Instead of downloading Office software to use Microsoft Powerpoint to create presentations, you can quickly create Slide Powerpoint online using online support tools, one of which is Google Slides. If you want to learn how to create PowerPoint slides online with Google Slides, then please refer to the following article.

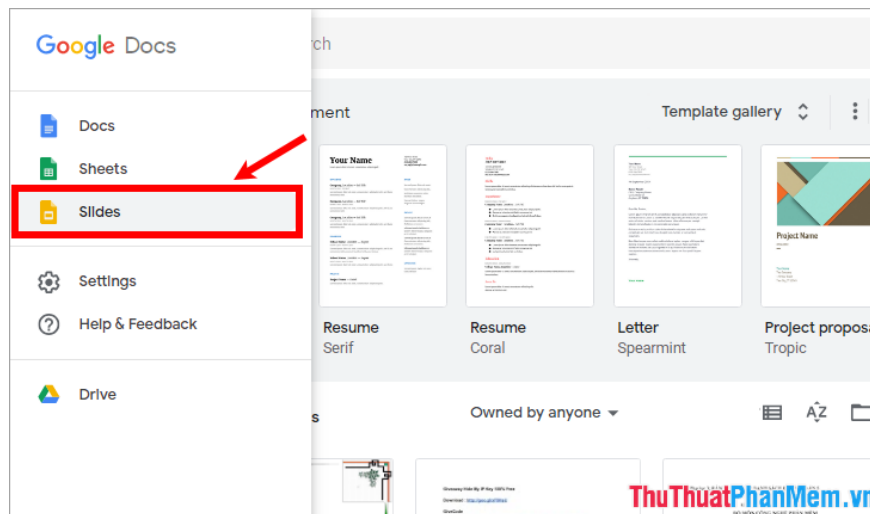

Here TipsMake.com will guide you **How to create online PowerPoint Slide with Google Slides** , invite you to follow.

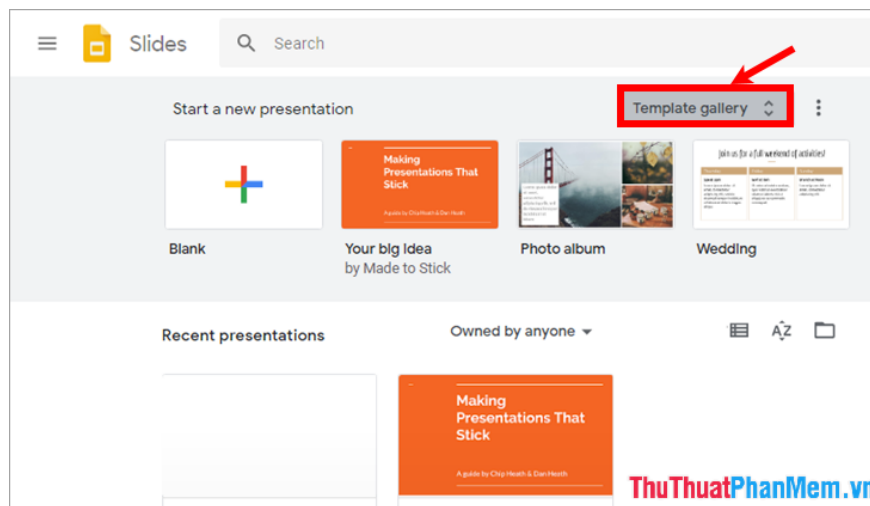

Step 1: First you need to log in to your Google account (which is your Gmail account). On the Google interface you select the Google applications menu icon -> **Documents (Docs)** .

