

# How to create a Facebook avatar wearing a Covid-19 season mask

Wearing a mask for Facebook avatar to respond to the call for prevention of COVID-19 disease, have you tried?

The COVID-19 disease is spreading worldwide and the principle and means of protecting yourself first is to wear a mask when in contact with other people and in crowded places. There have been many applications involved in the prevention of epidemics, such as applications that provide information about COVID-19 or the set of stickers 'Joining hands Corona' on Zalo. So why not try **wearing a mask for your Facebook avatar** to remind yourself and the people around you to protect yourself in an extremely new way? The Social Distancing Works website helps you design a mask for your Facebook avatar or any personal account. There will be many types of masks to choose from medical masks, N95 masks. The following article will guide you how to combine masks into avatars.

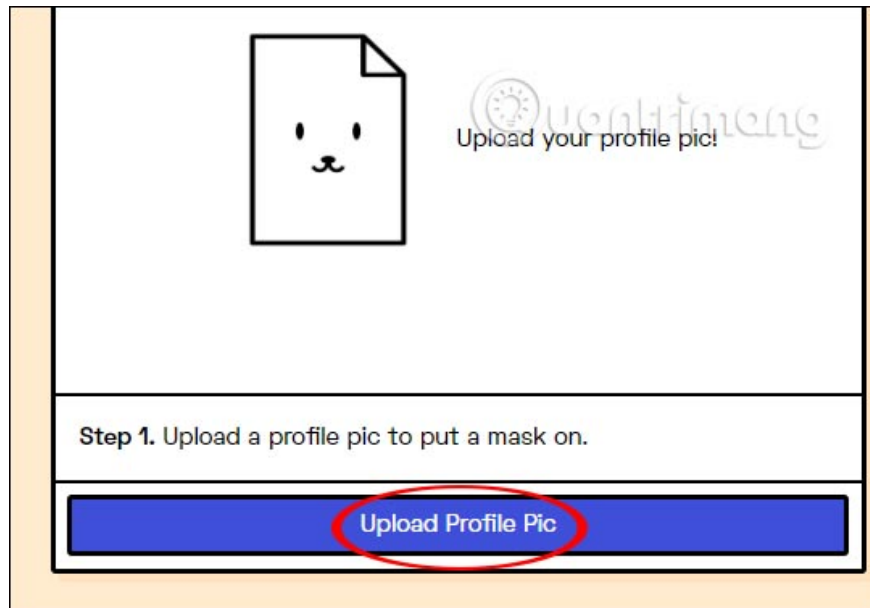

## How to create an avatar wearing a mask on Facebook

### Step 1:

Users access the homepage of Social Distancing Works by following the link below.

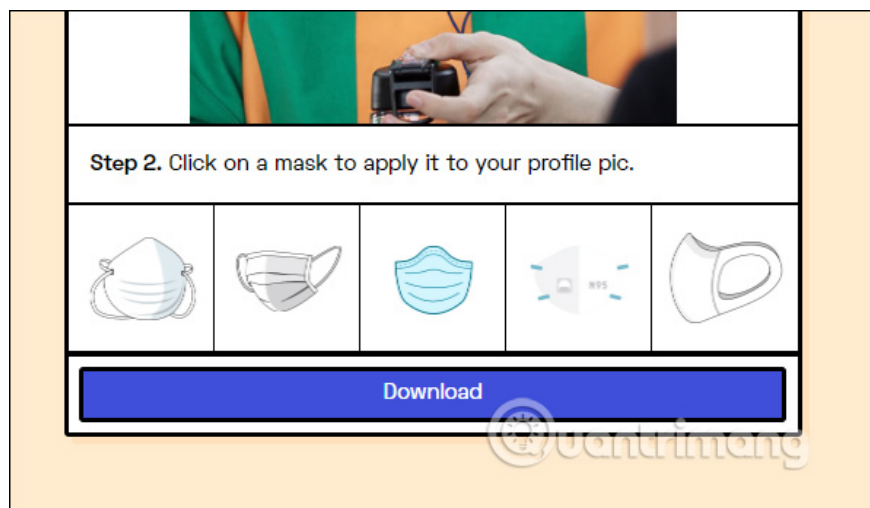

<https://socialdistancing.works/>

At the first interface, click **Upload Profile Pic** to upload the image you want to choose as your personal account avatar.

### Step 2:

Then move on to the next step and you'll see there are **several types of masks to use** . Social Distancing Works does not restrict the use of masks to stitch into avatars. You can match 2, or 3 as you like.

Click on the type of mask you want to use and then **edit the mask to suit your avatar** . If you want to delete the old mask to switch to the new one, click on the mask when the blue frame is displayed, then press Delete. Click **Download** below to download the complete image.

### Step 3:

After you have the avatar wearing a complete mask, the last thing that is used for your Facebook account or any of your personal accounts.

Wishing you and your family healthy and safe!
