How to find and join Clan in PUBG Mobile

Step 1: In the main interface of PUBG Mobile, please click Clan.

Step 2: After selecting the clan in the list and press **Request** to request to join that clan, you should choose which clan has many friends or many clan members to register for that Clan.

The list of Clan displays will include Clan name, representative icon and activity point, Clan Leader and number of existing members .

If you want to find a clan recommended by your friends click on the search icon in the Clan name field. If your friends are joining this clan, you will see an orange icon instead of the Activity line at the beginning.

After finding the clan you want to join, click **Request** to send a request to join the Clan.

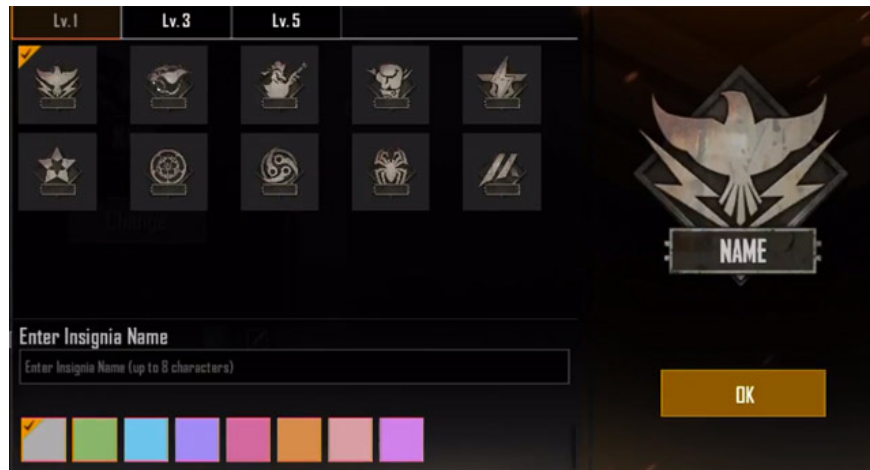

How to create a clan in PUBG Mobile

If you find that no clan is satisfied, you can create a clan at your own discretion. The condition for creating a Clan in PUBG Mobile is that you must have at least **50,000 gold**, this is the only condition to start creating a Clan.

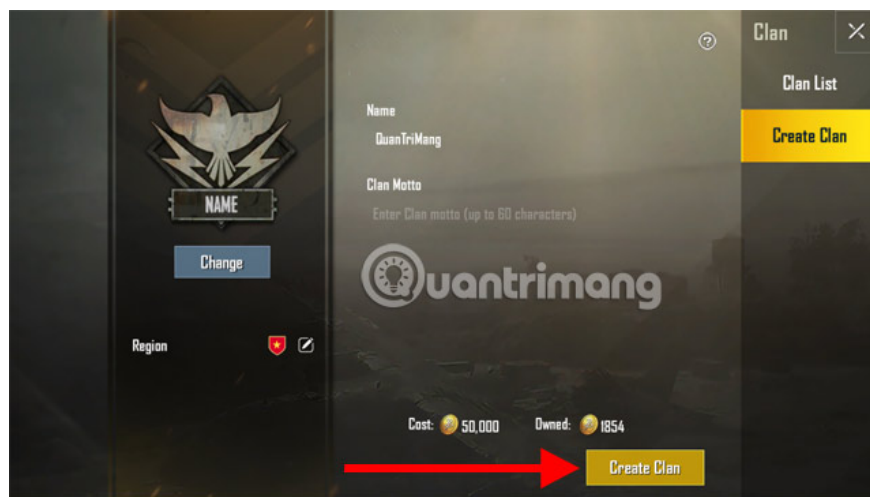

Click **Create Clan** to start creating your Clan, then write your Clan name in the **Name** section, select the Clan's country in the **Region** section.

If you want to change the Clan icon, click **Change** under the default icon. Then select another Clan icon, the **Enter Insignia Name** will be the name under the Clan symbol. After selecting, click **OK** to complete the Clan symbol.

Finish everything and then click **Create Clan**.

PUBG Mobile's Clan creation conditions are not too difficult, just if you give up on plowing for a short time, there are **50,000 gold** to create the Clan, then call your friends or players to join your Clan.

Through the above instructions, you can find and join Clan on PUBG Mobile, each Clan will have a different number of members, this number will depend on the level of that Clan. You will then be able to purchase special items in the Clan Shop and get other interesting items from your clan's activities.
