

How to convert MP4 to MP3 fast and most standard

You are watching a video when you suddenly come across a favorite piece of music and do not know how to get that particular piece of music into a music file. Or simply understand that you want to convert the format from MP4 to MP3 format. Here TipsMake.com will send you some

You are watching a video when you suddenly come across a favorite piece of music and do not know how to get that particular piece of music into a music file. Or simply understand that you want to convert the format from MP4 to MP3 format. Here TipsMake.com will send you some ways to convert Mp4 to Mp3 in a fast and standard way.

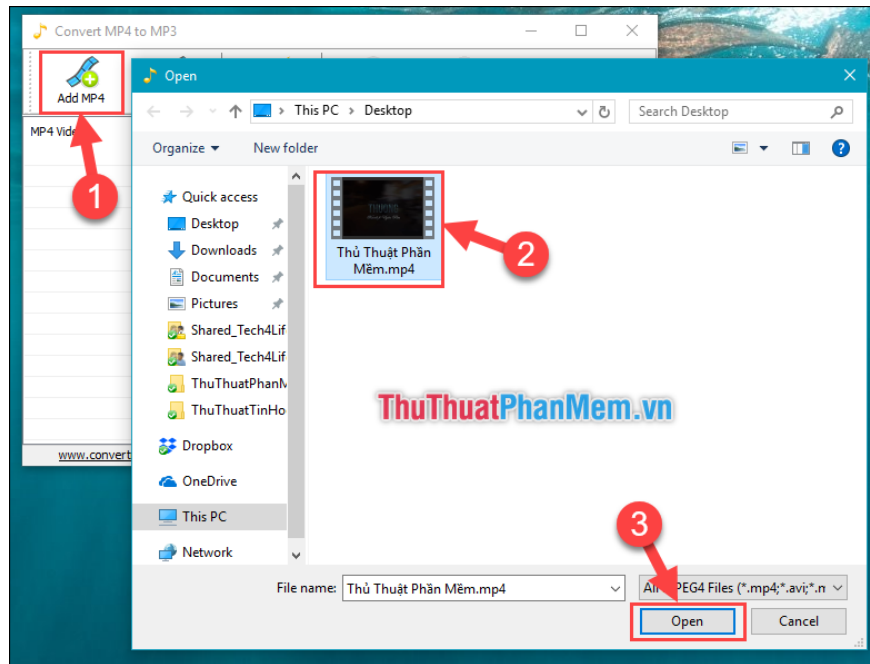

Method 1: Use Convert MP4 to MP3 software

Software download link: <http://www.convertmp4tomp3.com/>

Step 1 : You launch the software

- (1) In the main interface of the software, select Add MP4
- (2) Select the MP4 file you want to convert
- (3) Click Open

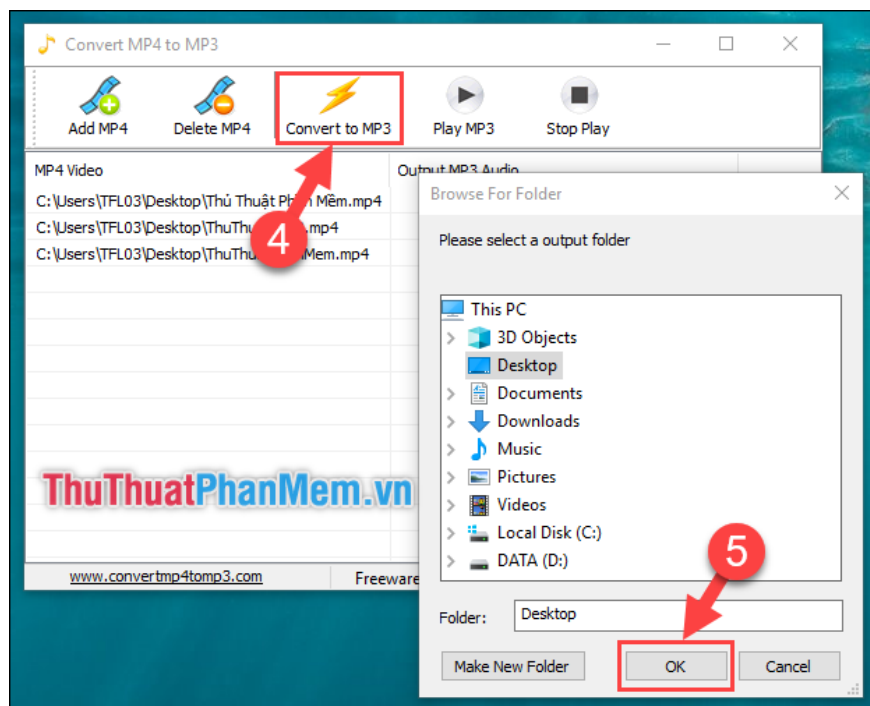

You can also add multiple MP4 files to Convert at the same time.

