3. How to download Facebook HD videos on Chrome
4. Instructions on how to download videos on Dailymotion

Instructions to download videos online on SocialSnapper

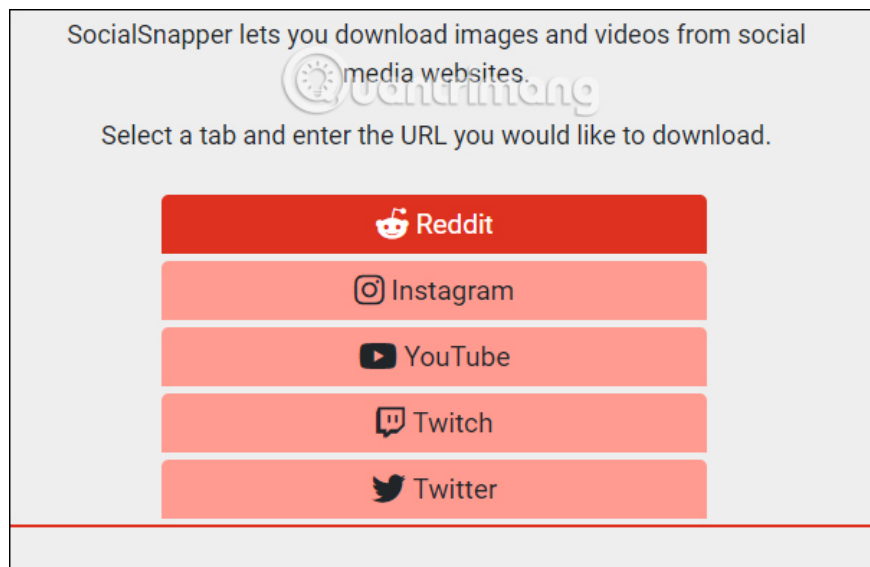

Step 1:

Users access the SocialSnapper under the link below.

1. <https://socialsnapper.net/>

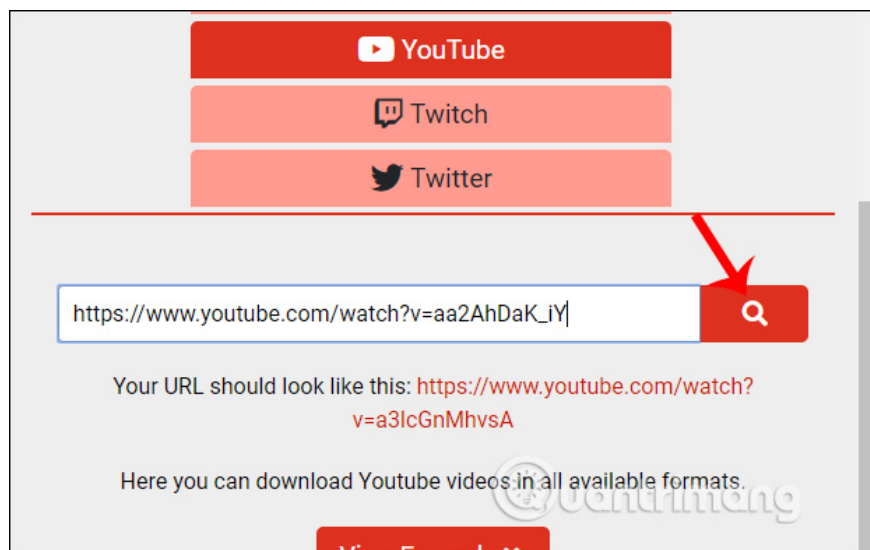

Step 2:

At the site interface you will see video websites divided into separate sections so that we can easily select and download videos. Select the application you want to download videos in each individual tab.

Step 3:

Next, **enter the URL of the video** you want to download or the Instagram image you want to download, then click on **the magnifying glass icon** to SocialSnapper search for the video.

Step 4:

The result of SocialSnapper provides users with 3 options to download videos, including **Download video with Audio** (download video with audio), **Download Audio Only** (only download audio from video) and **Download Video Only** (download video without audio). Thus users do not need to use additional video conversion tools to convert to audio files, which can download mp3 from YouTube videos right on SocialSnapper.