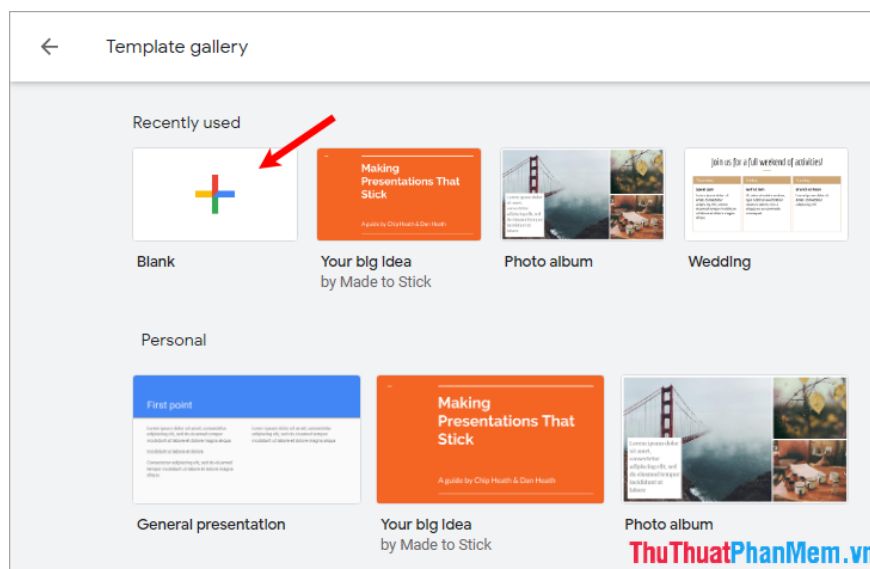

Step 2: On the interface <https://docs.google.com/> you select the **Main Menu** icon -> **Slides** to open the interface to create Slide Powerpoint online.

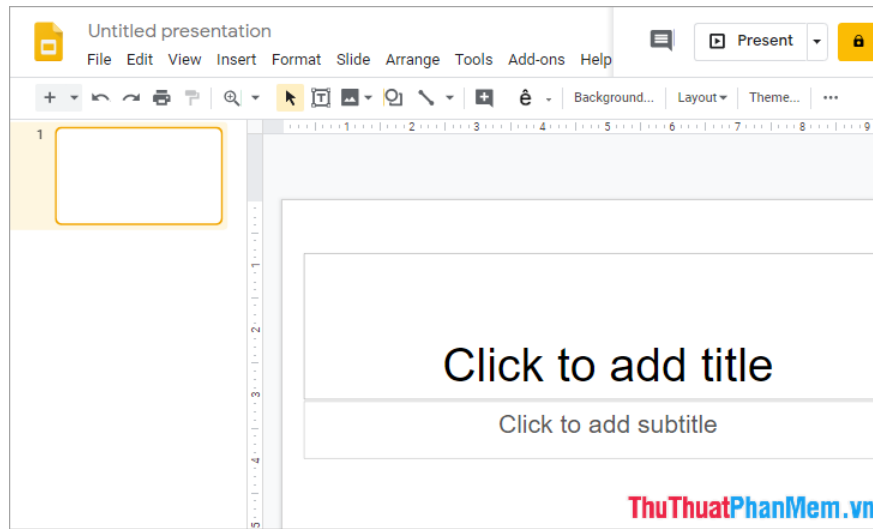

Step 3: In the *Start a new presentation section*, select the available slide template, to view more than the slide template you choose **Template gallery** .

