

# How to create mind maps using Canva AI

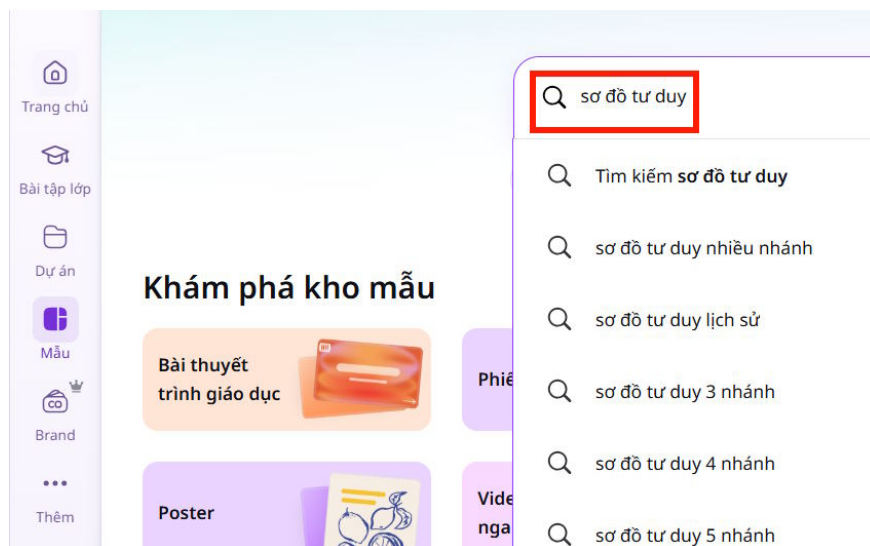

Canva is a popular design website and is chosen by many people to create their designs, such as logos or mind maps.

Canva AI doesn't have a built-in option for creating mind maps like some other AI tools. However, we can utilize Magic Write in Canva AI to create content on a specific topic, using pre-made mind map templates with different branches. Below is a guide on creating mind maps using Canva AI.

## Guide to creating mind maps using Magic Write in Canva

### Step 1:

First, on the Canva interface, click on **the "Templates" section** on the left, then look to the right **and type the keyword "mind map"** . Below, you will see several other options that you can use to categorize the diagrams more quickly.

### Step 2:

The interface displaying mind map templates will appear; **click on the template you want to use** . Then click on **Customize this template** to change the content to your liking.

