

# How to delete YouTube videos offline on iPhone and iPad

You can delete all videos saved on YouTube or delete individual videos to remove unwanted videos from your iOS device.

You can delete all videos saved on YouTube or delete individual videos to remove unwanted videos from your iOS device.

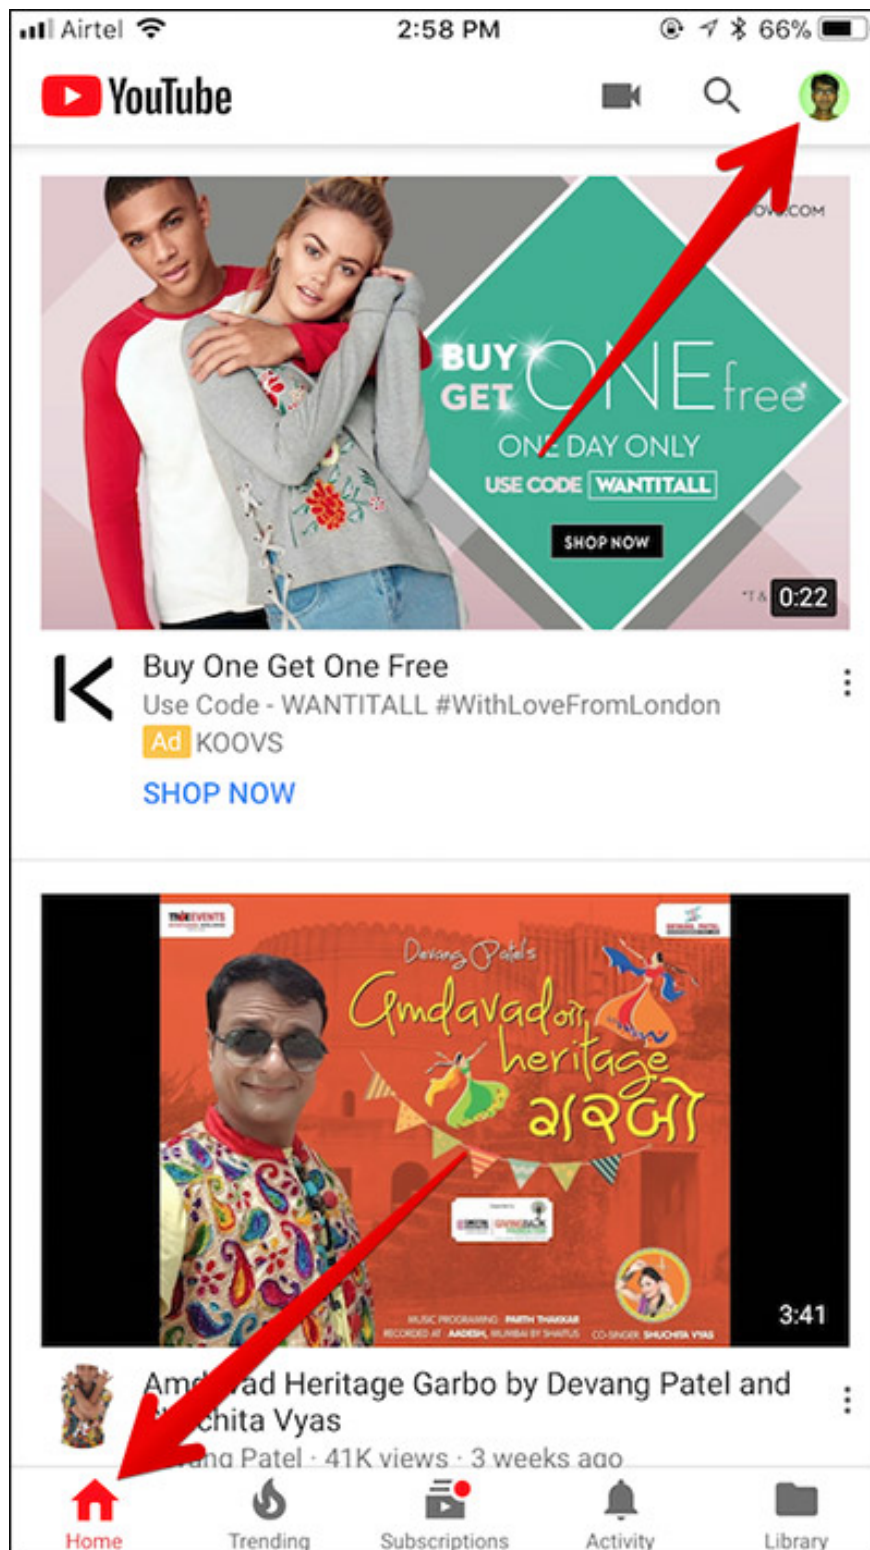

While enjoying YouTube videos, you'll find interesting videos and save them to the library for offline viewing. However, due to the flickering internet connection, watching high-speed videos is not possible. You should download these videos to see them in the best quality. And for your personal library to not be overloaded, you will want to delete all offline YouTube videos at the same time. iOS allows you to do that.

