X2convert (<https://x2convert.com>) is an online conversion tool that helps you download and **save** high-quality, free TikTok videos without watermarks. It works well on computers running Windows, Mac OS, Linux, and mobile devices running iPhone or iPad (iOS).

Using the TikTok video download tool without a logo, x2convert.com, you don't need to download any software to your computer or phone. All you need to do is copy the TikTok video link you want to download, paste it into the conversion box, and wait for the x2convert.com server to convert and download the video, saving it in various file formats such as MP3, MP4, MP4 HD, webm, audio, etc.

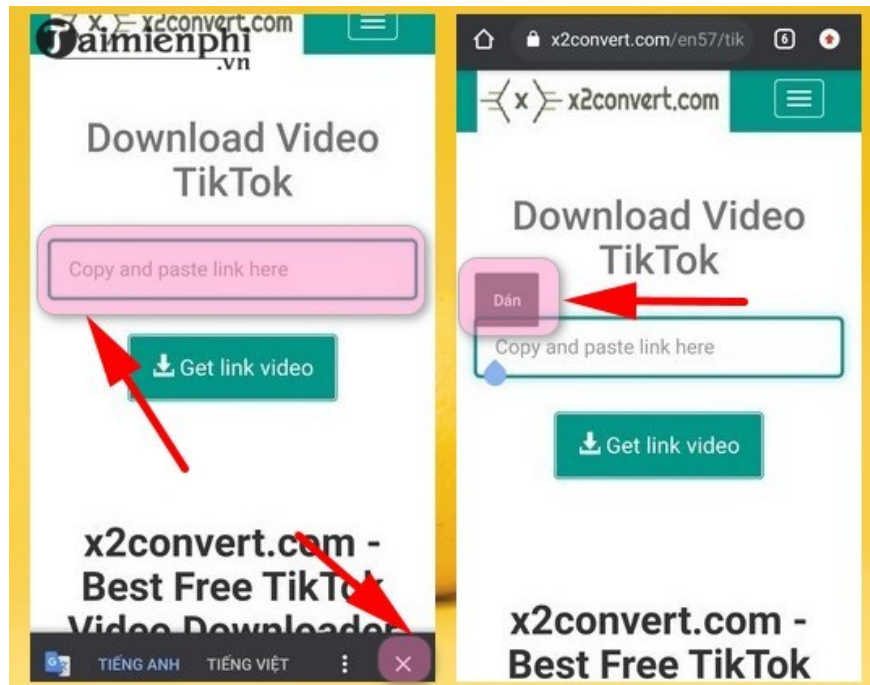

How to download TikTok without a watermark using the x2convert tool on Android and iPhone:

Step 1 : To download a TikTok video, open the video and click the arrow. A form will appear; click " **Copy link** " .

