How to dig Bitcoin on the phone? This is a question that has appeared a lot in recent times with virtual money diggers. If digging Bitcoin on your computer, money digging software like BTCMiner, RPC Miner, Bitcoin Miner, . will be a tool for you to make money. So what if you want to make Bitcoin money on your phone?

Today the concept of Bitcoin money has gradually become more popular in the world, compared to the first time when it appeared on the investment market. Many people have invested in this lucrative virtual money market, buying their own "buffalo plow" to dig Bitcoin money. Not only on the computer, the money of Bitcoin also appeared on Android or iOS phones.

If so, those applications that make Bitcoin money on phones are the most necessary tools for each 'worker' to dig money, so that they can make money whenever they have free time. The following article will summarize some Bitcoin digging applications on Android and iOS phones.

1. 10 types of virtual currency, the most popular digital currency today
2. How to create and use Bitcoin Wallet, Ethereum Wallet on Blockchain
3. Today's Bitcoin price, Bitcoin price update every minute

## Application to find Bitcoin on the phone

### 1. Alien Run application:

1. Download Alien Run iOS
2. Download Alien Run Android

Alien Run is a game that helps you earn Bitcoin on your Android phone in your spare time. The game takes Daniel D'Alien's character adventure as the main content. The task of each player is very simple, that is to control Daniel D'Alien running through the challenges on the road in each level play, so as to earn the amount of satoshi rewards (the smallest currency of each Bitcoin ). We can search for Bitcoin by looking at the ad to get the network and then change the amount of bitcoin earned in the game. Alien Run is not complicated in the way of playing, it is very simple that you can dig Bitcoin on your phone anytime, anywhere.

