

# How to download, install and play PBE TFT beta

Want to experience new features of DTCL before the official release? Join the PBE server. Taimienphi will guide you how to install and play the Truth Arena PBE test server, to become one of the first to experience and contribute ideas to the game development process.

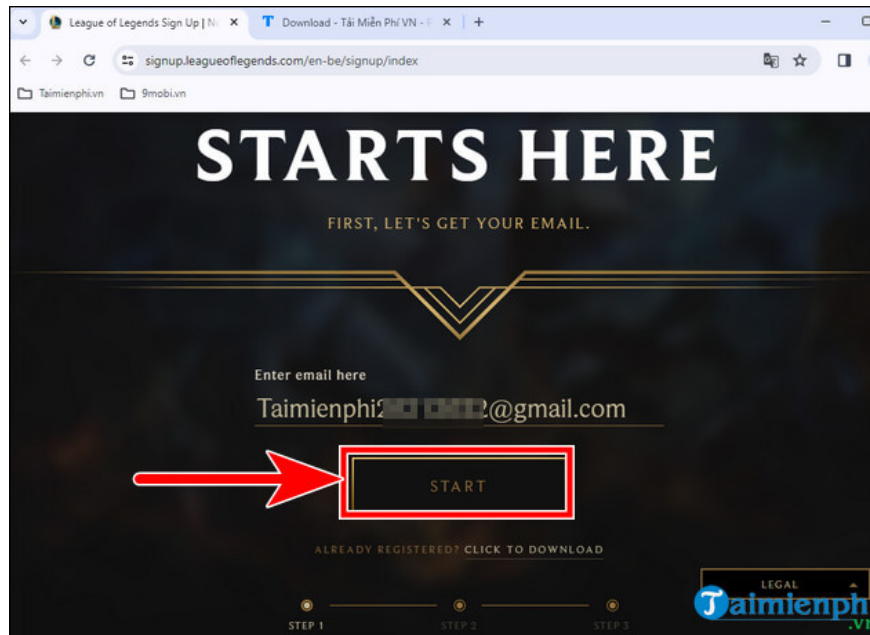

## How to create a PBE server account in Teamfight Tactics

\* *Note:* There are many gamers who already have a DTCL account but are not in the PBE (English) area. Therefore, you are required to create another account, only accounts created on the PBE (English) server can play the PBE Truth Arena test version.

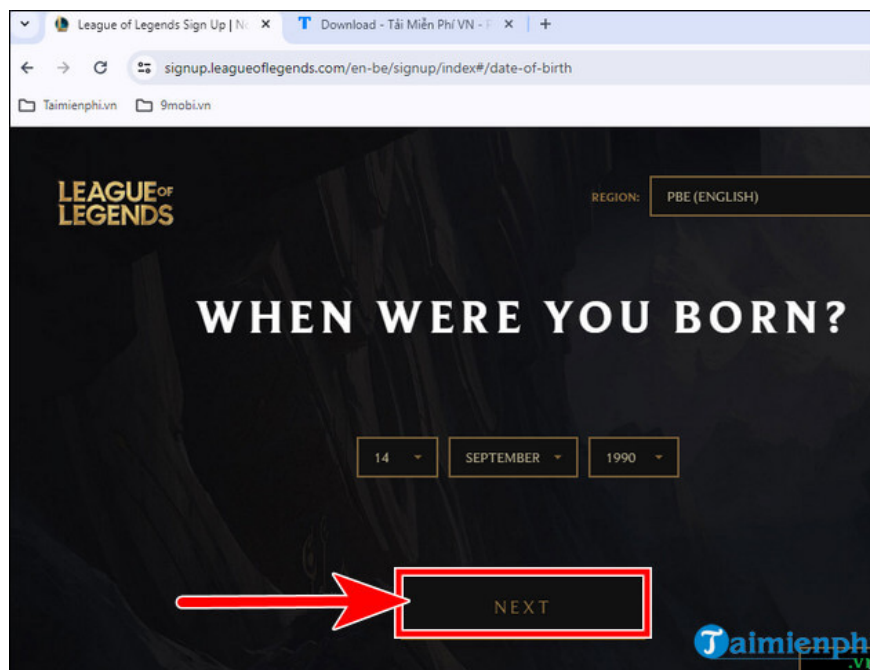

*Step 1:* Access the link **HERE** and select **PBE (English)** as illustrated below.