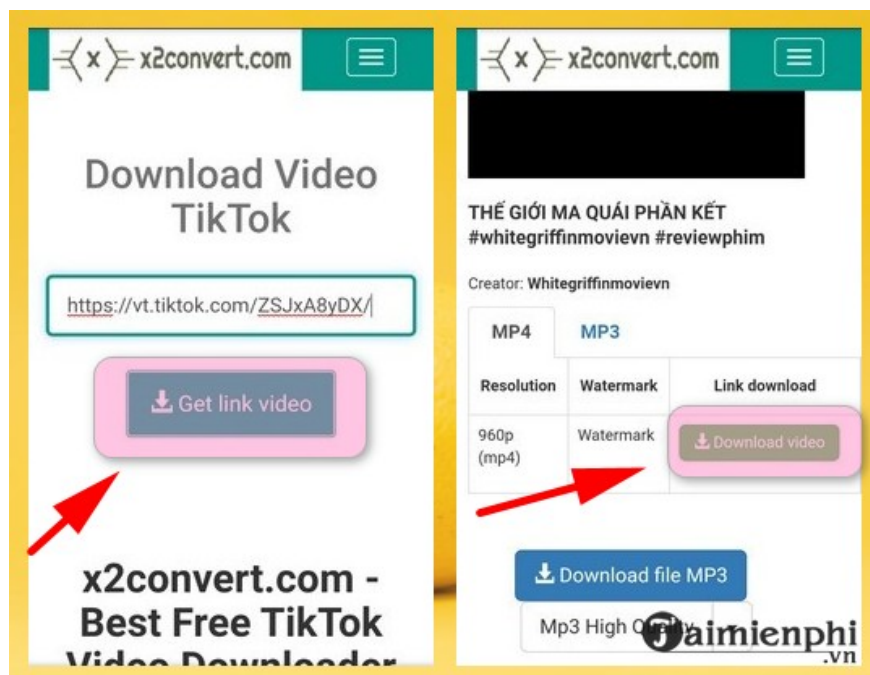

Step 2: Exit the **TikTok app** and open your phone's browser. Then, access the link below to go to X2convert.

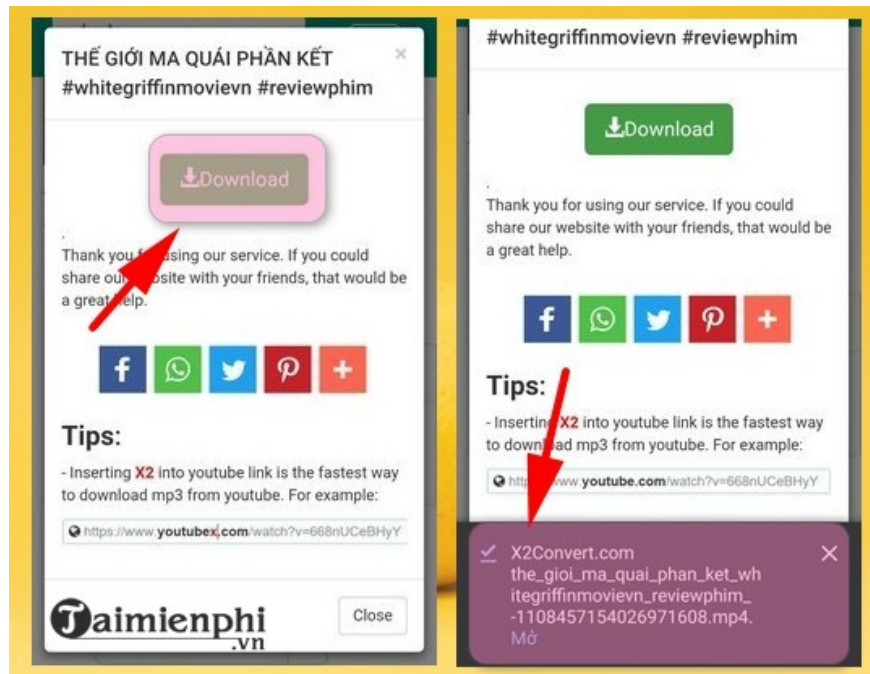

Step 3 : Click on the "X" icon and in the "Copy and paste link here" box, press and hold. When the " Paste " button appears, tap it to paste the link.

Step 4: Click "Get video link" . After a few seconds, the downloaded file will appear at the bottom of the interface. Scroll up and click " **Download video** " .

Step 5: Then, click on " **Download** " .

Wait a few seconds, the video will download and appear at the bottom of the interface. **Click on it** to open the video. If you can't find the downloaded video on your phone, please contact Taimienphi immediately. This is one of the effective ways to download TikTok videos without a watermark on iPhone and Android.

