

# How to cut YouTube videos into many small clips

ShrinkIT is a YouTube video cutting service into many small paragraphs of your own choosing to present or insert a certain web page.

To insert YouTube videos into a very simple website. But if you just want to insert a few small paragraphs of the video, but the video does not consecutive, how to do? ShrinkIT is a completely free site that supports creating small paragraphs that attach comments with the subtitles themselves on YouTube videos. Users can choose any of the sections they need to use, without forcing them to be in the same contiguous segment. The following article will guide you how to cut YouTube videos into several small paragraphs.

1. How to get YouTube video embed code to embed in website, blog
2. Did you know how to add YouTube channel to Facebook Fanpage?
3. To embed a video into Email, try this alternative
4. Trick to insert Autoplay code for YouTube videos

## Instructions for using ShrinkIT to cut YouTube videos

### Step 1:

ShrinkIT website is completely free and does not require an account if only simple video cutting is done.

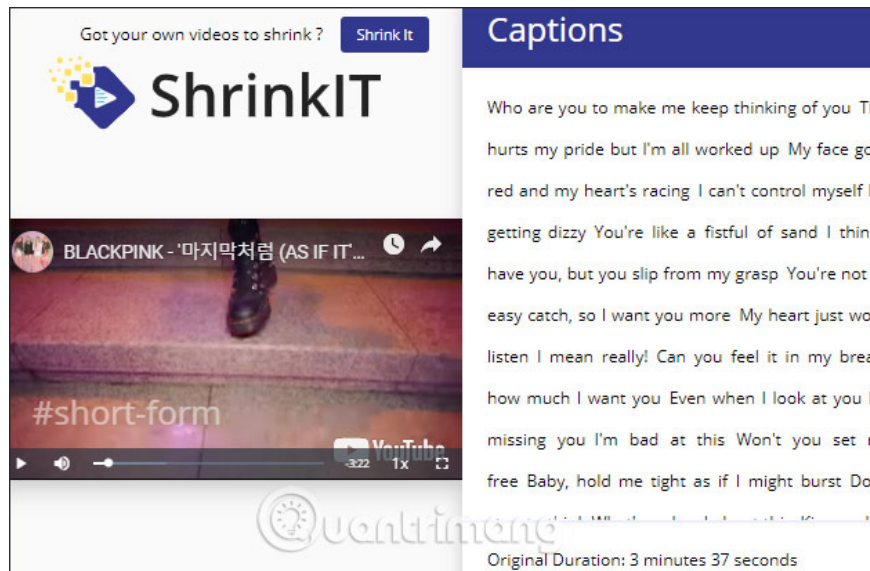

1. <https://youtube.shrinkit.app/>

At the main interface the user **enters the YouTube URL** that wants to cut the video and then **press Shrink It** .

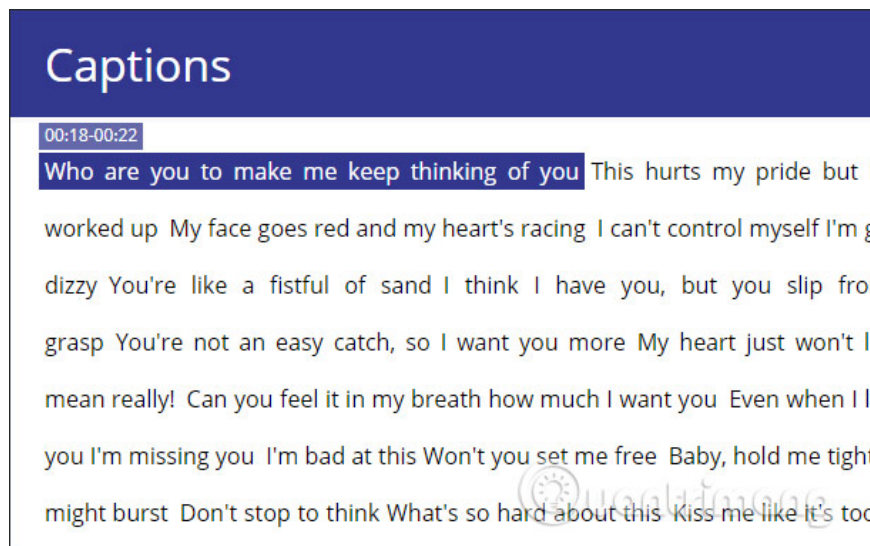

### Step 2:

The display editing interface consists of 2 sections on the left as a video player, on the right is a caption displayed on YouTube videos.