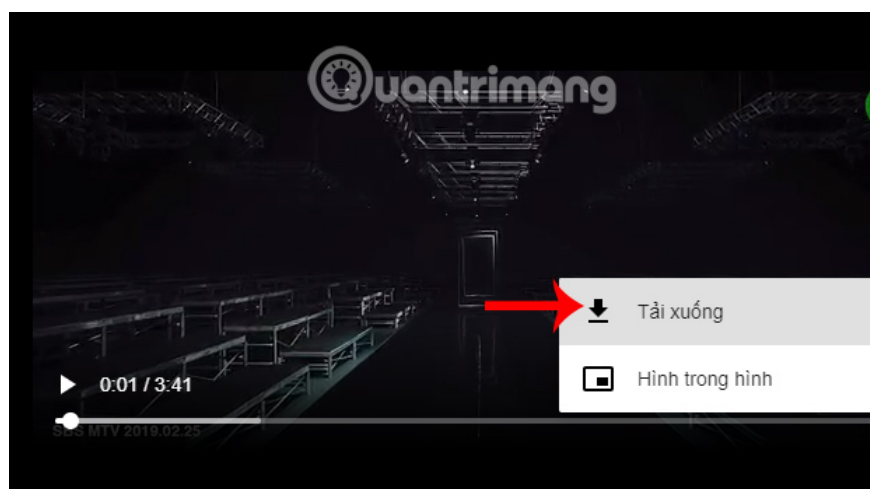

In each category, users have different video download options, with different formats and quality. Click **the Download button** to download.

Download Video With Audio				
Quality	Type	Audio Codec	Size	Download
30fps	mp4	mp4a.40.2	13.25 MB	Download

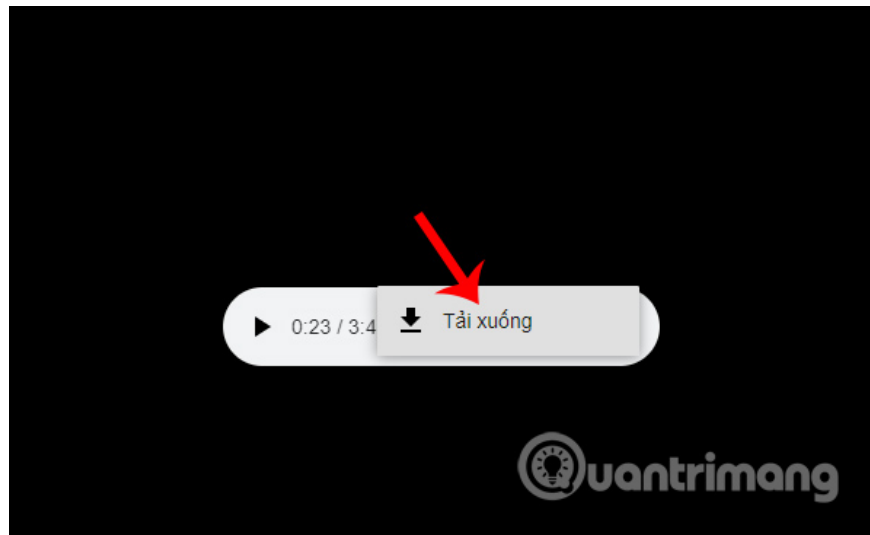

Download Audio Only			
Rate	Audio Codec	Size	Download
kbps	opus	3.52 MB	Download
kbps	vorbis	3.47 MB	Download
kbps	mp4a.40.2	3.41 MB	Download
kbps	opus	1.77 MB	Download

Step 5:

Soon we are transferred to the new video playback interface. Click **the 3 dots icon** and select **Download** . When downloading videos, there is an option to play videos in the minimized window mode (Picture in the picture).

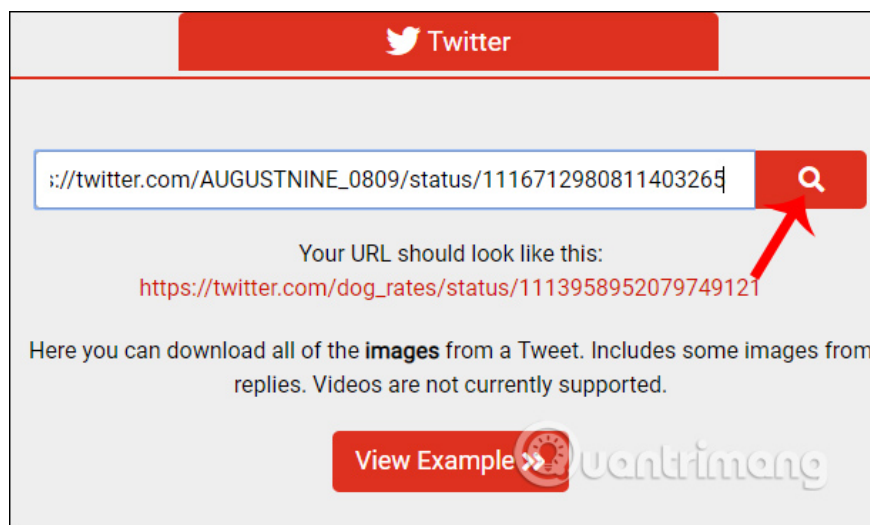

If the audio download will only have the Download option as shown.

