

How to delete a payment card on Amazon

In case you no longer use Amazon, it is a good idea to delete your payment card to prevent the card from being charged if your child plays with it or in case it is stolen.

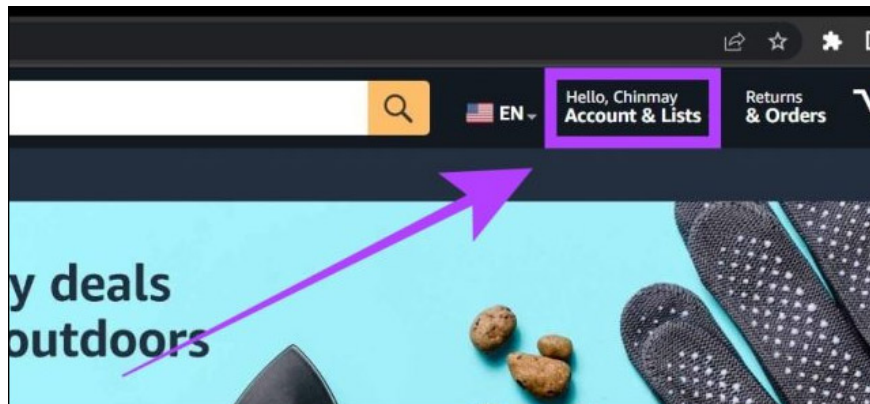

Like other international online shopping websites , Amazon requires users to enter payment card information to complete the Amazon account registration process. In case you no longer use Amazon, you should delete the payment card to prevent the card from being charged if your child plays with it or to prevent the card from being stolen. The following article will guide you to delete the payment card on Amazon.

Instructions for deleting payment cards on Amazon computer

Step 1:

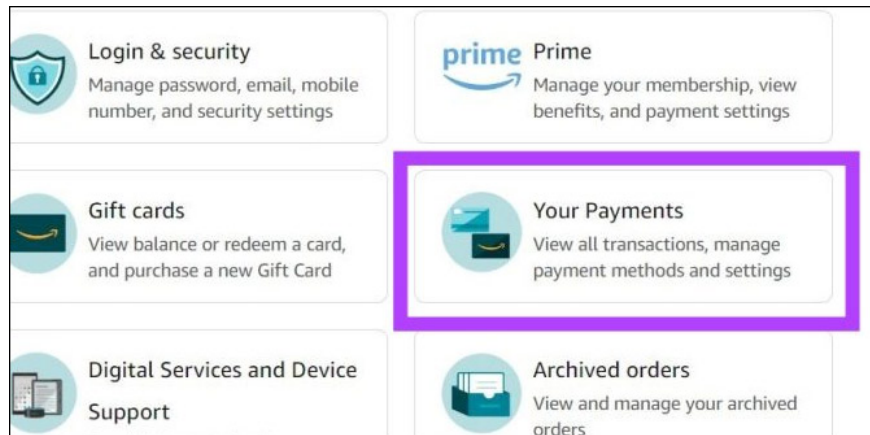

First, users access the Amazon website on their computer and then log in to their personal account.

On the website interface, we click on **Accounts & Lists** in the upper right corner as shown.

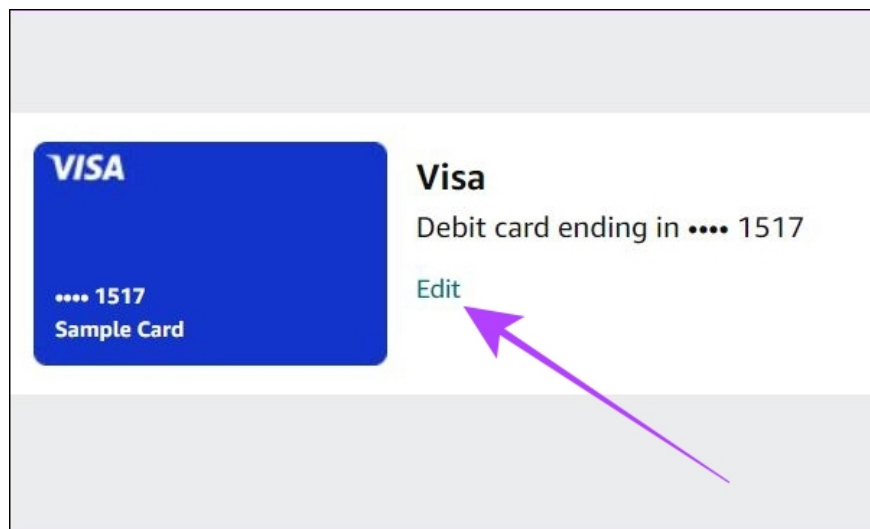

Step 2:

Switch to the new interface, click on **Your Payments** to see the payment cards you have added.

Step 3:

In the list of payment cards you have added to Amazon, we find **the payment card we want to delete** , select it and **click Edit** to delete the card.

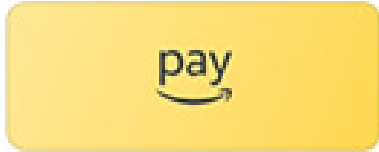

Step 4:

Next, the user **clicks on Remove from wallet** to remove the payment card from the list. Now you just need to click Remove to delete this payment card.