1. How to play YouTube videos when turning off the screen on iPhone
2. How to play YouTube videos automatically on Android and iPhone phones

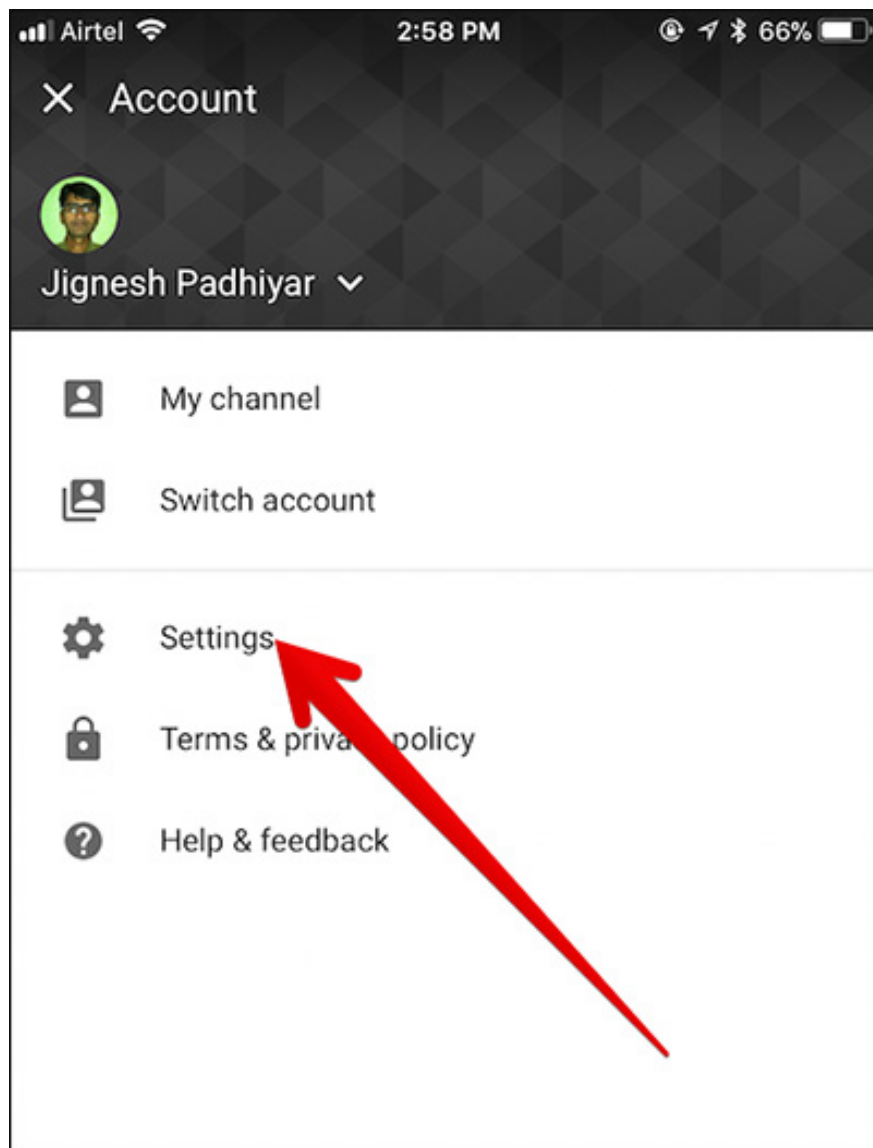

Please note that if you press the Clear all button, all offline videos and playlists will be deleted. And if you don't want to delete all videos, you can delete each video individually.