# Mind Map Presentation

Tùy chỉnh mẫu này

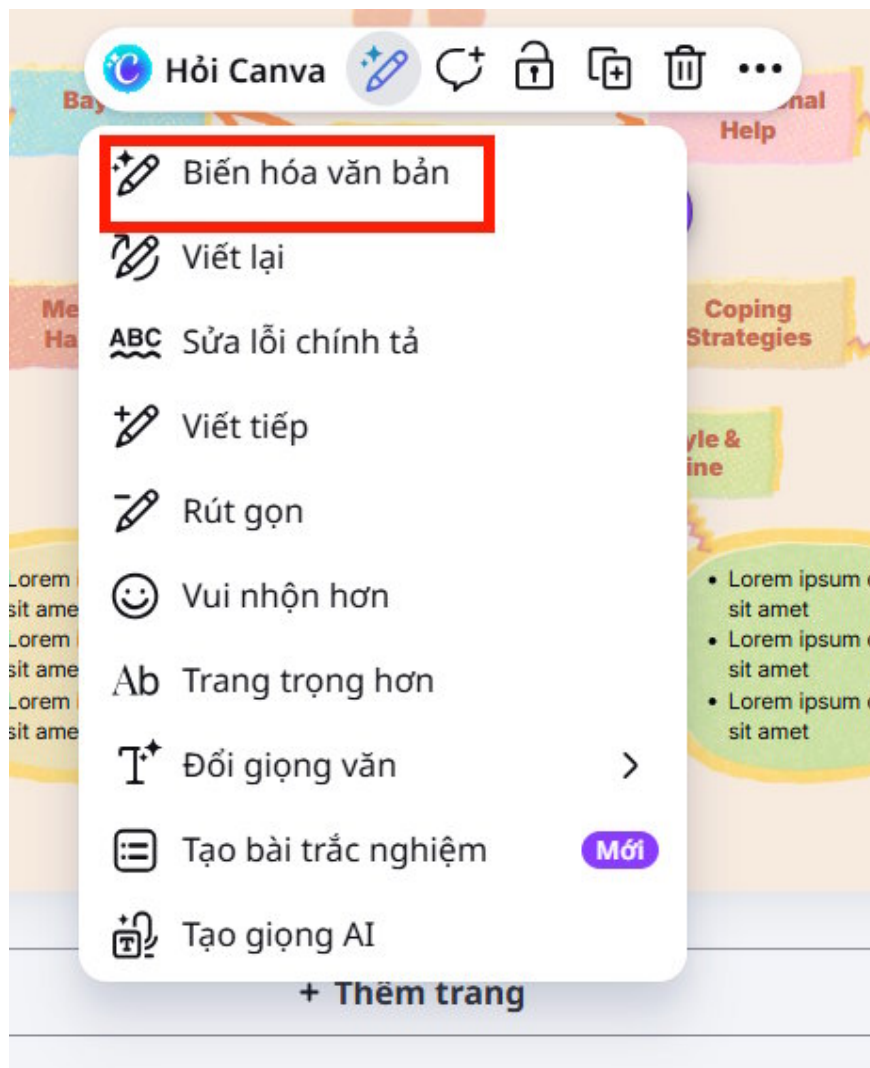

## Step 3:

In the mind map editing interface on Cava, we **click on the main content** and then **click on the Magic Write icon** to use it.

The menu will appear as shown below; we will **click on the "Transform Text" option** to use it.

Then, a prompt box will appear allowing you to create content for the diagram branches using Magic Write. Enter the content you need to create the mind map. Refer to the prompt for creating mind map content below.

Nh?p vi? t n?i dung ti?ng Vi? t v? s? ?? t? duy ch? ?? Chu k? n??c cho h? c sinh l?p 4, g?m các nhánh chính và n?i dung ng?n g?n

Next, we have some reference content for our mind map; please copy this content.

Sơ đồ tư duy về Chu kỳ nước cho học sinh lớp 4 có thể bao gồm các nhánh chính sau:

- Bốc hơi**
  - Nước từ sông, hồ, biển bốc hơi lên không khí.
  - Quá trình này do nhiệt độ từ mặt trời gây ra.
- Ngưng tụ**
  - Hơi nước trong không khí lạnh đi và ngưng tụ thành mây.
  - Quá trình này tạo thành giọt nước nhỏ.
- Mưa**
  - Khi mây trở nên nặng, nước rơi xuống dưới dạng mưa.
  - Mưa bổ sung nước cho sông, hồ, biển.
- Thấm và chảy tràn**
  - Nước mưa thấm vào đất cung cấp nước ngầm.
  - Một phần nước chảy tràn trên bề mặt trở lại sông, hồ, biển.
- Lặp lại**

### Step 4:

Now, **paste each piece of content** from each branch that Magic Write has developed **into the existing mind map** to modify the content.

The result is a mind map in Canva as shown below. You can then edit or add other graphics.

