

How to download MP3s from YouTube online without using software.

Downloading MP3 music from YouTube is incredibly easy and simple, with many different methods. You can refer to each method to choose the most suitable one, helping you download music easily.

This article will help you:

- Choose the right method for downloading MP3 music
- Download music easily

YouTube is considered the world's leading video-sharing social network. Here, you can search for any video or program, and downloading YouTube videos to your computer is very simple. However, what if you only like listening to music on YouTube and want to download it, given the large file size of YouTube videos? Normally, to download music from YouTube, users need to use third-party software. That's quite inconvenient, isn't it? Therefore, in this article, Taimienphi will share with readers some online services that help users easily download MP3s from YouTube. Please read on.

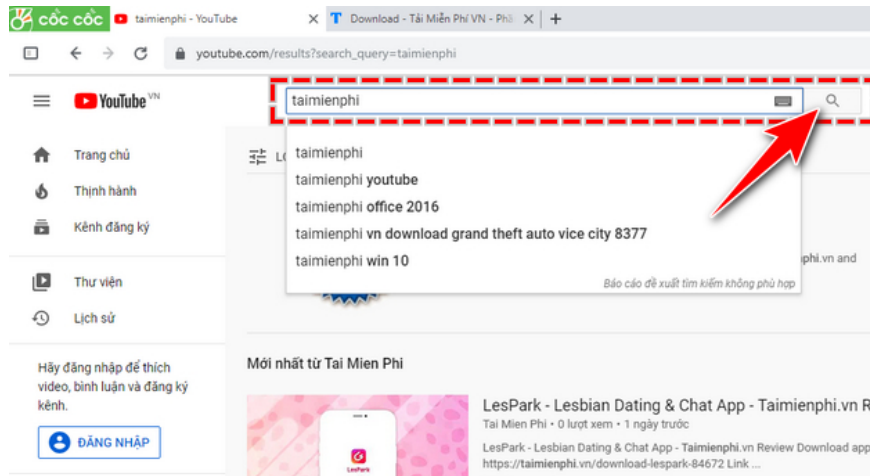

Instructions on how to download MP3 music from YouTube.

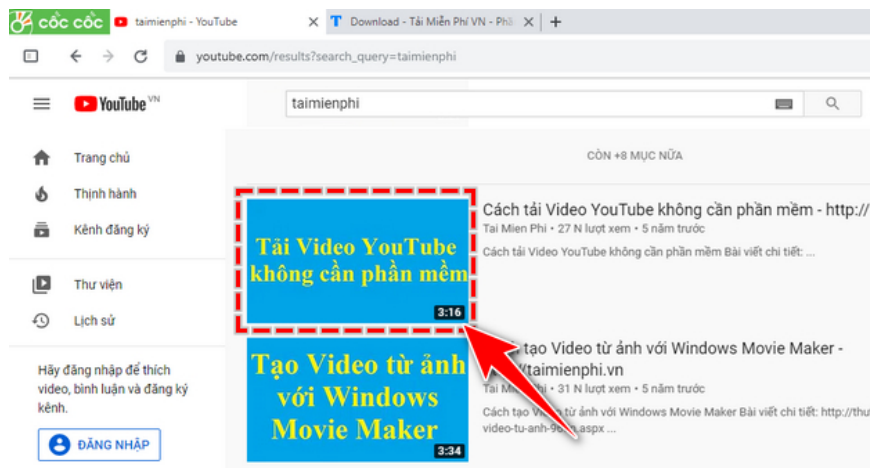

Method 1: How to download MP3 music from YouTube using C?c C?c.

Download the latest version of the C?c C?c browser here.