## How to delete all offline YouTube videos on iPhone at the same time

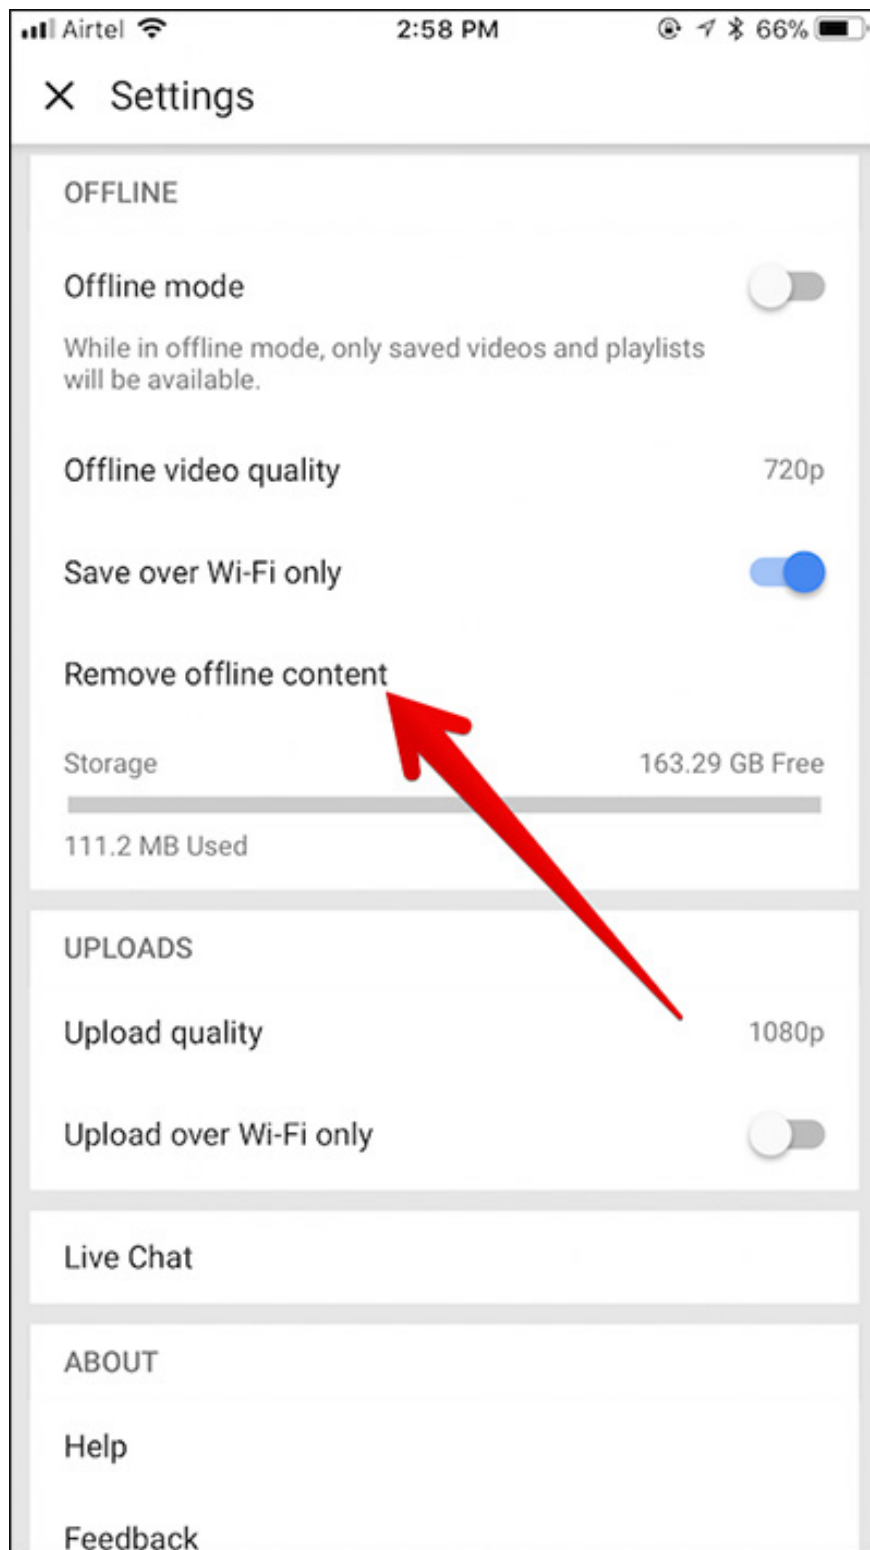

**Step 1** . Opening the YouTube application on an iOS device ? Select the **Home** tab at the bottom ? Click the profile icon in the upper right corner.