## 2. Bitcoin Aliens:

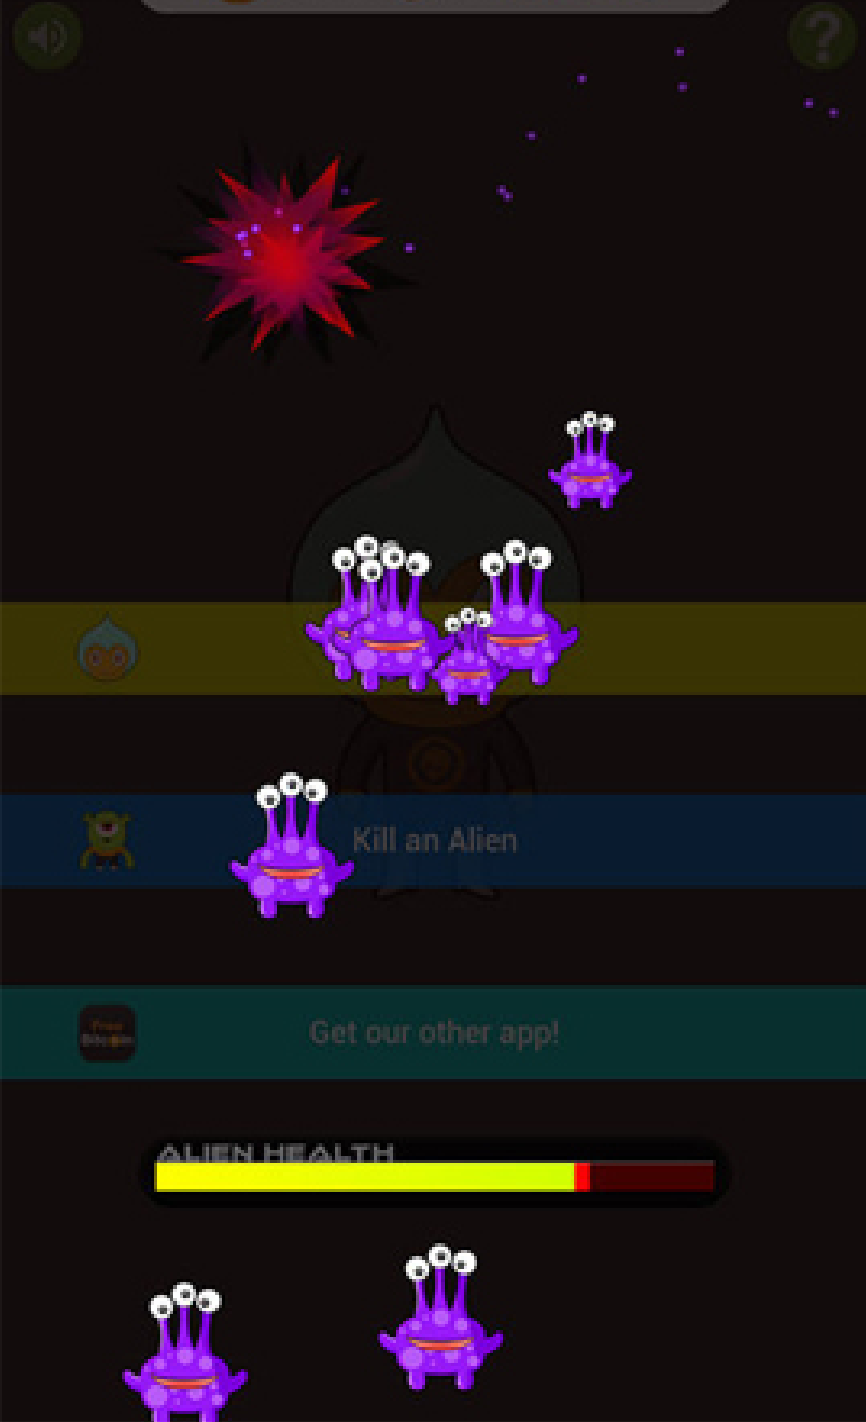

1. Download Bitcoin Aliens Android game
2. Download Bitcoin Aliens iOS

Bitcoin Aliens is also a bitcoin-supporting game on iPhone, Android similar to Alien Run. We will also need to search for satoshi when destroying alien monsters. Types of monsters will be divided into different indicators. Destroying any type of Ailens with high stats, players will get more bitcoin. In addition, users can also view ads to earn more Bitcoin, change the amount of satoshi in possession.

Balance: 180358 Satoshi

### 3. Free Bitcoin application:

1. Download Free Bitcoin iOS
2. Download Free Bitcoin for Android

When viewing ads on Free Bitcoin, we can earn large amounts of Bitcoin for free. Of course participating in the game and completing the tasks given by the game also earns satoshi. However, if compared to the above 2 games, the amount of satoshi you earn in Free Bitcoin will be less. But if you have free time and want to dig Bitcoin on your phone, Free Bitcoin is also a good idea.