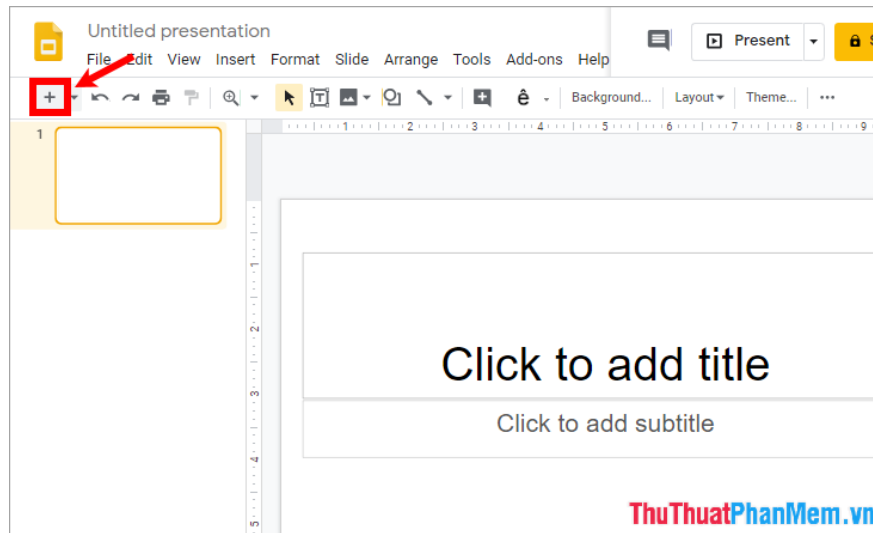

There are many slide templates you choose, you want, if you want to design your Slide Powerpoint, then you choose the blank page (Blank).

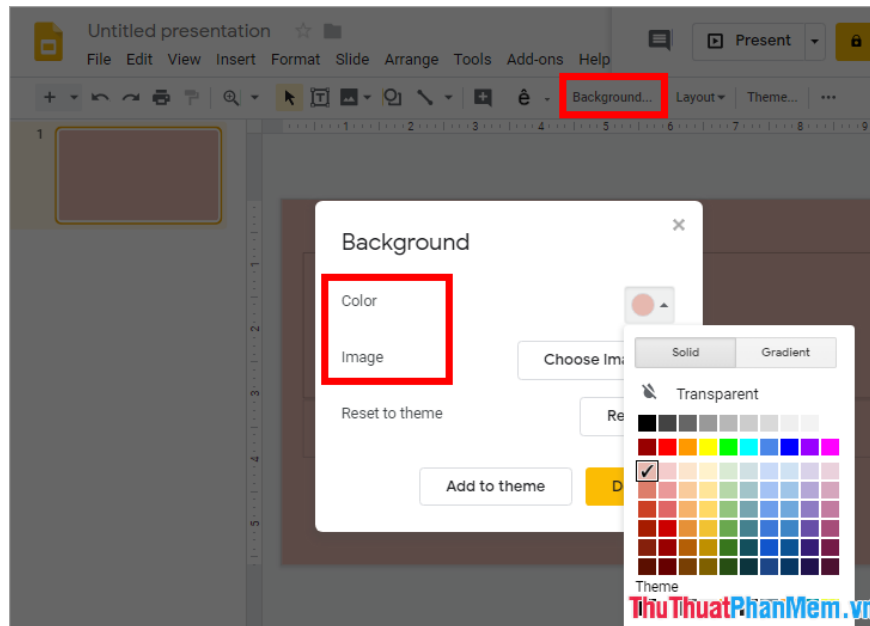

Step 4: Appearance editor, where you can perform the same Powerpoint slide design as you do on Microsoft PowerPoint.

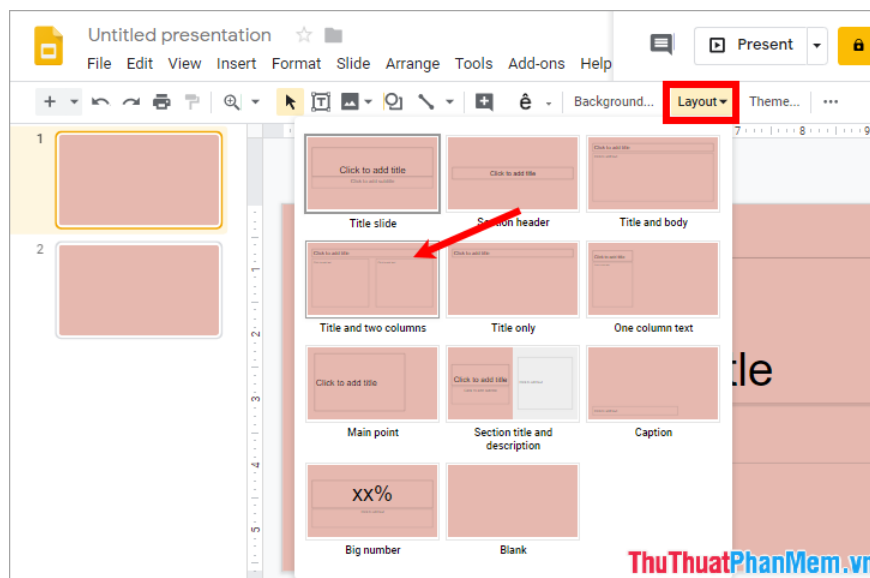

The interface is a little different from PowerPoint creation software, to add a new slide, select the + symbol.