2. Instructions on how to download TikTok videos using SnapTik on Android and iOS phones.

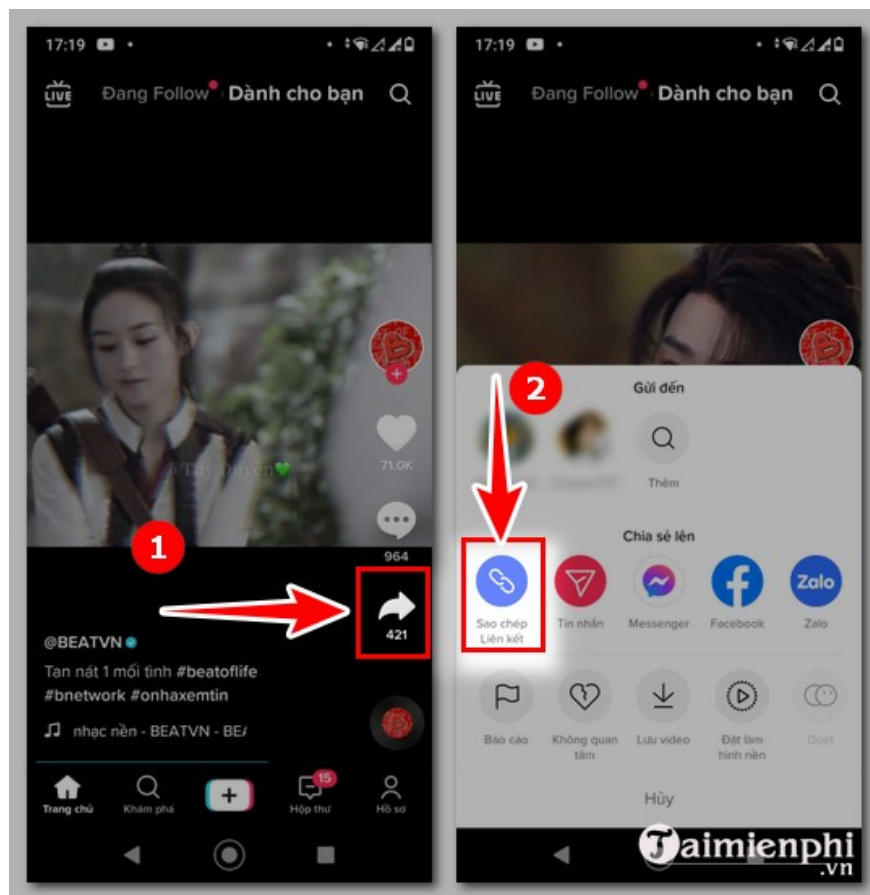

To download TikTok videos without a watermark to your Android or iOS phone using Snaptik, follow these steps.

Requirement : You need to download SnapTik to your phone.

- Download Snaptik for Android
- Download Snaptik for iPhone

How to do it :