### Step 3:

When we click on the subtitle, it will display the time of the subtitle in the video. Based on this, users can select the video fields they want to use to cut them.

Click on the subtitle lines to use and will display horizontal lines below. Click continue until you have finished selecting the paragraph fields you need. You can choose any video field you want to use.

The total amount of time the selected paragraph will display immediately below at the After Shrinking line. Users can compare with total YouTube video time at Original Duration.

Who are you to make me keep thinking of you This hurts my pride but I  
worked up My face goes red and my heart's racing I can't control myself I'm g  
dizzy You're like a fistful of sand I think I have you, but you slip from  
grasp You're not an easy catch, so I want you more My heart just won't li  
mean really! Can you feel it in my breath how much I want you Even when I lo  
00:59-01:04  
you I'm missing you I'm bad at this Won't you set me free Baby, hold me tight  
might burst Don't stop to think What's so hard about this Kiss me like it's too  
to be true. As if I'm your last love As if I'm your last, as if I'm your I-I-last As if t  
our last night, love As if I'm your last, as if I'm your I-I-last As if there

Original Duration: 3 minutes 37 seconds 

After Shrinking: 0 minute 43 seconds

#### Step 4:

If you want to change the title of the video before publishing, enter the subject line below. Finally click **Cut, Render & Stitch to ShrinkIT** to perform the cut of the selected videos.

ally! Can you feel it in my breath how much I want you Even when I look at

Duration: 3 minutes 37 seconds

Shrinking: 0 minute 43 seconds

PINK - '마지막처럼 (AS IF IT'S YOUR LAST)' M/V 

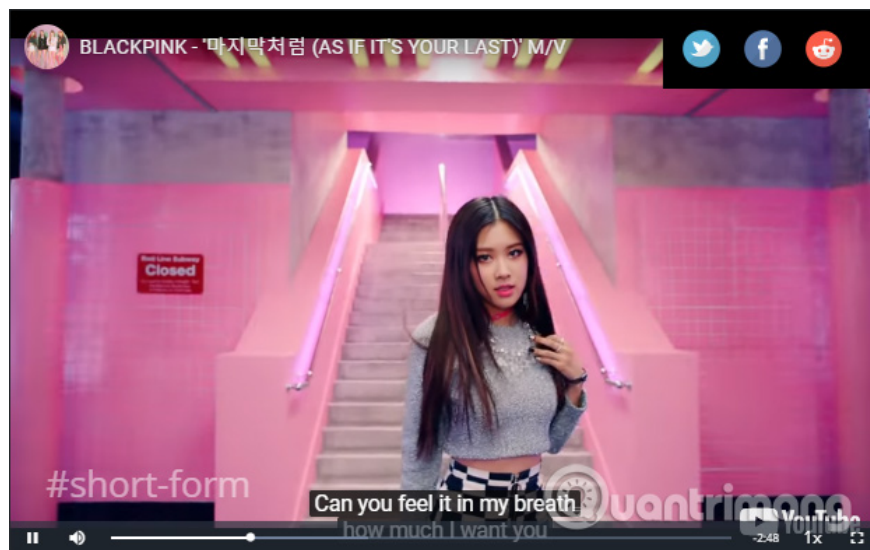

Cut, Render & Stitch

#### Step 5:

The result is that users are provided with 2 different options with the link and code to paste the YouTube video on the website with the interface as below.

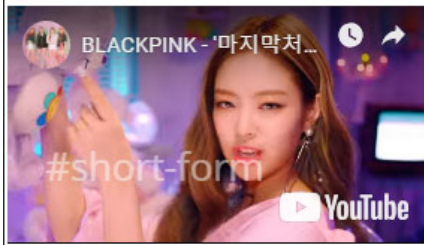

If you select **Short from video**, you will watch the video continuously with the selected fields. The video will only play the videos we have selected. Here you can also share videos on social networks or embed them on personal websites.

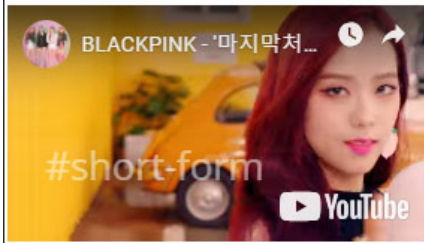

With **Read video like a document option**, each video field is displayed as a document. Each paragraph is the corresponding video subtitle stream. Users just need to hover over the interface to play the video.