*Step 2:* Enter your **Email/Gmail** address in **Enter Email Here** => click **Start** .

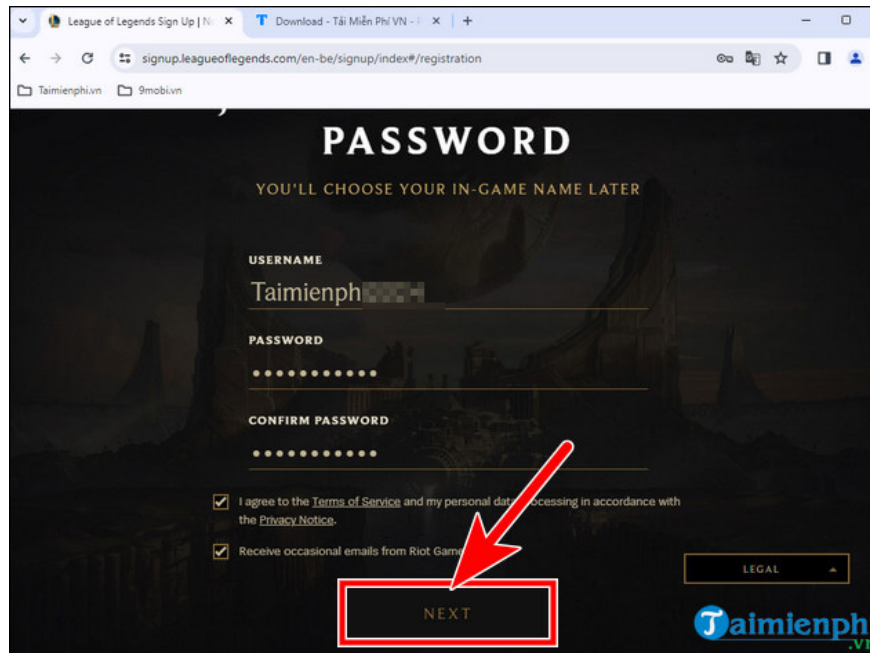

*Step 3:* At **When Were You Born** , select **Date of Birth** => click **Next** .

*Step 4:* Fill in the information in the blank boxes below, specifically:

- **Username** : Account name used to log in to the DTCL PBE trial version
- **Password** : Password to protect the game account
- **Confirm Password** : Re-enter the password (same as the new password above)

=> Check **the 2 boxes below** => click **Next** to complete the steps to create an account to play PBE DTCL.