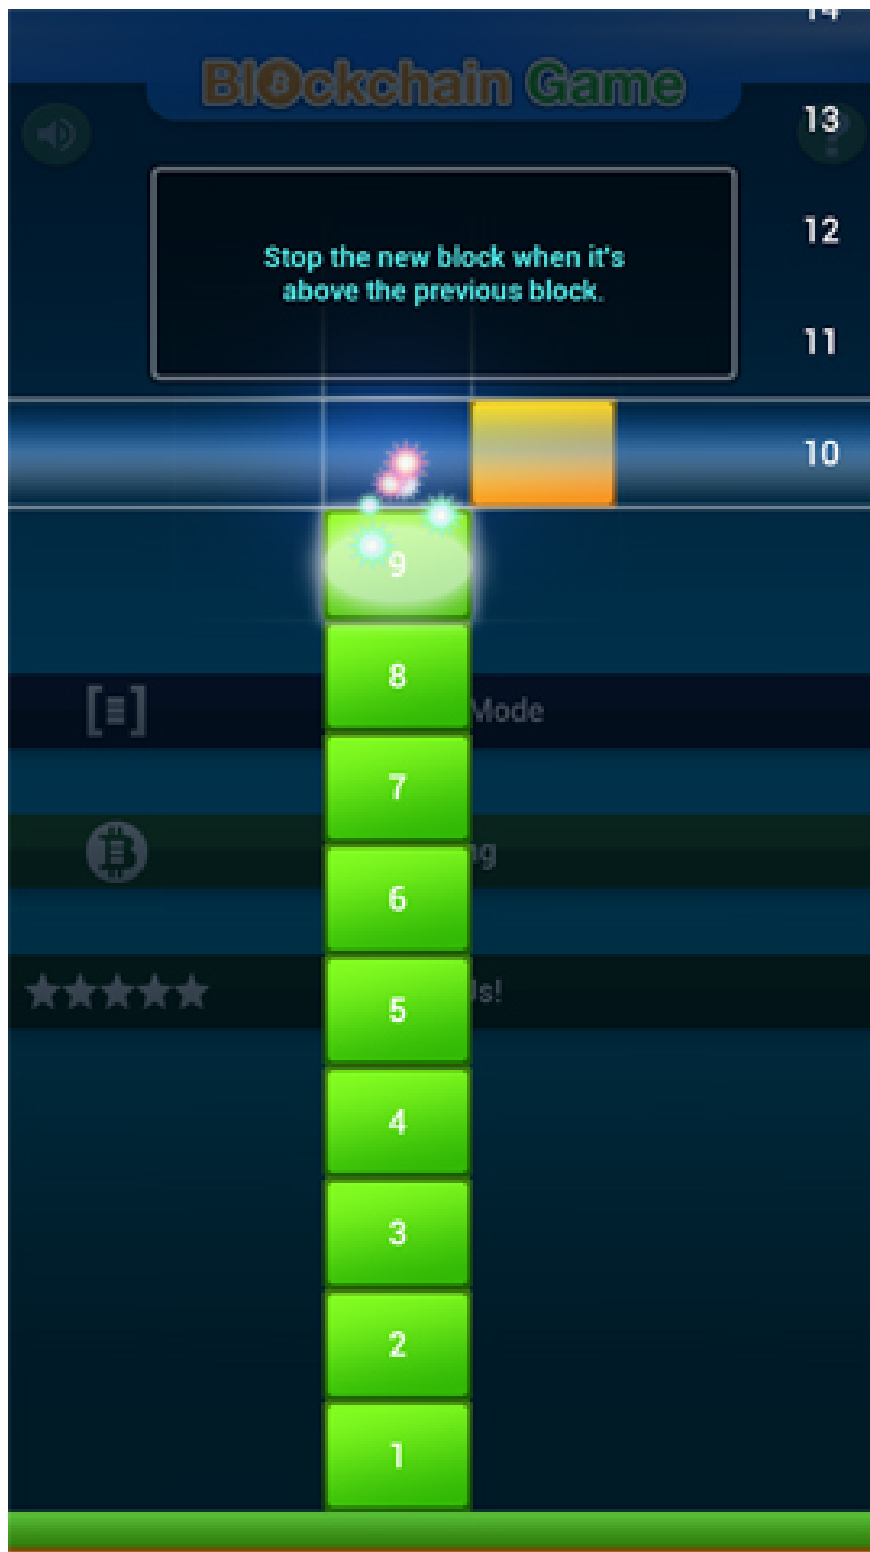

#### 4. Application of Blockchain Game:

1. Download Blockchain Android Game
2. Download Blockchain iOS Game

The Blockchain Game will have a simple task of aligning blocks, as high as possible. If the rank is higher, the player will get more satoshi. However, the situation is not simple because the higher the height, the higher the risk of falling shapes. So the skill of the player is very necessary when you earn money Bitcoin on the phone, through the Blockchain Game.

# Blockchain Game

Stop the new block when it's above the previous block.

## 5. Abundance application:

1. Download Android Abundance game
2. Download Abundance iOS

Abundance uses English quotations so you can receive satoshi. When a user opens a New Quote item, he / she will receive a sentence of English quotations, then dial the lottery to receive satoshi corresponding to each sentence of that phrase. The play style is extremely simple compared to the above 4 applications.

Especially when the lucky user turns to the Gold box, you will have a chance to receive many satoshi. When performing each task that the game offers, we will earn more Bitcoin.

# Abundance

40%	7.87%	0.08%	2.05%	50%
