

# How to delete text in PDF files

How to delete text in PDF files. PDF is a document format used by many people for its safety and lightweight. The biggest disadvantage of PDF format is that editing text and images is quite difficult and requires software intervention.

PDF is a document format used by many people for its safety and lightweight. The biggest disadvantage of PDF format is that editing text and images is quite difficult and requires software intervention.

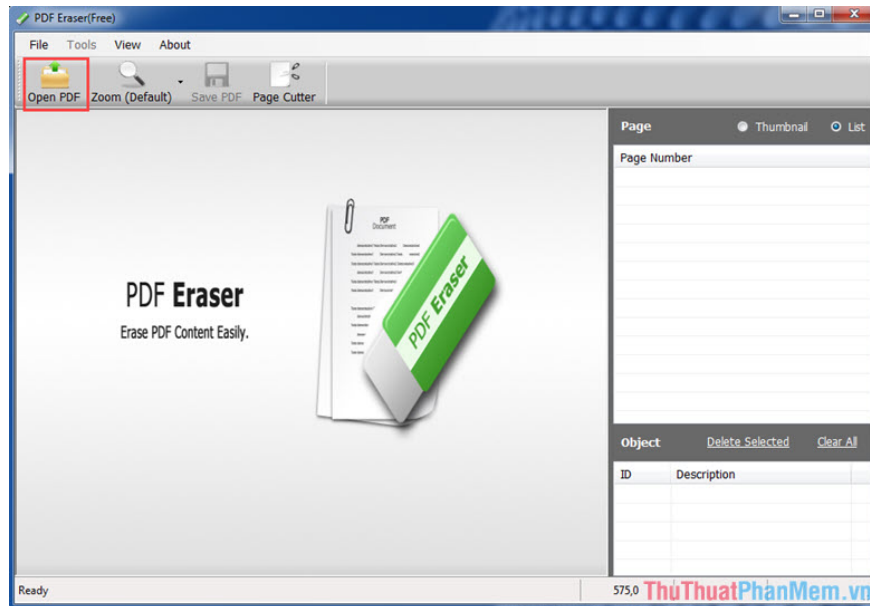

In today's article, Thuthuatphanmem.vn will guide you to erase words in the two easiest ways, using **PDF Eraser** and online editing via **Smallpdf** website .