## ***Instructions for downloading, installing and playing PBE DTCL trial version***

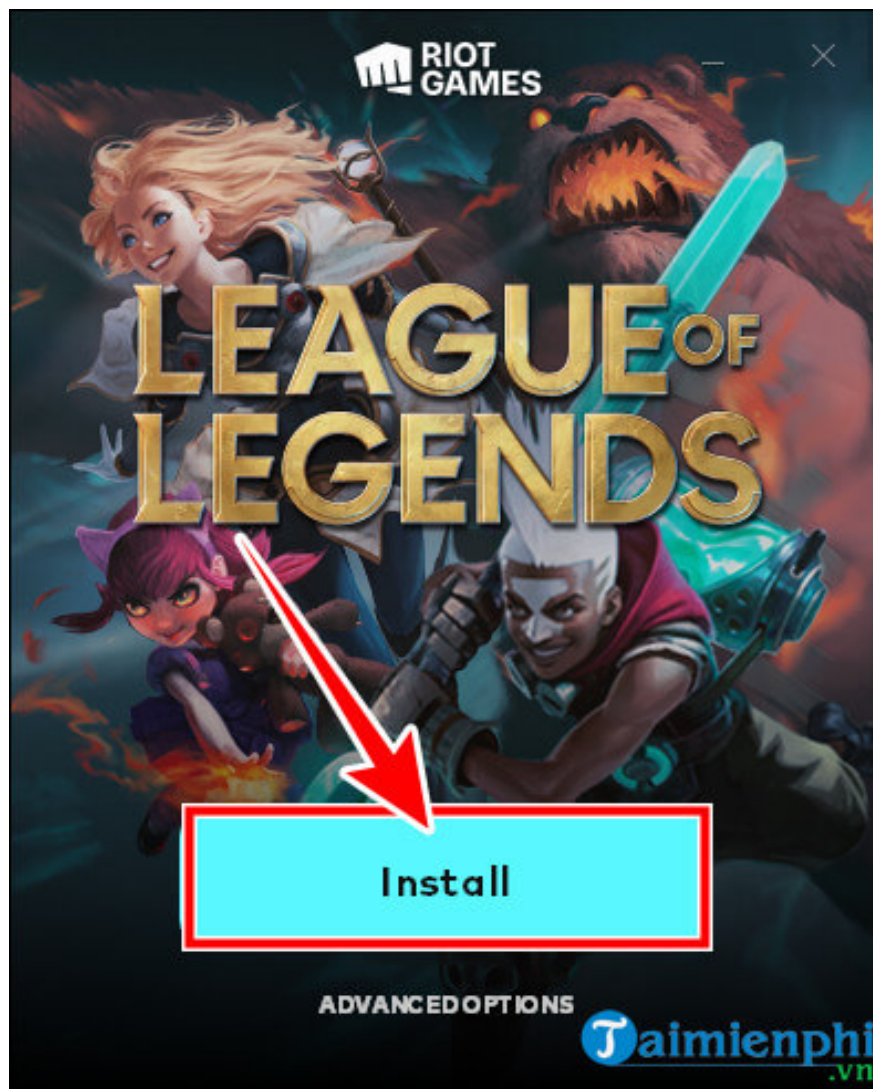

After having an account to play the PBE Truth Arena trial version (instructions above), now you proceed to install it on your computer, use that account to log in to the system to experience the new feature, the specific steps are as follows:

*Step 1:* First you need to download Teamfight Tactics PBE.

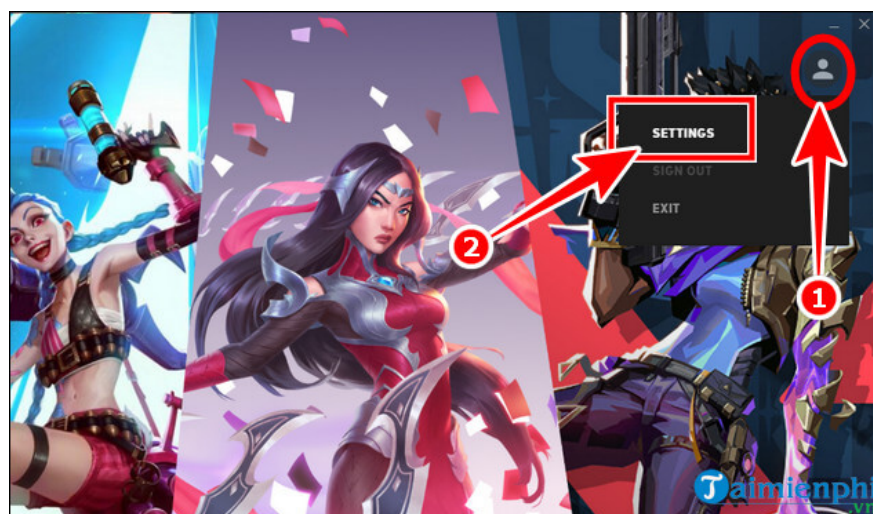

- Download **Teamfight Tactics PBE for Windows** here
- Download **Teamfight Tactics PBE for MAC** here

*Step 2:* Click directly on the file you just downloaded in **Step 1** , click **Install** .