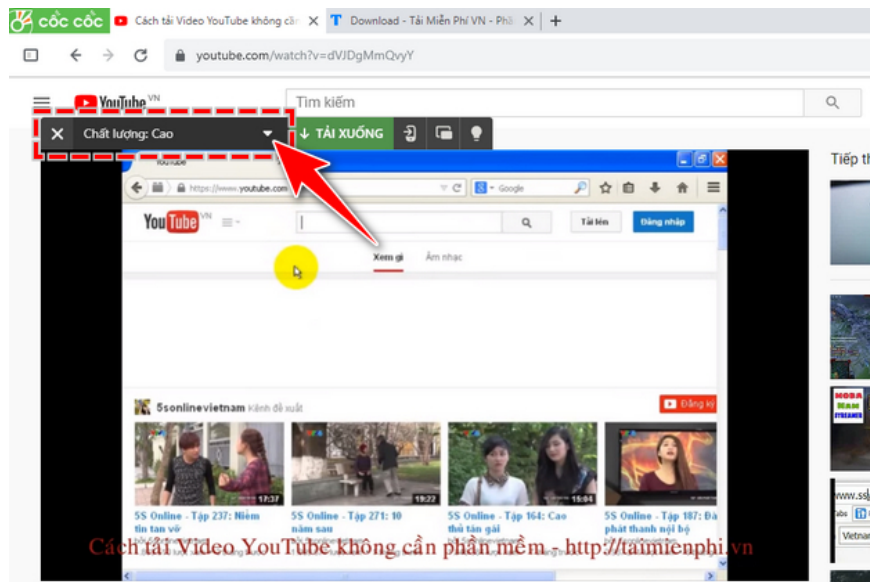

Step 1: The first step to downloading MP3 music from YouTube on C?c C?c is, of course, to open the C?c C?c browser and then **go to the YouTube website** and search using the keyword you are interested in.

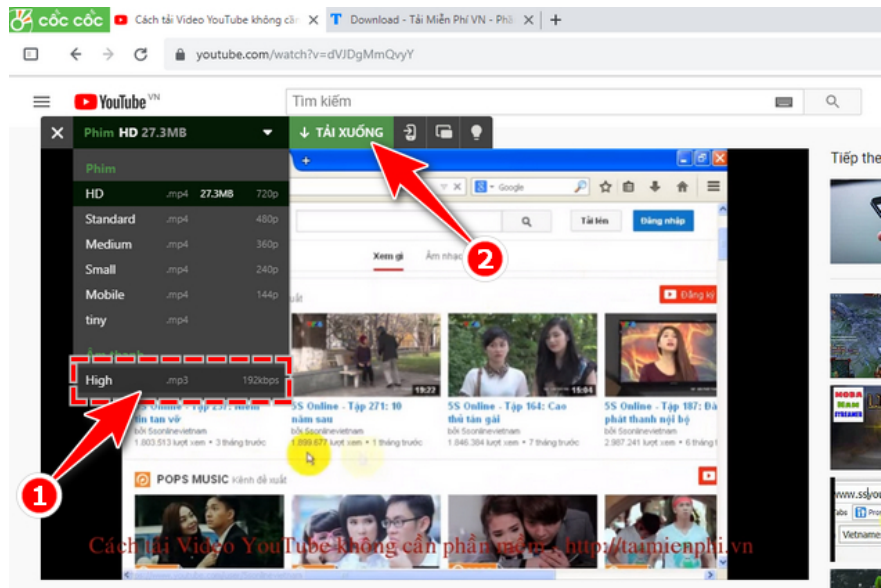

Step 2: Next, select the video from which you want to download MP3 music from YouTube using C?c C?c.

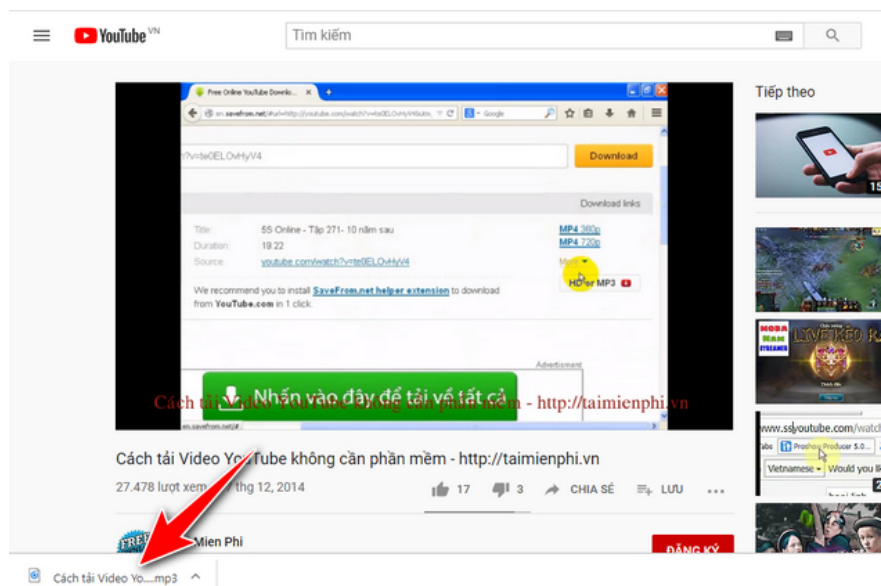

Step 3: Here you will notice a blue toolbar at the top of the video screen. Click on the **arrow** icon to open more download options.

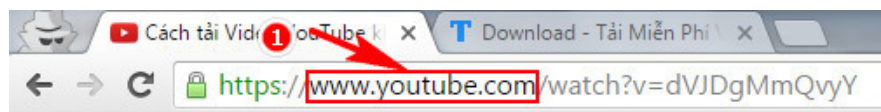

Step 4: In the list of options, select to download the file in .MP3 format and click the **Download** button .