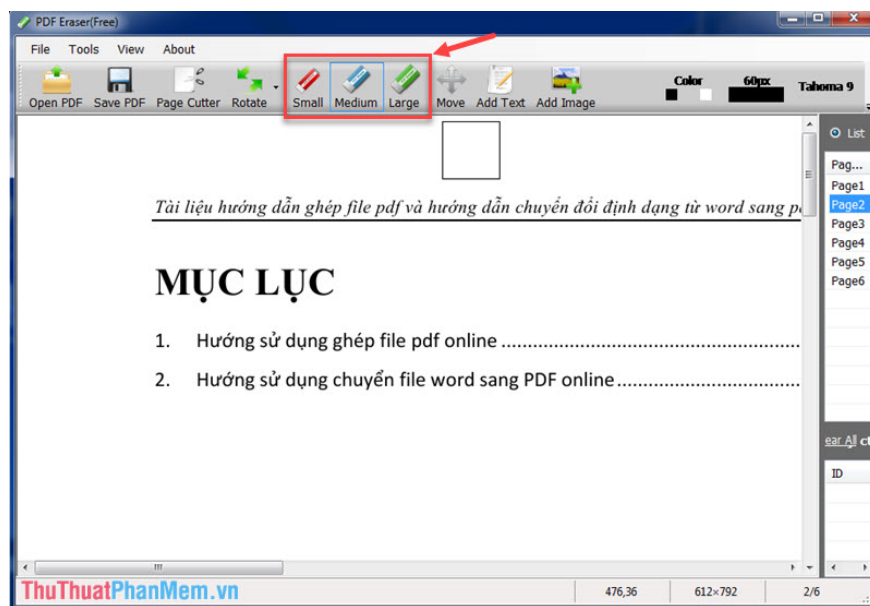

## Method 1: Delete text in PDF files with PDF Eraser software.

You can download PDF Eraser at: <https://www.pdferaser.net/>

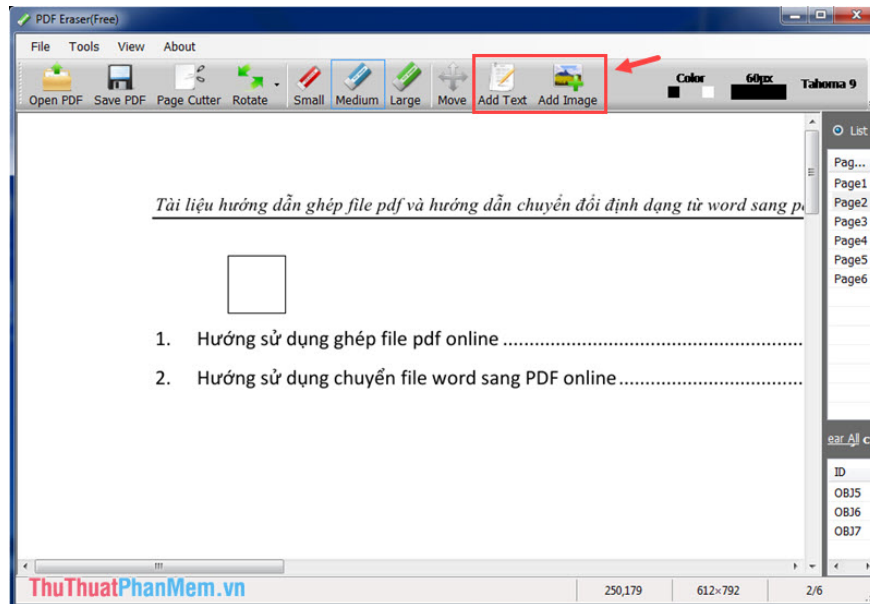

- You proceed to open the PDF file to delete text in the **Open PDF section**

- After opening the PDF file, we choose 1 of 3 erasing sizes: **Small, Medium, Large** and then proceed to delete the text.

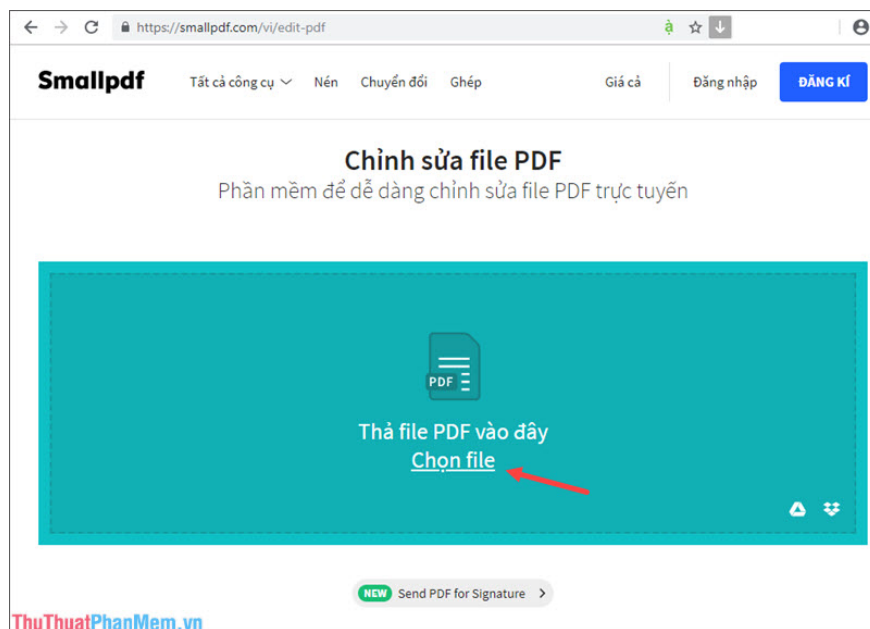

- After deleting text in PDF files successfully, you can add text by clicking on **Add Text** or adding photos by clicking on **Add Image** .