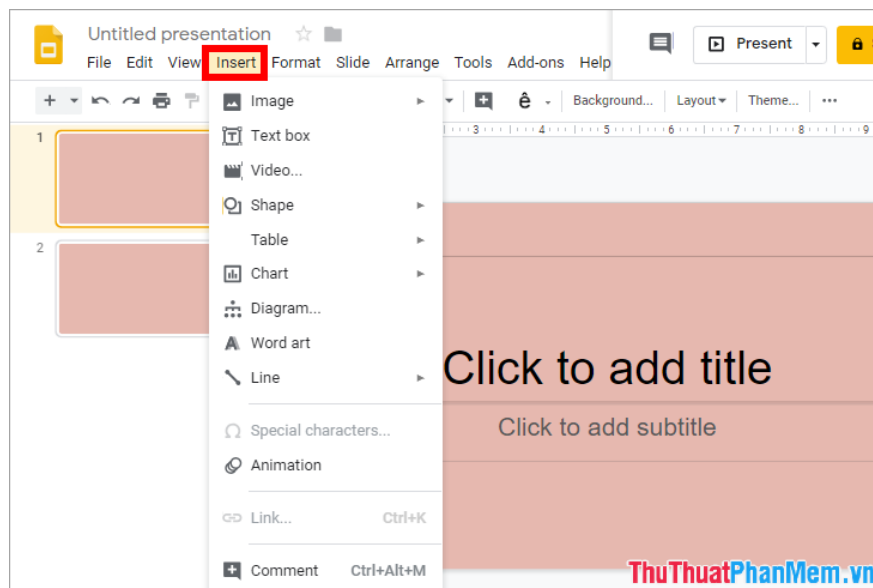

To add a Background for Powerpoint slides, select **Background** , a **Background** dialog box appears , you can choose the color in the **Color** section , if you want to insert the background image, select **Choose Image** and select the image you want as the Slide background.

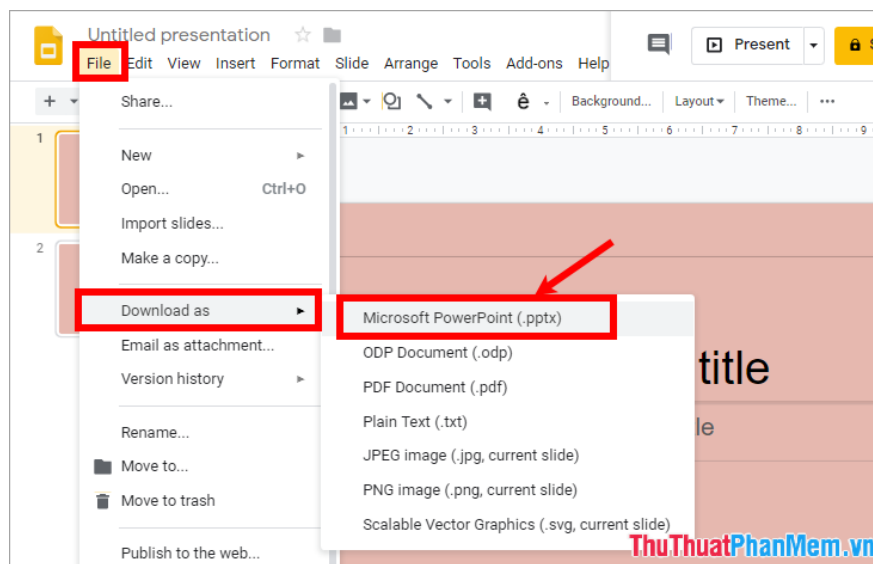

If you want to change the layout for the slide, select **Layout** on the toolbar and choose the template slide layout you want.

