How to convert Youtube Videos into MP3s fast and quality. Youtube is the most famous video sharing website on the Internet with millions of unique users every day. In addition to videos of all genres shared by users, Youtube is also a place for singers,

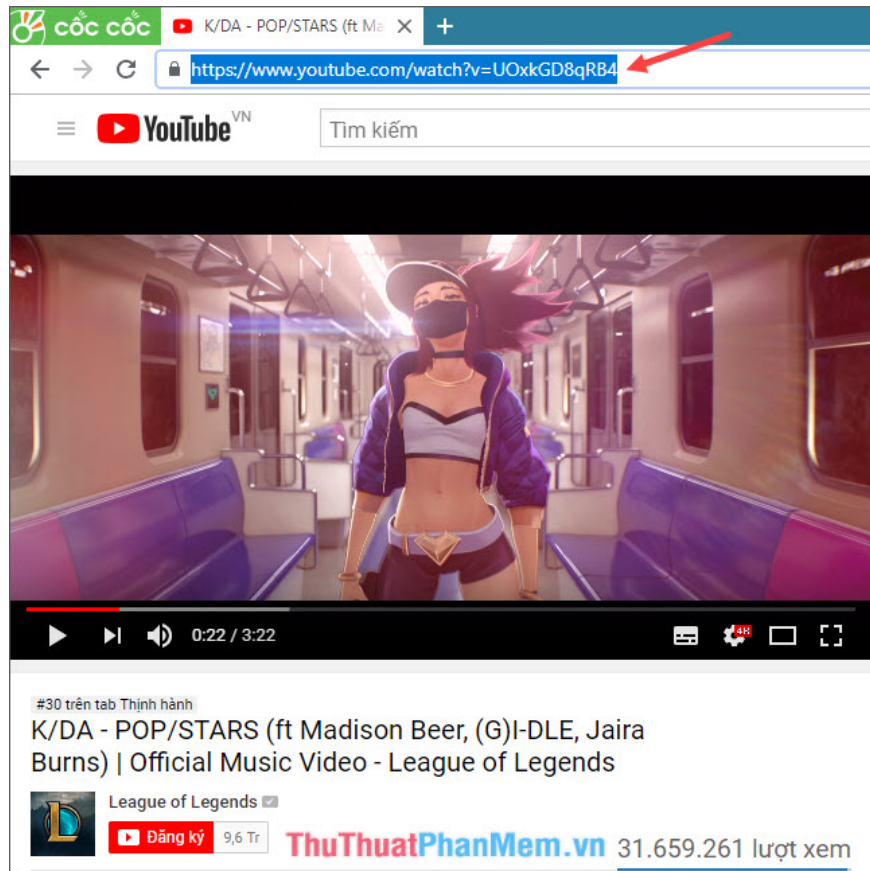

Youtube is the most famous video sharing website on the Internet with millions of unique users every day. In addition to videos of all genres shared by users, Youtube is also a place for singers and musicians to promote their music works.

You are listening to a melodious song on Youtube but on Youtube does not support downloading it. If you are looking to learn how to download music from Youtube, please watch the tutorial below!

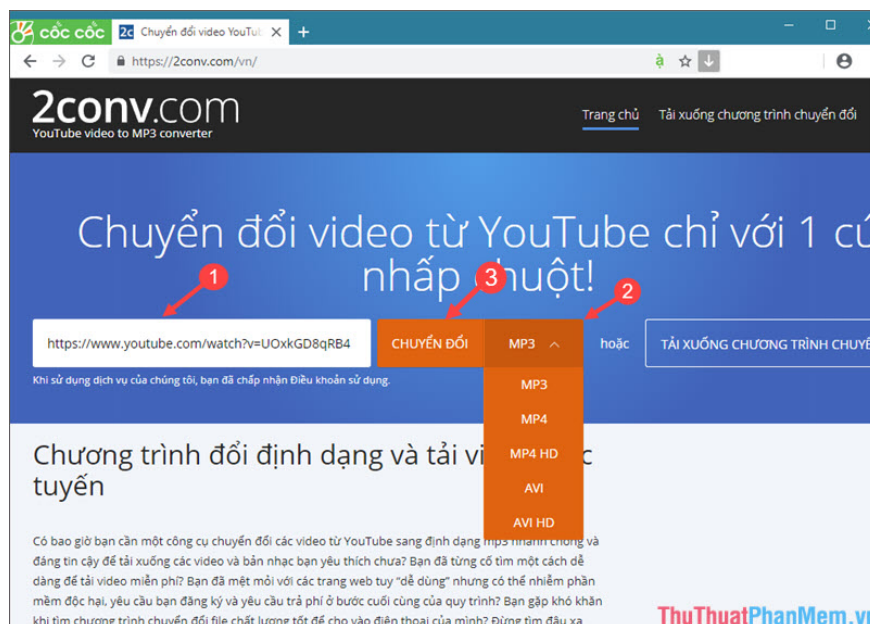

1. Convert Youtube videos to MP3 via 2conv.com website

Step 1: You proceed to copy the link of the Youtube video in the address bar of the browser.

