## Step 2:

Switch to the video capture interface or take a picture. Press **the middle circle button** to take a picture. Press and hold the circle button to record a video. Here, you can record a video and choose the April Fool's effect to insert it into the video or select the April Fool effect and then record the video.

To select **the effect for April Fool's Day** , click on **the 3 circle icon with each other** . Soon we will see the April Fool's effect appear first in the list.

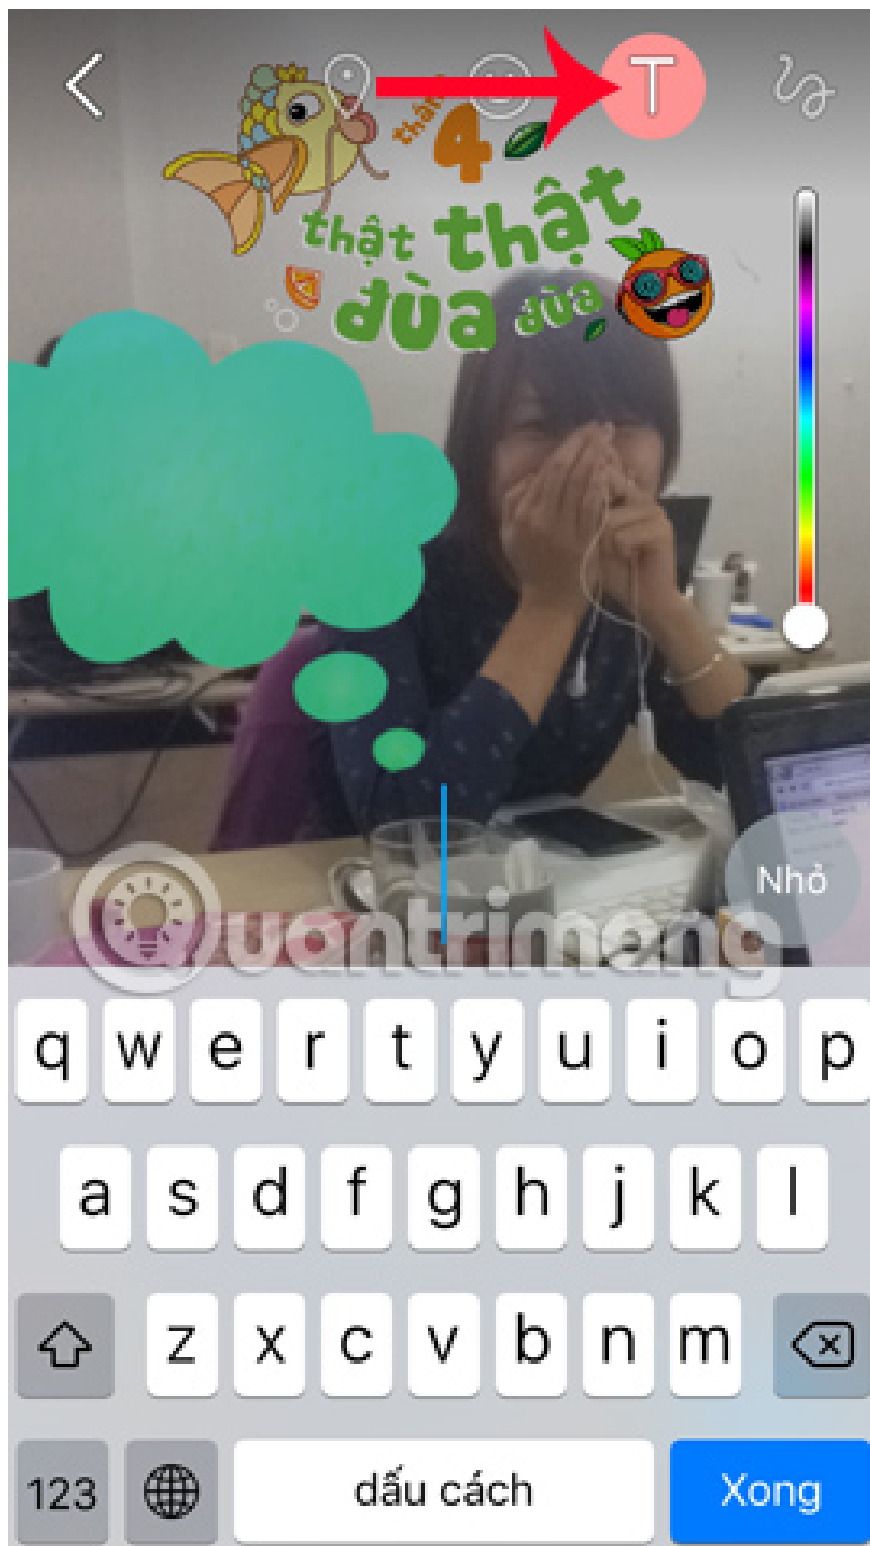

### Step 3:

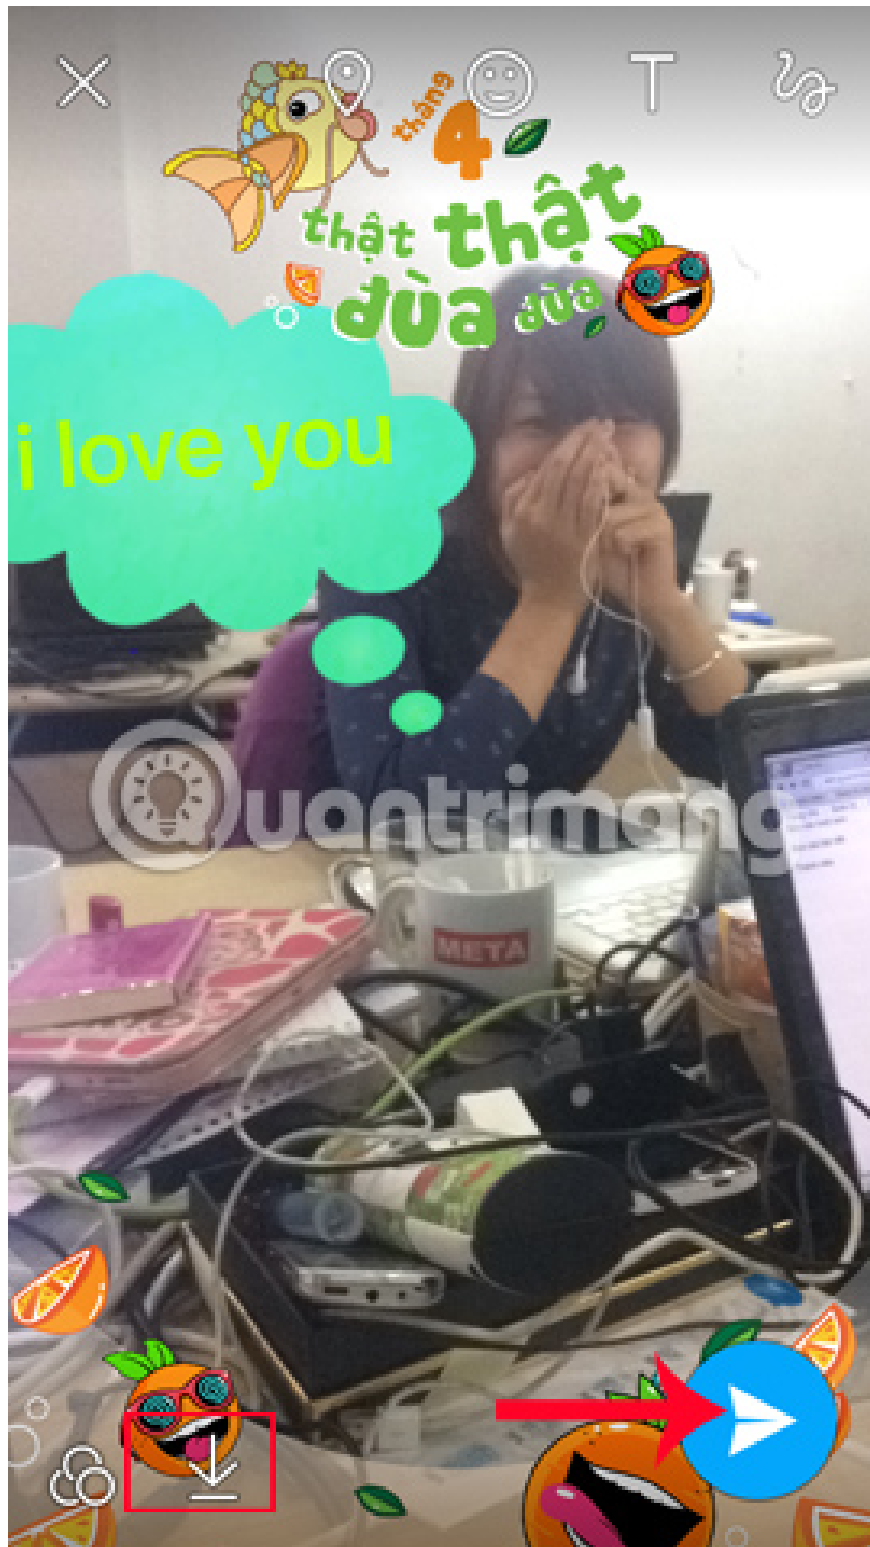

Now you have to choose for yourself a good effect then take a video, or take a picture. Once you have the image you like, users can insert other effects, when pressing **the smiley icon** and then select the effects in the list.

Besides, you can also add text for more lively videos, especially fun April Fool's jokes. We adjust the position or zoom out, zoom in on arbitrary icons. After you have finished your work, click **the arrow icon** in the right corner of the screen to upload the video to Zalo. Or press **the download icon** in the left corner to save the video to the device.

#### Step 4:

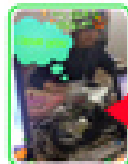

So that video was uploaded. The moment on Zalo. Videos and photos will disappear within 24 hours. You can now send the downloaded device video to your friends on April Fool's Day.