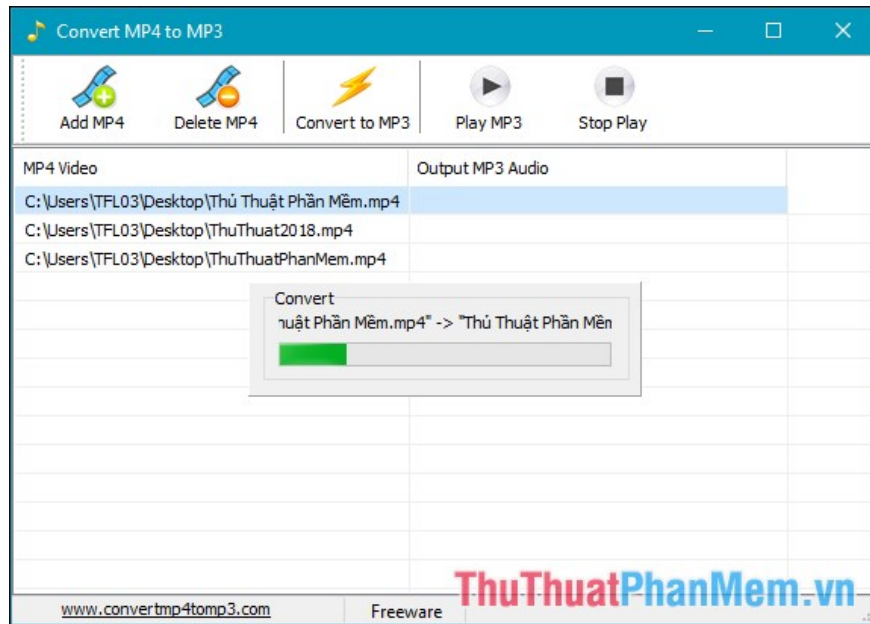

Step 2 :

(4) After you've finished selecting the MP4 file, select Convert to MP3.

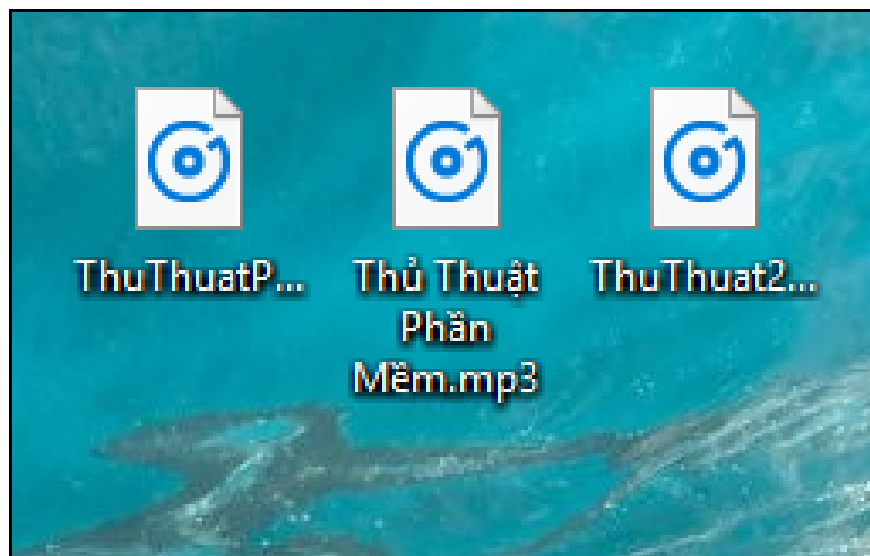

(5) Select a folder to save the MP3 file and then select OK.

