

# How to download eFootball 2025 on PC, Android and iOS

How to download eFootball 2025, install PES 2025 on PC and Android, iOS phones is a question that many gamers are interested in. In this article, Free Download will show you how to play this game on platforms.

eFootball 2025 (PES 2025) is the latest version of the famous football game from Konami, giving players great experiences with many improvements in graphics, gameplay and new features.

## How to download eFootball 2025 on PC, laptop

Currently the game is not released in Vietnam, so to download and install eFootball 2025 on Steam, you need to switch VPN to another country, the specific steps are as follows:

**Step 1:** First download and install Steam software from the link below.

- Link to download the latest version of **Steam**

==> Refer to **how to install Steam** on your computer

**Step 2:** Log in to your Steam account

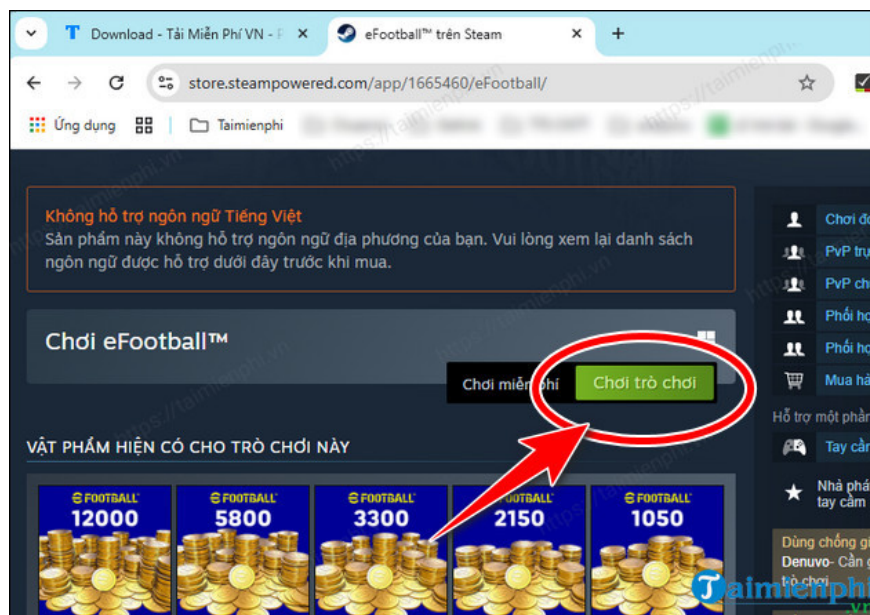

- If you don't have one, click **Create a free account** to register a new one.

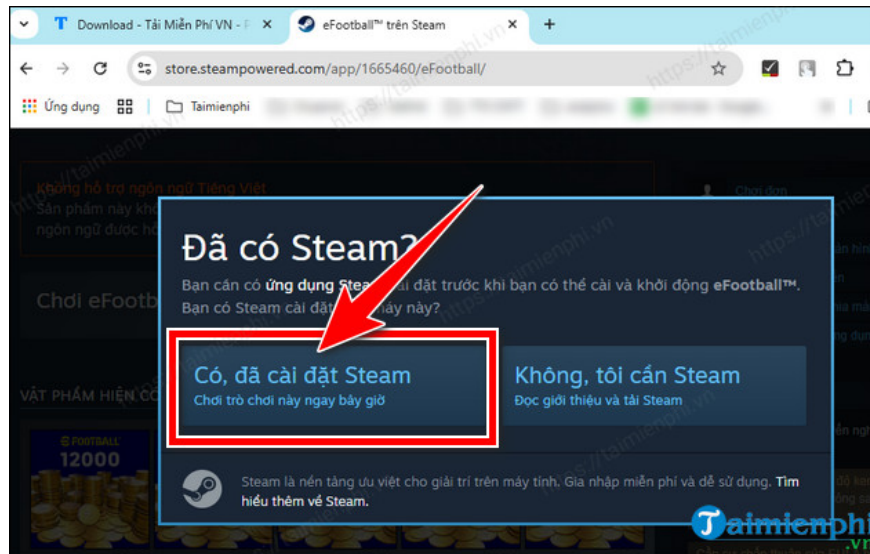

**Step 3:** Install TunnelBear for PC => **Open** and switch VPN to USA .

**Step 4:** Open a web browser and access the eFootball 2025 link on Steam **HERE** => click the blue **Play Game** button below. - **If the message " Oops, sorry!**

" appears , it means your VNP transfer was unsuccessful, please do step 4 again.

