

How to download Chinese TikTok videos without the logo

Downloading TikTok videos is very simple and you can download TikTok videos without logo with the help of online tools or TikTok video download application on your phone.

Downloading TikTok videos is very simple and you can download TikTok videos without logo with the help of online tools or TikTok video download application on your phone. Usually when you download an international TikTok video or a Chinese TikTok video will both display the TikTok logo and TikTok account ID in the corner of the video. However, many people who download TikTok videos can use it for other purposes such as setting TikTok videos as phone wallpapers, so they do not want to display the TikTok logo in the videos. The following article will guide you how to delete TikTok video logo.

1. Download videos of TikTok without logo by application

We download the SnapTik app for Android by following the link below

Download SnapTik on Android

<https://play.google.com/store/apps/details?id=snaptik.tiktokvideodownloader.savetiktokvideo.nowatermark>

Then open **the Chinese TikTok app**, then scroll down and tap on **the share icon** . With **the international TikTok application** , we also click on **the link icon** as below to copy.