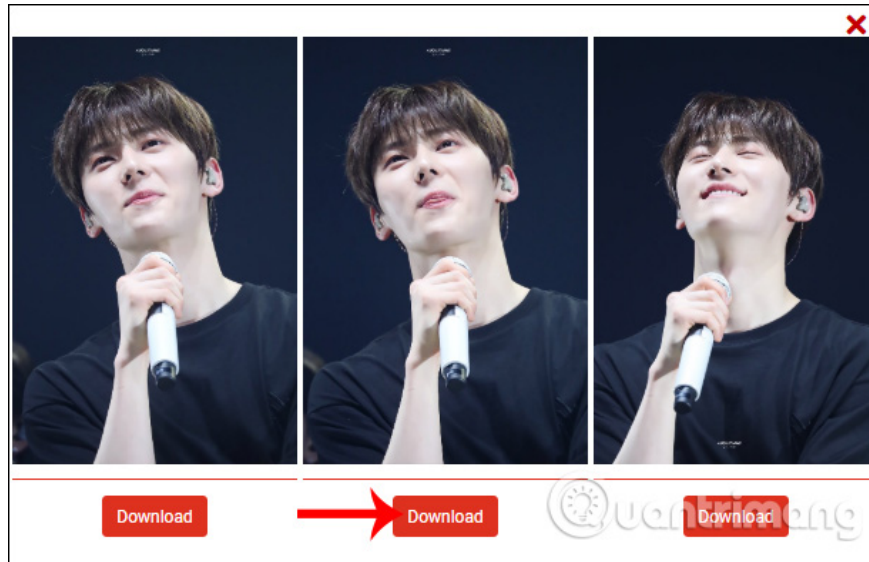

Step 6:

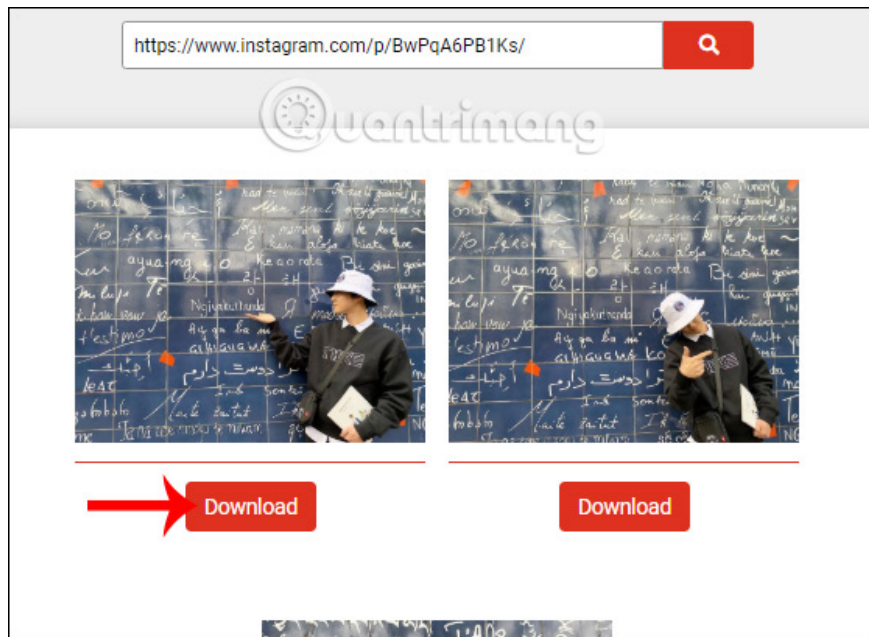

SocialSnapper also supports **downloading multiple photos on a** Twitter or Instagram post. We just need to copy the post URL to load and click the magnifying glass icon.

The user will then see the entire image in that post. Below each image is the Download button to download photos.

We also do similar **postings with many Instagram photos** and click the Download button to download images.

Website SocialSnapper not only downloads videos on many popular websites today, but you can also download images in Twitter or Instagram posts that include a post of multiple images. Videos are selected to download in different formats and quality.

I wish you all success!