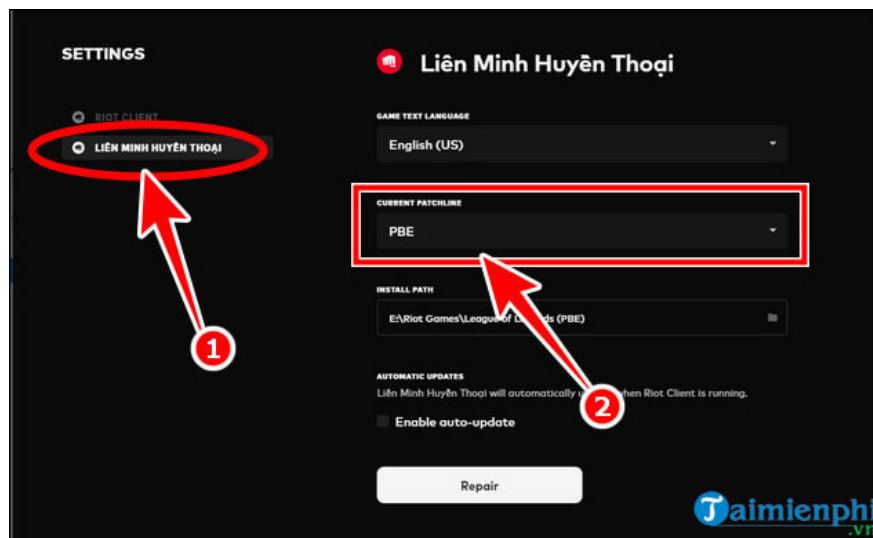

- In addition, if you want to change the game installation folder, select **Advanced Options** and then **change the location to save the installation file** => click **Install** .

Step 3: After installation is complete, select **the person icon** and go to **Settings** .

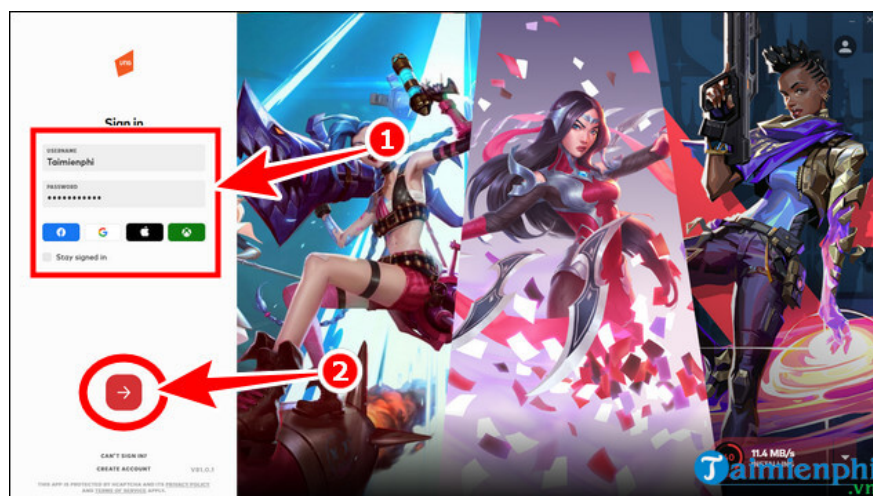

- In the **Settings** panel , select **League of Legends** => Current Patch.exe to **PBE** .

