

# How to choose gifts for each age for children on Tet holiday for children 1/6

When giving gifts to children, you have created little magic with them. You may find them anxious to open the gift package. But choose a gift so that when opened, children are not disappointed. The secret lies in 4 words 'suitable age'.

International Children's Day 1/6 is coming very close, maybe a lot of parents and people are wondering whether to choose a gift to give to their children and grandchildren to fit? This is a special occasion for you to express your love for your children. Understanding this problem, the following article will share with you some experience so that you can choose to give your child a satisfactory and suitable gift for the most age.

## 1. Children under 1 year old

At this age children can not tell their wishes and children begin to learn about the world around them with the eyes and emotions of the people around them. Therefore, children love to see colorful things or toys that make sounds like soft stuffed animals with little squeals, dice for children to shake, and crib hangers with sound. happy ears, cloth toys, wooden toys. In addition, you can also shop for some funny, lovely clothes, or walker shoes to have your first life experience. When buying these toys, you should keep in mind, choose soft, smooth, safe toys that meet your child's satisfactions that are impressive about touch, which is the most important thing

for kids. this age.

## **2. Children from 1 to 3 years old**

Now children can choose what kind of toys they like. At this age you should choose educational toys and intellectual development for children such as: Puzzle toys, battery cars, stuffed animals, simulated sales staff, doctors, Car trains run on batteries, crayons for babies to exercise, dolls. Toys should have a moderate size of 20-30cm, should not be too big will make it difficult for children to play. Big cars as well as big stuffed animals with big eyes will make them scared and startled when they sleep.

Note when buying 1/6 gifts for children at this age, should learn about the mother: Will they like it? If children see mother's joy, they will definitely feel more interesting with the toy.

## **3. Children from 3 to 5 years old**

This age is very important to influence the development and maturity of the baby because they have started to learn and communicate with many new friends and like to imitate adults, so the "career" toys Education will be an appropriate choice for children. With my new friends in the youth class, we will organize games such as practicing as a doctor, or a teacher, a police officer, . Besides girls, maybe the doll will be a gift especially for children. In addition to the male friends at this age are very active and playful so you can buy them rubber balls for children to play and move freely with their abilities.

In addition, books or fairy tales have many images, colors also make children excited. Especially at this age, the clothes with pictures that children love are also great gifts.

#### **4. Children from 7 to 8 years old**

When the child's thinking is better understood, the more skillful hands are more likely to like logo toys assembled with small details. Children start the building's era. Boys dream of cars with self-control parts. It's time they no longer fear those cars, because they understand that the structures follow the will of the people. And

the girl dreamed of Barbie dolls, regardless of whether her parents supported their choice.

## 5. When the child is 10 years old

This is a young age that has grown up, has its own knowledge and dreams, so when you buy gifts for children at this age, you need to know what your dreams and interests are.

At this age children need to find a place in their peers, so children like toys like friends or go ahead than friends.
