2		Học lực Khối	HS giỏi	
3		Khối 1	124	
4		Khối 2	118	
5		Khối 3		
6		Khối 4		
7		Khối 5		
8				

Step 1 : You open the Excel file to perform. Select the cell you want to cross out -> Right-click and select **Format Cell** .

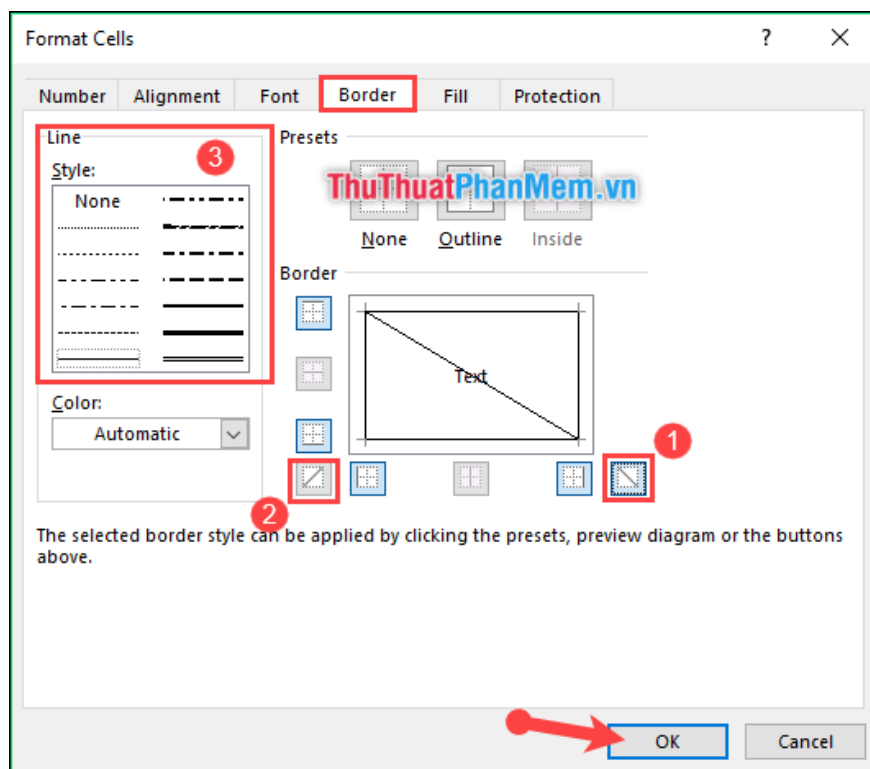

Step 2 : Then, in the *Format Cells* window, select to the *Border* section.

Here you choose how to slash (1) or (2).

Or choose a line style (3).

Then select **OK** to finish.

Step 3 : Then to perform the information writing in the cell you use spaces (Space) and press **Alt + Enter** to **enter the** line in the cell to align the text accordingly.

	A	B	C	D	E	F
