

# How to delete white pages in Word is easy

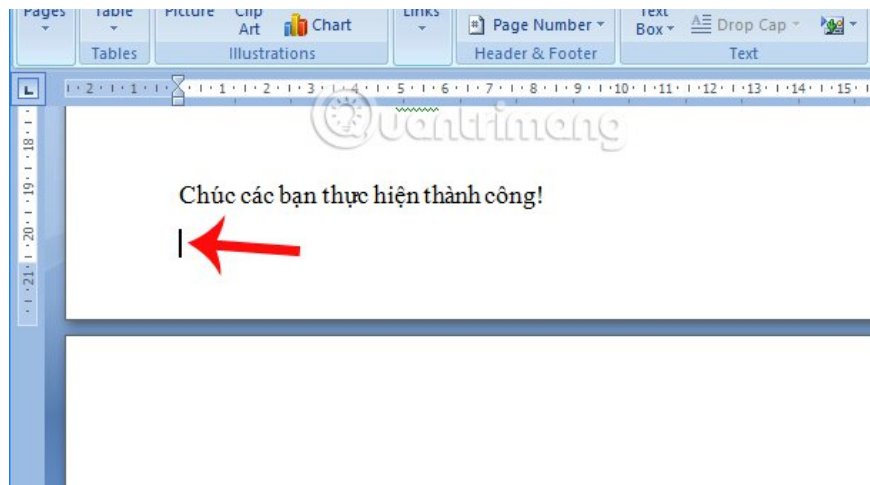

Delete pages in Word or delete blank pages in Word to help you delete redundant Word pages, no longer needed. The following guide will help you delete one or more Word pages quickly.

Sometimes during Word content editing, you accidentally hit the Enter key too much, or clicking the Blank Page option on the Ribbon makes the white pages contain no content that appears alternating in the content of the article. And to have a complete document, we need to delete those white pages. In the article below, Network Administrator will guide you how to **delete white pages in Word** . **Deleting pages in Word** is basically the same as deleting a blank page, you just need to do one more thing to black out the entire page to delete before pressing the Del key only. The following article performs on Word 2007, other versions we do the same.

## How to delete a blank page in Word

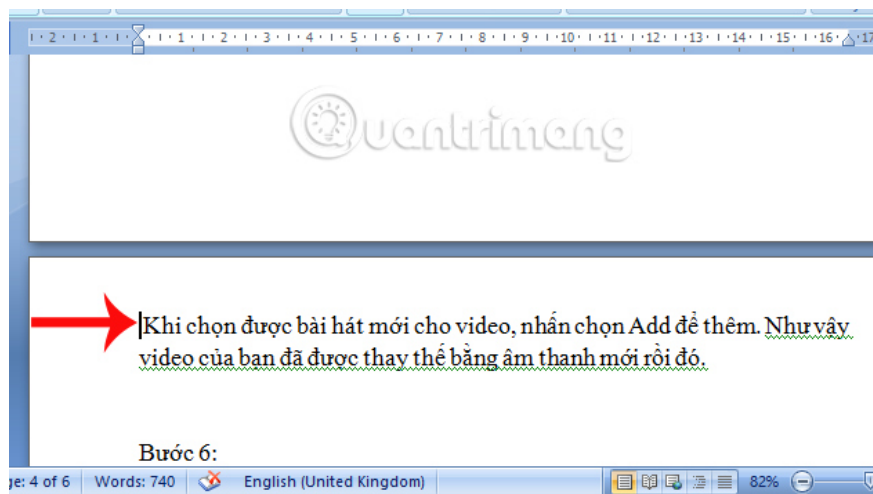

### Method 1:

Open the Word file to delete the blank page. In case, the white page appears at the end of the text, we just need to **place the mouse pointer at the bottom of the page with the text** and press the **Delete** key to delete it.

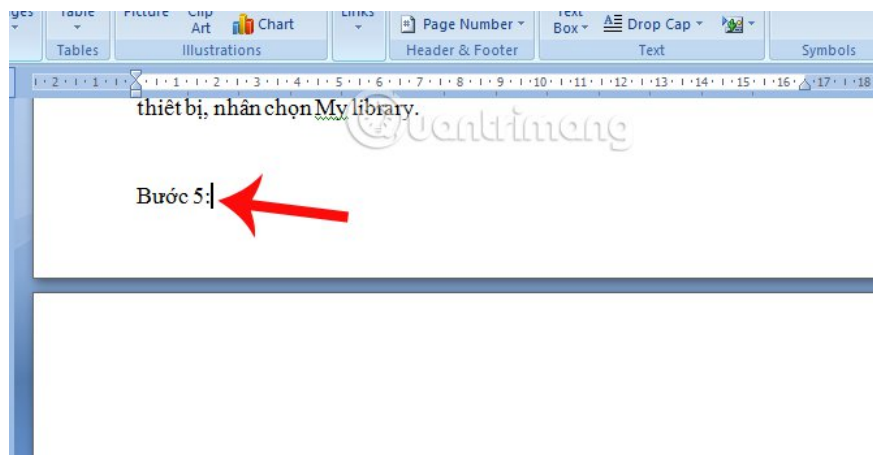

### Method 2:

In case the white page appears alternating with the content page, place the **mouse cursor at the first position of the page after the white page** , then press **Backspace** . The white page will disappear soon after.

### Method 3:

If the above two ways that the white page has not been removed from the Word content, first place the **mouse pointer at the last position of the page in front of the white page**. Next, we **hold down the Shift key** and **click on the top of the white page** then press **Delete** to delete.

Thus, the white page then disappeared. However, users should note, during the process of deleting the Word blank page, you need to calculate the number of white pages to delete to work properly, to avoid deleting the content on the previous page.

thiết bị, nhấn chọn My library.

Bước 5:

---

Khi chọn được bài hát mới cho video, nhấn chọn Add để thêm. Như vậy video của bạn đã được thay thế bằng âm thanh mới rồi đó.

Above is a tutorial on how to delete white pages in Word, with 3 very simple ways to perform. The method of using the Delete key is a more common way to delete a white page. However, if the white pages have not been removed from Word, then follow the other two ways.
