

How to 'close' Paypal account?

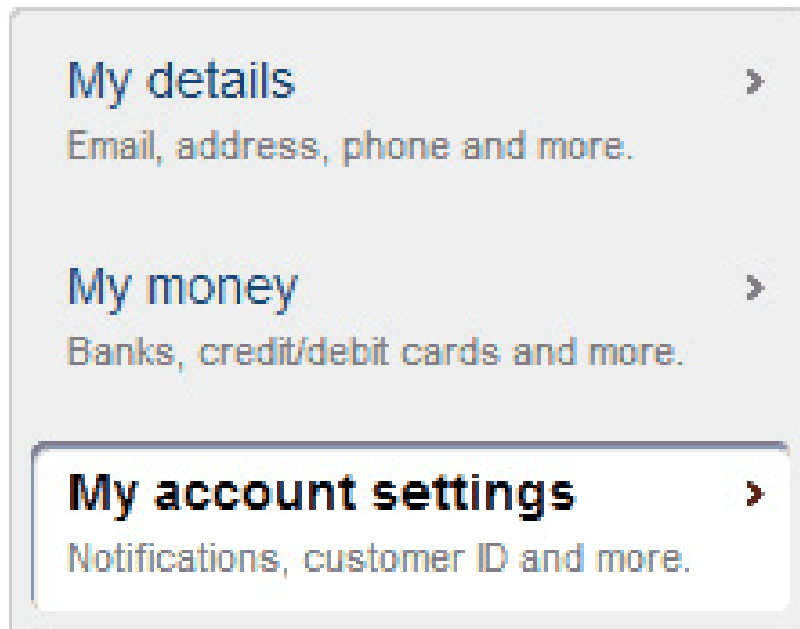

In the article below, we will introduce you some basic operations to 'close' your Paypal account. At first glance it seems simple, but in fact, quite a lot of people do not know or mistake this process ...

TipsMake.com - In the article below, we will introduce you some basic operations to 'close' your Paypal account. At first glance it seems simple, but in fact, quite a lot of people do not know or mistake this process.

First, login to your account, then select **My Profile> My Account Settings:**

My Profile

Find the **Account** section at the bottom right corner and click **Close Account:**

Account type

Personal [Upgrade to a Premier Account](#)

[Close account](#)

This is the starting point of the whole next process, but not so simple. Because if you want to do this, the balance in the account must be at 0, you should withdraw the remaining amount through the form of transfer, directly. the system will remind and ask the user done so.

After that, the system will warn you that all data related to the account and transactions are wiped clean. If you encounter any problems during this process, users can access the [Paypal Help Center](#) for assistance.

Close Account

PayPal strives for complete customer satisfaction. If you're having problems with your account,

Closing your account is final and both your account history and reputation number will be lost.

[Cancel](#)

After confirming, the system will ask you about the reason why you do not want to continue using **Paypal** 's service:

Reason For Closing Account

We're sorry to see you go! Customer satisfaction is very important to us and the answers you can make a difference in how we address the needs of our customers.

Where can we improve? What services or features should we provide? By telling us why you close your PayPal account, you will help us improve the overall PayPal service.

Please choose up to three of the reasons listed below.

- PayPal Policies/User Agreement terms
- Credit card verification
- Cannot share information between accounts
- PayPal's email/phone support took too long
- Fees are too high
- This was a duplicate account
- Need to change name on account
- Need to update/change other account information
- Bank account verification
- Security/Privacy concerns
- PayPal's customer service was unprofessional
- No longer need/one time use
- Password issues
- PayPal's products do not meet my needs
- Other:

Select the most suitable option, and click **Continue** :
