

# How to download movie videos on movie sites, bilutv, banhtv, ...

Downloading movie videos on online movie sites like phimmoi, bilutv, banhtv, hdonline, ... is very simple, even with the video page not to download.

Watching movies online on a computer or on a phone is no longer a problem, as online movie viewing applications are all available on Google Play and the App Store to download the device. And some online movie sites have also supported users to download movie videos, but some do not have this feature.

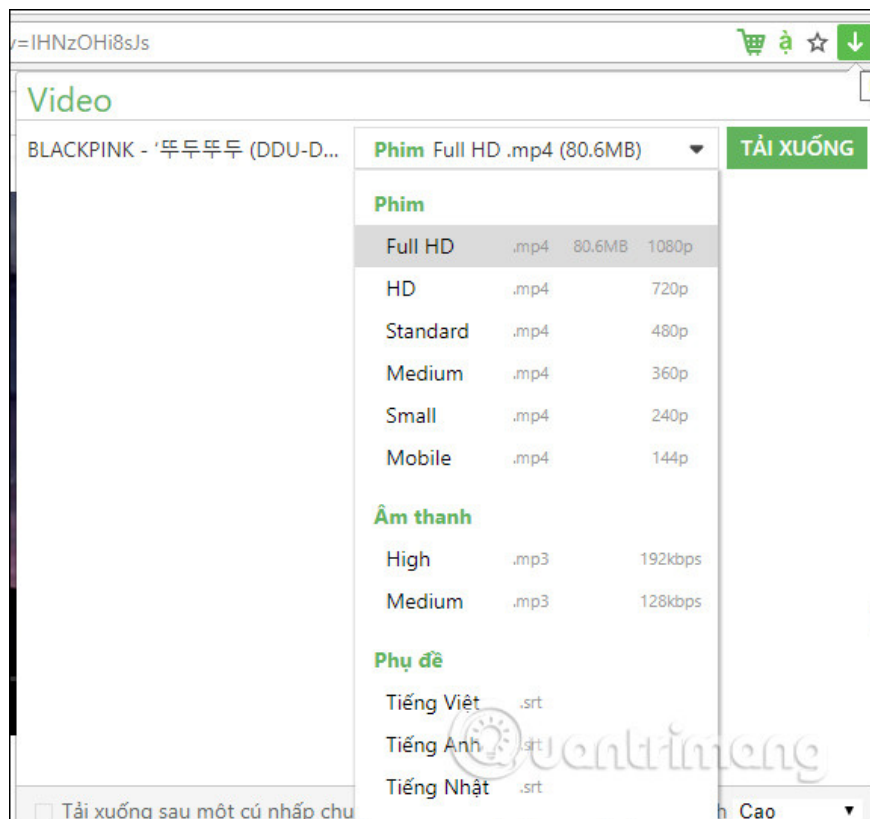

If so, we can use Coc Coc browser to download movie videos on websites watching movies online. Coc Coc is capable of downloading videos on websites, such as downloading YouTube videos, converting video formats to audio right on Coc Coc, but users do not need to install additional video to audio conversion services.

1. Install Internet Download Manager to download YouTube videos
2. The fastest way to download Facebook videos to your computer without software
3. How to download videos on Coc Coc iPhone, Android

## 1. Download YouTube videos with Coc

One of the fastest ways to download YouTube videos, without the support of video downloading services, is to use Coc Coc browser.

When opening YouTube videos on Coc Coc, you will see a video download icon appear in the address bar. When clicking on it will see the video name, along with the video quality that users want to download.

Also hovering over the video screen will also see the Download button with the option to download videos to Coc Coc on the phone, and the video pinning feature under the screen. With Coc Coc video viewing feature and downloading to the phone, we just need to install Coc Coc on the phone and scan the QR code of the video on the computer. The video will now be downloaded to the phone quickly.

## 2. Download movie videos on the online movie site

Not only supports downloading videos on YouTube, Coc Coc also helps you download movie videos on many movie sites such as phimmoi, bilutv, banhtv, hdonline, fptplay, zingtv. Video download button will also be displayed right on the interface.

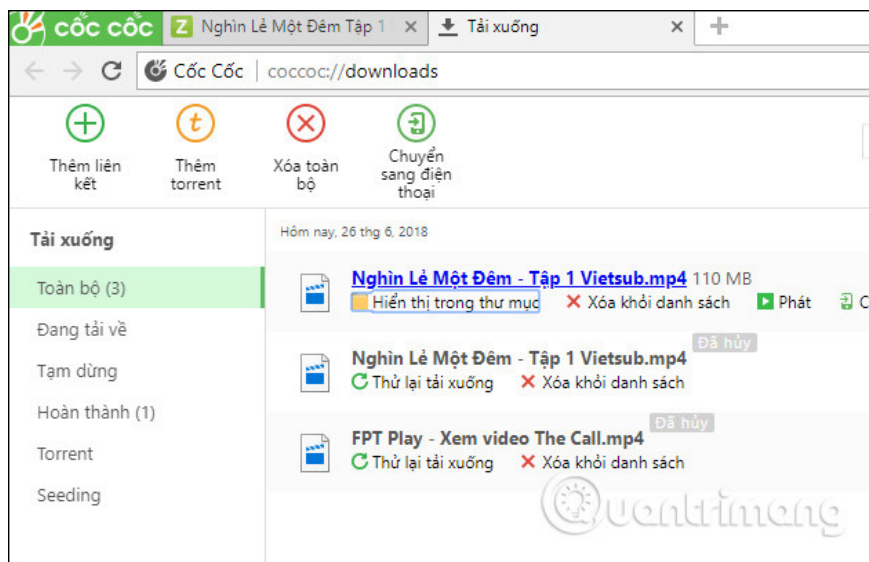

You can download the video on fptplay and see the video download button appear as when downloading videos on YouTube.

In addition, when downloading video movies on some pages, Coc Coc also displays video quality for users to choose, along with the video size if available.

Once the video has finished downloading, it will be notified by the browser and displayed in the downloaded file manager in the browser. Click Select **Show in folder** to go to the location to save the video.

Although Coc Coc is a web browser, Coc Coc is equipped with many useful features, downloading videos, converting videos to mp3, pinning videos under the screen, especially transferring files from computers to Coc Coc phones. Coc Coc operates on many online movie websites, supporting users to download movies to computers.
