Instructions to download movies on BanhTV

Step 1:

Users click on the link below to access the BanhTV home page. We can find movies right on the interface with newly updated movies, or enter the movie keywords in the search bar above.

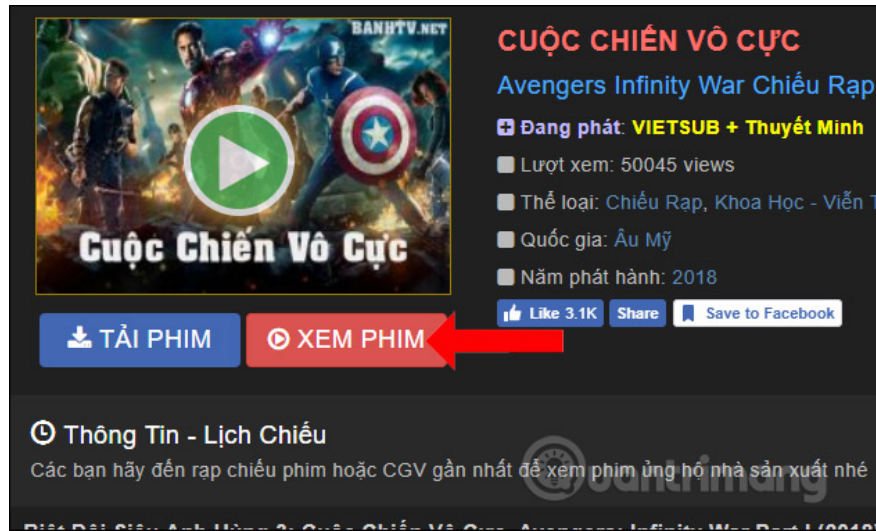

The page interface is also divided into different categories so that viewers can search according to their needs.

1. <http://banhtv.net/>

Step 2:

In the movie's interface we will see the movie that the site provides is subtitles, notes or both, release time, country, the film's summary content. Click the **Watch movie** button.

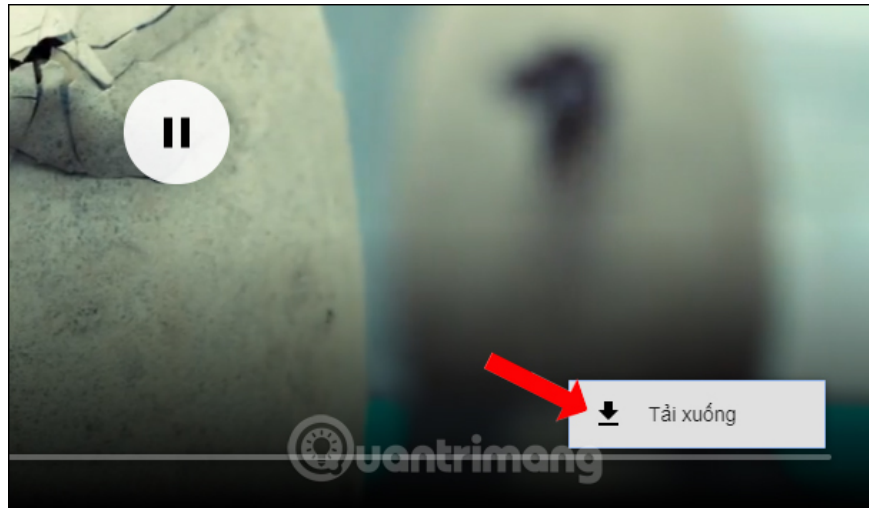

Step 3:

You wait for the movie to load on the page and will see the top right corner of the interface with a circle icon with **the Download movie button** .

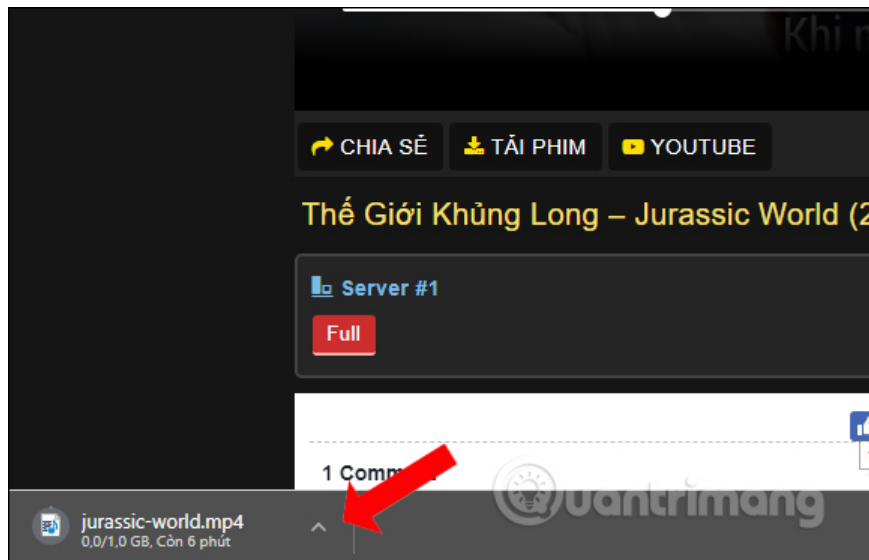

Step 4:

The viewer will then be transferred to another video playback interface. Here, you click on **the 3 vertical dots icon** in the video playback interface and select **Download** .

Immediately the movie will be downloaded to the computer in **the format of mp4** . Movie download quality will be the same as when you watch online on BanhTV.

The operation of downloading movies on BanhTV is very simple and fast. Video download speed will depend on the movie size, as well as the speed of Internet connection on the computer.
