

# How to delete multiple Instagram Reels videos at once with a few simple steps

Reels is an Instagram feature used to create and share short videos. But if you don't like having Reels videos on your Instagram account anymore, today's article will help you know how to delete multiple Instagram videos at once right on your phone.

Instead of having to manually delete Instagram Reels videos, you can now delete multiple videos at once. Below are detailed instructions on how to conveniently delete multiple Instagram Reels videos at the same time on your phone.

Step 1: First, open the Instagram application and click on the 3-line icon in the upper right corner of the screen. Next, select Your Activities. Here, swipe down and click on Reels.

Step 2: At the new interface, click the Select button in the top right corner of the screen. Finally, select the videos you want to delete and click the Delete button and you're done.

Above is sharing with you how to delete multiple Instagram Reels videos at the same time. Hope you are successful.
