

# How to choose the right microwave oven according to your needs, standard without correction

To buy a microwave oven suitable for your needs, you need to consider the size of the oven, the function of the microwave oven, the capacity of the oven, the microwave with the rotating disk automatically.

The microwave oven has a lot of different power levels, designs and features so it is difficult to choose the right microwave oven. The following article will show the basic criteria to help you choose the microwave that best suits your needs.

## Steps to select the appropriate microwave according to your needs

### 1. Select the microwave according to the capacity

Mechanical microwave ovens or electronic microwave ovens usually have capacities from 17 to 34 liters. Depending on the number of people in the family you choose the appropriate capacity.

#### For example:

1. If your family has 2-3 people, you can choose a microwave with a capacity of 17 liters - 23 liters.
2. Families with 4 - 6 members can choose between 23 - 25 liters of capacity.
3. If used for corporate office, spacious kitchen should choose a capacity of 25 liters or more.

### 2. Select capacity

Microwave capacity will depend on microwave capacity. The larger the furnace capacity, the higher the furnace capacity. So choose the right capacity to save power.

Oven capacity	Number of people in the microwave	Microwave capacity	Grill capacity
Less than 20 liters	Less than 3 people	600W - 750W	800W - 900W
20L - 30L	3- 5 people	700W - 900W	900W - 1.200W
26L - 28L	5-6 people	800W - 1,000W	1,000W - 1.400W
30L - 32L	6 - 8 people	850W - 1.100W	1,000W - 2,000W
Above 34L	Over 8 people	900W - 1.200W	1.100W - 2.500W

### 3. Considering the features of the microwave oven

Microwave ovens usually have three basic functions: cooking, heating and defrosting. If you need to bake food you can choose a microwave with grill.

Some microwave ovens are also designed with inverter features (convection baking, making air circulate evenly, fast food is more cooked, saving electricity). Depending on the intended use, you can choose a microwave with the most suitable feature.

#### 4. Consider choosing to buy a microwave with a cooking programming function

Microwave ovens with a cooking program make it easy for users to set multiple cooking modes in one cooking to suit different food requirements. For example, you can choose to cook at 100% capacity in the first time and 50% capacity at the end of the process.

#### 5. Select the microwave with automatic rotating disc

Most microwave ovens are equipped with automatic turntables to make food evenly cooked and more delicious.

Hopefully this article will help you gain more experience to choose the most suitable microwave.
