

How to download Youtube videos on Samsung J7 Prime phone

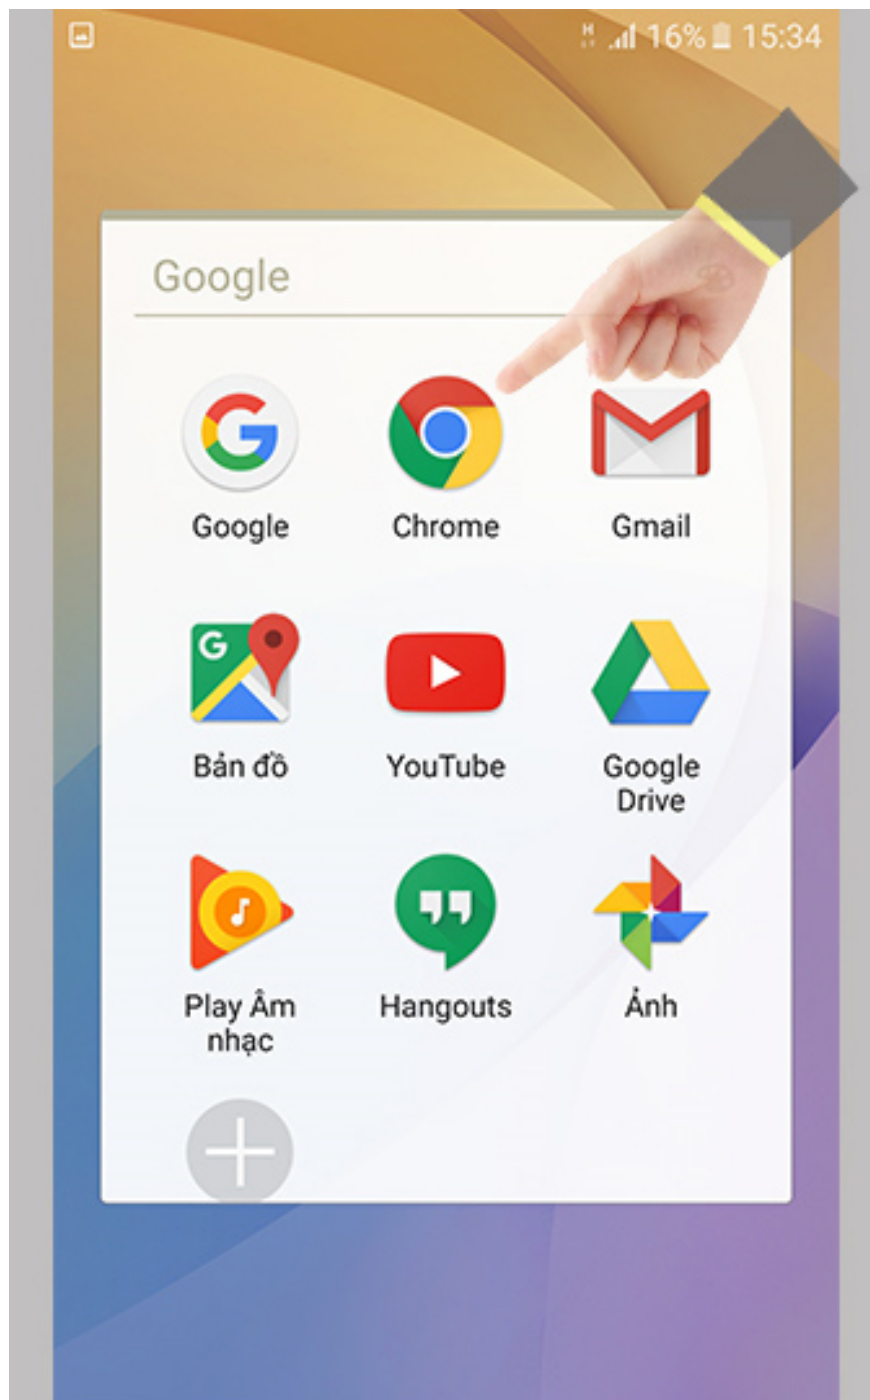

Even without Wi-Fi or 3G connection, we can still download Youtube videos on Samsung J7 Prime device. Just install the SnapTube application on your device.

The network administrator once showed you how to download Youtube videos on Android and iOS. However, we will only download Youtube videos when Wi-Fi or 3G is connected. So how can I download Youtube videos when there is no Wi-Fi connection?