Step 5: Wait for the MP3 music download from YouTube on C?c C?c to complete, then click on the file and play it.

Adding X2 to a YouTube link is considered the simplest way to download any video or MP3 from YouTube. The steps are super simple. Open the YouTube video or music file you want to download to your computer.

A webpage will automatically appear. Here, you can choose to download YouTube MP3s to your computer in different qualities, or download the MP4 or Webm video file of that video.

The screenshot shows a webpage with a blue header and a green button labeled "Download MP3 (192 kbps)". Below the button is a table with columns for "Resolution", "Size", and "Link download". The table lists several video resolutions and their corresponding sizes. A red arrow points to the "MP3" tab in the table's header.

MP4	MP3	AUDIO	WEBM
Resolution	Size	Link download	
720p (mp4)	14.18 MB	Download	
360p (mp4)	8.77 MB	Download	
240p (3gp)	5.27 MB	Download	
144p (3gp)	1.83 MB	Download	
360p (mp4)	11.29 MB	Download	

Step 1: Access the website x2convert.com [HERE](#)

<https://www.youtubex2.com/watch?v=668nUCeBHyY>

Step 2: Copy the YouTube video link you want to download as an MP3 and paste it into the dialog box, then click " **Get link**" as shown below.

The screenshot shows the x2convert.com website interface. It features a text input field labeled "Link:" containing the URL "https://www.youtube.com/watch?v=4yv0JPh1ydo". Below the input field is a blue button labeled "Get link". A red arrow points to the "Get link" button.

Step 3: The system will immediately begin the automatic conversion process. Wait a few seconds and the file will be available for download. If the video file is long, it may take a little longer, but it's usually very fast.

x2convert.com is currently rated as having the fastest file download speed, with extremely short conversion times, allowing you to download files up to several hours long.

Method 4: Download MP3s from YouTube using MP3FIBER

Step 1: Access Mp3fiber [HERE](#)

Step 2: Copy the YouTube video link you want to download the MP3 from and paste it into the dialog box as shown below.

In the " **Choose a file type to convert to** " section, select the MP3 format (high or low quality), then click " **Download now!**" .

Step 3: The system will process the video-to-music conversion in a few moments; you should not do anything at this time.

Once the process is complete, click on Download Now to start downloading the MP3 from YouTube to your device.

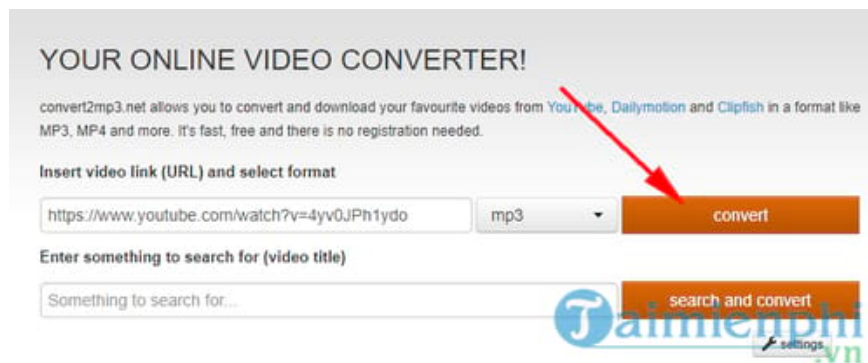

Note: When you click "Download now!", the tool will open a webpage next to it; this is an advertisement for the game. You can close it without any problems.

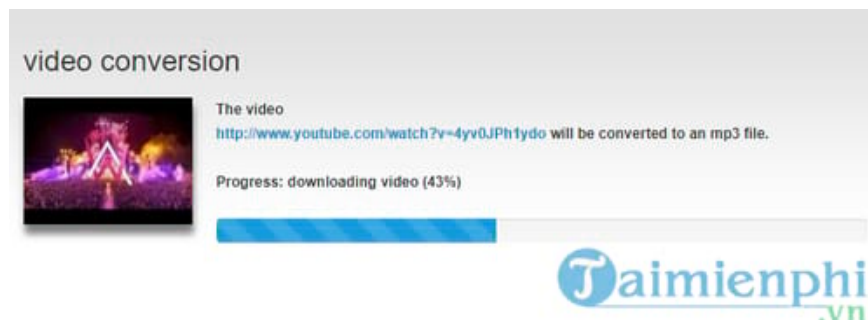

Method 5: Download MP3s from YouTube using convert2mp3

Step 1: Access the convert2mp3 website [HERE](#)

Step 2: Copy the YouTube video link you want to download as an MP3 and paste it into the dialog box, then click "**Convert**" as shown below.

Wait a few seconds for the system to automatically convert the video format to MP3.

Step 3: On the next screen, you can rename the music file you want to download, then press Continue to proceed to the next step.