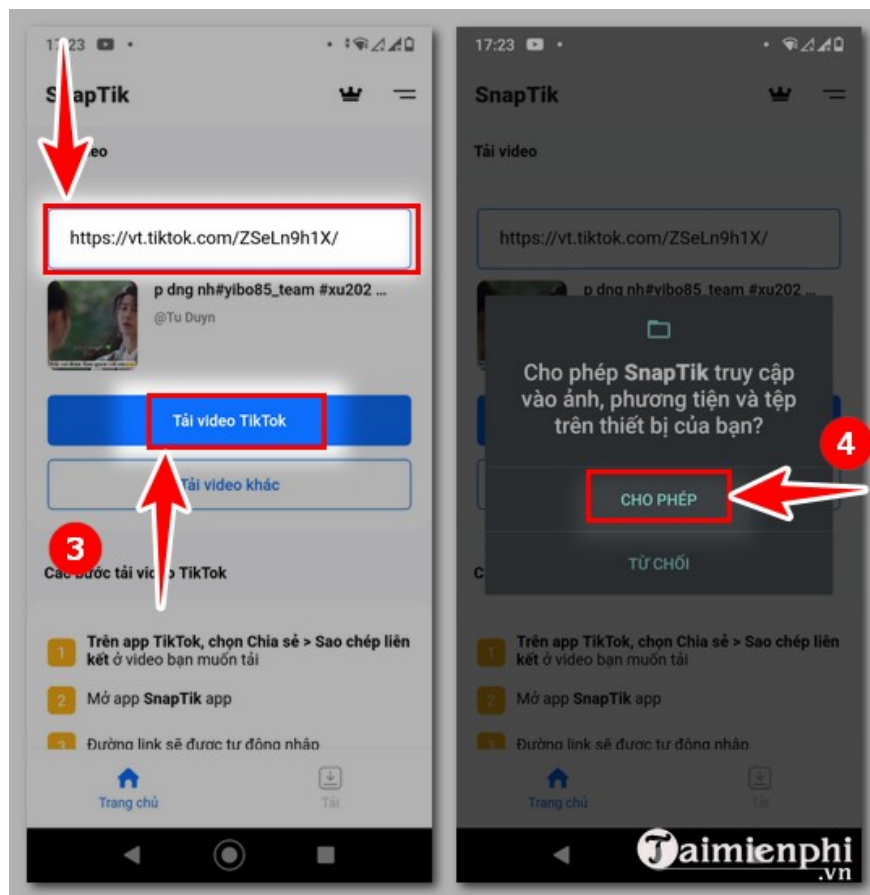

Step 1 : On your phone, **open the TikTok app** , **click on the video** you want to download, and then click **the Share icon** (Figure 1). Next, click " **Copy link** " (Figure 2).