With Samsung J7 Prime device, we can completely watch videos offline on Youtube and download videos even if the connection network is flickering or without Wi-Fi and 3G connection. If you don't know how to download offline Youtube videos on Samsung J7 Prime, please follow our tutorial below.

Step 1:

At the interface on Samsung J7 Prime, you access the **Chrome browser** .

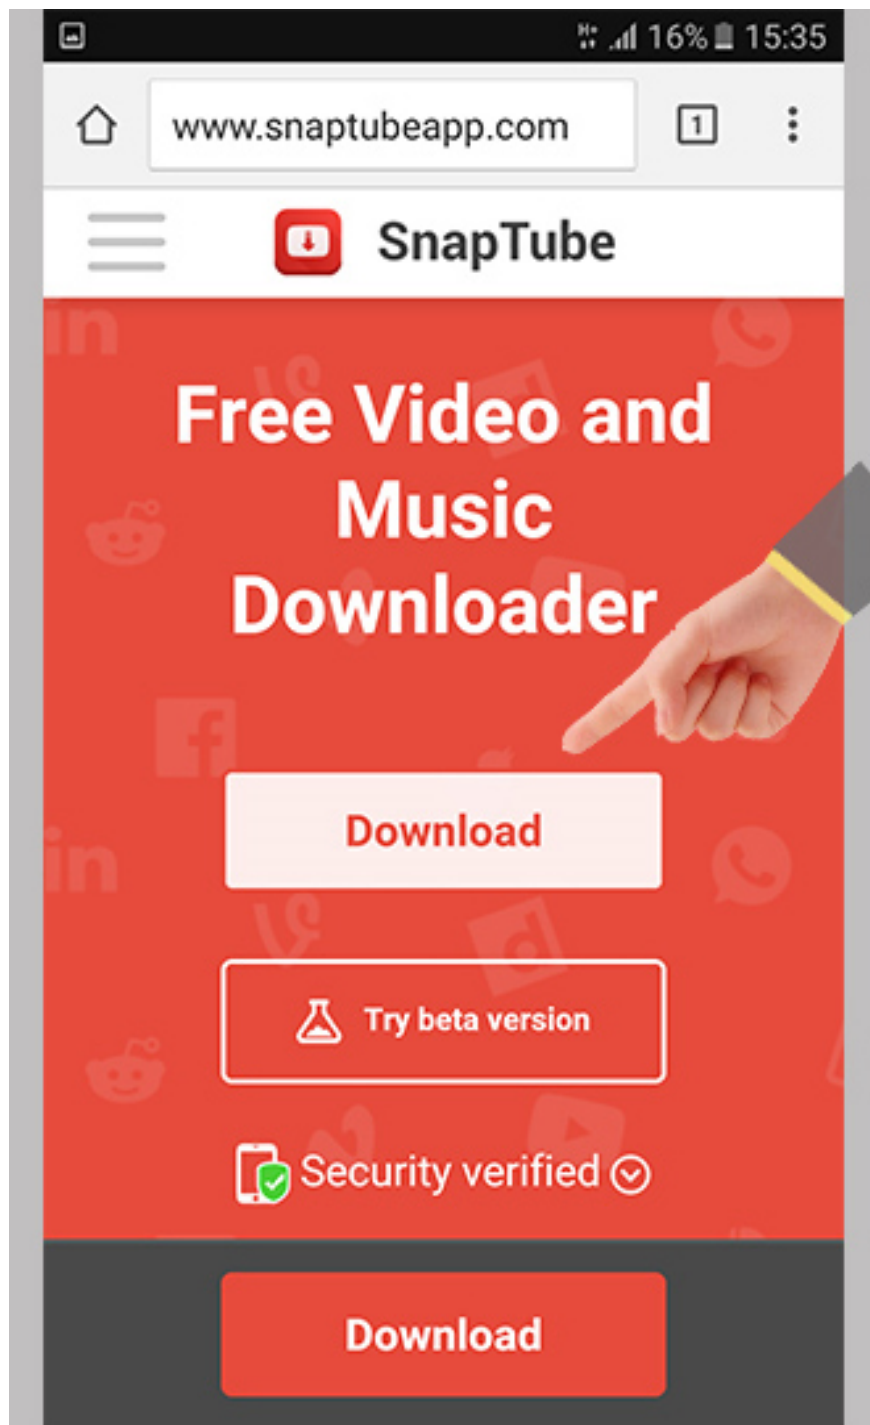

Step 2:

We will visit the following page to download the SnapTube application to the device.