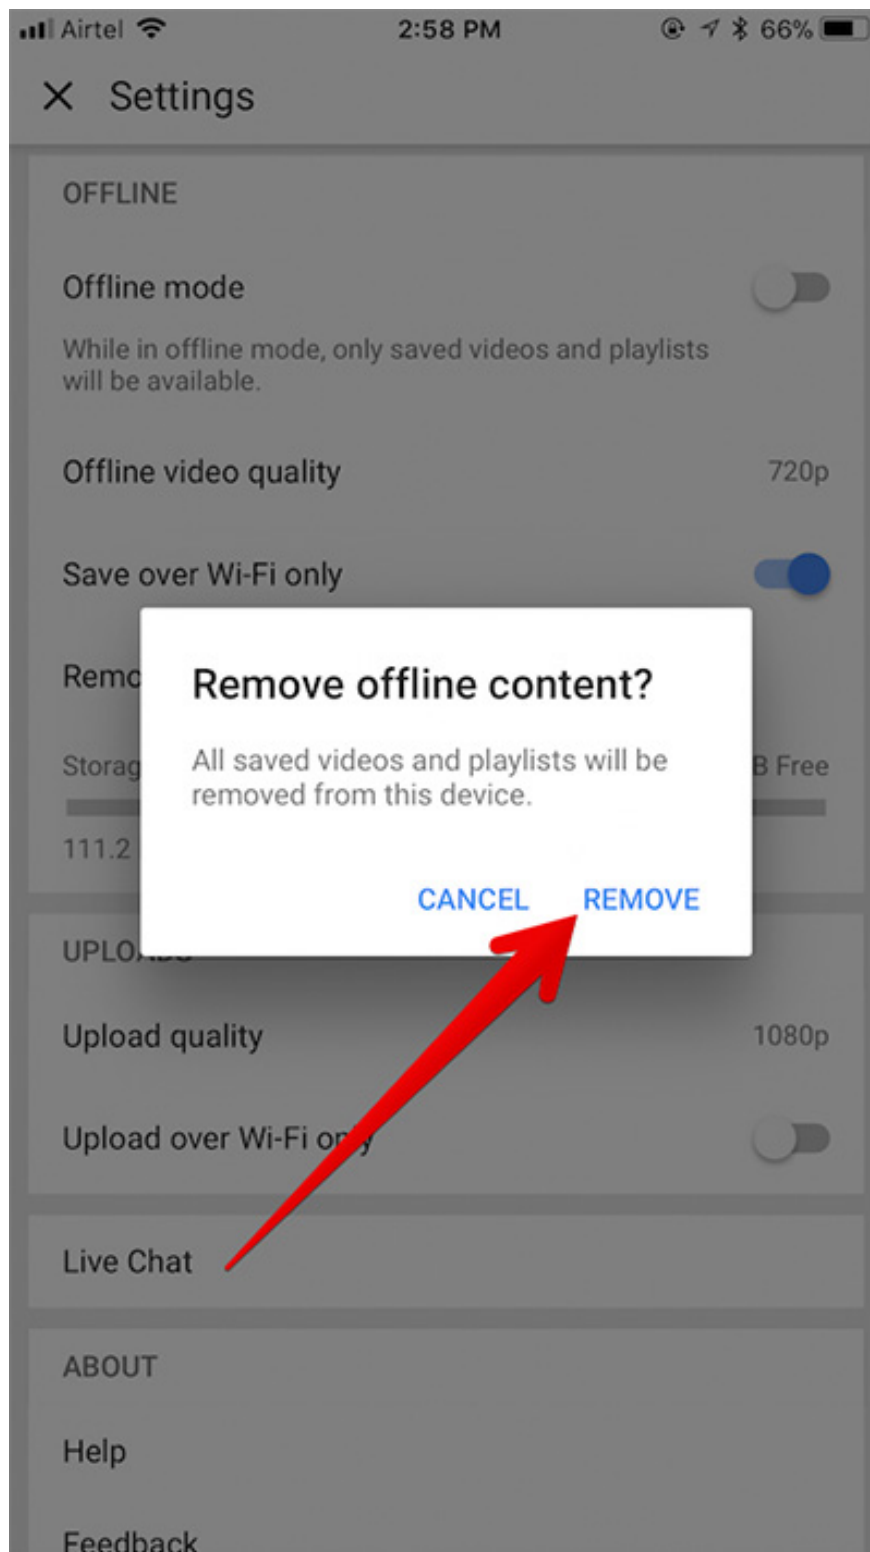

Step 2 . Select **Settings / Settings** .

