If you like the transparent Tik Tok avatar style, you can follow the instructions below to create your own transparent Tik Tok avatar and change your Tik Tok avatar to your liking.

When we surf Tik Tok, we will see that there are Tiktok accounts with transparent avatars that look quite strange. If you like the transparent Tik Tok avatar style, you can follow the instructions below to create your own transparent Tiktok avatar, change your Tik Tok avatar to your liking. With this website, you can choose the color for the transparent avatar to choose the text. The article below will guide you to create a transparent Tik Tok avatar.

How to create transparent Tik Tok avatar

Note, for more convenience, you should do it on your phone to download the avatar image and then change the Tik Tok avatar image, the operation is similar to when doing it on the computer.

Step 1:

First, we access the link below to go to the website to create transparent Tiktok avatar.

<https://www.taoanhdep.com/2021/08/tao-avatar-ten-tiktok-trong-suot.html>

Step 2:

On this website, you will first **enter the name you want to display in your Tiktok avatar** or any name that the user wants to display in their Tiktok account profile picture.

If you want to use border and transparent text inside, check **Border text** .

Note, the website has a Preview section for you to visualize how the Tiktok avatar will appear after we apply designs to the avatar.

- Đặt ảnh vừa tải làm ảnh đại diện tiktok.

Chữ viền

Step 2:

Next, you **adjust the font size displayed in the Tiktok avatar** by moving the blue circle in the gray bar below. Adjusting the blue circle to the right will make the font size larger, adjusting to the left will make the font size smaller.

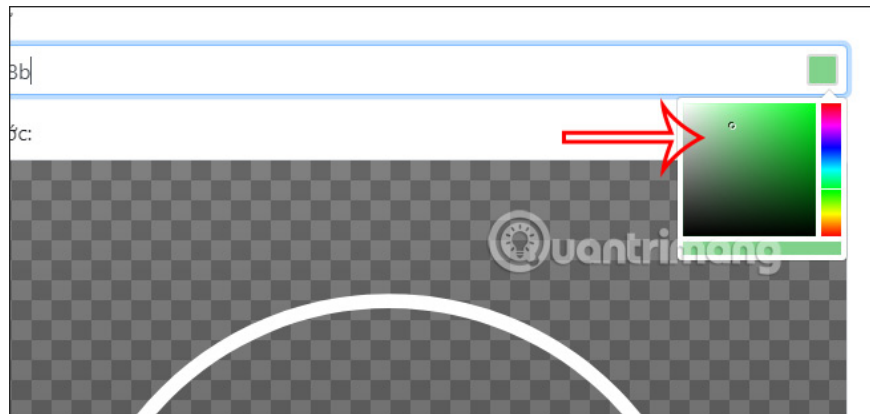

You can adjust and preview your avatar below to avoid the text overflowing the white avatar border.

Step 3:

Next, we will **choose the font color for the name in the Tik Tok avatar** . Click on the white square to change to another color you like.

We will move to the color scheme you want to use for the text in your Tik Tok avatar. Remember to pay attention to the preview avatar below to adjust the color accordingly.

Step 4:

Adjust the items to get the avatar you want. Finally, **click on Create image** below to create a transparent Tiktok avatar.

Step 5:

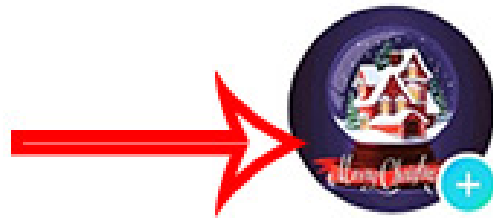

The result is a transparent Tiktok avatar below, **click Download image** to download to your device.

Step 6:

Open the Tik Tok application and access your personal profile. At the personal Tik Tok interface, we **click on our current avatar** . Next, the interface below appears, you click on **the pen icon at the avatar** to change.
