

How to convert online video format with Zamzar

Zamzar is a service that supports converting video formats online, allowing users to choose any format that is in Zamzar's list, then proceed with video conversion.

Currently, the software supports video conversion a lot, you can even use the built-in conversion feature of some video playback software such as VLC. But if you don't want to install multiple programs on your computer and want to make a quick conversion, online video conversion services are the right choice.

Zamzar is one such tool. Users only need to upload the video on Zamzar's homepage, waiting for the successful conversion of video to download the video to the computer quickly. Besides, Zamzar also supports some types of videos suitable for some smartphone lines, so you can freely choose and convert completely free. In the following article, Network Administrator will proceed to convert video format with Zamzar service for free.

Step 1:

First of all, go to Zamzar's homepage under the link below:

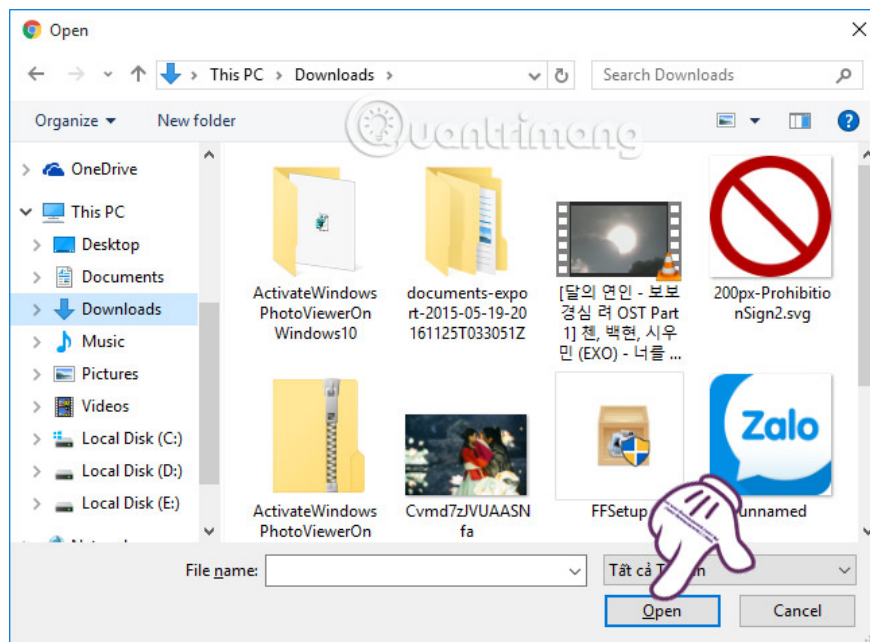

1. Convert video format with Zamzar

Step 2:

Below is Zamzar's interface, we click on the **Choose Files** button to upload the video to the homepage.

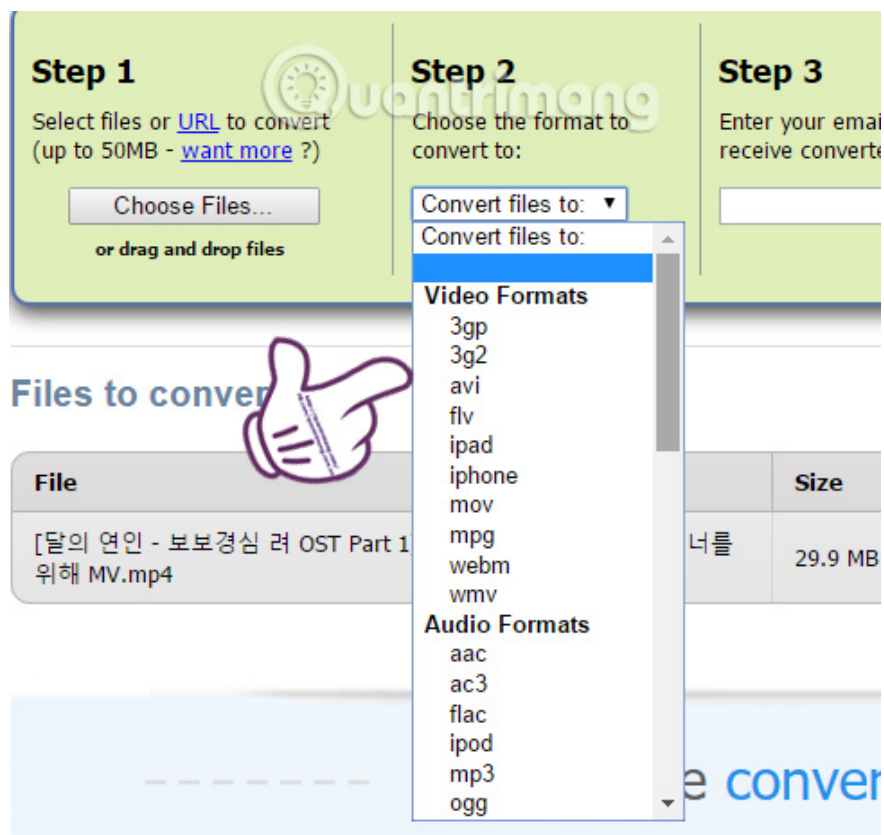

Next, the Open window appears on the computer. Here, we will find the folder containing the video you want to change the format, click the video and click **Open** .

