Switching to the new interface will see a **buddy tag** below the screen. Click on it and it will be posted immediately on Instagram Story. When you click on Tin will show the Friend tag as shown.

Anyone on the buddy list can see the photos or videos that users posted on Instagram Story.

With the Instagram Buddy feature, we can share private videos or photos for our close friends. Thus, instead of defaulting to see the information posted on Instagram, now with the content of the tag, the buddy will limit the number of people who can see the news.
