1. Delete chat history, texting . of iMessage on Mac OS X:

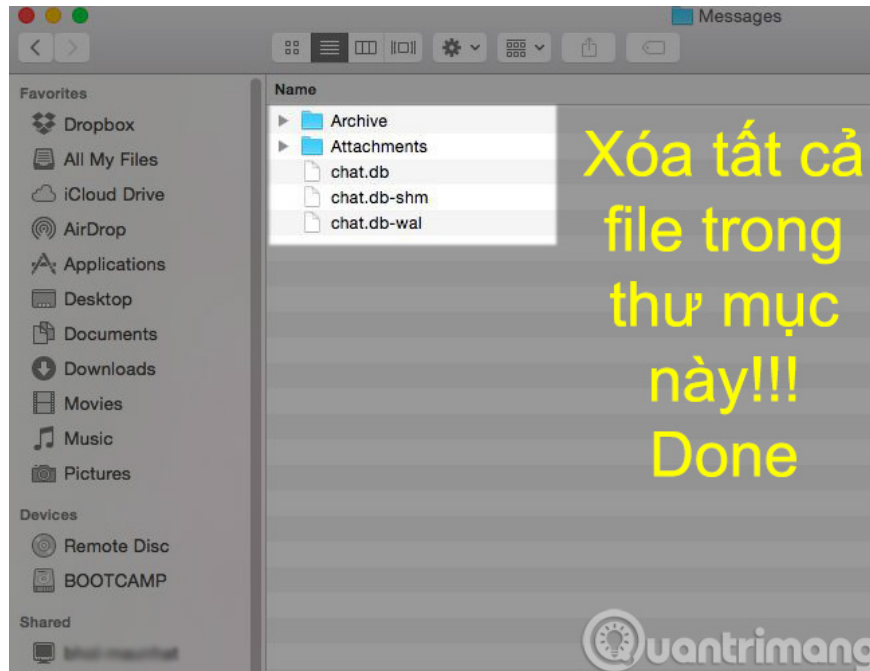

First, close the application. Next, open the **Finder** and press **CMD + Shift + G** to open the **Go To Folder** window:

Enter the path **~/Library/ Messages/** into the **Go To Folder** box :

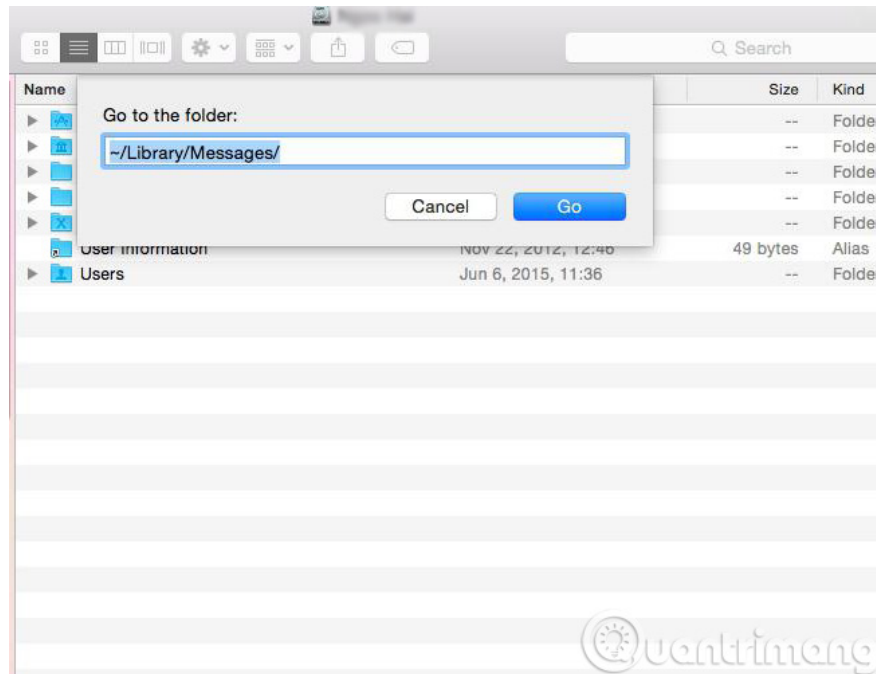

Here, you will see there are files like: **chat.db**, **chat.db.shm**, **chat.db.wal** . The task now is to delete all those files:

That's it, the rest is to delete the Trash completely. But here, you need to note a little more that attachments such as photos, videos, music . are stored in another folder.

2. Delete attachments on Mac OS X:

You do the same as above, open the Finder, and enter the path **~ / Library / Messages / Attachments / :**

Here, we will see that the attachments will be listed randomly. Now just select and delete the desired files. ***Good luck!***