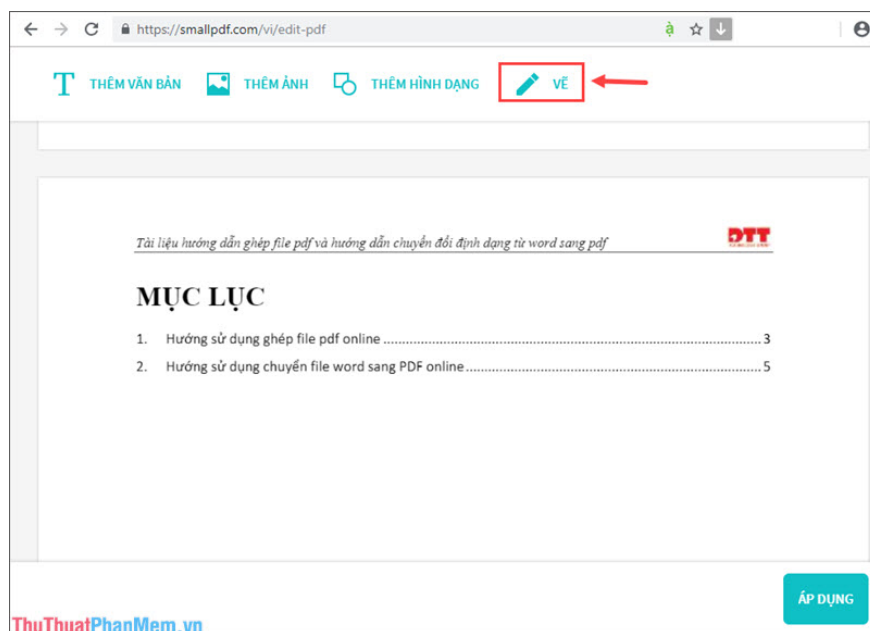

## Method 2: Delete text in PDF through the Smallpdf website

You access Smallpdf at: <https://smallpdf.com/en/edit-pdf>

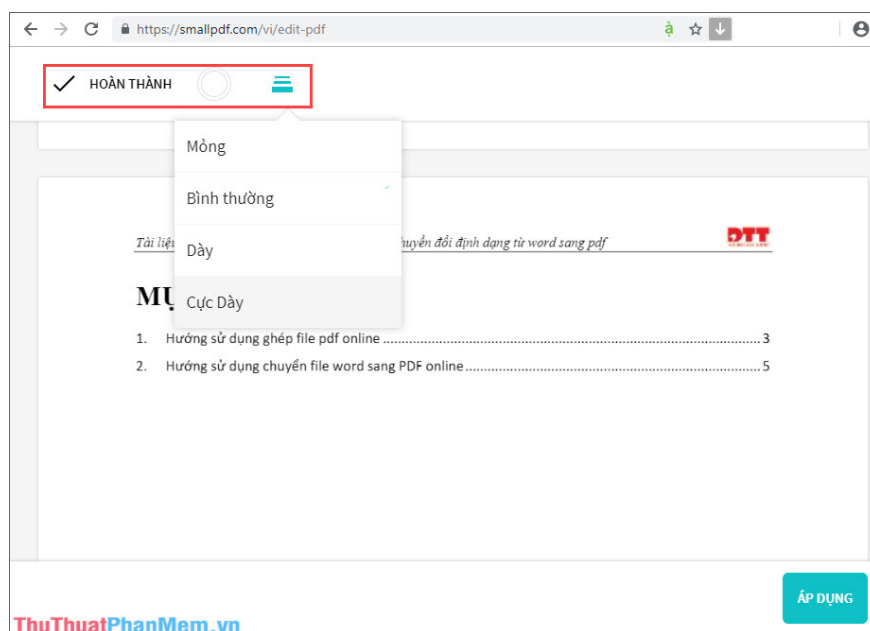

Then proceed to upload the PDF file by clicking **Select file**.

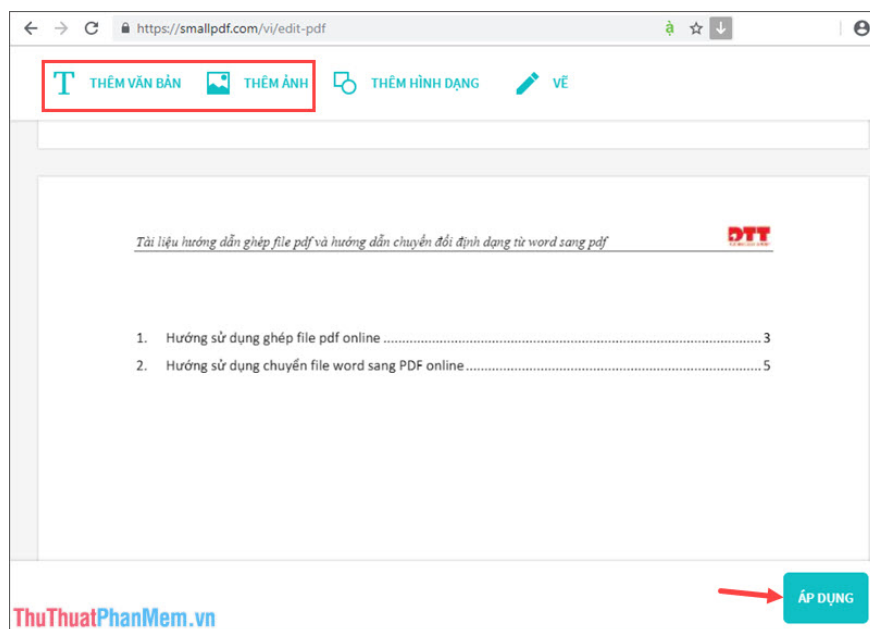

- After opening the PDF file to delete text, we select the item **Drawing**.

- You proceed to choose the color that matches the background color and size of the brush as shown below and then delete the text. After deleting, you click **Finish** .

- After deleting the text, you can add text in the **Add text** section or add photos in the **Add photos** section. If you do not want to add text or images, we click **Apply** in the lower corner of the web page to save **Smallpdf** file and download.

With two ways to delete text in PDF that Thuthuatphanmem.vn presented above, hope the article is helpful for those who do not know how to delete text in PDF files. Good luck!