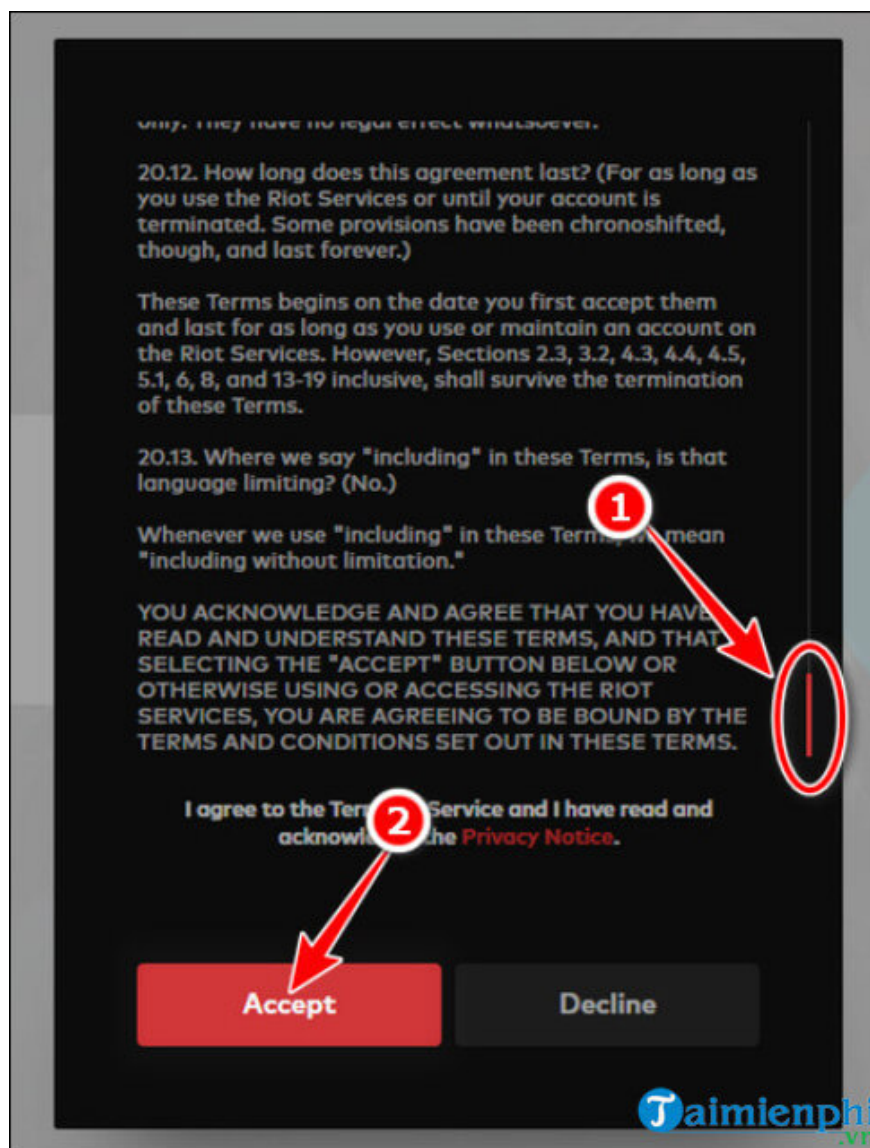

*Step 4:* Return to the main interface, enter your **Username** (account) and **Password** (password) into the system => select the **red arrow** button below.

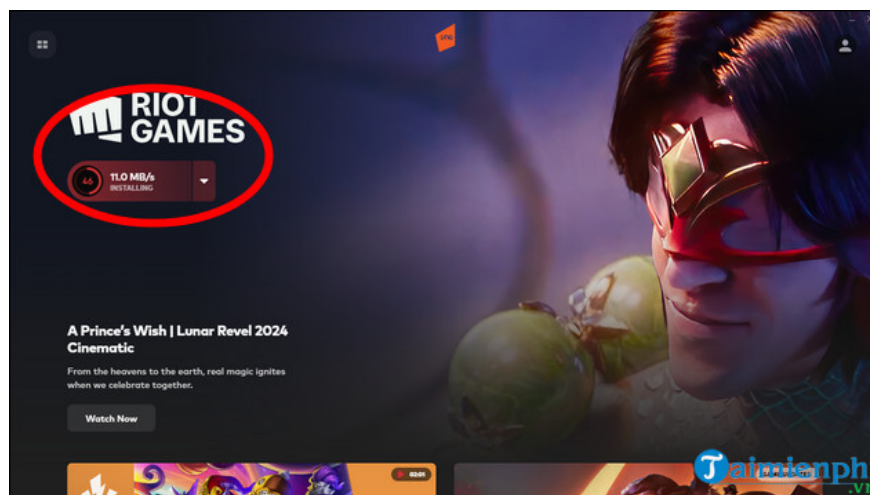

- **Note:** The login account must be a **Riot account created in the PBE (English) region**, accounts from other regions cannot log in to play DTCL PBE.