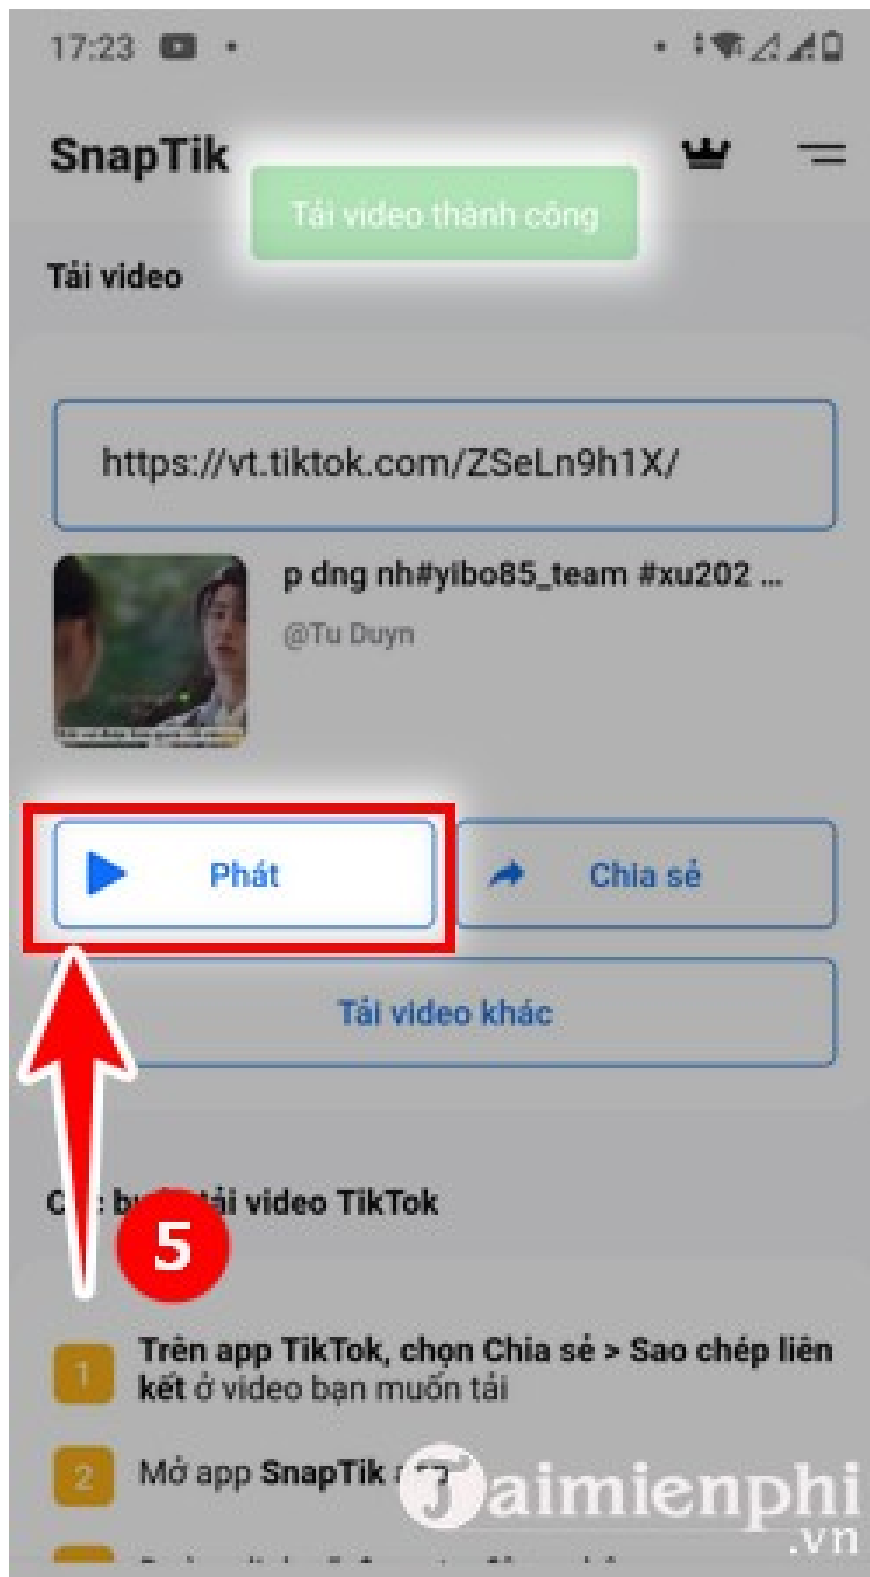

Step 2 : Exit the TikTok app and open Snaptik that you downloaded.

- The Snaptik interface will immediately display the link to the video you want to download; click " **Download TikTok video** " (Figure 3).

- At this point, " **Allow Snaptik to access photos.** " will appear; click " **Allow** " (Figure 4).

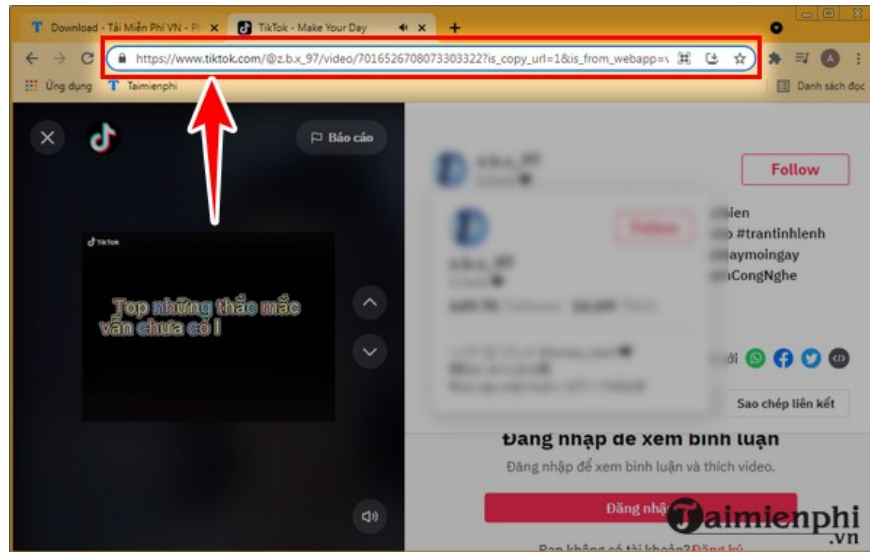

Step 3 : After a few seconds, SnapTik will download the video for you, displaying "Video downloaded successfully" at the top of the interface. If you want to watch the video immediately, click "Play".

