

How to delete tags on Facebook

It will be annoying if every time you surf Facebook, you get a tag (bookmark) on the photos or status ads on the wall. More annoying is that whenever there is any activity (like, comment) of that post, it will appear on Notifications, distracting your work. So what to do to get rid of that discomfort? Please follow the article below of TipsMake.com offline.

How to delete photo tag

In the profile page, you find the photo you want to remove the tag and then click on **the drop down** , select **Remove tag**

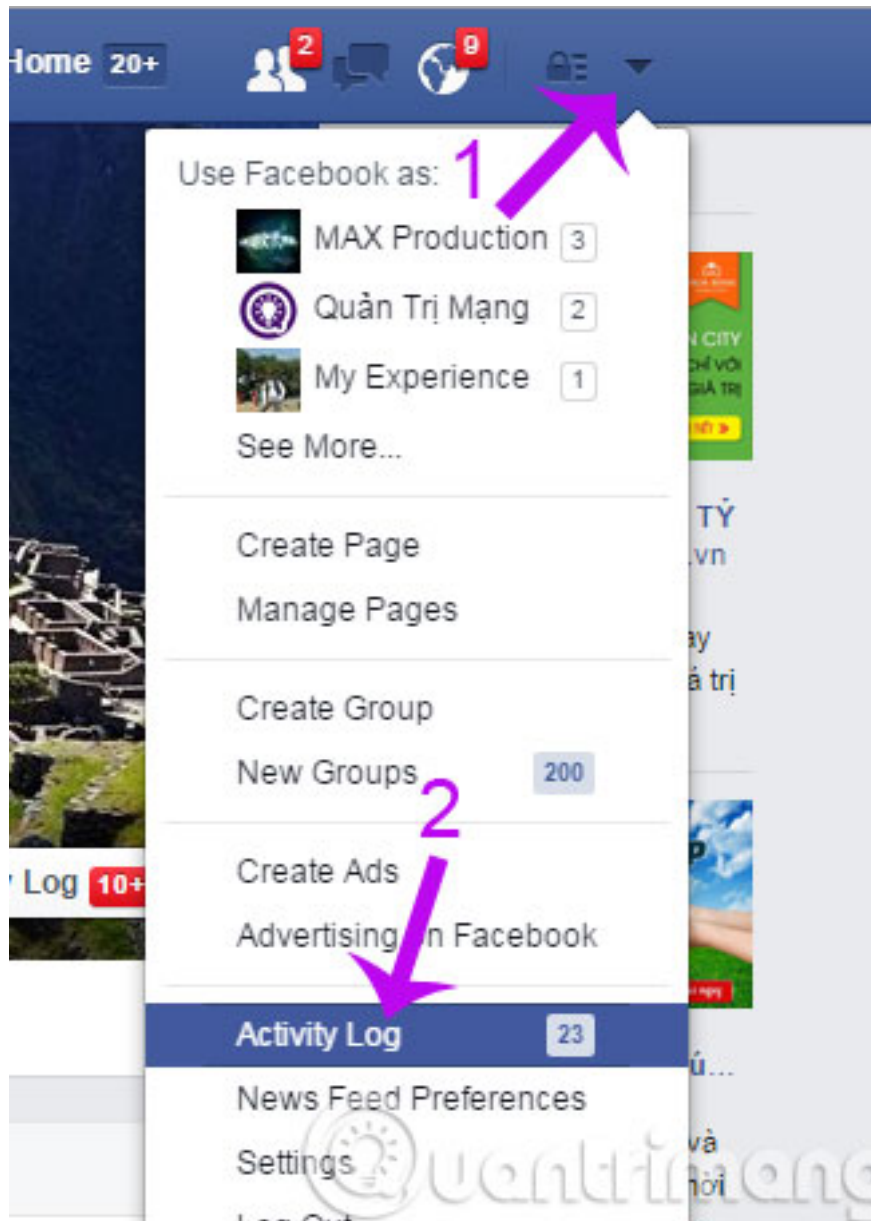

At that time, a message will appear confirming the deletion of the tag, just press **OK**

How to delete tag status

Step 1 : At the Facebook interface, click on the black triangle and select **Activity Log**

Step 2 : At the window, you will see **Posts You're Tagged In** then find posts that you want to remove

Step 3 : You also proceed to remove the same tag as above

So with just a few simple steps like above, all the photos and posts with your name (Tag) are gone. Hopefully this little trick will help you in using Facebook more effectively.
