

How to create a HAKUNA Live account

In this article, TipsMake will guide you on how to create a HAKUNA Live account, giving you a new channel for livestreaming outside of Facebook. Besides the ability to adjust audio and video during livestreams, the HAKUNA Live social network also makes it easy to meet and chat with people around the world.

HAKUNA Live is a live streaming application where people can meet, make friends, and chat with each other. HAKUNA Live features diverse and exclusive video content streamed live daily, providing effective entertainment. To use HAKUNA Live, you need to create a HAKUNA Live account beforehand.

Instructions on how to easily and simply register for HAKUNA Live.

How to create a HAKUNA Live account for Android

HAKUNA Live is integrated with the Android operating system, so only those using Android phones can register and create a HAKUNA Live account.

Step 1 : Download the **HAKUNA Live** app to your device.

Step 2 : After downloading and installing, on your phone's interface, **open the HAKUNA Live app** and look at the bottom of the interface, then click on " **More Options** " (Figure 1). The app will display the login methods:

- **Sign in with Google** : Log in using your Gmail account.
- **Sign in with Facebook** : Log in using your Facebook account.
- **Sign in with Twitter** : Log in using your Twitter account.
- **Sign in with Apple** : Log in using your Apple account.

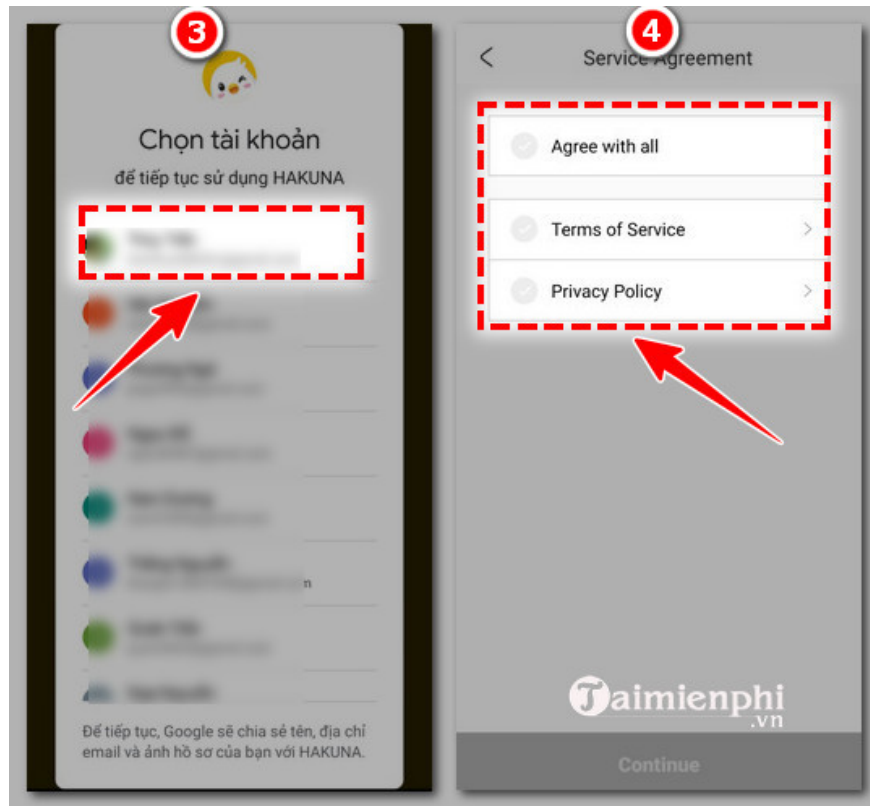

Taimienphi.vn will guide you on how to log in using Gmail by clicking on " **Sign in with Google** " (Figure 2).

Note : Logging in using other methods is similar to creating an account and registering for HAKUNA using Gmail.