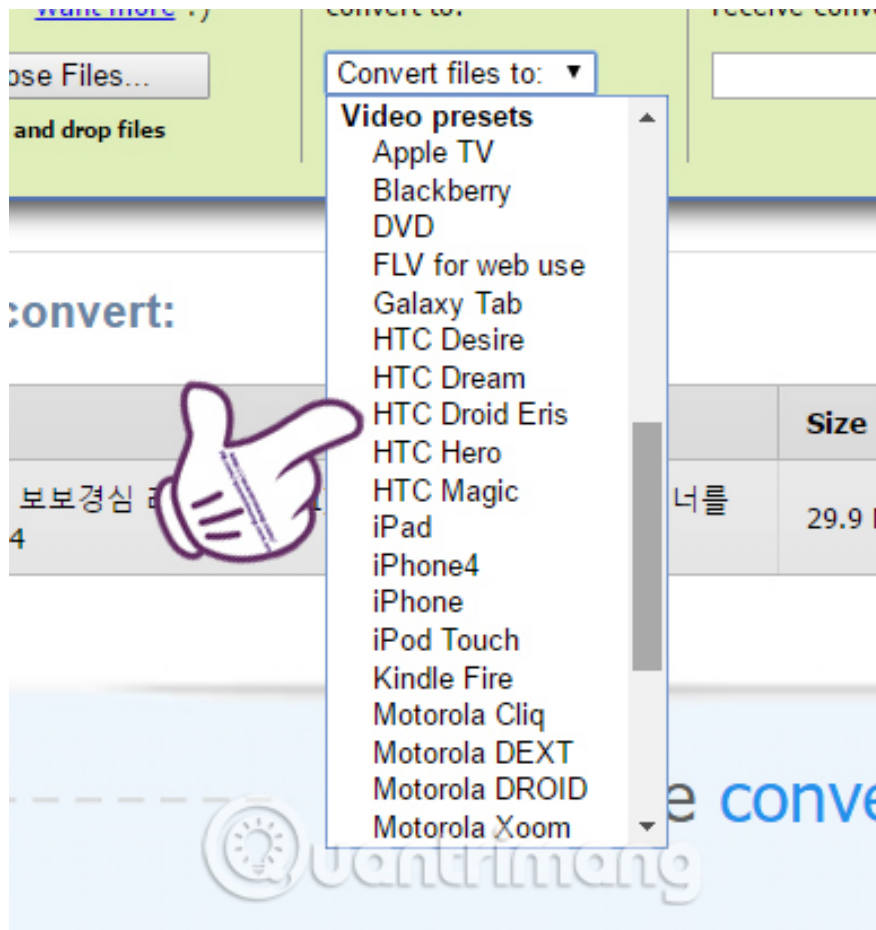

Step 3:

In this step, we will press the **search for the video format to convert** . Click **Convert files to** .

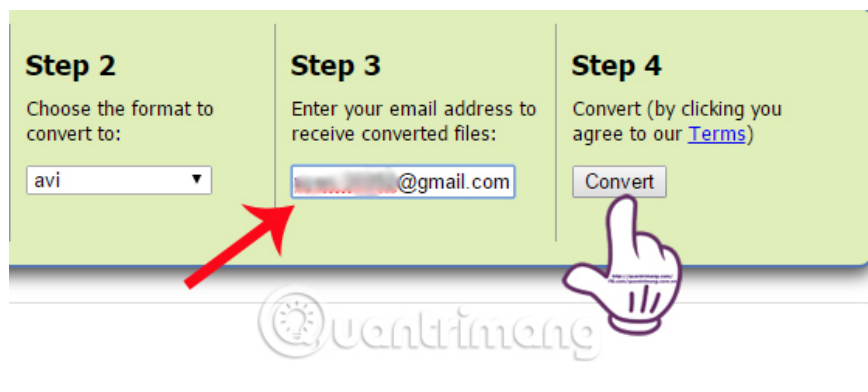

Zamzar supports both video, audio and format formats for current smartphone lines.

Step 4:

After selecting the video format to convert, we proceed to **enter the email address** to Zamzar that will send the video download link through the email address, when convert is completed. Finally click the **Convert** button as shown below.

Step 5:

We wait for the video format conversion to complete.

Files uploading:

4% complete. About 5 minutes 29 seconds left.

File	Size
[달의 연인 - 보보경심 러 OST Part 1] 첸, 백현, 시우민 (EXO) - 너를 위해 MV.mp4	2

Soon, you will be taken to the new **File upload** interface. This message will tell us to log in to the email address entered above.

File upload complete

Your file has successfully finished uploading !

We'll now convert your file - As soon as this is done **we'll email you** to let you know where you can download your file from.

[Want an inbox to manage your files? Register for an account](#)