Then the software will perform the conversion process

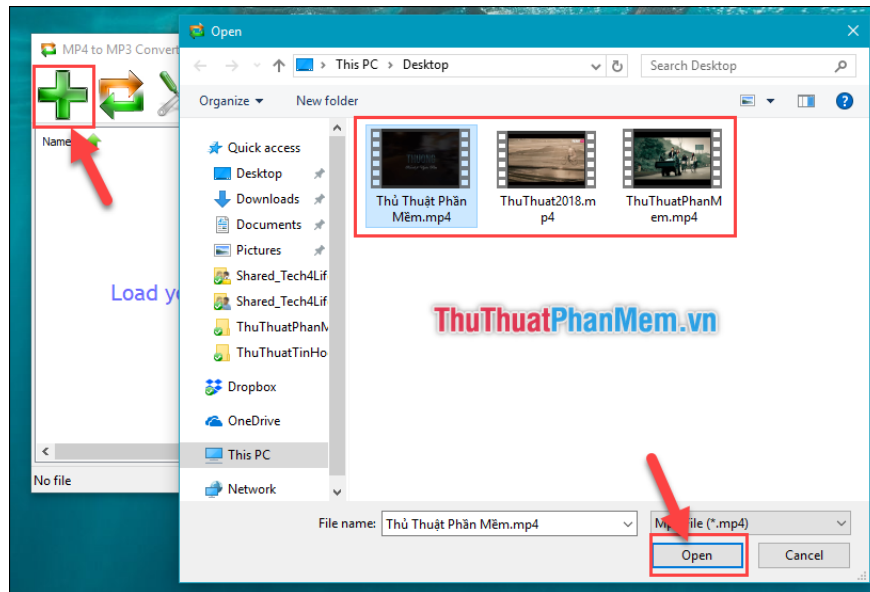

Return to the folder you just selected to contain the MP3 file, your Convert result will be there.

Method 2: Use MP4 to MP3 Converter software

MP4 to MP3 Converter software is relatively easy to use.

Click (+) to add the Video you want to Convert, then select Open

(1) Select the wrench icon to customize the MP3 file quality.

(2) Select the folder to hold the MP3 file.

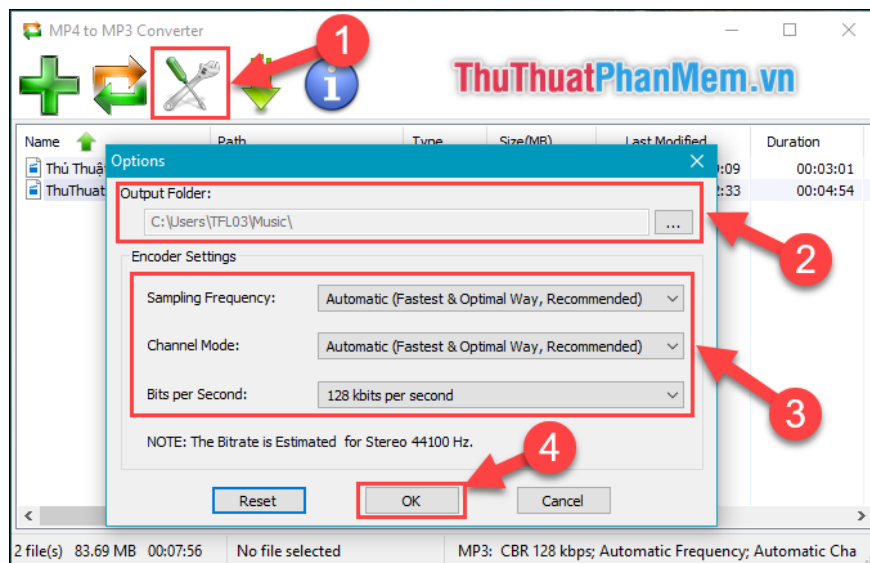

(3) Customize Convert settings like:

Sampling Frequency : *Sampling frequency* .

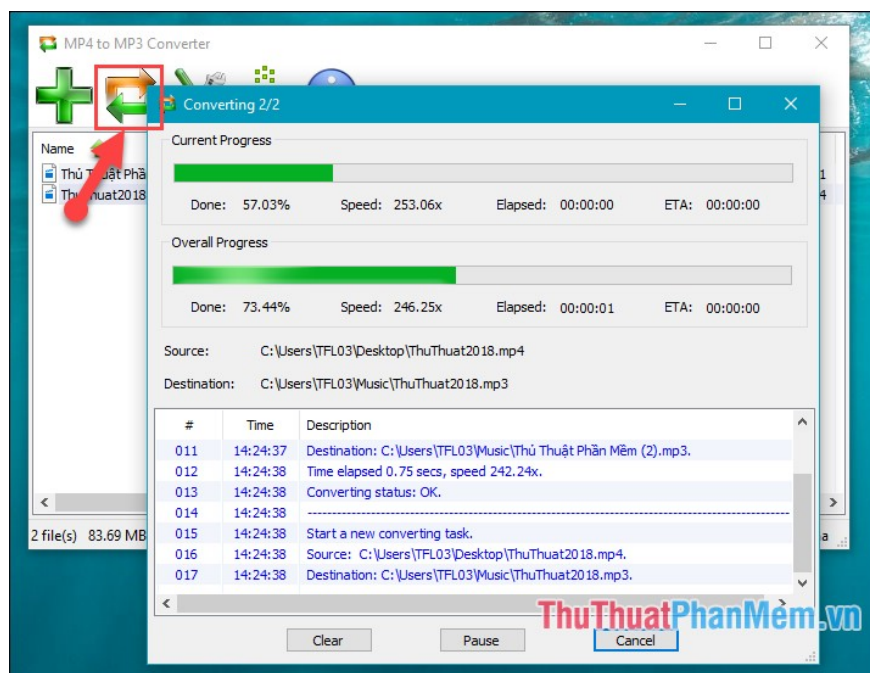

Channel Mode : Output channel.