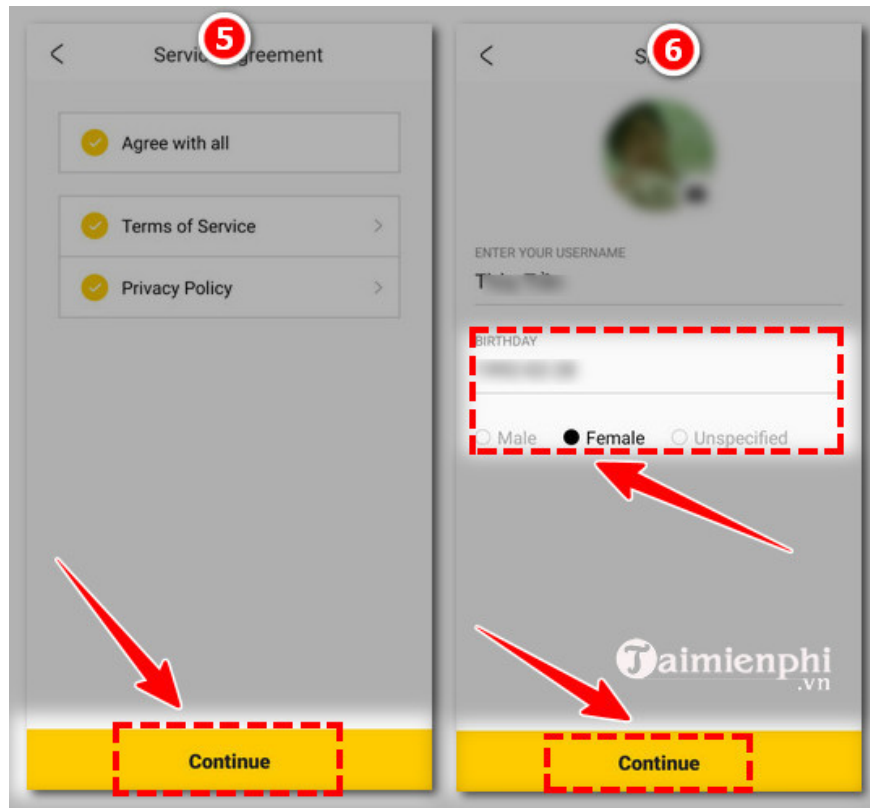

Step 3 : Click on your **Gmail account** to register for HAKUNA (Figure 3). A new interface will appear. Click on " **Agree with all** " (Figure 4).

- **Agree with all**: Agree to all terms and conditions.
- **Terms of service** : Terms of service.
- **Privacy Policy** : Privacy policy.

Step 4 : At the bottom of the interface, click "Continue" (Figure 5). Then, click on the " **Birthday**" box to select **your birth date** , click on the box **below** to select **your gender** , and then click " **Continue** " (Figure 6).

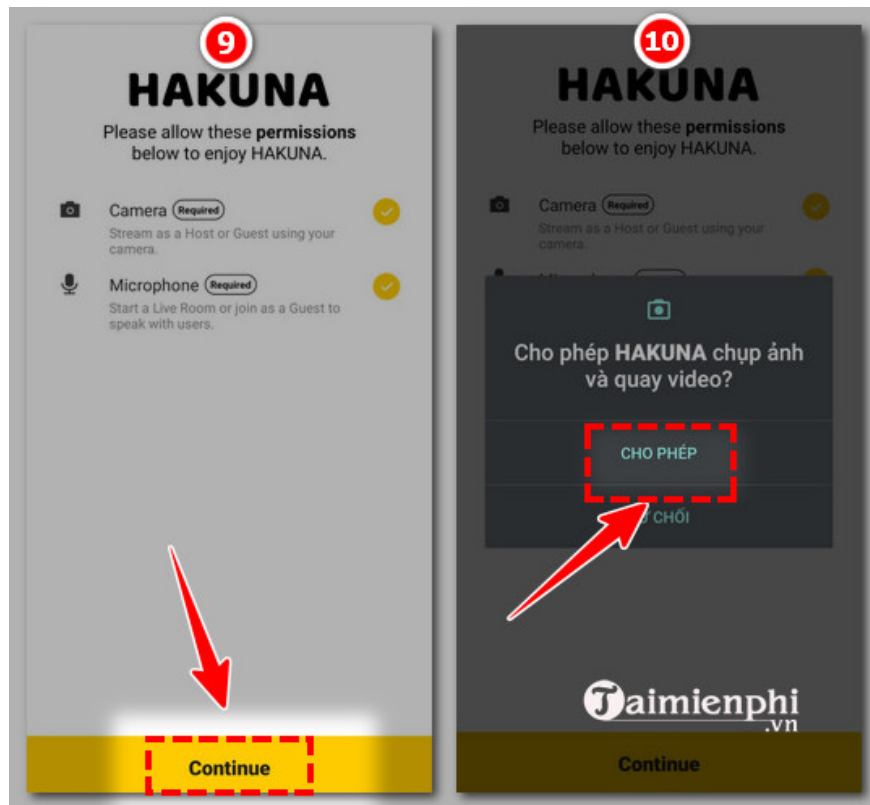

- **Male**: Male gender.
- **Female** : Female gender.
- **Unspecified**: Undetermined.