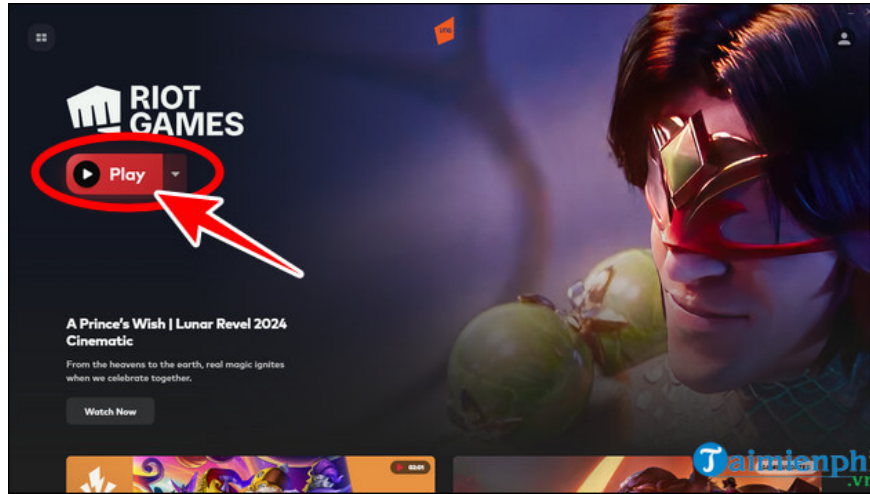

*Step 5:* Next, scroll down to the bottom of the **notification bar** => **Select the Accept** button, agree to the terms and privacy policy of Riot Games.

Step 6: The system will automatically download and install DTCL PBE on your computer.

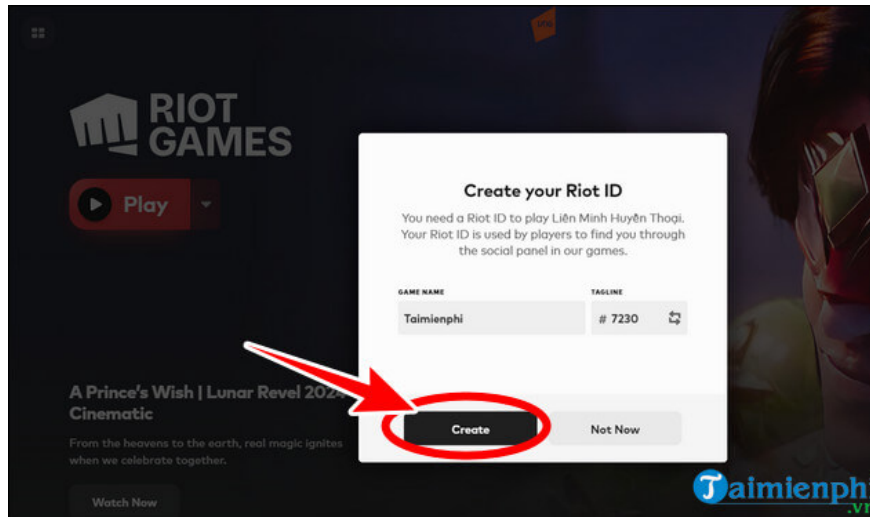

- After installation is complete, select **Play** to play the game.