**Step 3** . Now scroll down and select **Remove offline content** in the Offline section.

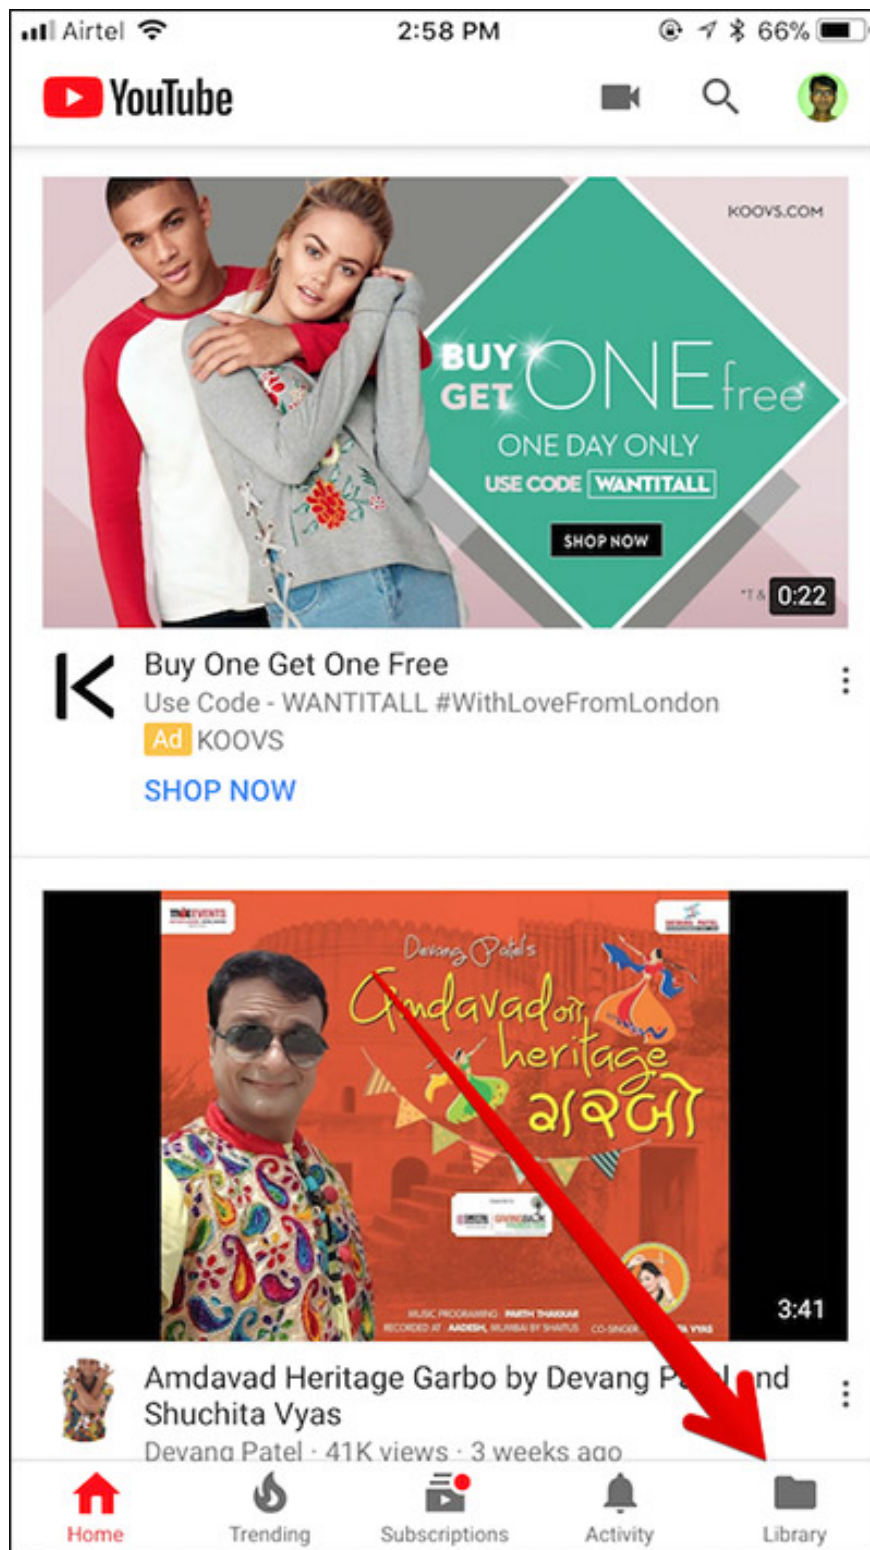

**Step 4** . The confirmation window will appear (All saved videos and playlist will be removed from this device - All videos and offline playlists will be deleted from the device). Select **Remove** to confirm.