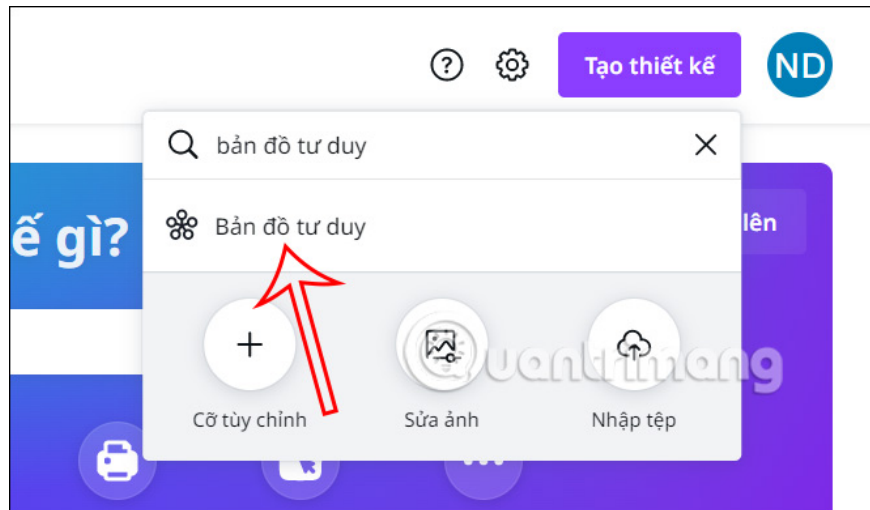

Finally, we download this mind map to use.

