

# How to disable Hello Bixby on Samsung Galaxy S8

Bixby is a virtual assistant on Samsung Galaxy S8 and S8 Plus devices. In addition, the Hello Bixby screen will appear when the user clicks on the Bixby physical button.

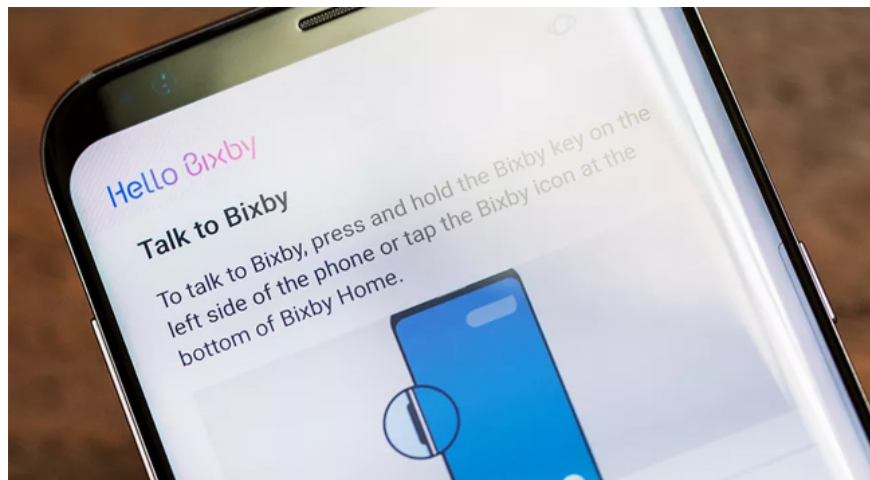

Bixby is the virtual assistant on the Galaxy S8 and S8 Plus duo that possesses many smart features, supporting users. Besides, when you press the physical button Bixby will appear Hello Bixby screen. This screen will appear on the left side of the main screen control panel, displaying information to the user. However, the Hello Bixby screen is probably not really useful for users, or you don't want to use this screen on the device. If you want to customize the Hello Bixby screen or disable this screen, you can refer to the article below

1. Some settings need to be changed after purchasing Samsung Galaxy S8
2. How to take screenshots of Samsung Galaxy S8 and S8 +
3. How to get a curved border display on Android phones like Samsung Galaxy S8

## 1. Customize Hello Bixby screen:

### Step 1:

First of all, we swipe to the left of the screen and quickly launch the Hello Bixby interface, by pressing Bixby under the volume up and down keys.

### Step 2:

In the top right corner of the screen, we click on **the 3 dots icon** and select **Settings** .