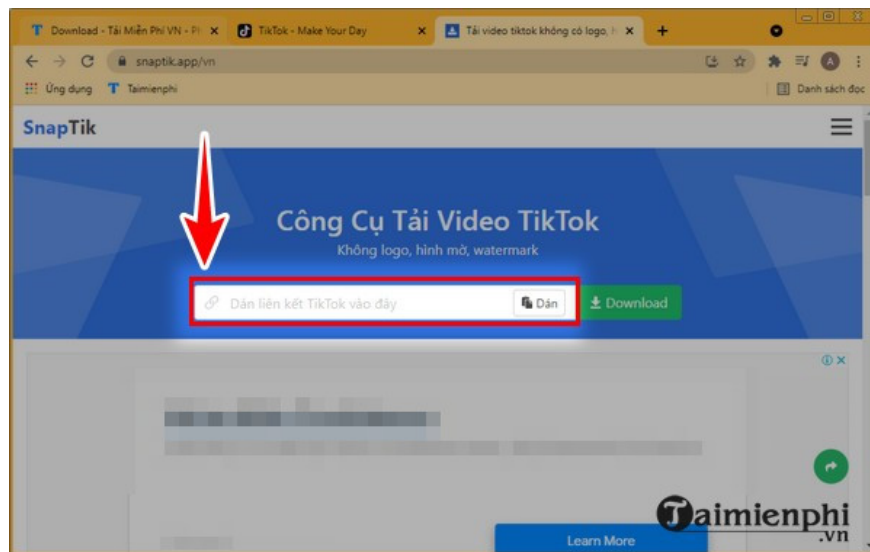

3. Instructions on downloading TikTok videos using SnapTik on a computer.

If you want to download videos to your computer, please refer to the article below:

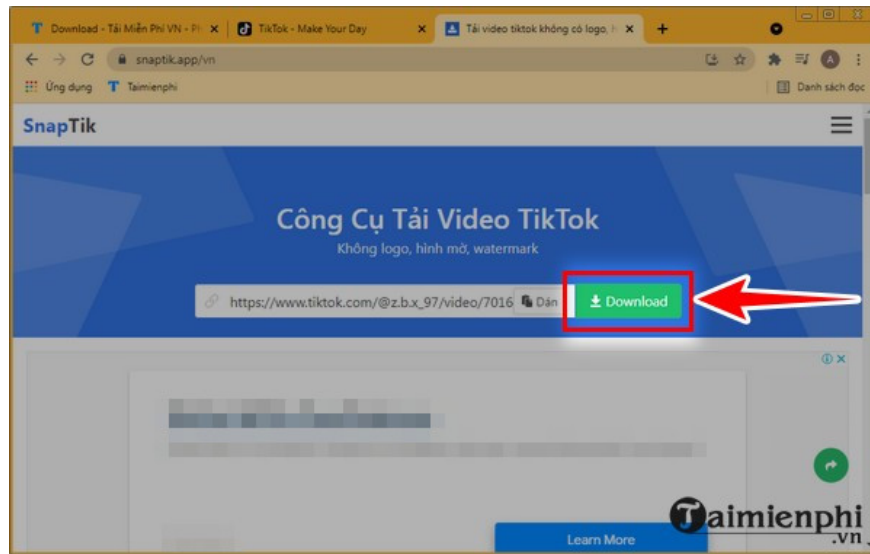

Step 1 : On your web browser (Chrome, C?c C?c, Firefox , etc.), **access TikTok** and **open the video you want to download** . **Copy the link** as shown in the image below.