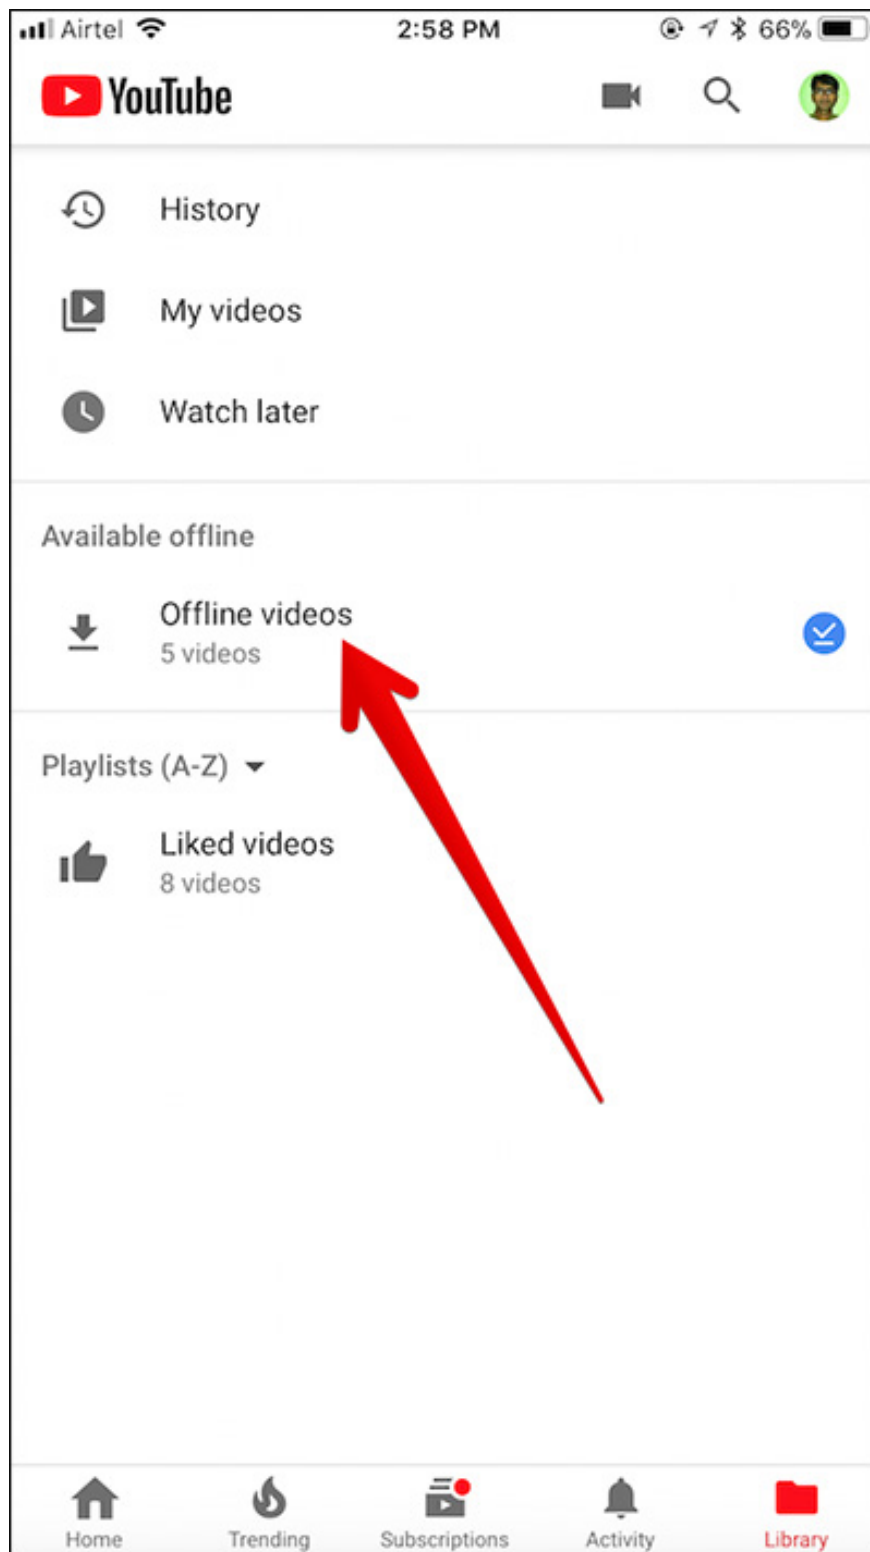

## How to delete each video offline on YouTube

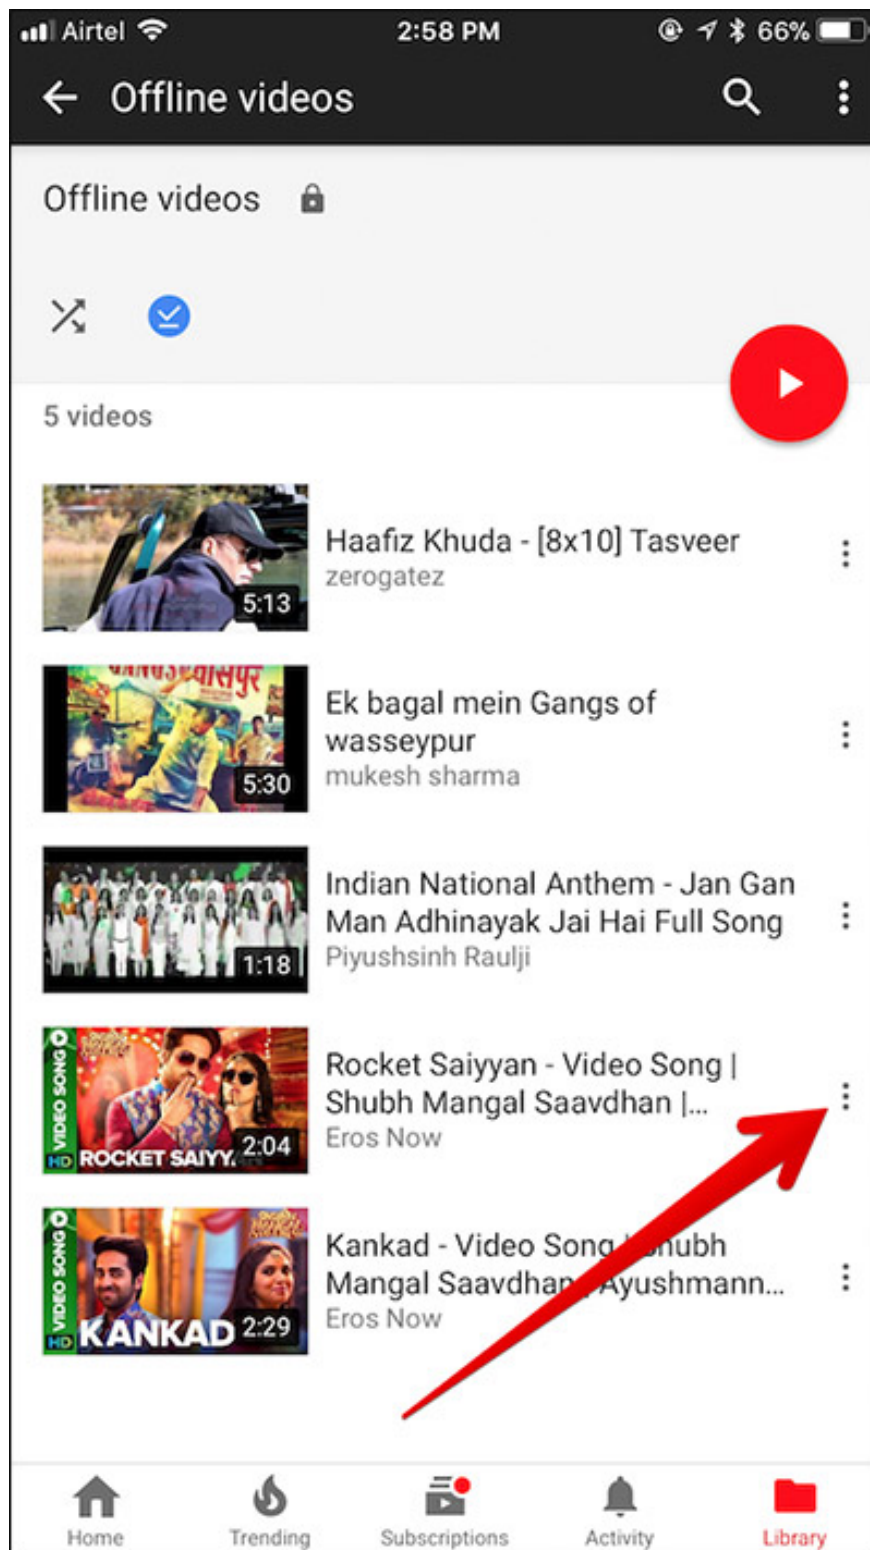

**Step 1** . Open the YouTube application ? Select the **Library** tab in the bottom right corner.