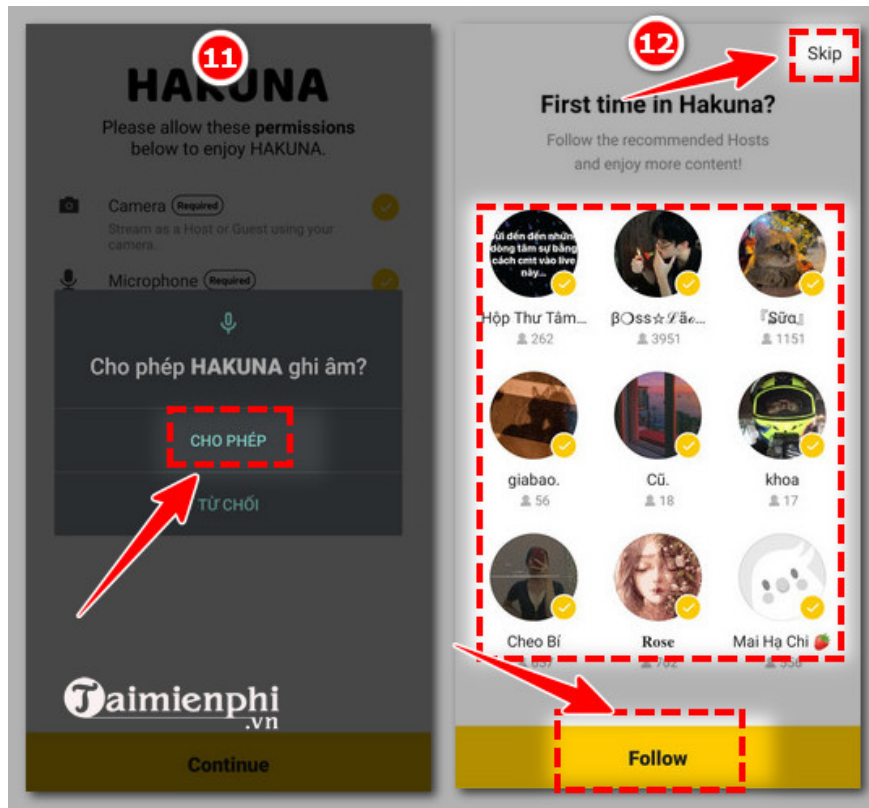

Step 5 : Check if the information is correct. If it's incorrect, click " **Cancel** " to edit it; if it's correct, click " **Continue** " (Figure 7). Then, click on " **Camera** " and " **Microphone** " (Figure 8).

Step 6 : Click on " **Continue** " (Figure 9). To allow HAKUNA to take photos and record videos, click on " **Allow** " (Figure 10).

Step 7 : To allow HAKUNA to record, click " **Allow** " (Figure 11). If you want to **follow** the people HAKUNA displays, **select the person you want to follow** and click " **Follow** ". **Otherwise** , look at **the top right corner** and click " **Skip** " (Figure 12).

Step 8 : Click on " **Click** " (Figure 13). The welcome interface to HAKUNA Vietnam will appear. Look at **the top left corner** and click on **the "x"** (Figure 14). After that, you can easily use HAKUNA.

So, with these instructions on creating a HAKUNA Live account, you should now be able to easily create an account, use HAKUNA Live to watch videos, and even stream live to share with others in the HAKUNA Live community.

Registering and creating a Scratch account is also very easy and simple. If you want to create a Scratch account, please refer to the article [here](#).

Currently, many livestreaming applications have emerged. Besides Hakuna Live, there are also TikTok and MLive, giving you more livestreaming channels besides Facebook. Similar to Hakuna Live and Facebook, you also need to create an MLive or TikTok account to easily use livestreaming on these applications.