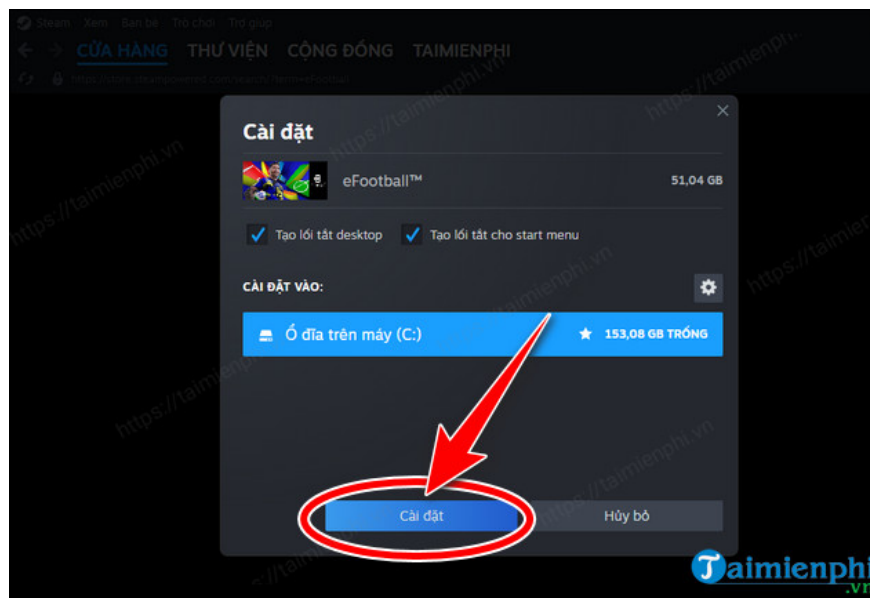

- Then select **Yes, Steam installed** => select **Open application**

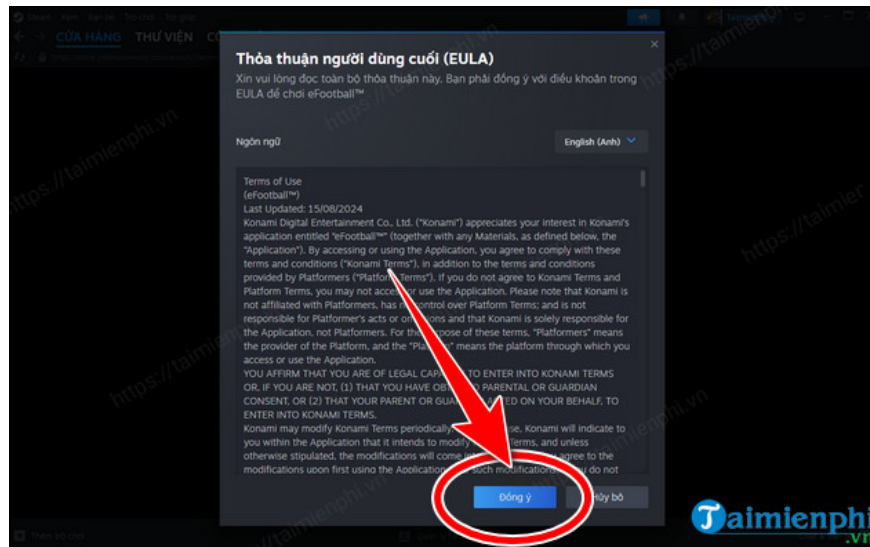

**Step 5:** At the next interface, select **Install** .

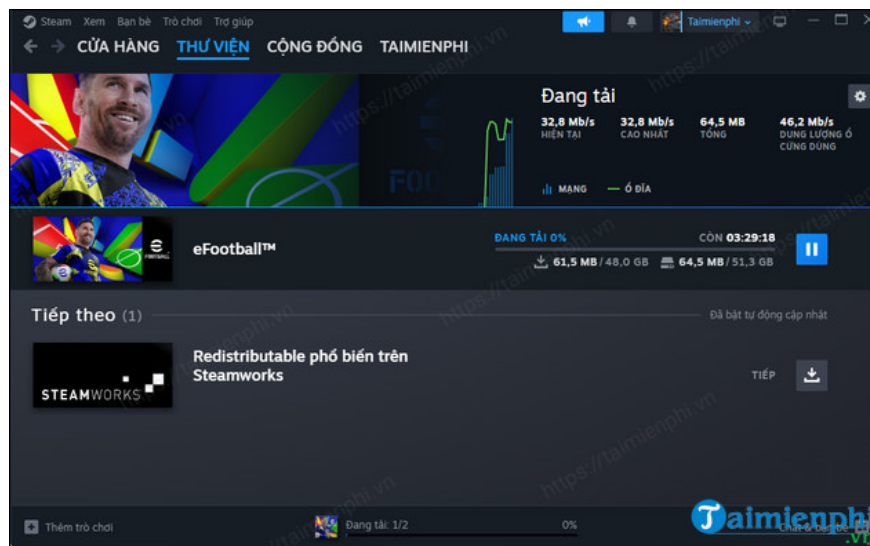

- Note: The game has a capacity larger than 50GB, if the hard drive is not enough, click **the gear icon** => select a location to save the installation file with enough free space.

- Click **Agree** to the terms and **end user agreement** .

- Steam will then automatically download and install eFootball 2025 on your computer. This process takes a while and you can do other things.

- After installation is complete, open the game from the icon that appears on the computer's Desktop screen to play. At this point, you can completely turn off the software and switch VPN to USA for an uninterrupted experience.