## Guide to creating mind maps in Canva

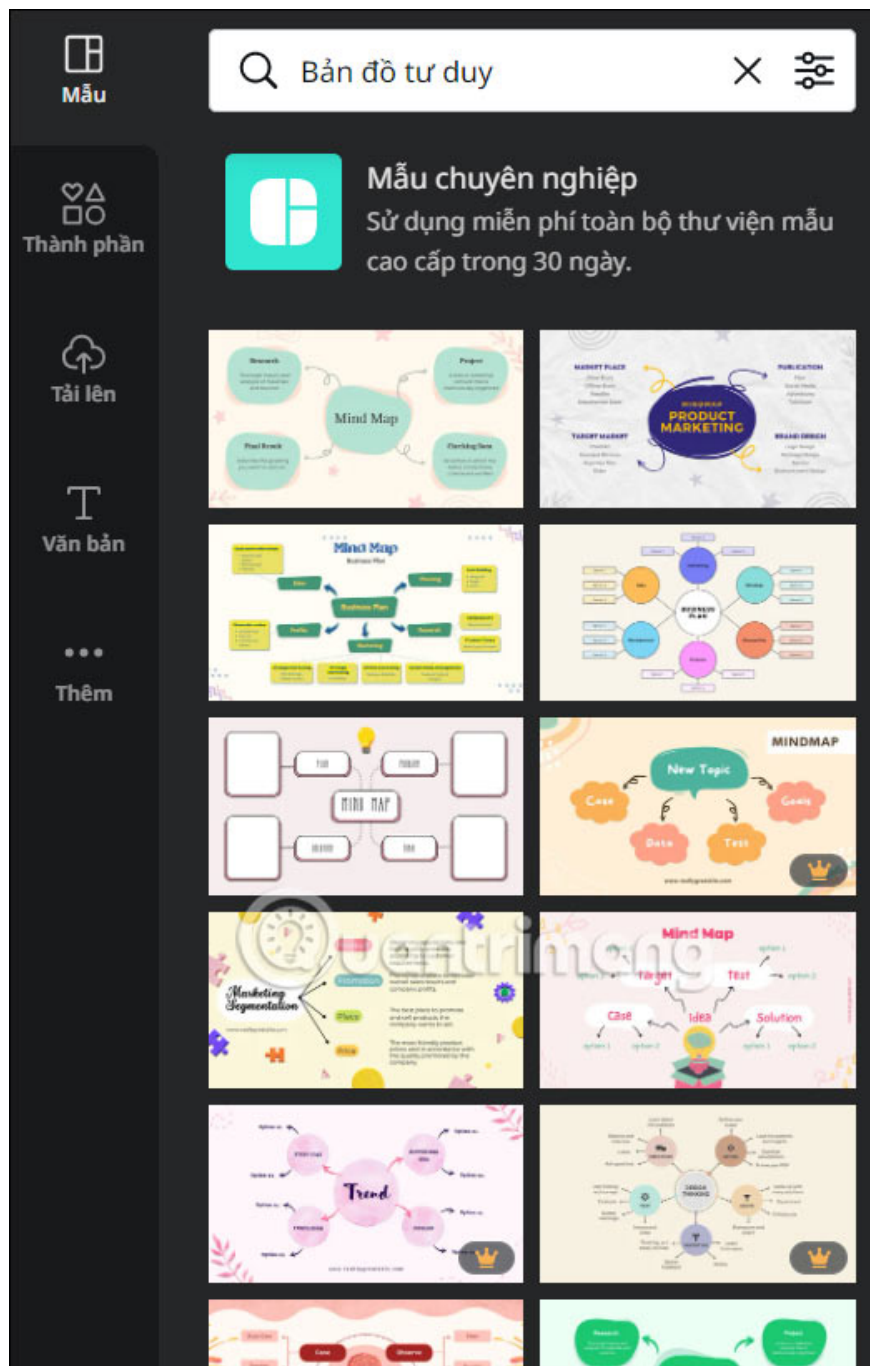

### Step 1:

First, log in to your Canva account. On the main interface, click on **Create Design**, then enter the keyword **"Mind Map"** to create a mind map in Canva.

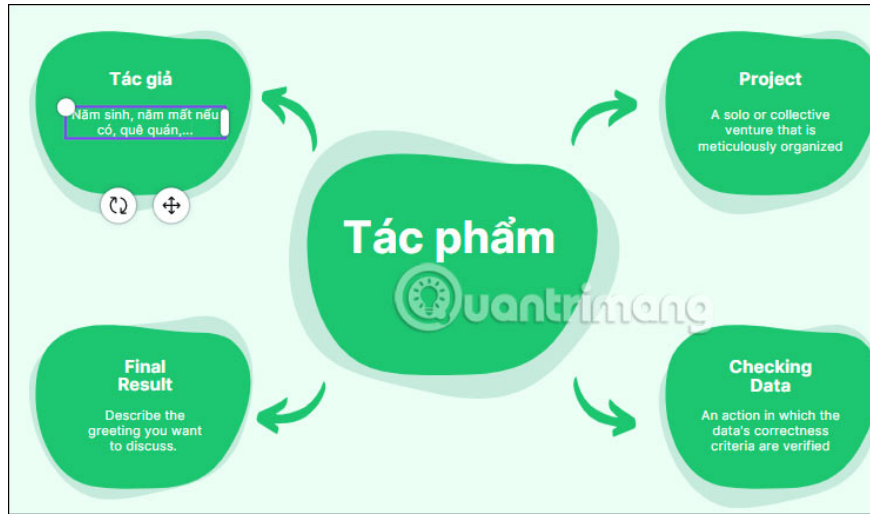

## Step 2:

Now, switch to the new interface on the left side of the screen and you will see many **template options to choose from** . We will select the diagram template we want to use, but with a free account, you should look for templates without icons.

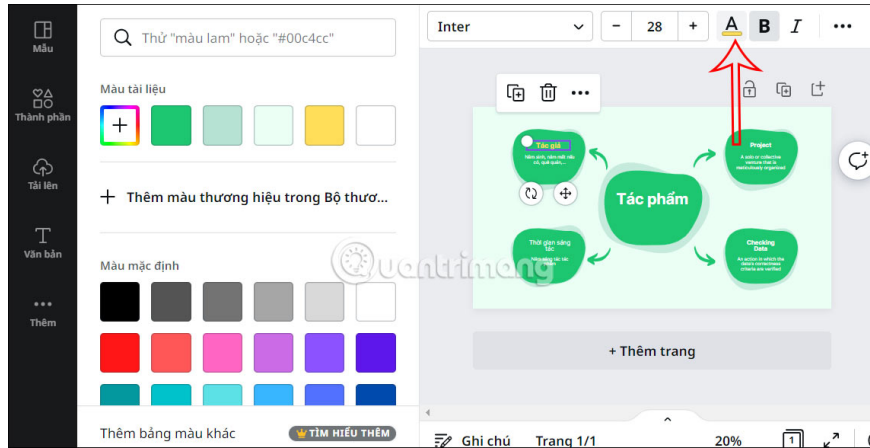

### Step 3:

Depending on the content you want to create a mind map for, you can choose a suitable template. In the Canva mind map editing interface, you can click on each branch to change the content, or even change the image, color, etc.