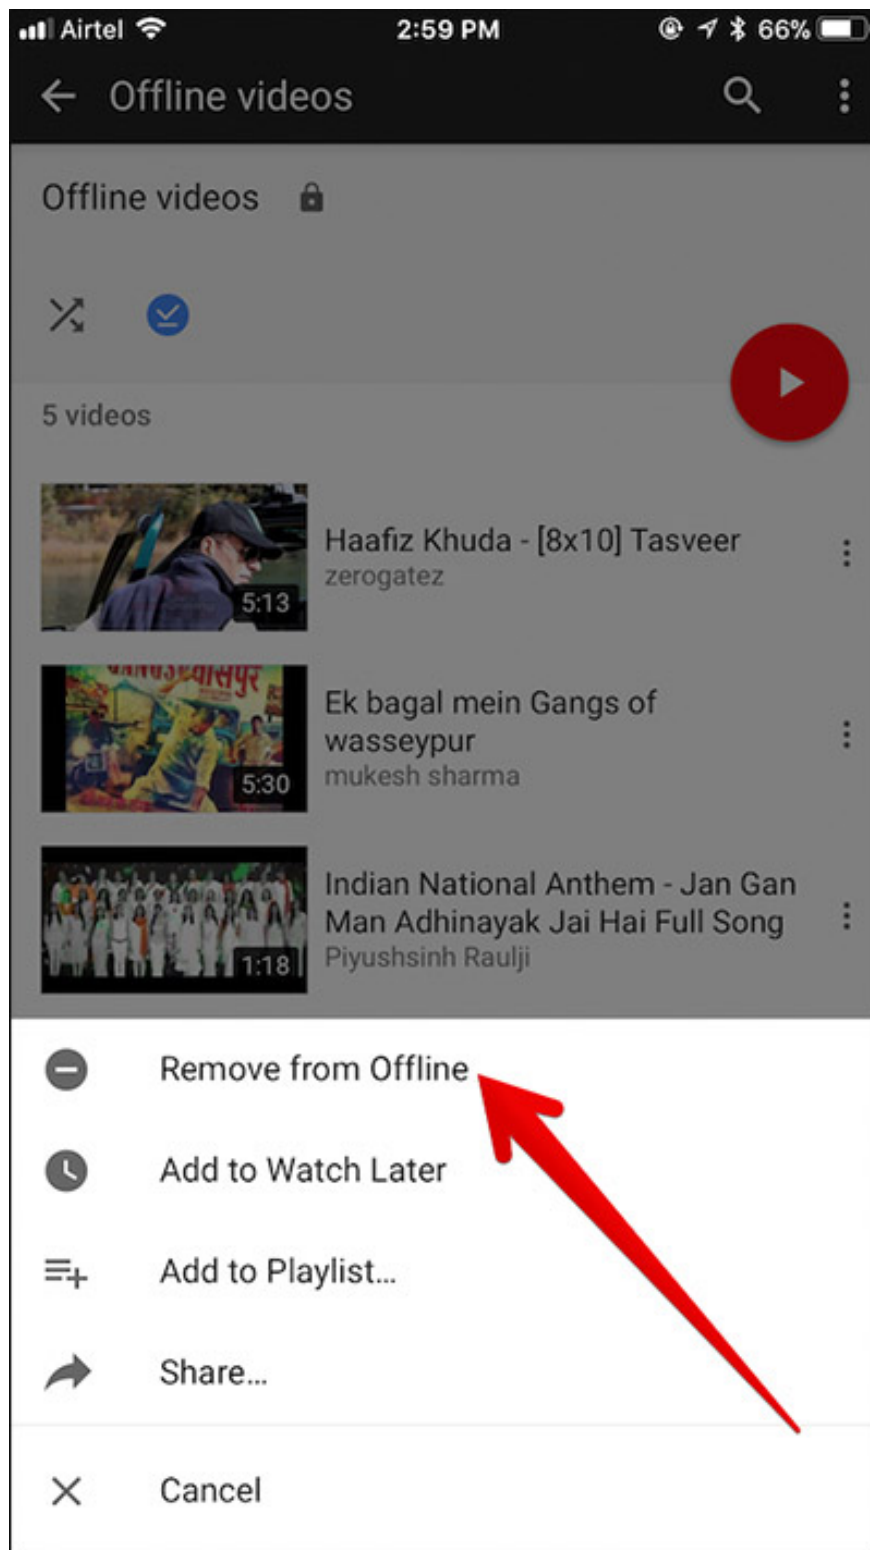

**Step 2 .** Select **Offline videos** in the Available offline section.

**Step 3** . Next, click the vertical dot next to the video you want to delete.

**Step 4 .** Finally, select **Remove from Offline .**

With a few simple steps, you can delete YouTube videos offline on iPhone YouTube application. Hope the article is useful to you, please leave a comment if you have difficulty deleting these videos.
