy fish, without scratching and losing scales.

According to folk legends, Mr. Tao is the god who governs all activities of the owner, who decides the luck, the danger, the blessing of the whole family in the next one year will be like, not only that but he also Help the family get peace, prevent the harassment of demons.

The custom of worshipping the Kitchen God also means to pray for the fullness, fullness, and then the meaning of worshipping the "Kitchen God" to manage the kitchen.

## 1. The legend of the Kitchen God

The ceremony of worshipping the **Kitchen God** started on the evening of the 22nd of the lunar month, or early in the morning of the 23rd, **noting that** the latest time to bring the men back to the sky was 12 noon on the 23rd day, if the time passed, the Kitchen God would not in time to go to heaven to report to Ngoc Hoang and fear that

the items that the landlord had prepared with sincerity, they would not receive it in full.

Today thanks to the convenience and cleanness, many people choose paper carp to worship, but Vietnamese cultural researchers say that should buy carp live because in addition to the meaning of worship to offer Apples Quan took the means of transport, the custom of release carp also had a valuable culture, expressing the humanitarian spirit of the Vietnamese people, besides this meaning, the purchase of vital fish has other meaning that creating jobs and income for carp farmers, expressing the spirit of solidarity, mutual, mutual love of the Vietnamese people.

**When choosing fish, you should pay attention to** choose healthy fish, when lightly touching the water surface, see the fish swim fast, swing hard. When buying carps, you must put them in a clean bowl, pour in clean water. It is best to get well water, because tap water in many places with chlorine can kill fish.

When you go to release fish, you need to choose clean ponds, lakes, large space and not too polluted. When dropping, do not stand on the ground or throw down the fish bag, so that the fish can die causing pollution to the surrounding environment. **The best way to release the fish** is to choose the edge of the water near, gently tilt the bowl or bag so that the fish can swing, swim into the water. **Psychology when going to fish** is also very important, need to be happy and relaxed to release fish. While releasing the fish there is no need to pray, just simply think that you are simply saving them. After releasing the fish, it is advisable to save a bit to see if the fish has swam away, to avoid the situation of stuck or lingering fish that do not want to leave.
