

How to download Call Of Duty Mobile on the phone

To download Call Of Duty Mobile on the phone, you need to have this tool and follow the instructions in the article to install COD Mobile on the phone.

Currently, the Battle Royale game genre dominates the game world and there are many games that have Battle Royale gameplay released or updated on existing games. A series of popular names like PUBG Mobile, Fortnite, ROS, Cyber Hunter or many Battle Royale combined games were also released for gamers to experience.

But in that save shooting survival, there are still a large number of gamers fans of the Call Of Duty series. The cult series of FPS games used to be stormy and many gamers await every time the game launches a sequel to the COD series.

And coming here, **Call of Duty Mobile** or **Call of Duty: Legends of War** is a mobile game developed based on the famous FPS series Call Of Duty. Activision and Tencent will be developed by Timi Studio.

The game was launched in Australia late last year and has received a lot of positive reviews from the mobile gaming community. Call Of Duty Mobile or Call of Duty: Legends of War will synthesize the usual game modes in Call Of Duty series like (**Free4All** , **Search & Destroy** , **Team Deathmatch** and **Frontline**) in the **Multiplayer Mode section** .

If you want to download Call Of Duty Mobile or Call of Duty: Legends of War on your phone, follow the instructions below to download this fascinating game.

Despite having the Guest icon and logging into Facebook and COD Mobile accounts, it has not allowed players to participate in the game. You have to wait when Activision and Tencent release the global version, then you can log in to Call Of Duty Mobile.

You also do not have to wait too long when Call Of Duty Mobile is in the final testing phase to complete. Activision and Tencent will then release a global version for gamers to experience.