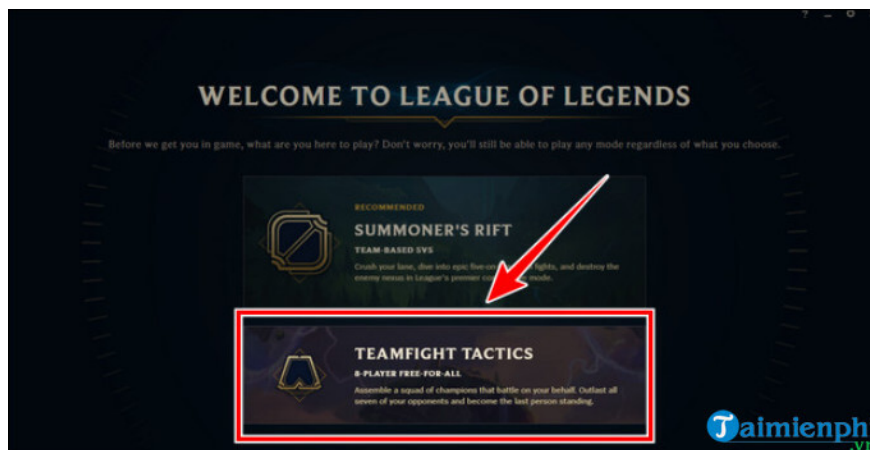

**Step 7:** Enter your DTCL PBE account name in the Game Name box => enter any Tagline (index) => click **Create** .

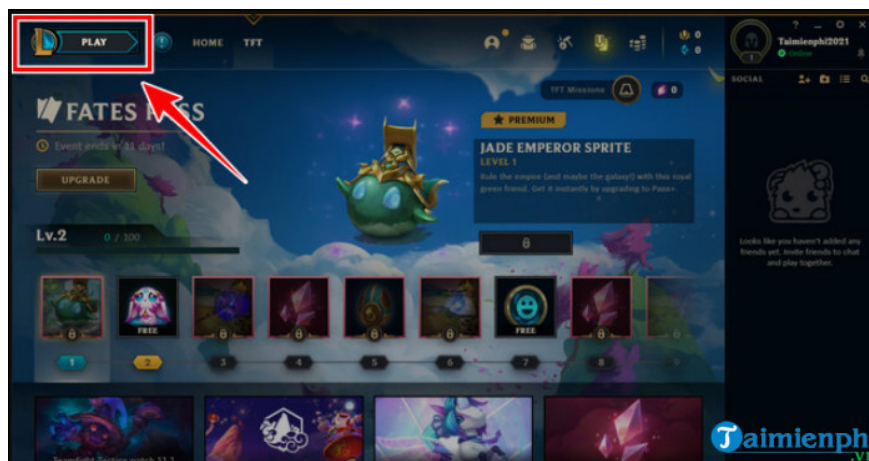

- **Note:** The account name must consist of 16 characters including letters and numbers, no special characters.

**Step 8:** Select **Teamfight Tactics** (also known as Truth Arena).

- Finally, click the **Play** button in the top left corner to join the tactical chess matches of the Truth Arena on the PBE server.

If you are worried that your computer configuration is not strong enough, TFT PBE Mobile will be a great solution for you. Download **TFT PBE Mobile** and experience new features anytime, anywhere, and join the extremely attractive chess battle.

## ***Some questions about the TFT PBE test server***

### ***1. Can DTCL accounts be played on the PBE server?***

The DTCL PBE test server is a completely different server, gamers cannot use their normal account (main account playing DTCL) to log in to PBE. Only accounts created in the PBE (English) region can play PBE DTCL.

### ***2. Can I share my DTCL PBE server account?***

No. In fact, sharing your PBE account can lead to a permanent ban. Please advise your friends to create a new account for themselves, the steps to register to play on the PBE DTCL server are not difficult.

### ***3. Forgot my DTCL PBE server password, what should I do?***

Don't worry, it happens to everyone. If you need to recover your password, click CAN'T SIGN IN? on the login page for help retrieving your password.

### ***4. Do I have to buy anything in the Teamfight Tactics PBE server?***

No, but you will be able to do a few daily quests to earn RP. Keep in mind that both new and existing content will be available at the same price as in-game.

### ***5. Why is the Ping high when playing on the PBE server of Truth Arena?***

The DTCL test servers are located in North America. If you are not playing in North America, you may experience higher ping than usual.

Above are the complete instructions on how to download, install and play the new version of Truth Arena on the PBE test server. Currently, the latest version of Truth Arena has been released, readers can refer to the detailed content of the update via the link below.
