

How to download Photoshop CS2 for free, Photoshop CS2 key from Adobe

Download Adobe Photoshop CS2 for free from Adobe, with a license key. Although it's a bit old, but for basic photo editing needs, Photoshop CS2 also does its job very well, especially since it's completely free, you don't need to worry about getting a virus when cracking.

If you cannot afford to buy Adobe Photoshop CC license, and do not want to use the cracked version, you can download Adobe Photoshop CS2 for free from Adobe, with license key.

Although a bit old, but for basic photo editing needs, Photoshop CS2 also does its job very well, especially since it is completely free, you don't need to worry about viruses when cracking or other copyright issues when using in a business environment.

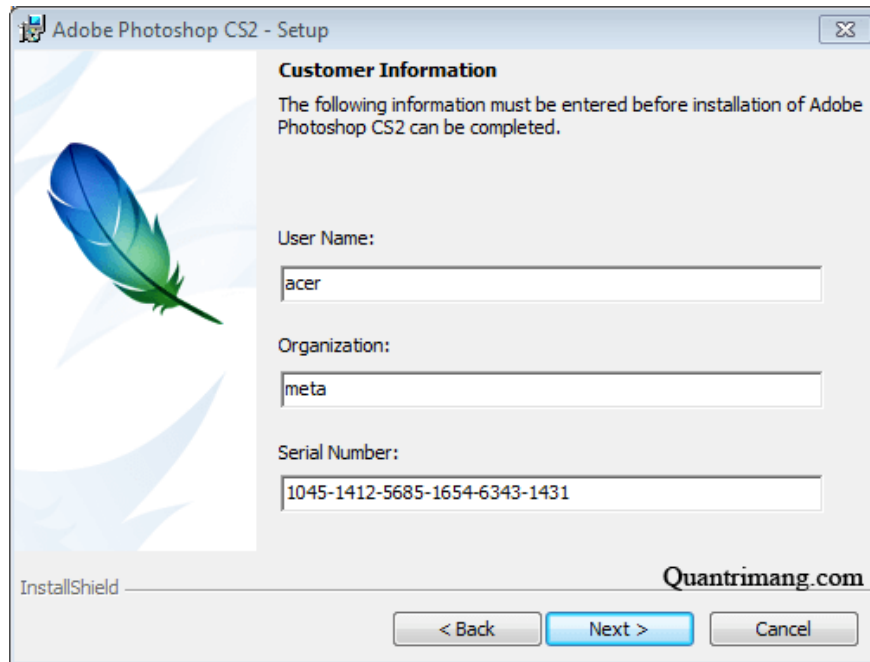

Download and install Photoshop CS2 for free

Step 1:

Download Photoshop CS2

Download the file from the link above, then right-click on the downloaded .zip file, unzip and double-click on the **PhSp_CS2_English.exe** file to install.

Go to the Customer Information interface , enter the key **1045-1412-5685-1654-6343-1431** in the Serial number box. Then just click Next until the end of the installation.

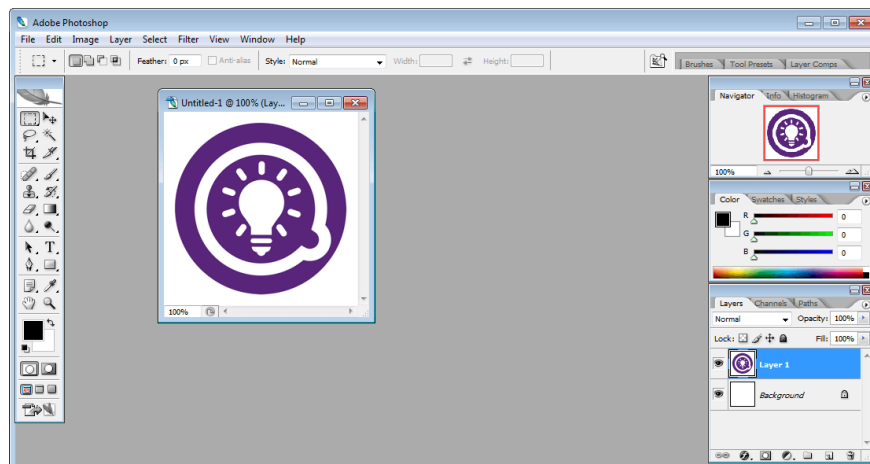

Step 2:

After the installation process is complete, you open Photoshop CS2 on your computer, a registration request screen appears. At this time, there are 2 options: you choose register later to register later or you fill in all the information to register.

You can uncheck the box to receive product information via email if you don't need it, uncheck the box to automatically check for updates (so it doesn't appear every time you start the software, if you like this, leave it on). Finally, there is another screen introducing Photoshop CS 2, you uncheck the box that appears every time you start it, so that every time you open it, you can go straight to the PTS CS2 interface.

Done, so you have a free, copyrighted photo editing software from Adobe to use on your computer.
