

How to download Sanhok map on PUBG Mobile

To play Sanhok map on PUBG Mobile players need to download the map to experience.

The new version of PUBG Mobile from producer Tencent Gaming Buddy has updated many new features, including the Sanhok map with many interesting clashes. However, this Sanhok map will not show by default on the game interface that players need to download the device to experience. So how do I download Sanhok map on PUBG Mobile version 0.8? The following article will guide users how to experience Sanhok map on PUBG.

1. The location "genuine" loot map map Sanhok in PUBG Mobile
2. The most dangerous positions in Ha Tinh point PUBG Mobile
3. How to use Flare Gun in PUBG Mobile game

How to experience map Sanhok on PUBG Mobile

Step 1:

First, open the Tencent Gaming Buddy emulator on your computer and then log in to your gaming account. In the interface click on **Select Mode** .

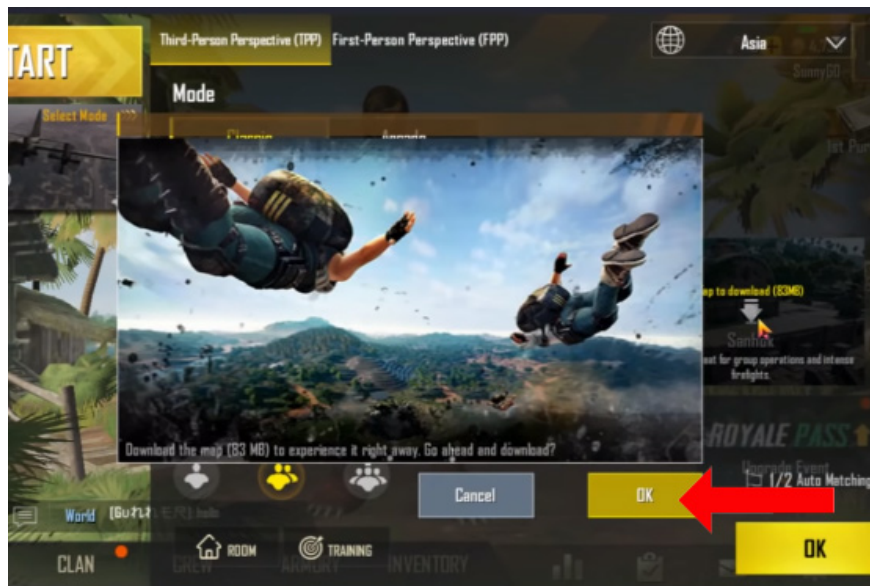

Step 2:

Display the side view with in-game maps, including Sanhok map, click **Tap to download** .

Next, the system will ask the user to download the new map Sanhok, click **OK** . The map has a capacity of about 83 MB.

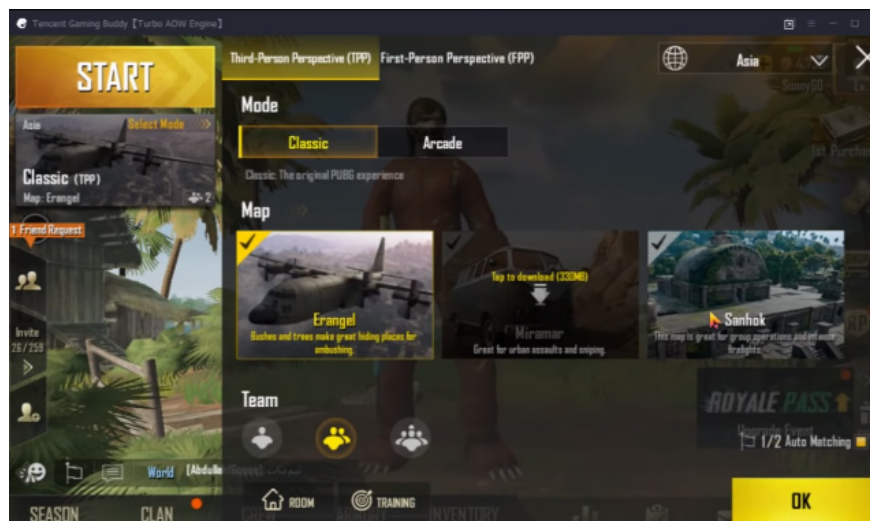

Step 3:

The process of downloading Sanhok map on PUBG Mobile will display right on the interface for you to know. During the download process, ensure Internet connection and do not turn off the game interface.

When the download is complete, you will be allowed to play this map if **the character reaches level 5 and above** . If not yet reached level 5 map Sanhok will show the lock icon.

In the game interface the player will also see a Miramar map to download and experience, as well as a map of Sanhok. So you can experience map Sanhok on PUBG Mobile.
