

How to download MP3 music from YouTube using software

It's easy to download MP3 music from YouTube using software and tools, and then extract or convert it to other video formats without needing an internet connection. Below, TipsMake will guide you through the process of downloading music from YouTube using simple and effective methods.

When listening to music on YouTube, you often encounter annoying ads, or you might want to add music to your videos, create TikTok music videos, or listen to music offline without an internet connection. **Downloading MP3 music from YouTube** is a great solution. However, YouTube only allows you to download YouTube videos without extracting the music separately. To do that, you need to use software or tools that support extracting MP3 music to your device.

Instructions on how to download MP3 music from YouTube using software and online tools.

Article contents:

I. Reasons to download MP3 music from YouTube.

II. Choosing tools and software to download YouTube MP3s.

III. How to download YouTube MP3 music.

1. With Ytop1.com (free, high speed, no ads).

2. With x2convert.com (recommended, many useful features). 3. With Freemake YouTube to MP3 Boom. 4. With MediaHuman YouTube to MP3 Converter.

I. Why should you download MP3 music from YouTube to your phone or computer?

Similar to Zing MP3, YouTube is a diverse and rich video library, offering a wide range of genres from movies to music, providing you with many exciting and wonderful experiences. Therefore, many people want to **download YouTube MP3 music** to:

- Listen to MP3 music offline easily anytime, anywhere without an internet connection.
- Listen to music offline without annoying ads.
- Easily share songs with friends.
- Quickly search for songs.
- Effectively add music to TikTok videos, regular videos, etc.
- Download high-quality music.
- Save space on your computer and phone.

However, unlike Zing MP3, downloading MP3 music from YouTube is very difficult, as the video is also downloaded. But nowadays, there are many software and tools that support **downloading MP3 music from YouTube**, allowing you to download music easily and efficiently.

II. Choosing tools and software to download MP3 music from YouTube

Previously, when **downloading MP3 music**, we often looked for MP3 download software to assist with the download process. Using software required downloading and installing, which was time-consuming and took up a lot of storage space on computers and phones. However, nowadays, many online YouTube MP3 download tools have been developed, offering users more options.

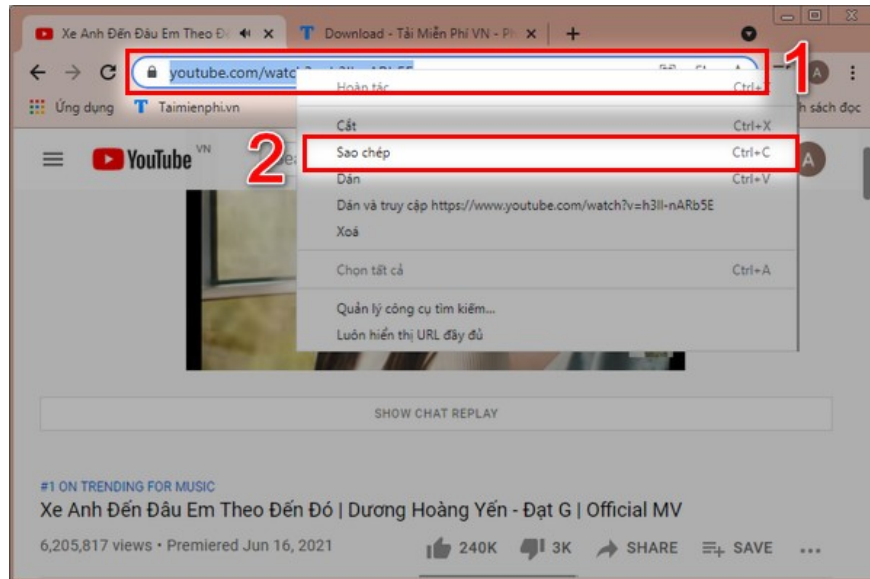

III. Download MP3 music from YouTube using the best software and tools.