Bits per Second : Audio frequency.

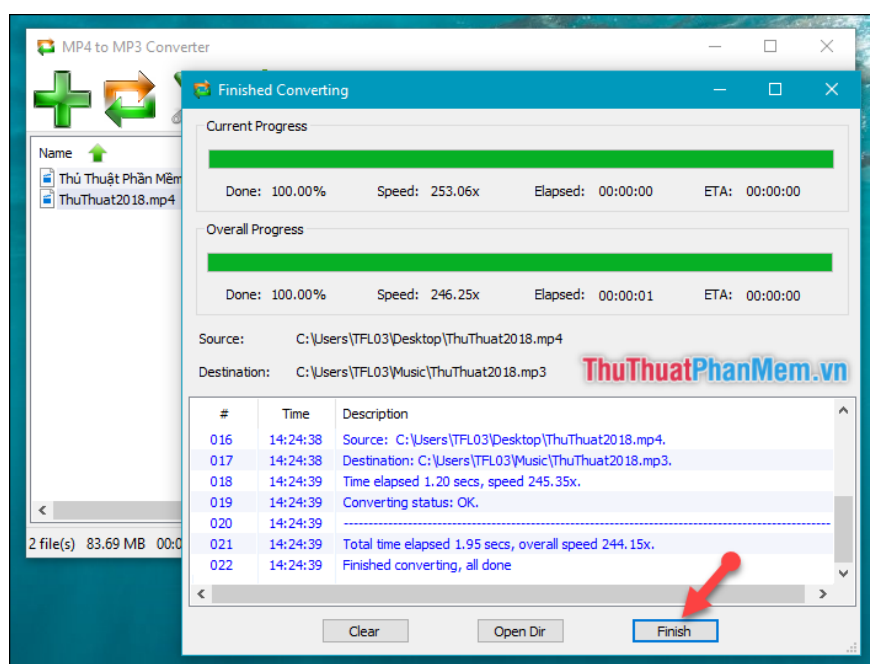

(4) After setting the parameters, select OK.

Click the **Convert** icon to make the conversion

Then select **Finish** to complete the conversion process.

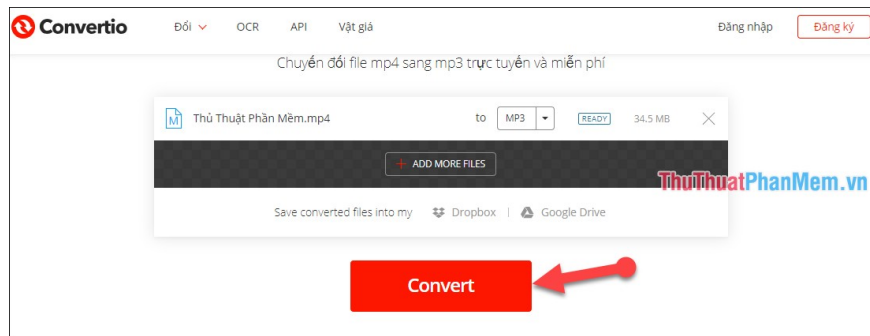

Then go to the directory where you choose to save the MP3 file to get your results.

Method 3: Use the online website Convertio

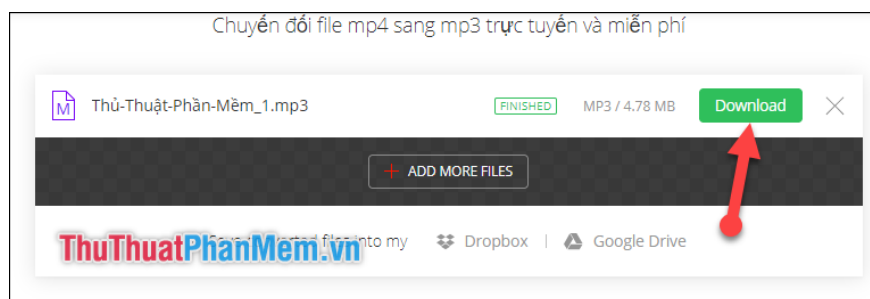

Website link: <https://convertio.co/vn/mp4-mp3/>

Step 1 : You upload the MP4 file to the website, you can choose to get the file from your computer, GoogleDrive, Dropbox or URL.

Step 2 : Select Convert

Step 3: Wait a bit for the site to automatically convert, then you choose to download to download the MP3 file to your computer.

Method 4: Use the online website Online Audio Converter

Website link: <https://online-audio-converter.com/en/>

The interface of the website is quite easy to see and the steps to perform are quite simple. In addition, you can also increase the quality of MP3 files up to 320 kbps.