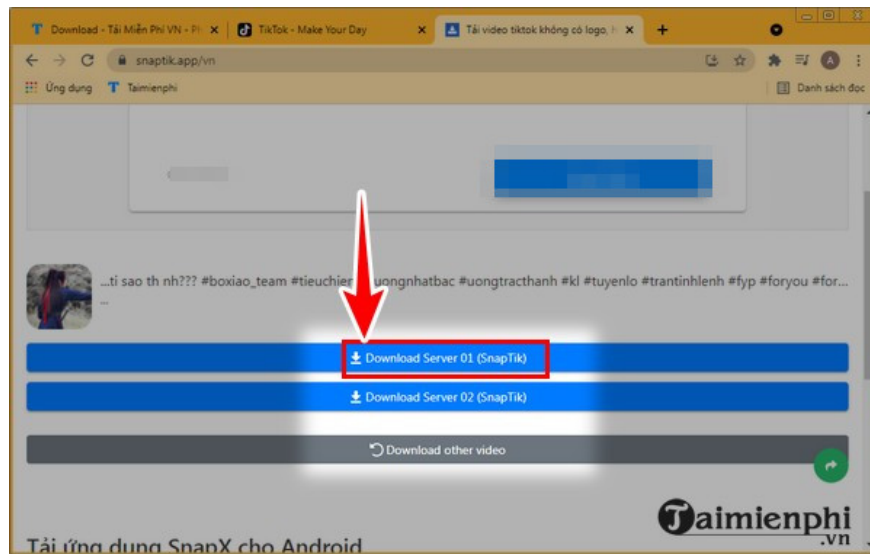

Step 2 : Access [Snaptik HERE](https://snaptik.app/vn) . Click and paste the link you just copied into the " **Paste TikTok link here** " box.

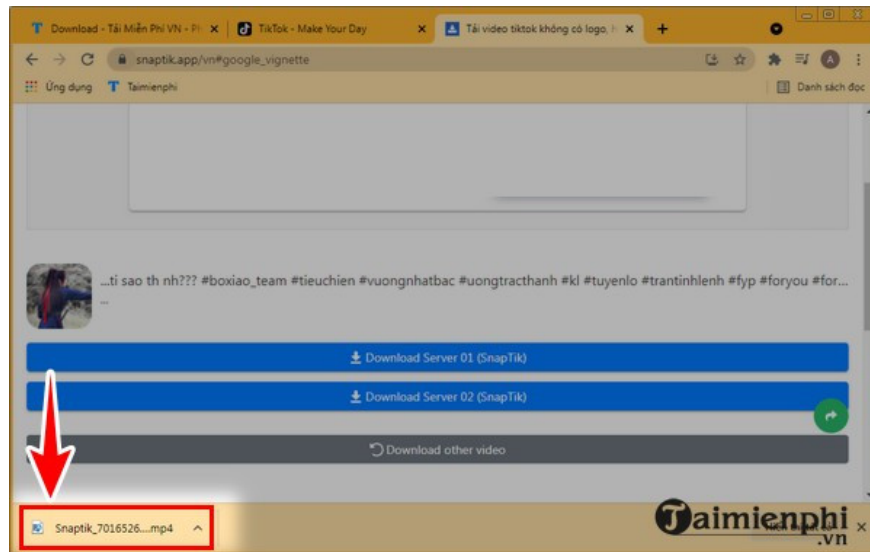

Step 3 : Click " **Download** "

Step 4 : Click " **Download Server.**" as shown below to download the TikTok video without a watermark to your computer.

Step 5: The downloaded file will appear in **the bottom left corner of the screen** . To open it, click on the file or go to the **Downloads** folder on your computer and find the appropriate file to open.

If you don't want to use SnapTik Web on your computer, you can also refer to the instructions on how to install and use the SnapTik app on your PC here and follow the instructions.

Whether you're using a computer or a phone, downloading TikTok videos using Snaptik works, resulting in high-quality downloads without watermarks. Besides the Snaptik app, you can also use websites like Ytop1.com or X2convert.com to download watermark-free TikTok videos. The advantage of these two websites is that they don't require downloading, and the download quality is comparable to Snaptik.

As for the Chinese version of TikTok, Douyin, you can also download Douyin videos directly, but the video quality is not good and they will have a watermark. You can use C?c C?c or Snaptik to download Douyin videos to ensure better video quality.