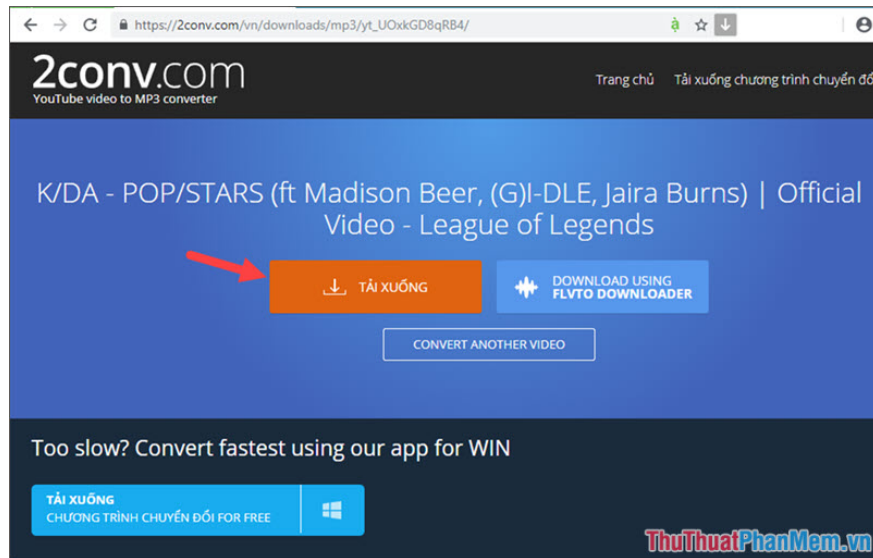

Step 2: Visit the website <https://2conv.com/vn>

Then paste the Youtube video link in section (1) , edit the mp3 file format in section (2) . After making your selection, press Convert (3).

Step 3: After conversion is complete, you click **Download** to download your favorite mp3 file.

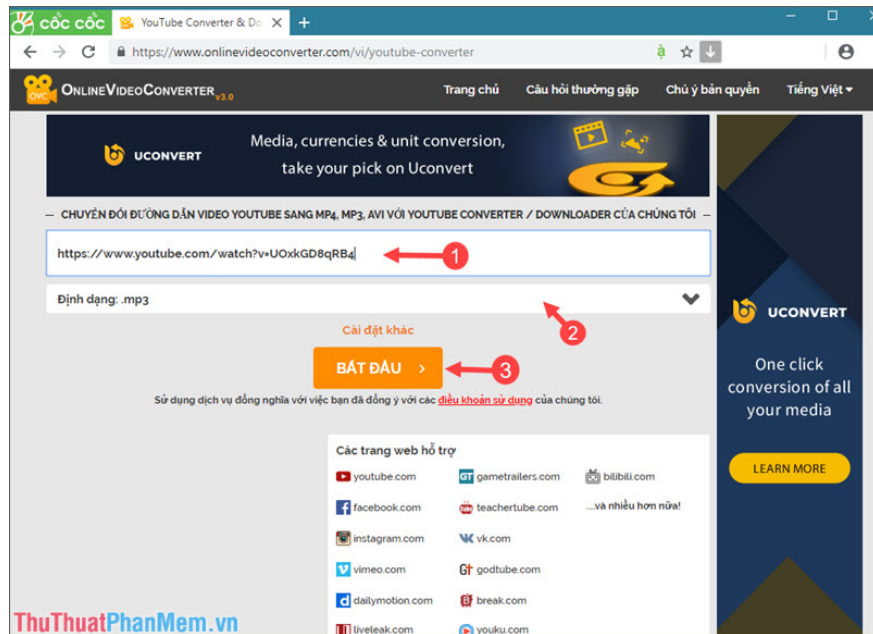

2. Convert Youtube video to mp3 via OnlineVideoConverter website

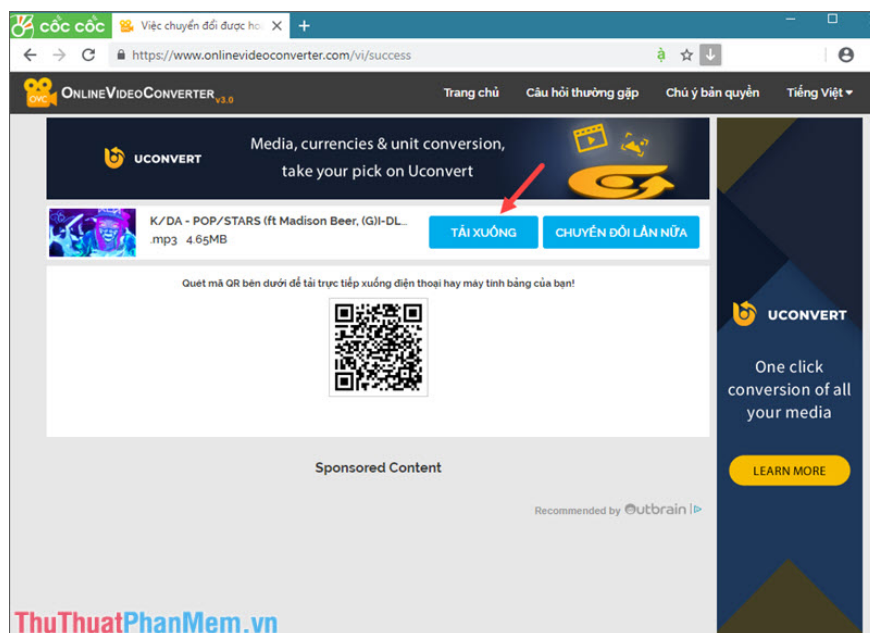

Step 1: You get the Youtube video link in the address bar and then visit the website

<https://www.onlinevideoconverter.com/youtube-converter>

Here, you paste the video link in item (1), select the mp3 format in section (2). After making your selection, click start (3) to convert the video into mp3.

Step 2: After the conversion is successful, click **Download** to download the mp3 file to your computer and you're done.

On the Internet there are many websites that support us convert YouTube videos into mp3. My tutorial uses 2 most popular video conversion websites, **Onlinevideoconverter** and **2conv**.