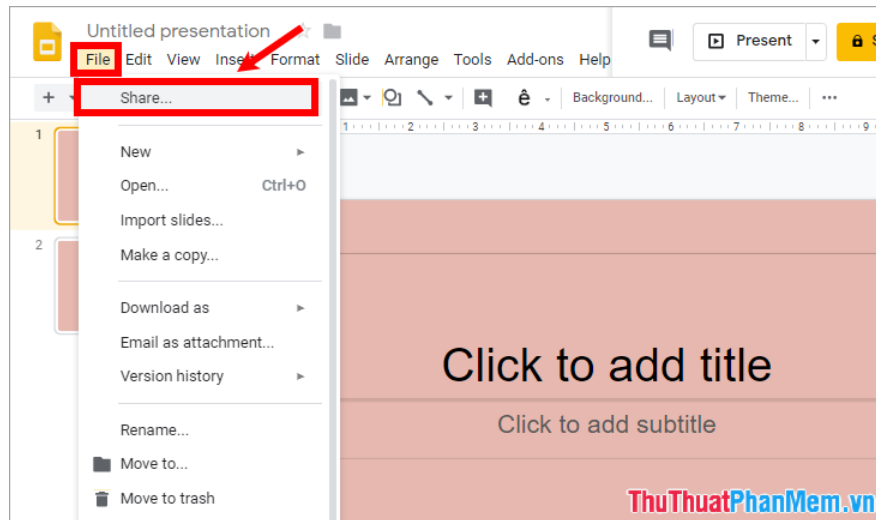

In the **Insert** tab you can add images, textboxes, videos, shapes, charts, diagrams, word art, lines, tables, notes .

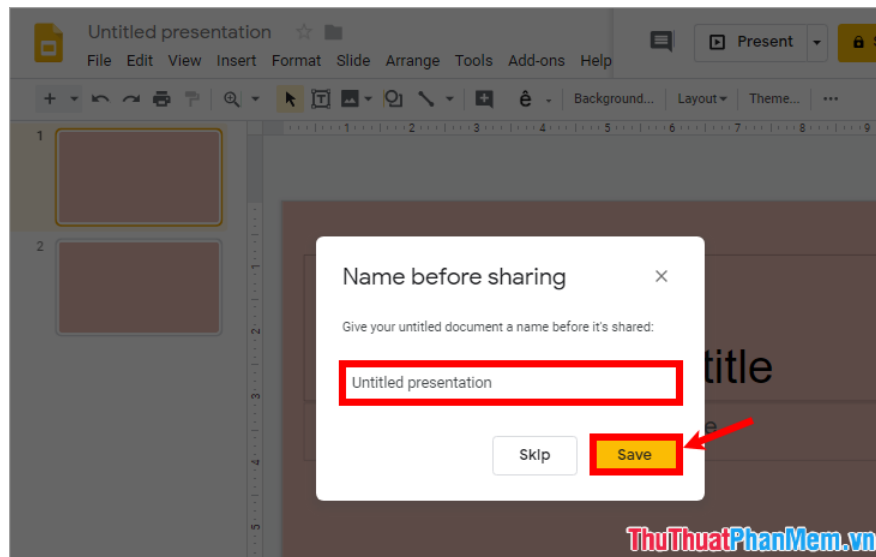

Step 5: After you have created the Slide Powerpoint you can download the created Slide Powerpoint file by selecting **File -> Download as ->** select **Microsoft PowerPoint (.pptx)** (or choose the format you want to download).

Step 6: If you want to share PowerPoint Slide files online, then choose **File -> Share** .

The **Name before sharing** dialog box appears, enter a name for the PowerPoint Slide and select **Save** .

In the **Sharing settings** section , you have the sharing link, you can add the people you want to share, or use the link to share.

Sharing settings

Link to share (only accessible by collaborators)