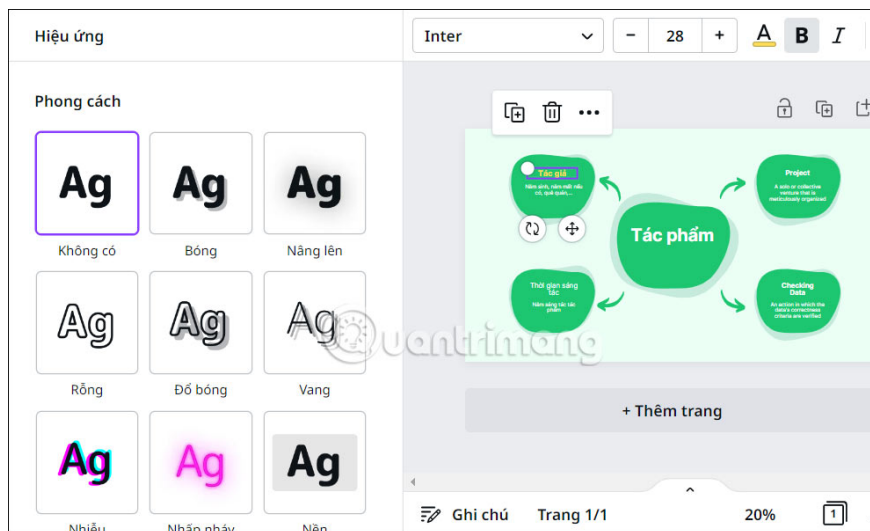

To change the text color or font, click on the content and then select your desired option.

**Step 4:**

Canva also offers content effects that you can choose from. Click on **the Effects section** and you'll see several types of effects to use for your content.

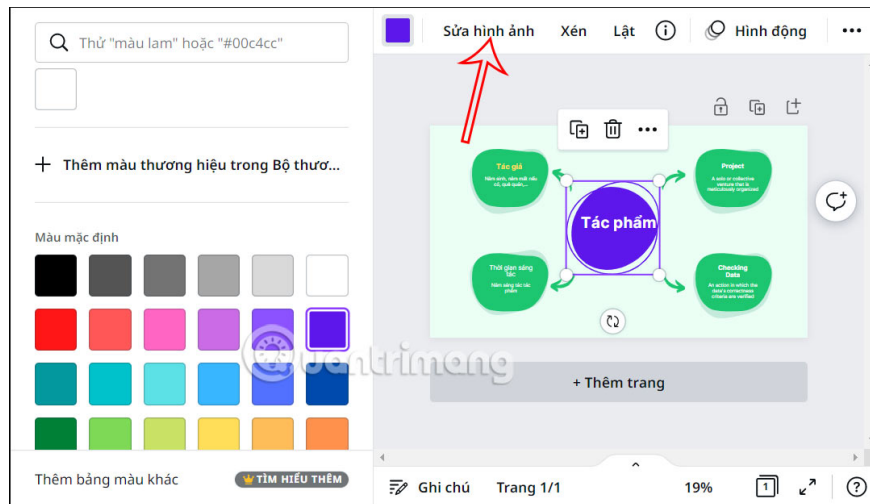

### Step 5:

To change the diagram shapes or add more shapes, click on the **"Components"** option . There are many different shapes to choose from to modify your mind map.