## 2. Turn off the screen Hello Bibxy:

## **Step 1:**

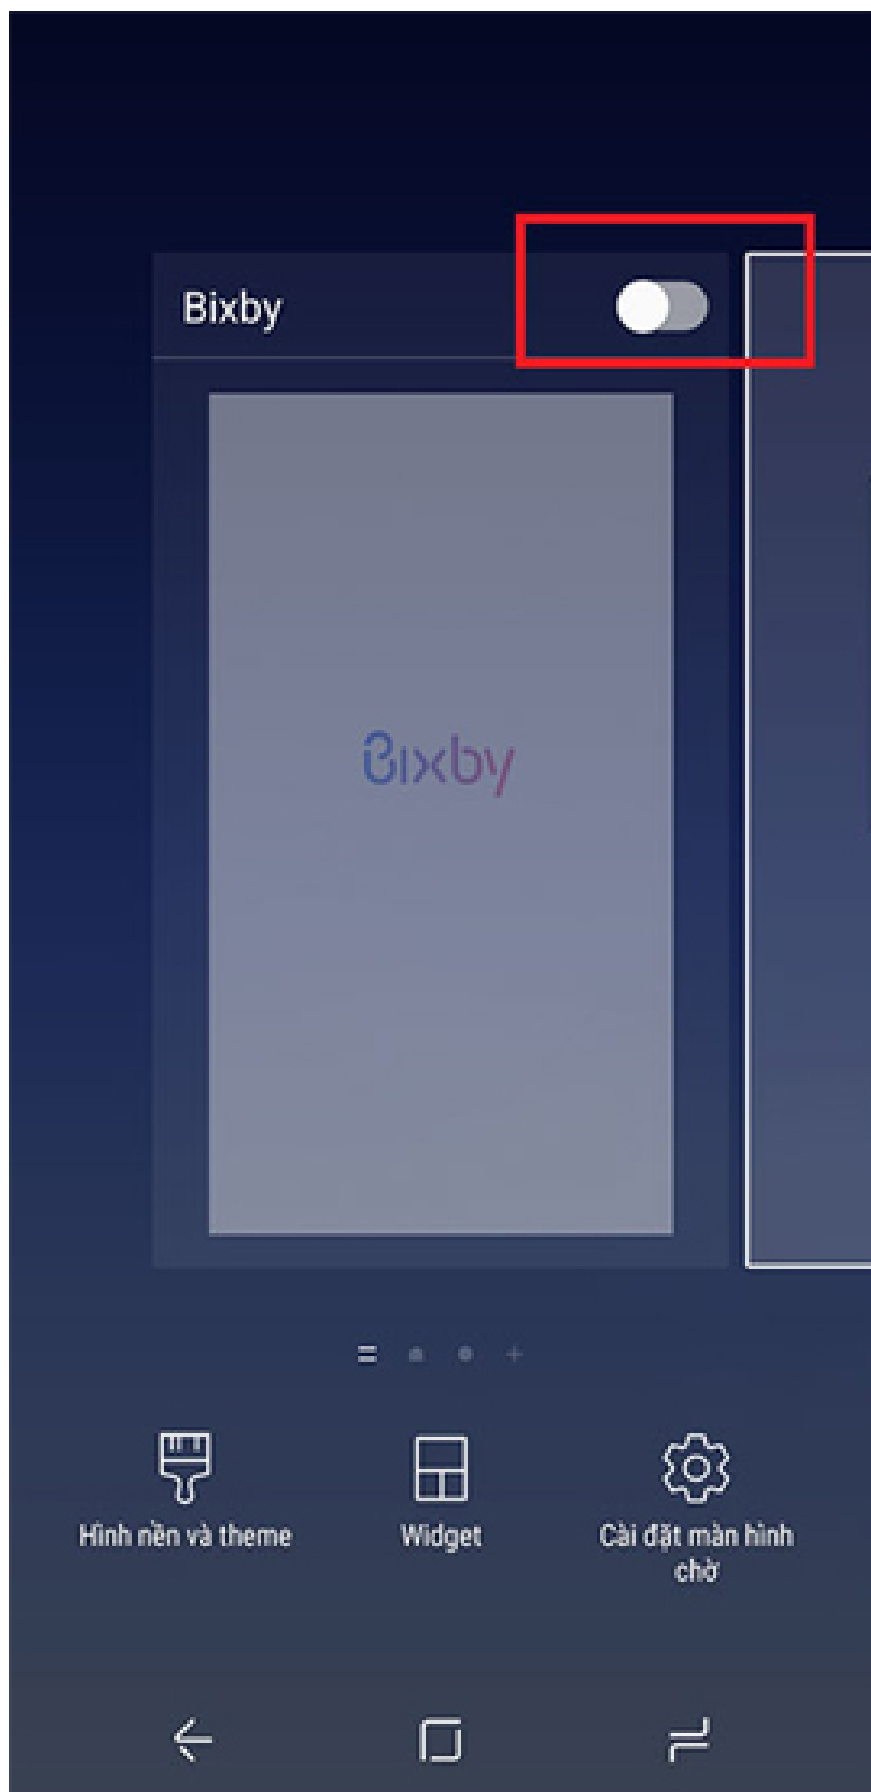

First of all, users will press and hold the main screen to open the option to edit the screens on the device. Next, **swipe left** to get to the miniature interface of Hello Bixby.

## **Step 2:**

In the Hello Bixby interface, the top will have a slider so we can turn this screen off. To turn off the Hello Bixby screen, **switch the slider to the left** . Thus, the Hello Bixby screen will not appear on the home page of the device.

With the customizable Bixby smart assistant, we can choose to turn off or turn on the Hello Bixby screen on the Galaxy S8 and S8 Plus according to user needs. Besides, you can also choose which application information is installed on the device to export at the Hello Bixby screen.

I wish you all success!