## How to download eFootball 2025 on Android and iOS phones

### 1. For Android devices

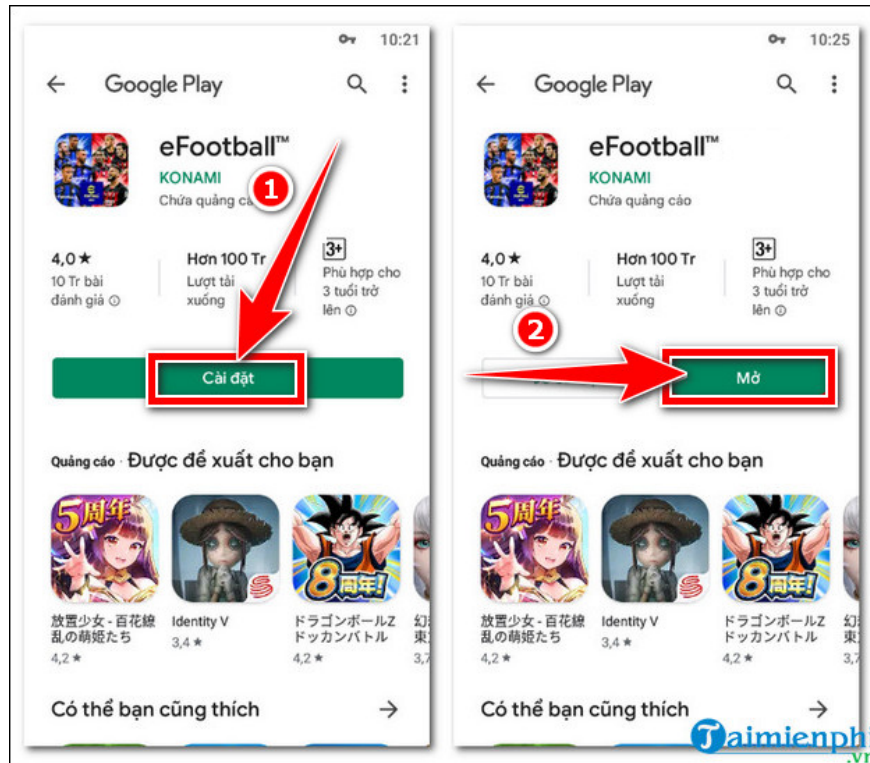

**Step 1:** Turn on your phone, download the **Tunnelbear app for Android** here .

**Step 2:** Use the Tunnelbear app to switch VPN to USA.

**Step 2:** Return to **CHPlay** , search and install eFootball 2025

- If you can't find the game, **create a new Gmail account** and search again.

- You can turn off the VPN switch after installation is complete.

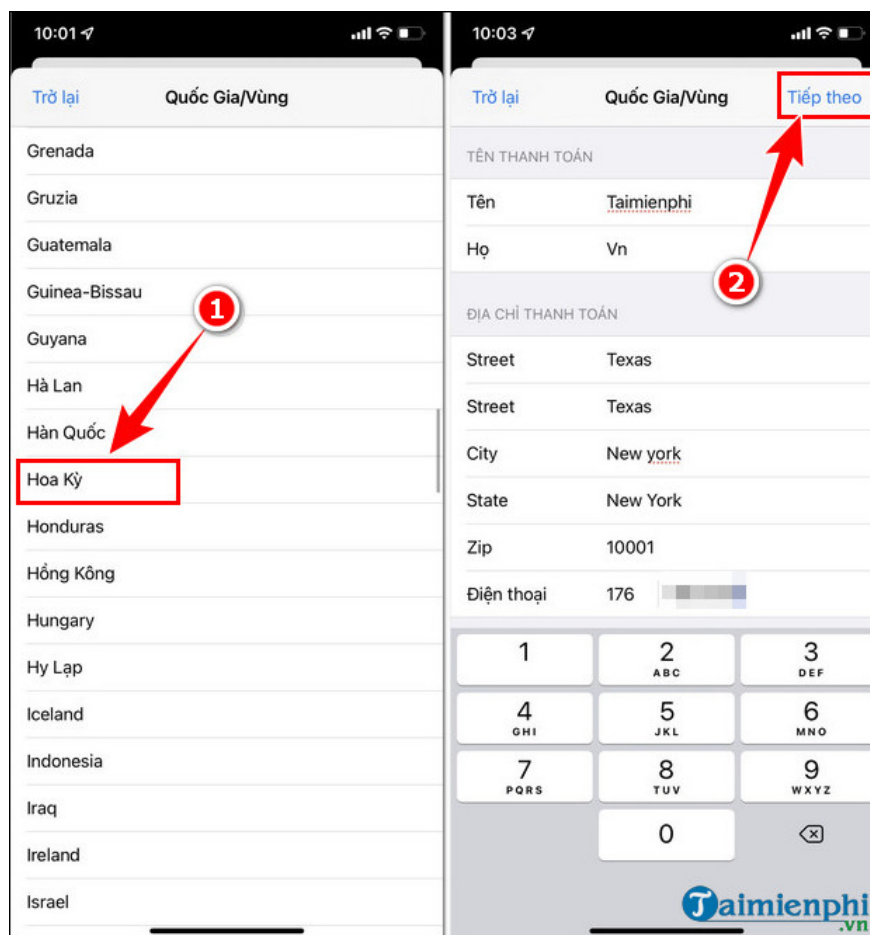

## 2. For iOS devices, iPhone, iPad

**Step 1:** Go to **App Store** , select **Avatar** => **iCloud** account => **Country/Region** => **United States (USA)** => Select **None** in **Paypal** section and fill in the information as shown below.

- Zip code is **10001** and phone number is **176xxxxxx**

**Step 2:** After filling in, select **Next** to complete the process of changing the AppStore to the US.

**Step 3:** Return to the App Store application, search for the game **eFootball 2025** and install it like any other normal application.

- After installation, you should change the Appstore region from USA to Vietnam

==> Refer to **how to change the Appstore region to Vietnam** here