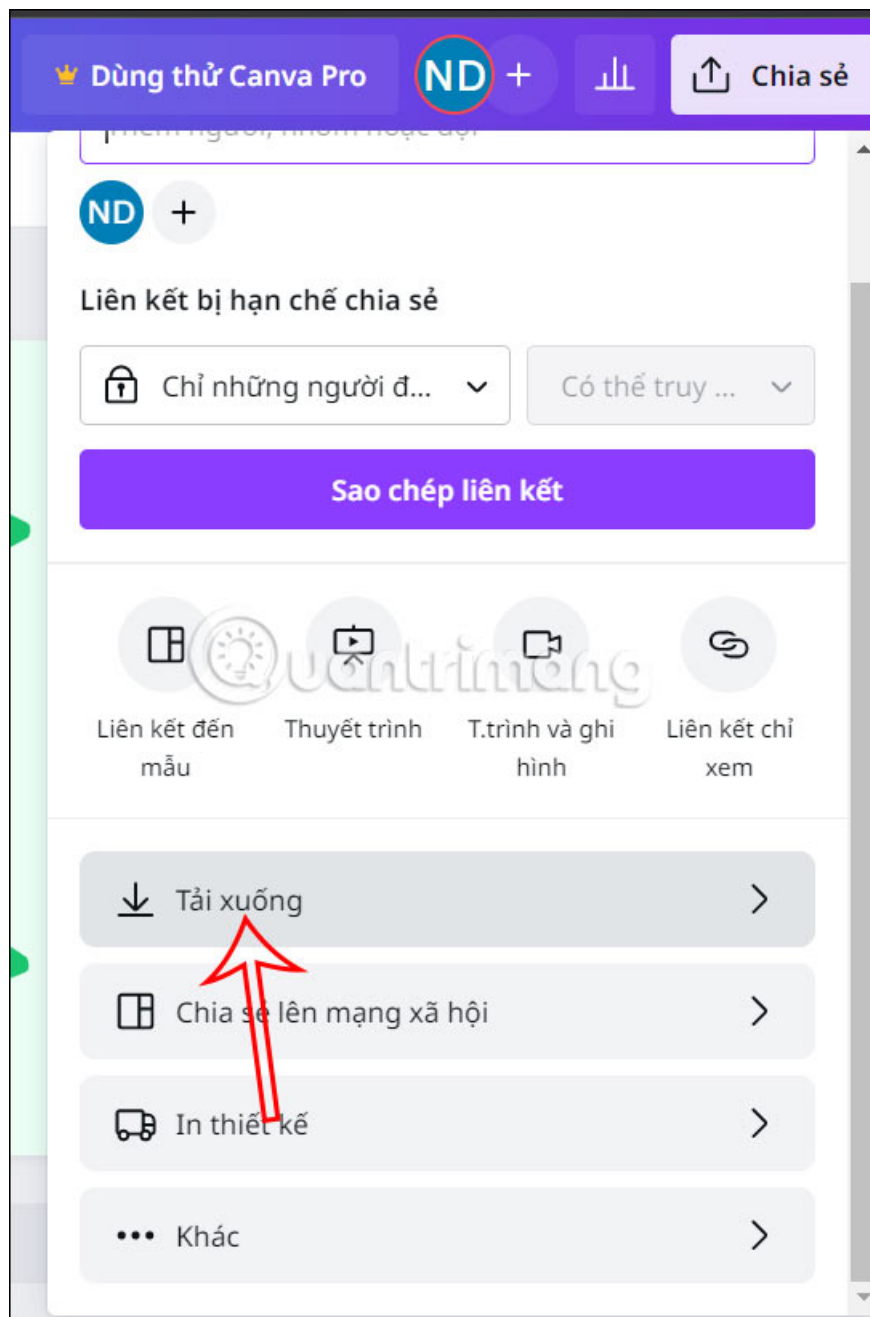

Continue **clicking on the newly** used image to change the colors. Additionally, users can insert text and other content into their diagram.

### Step 6:

After you have finished creating the mind map, **click Share** and then select **Download** from the list that appears.