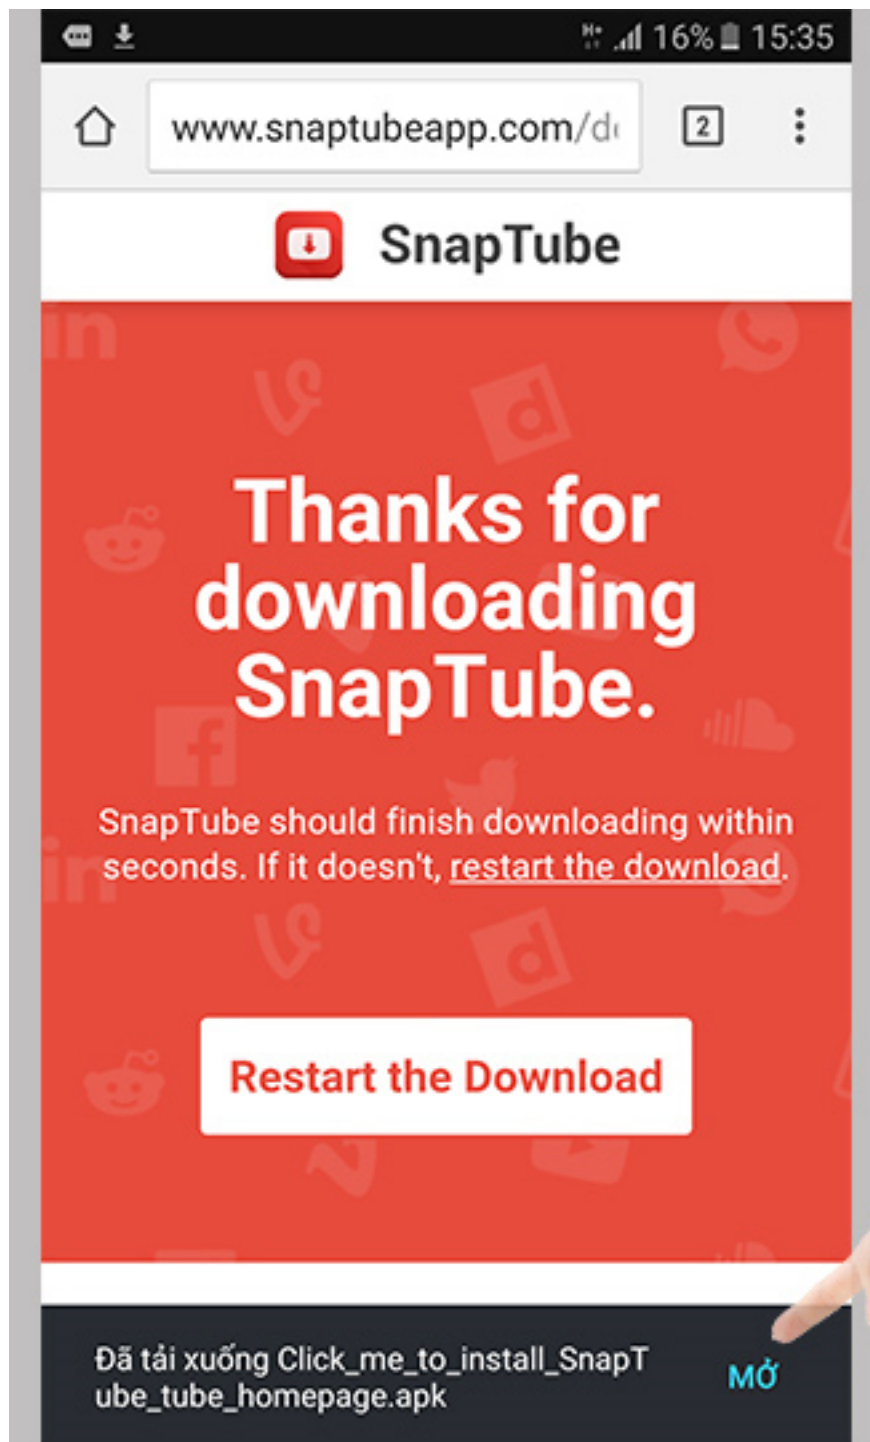

1. <http://www.snaptubeapp.com/>

At the interface, click on **Download** and download the apk file of SnapTube application to Samsung J7 Prime.

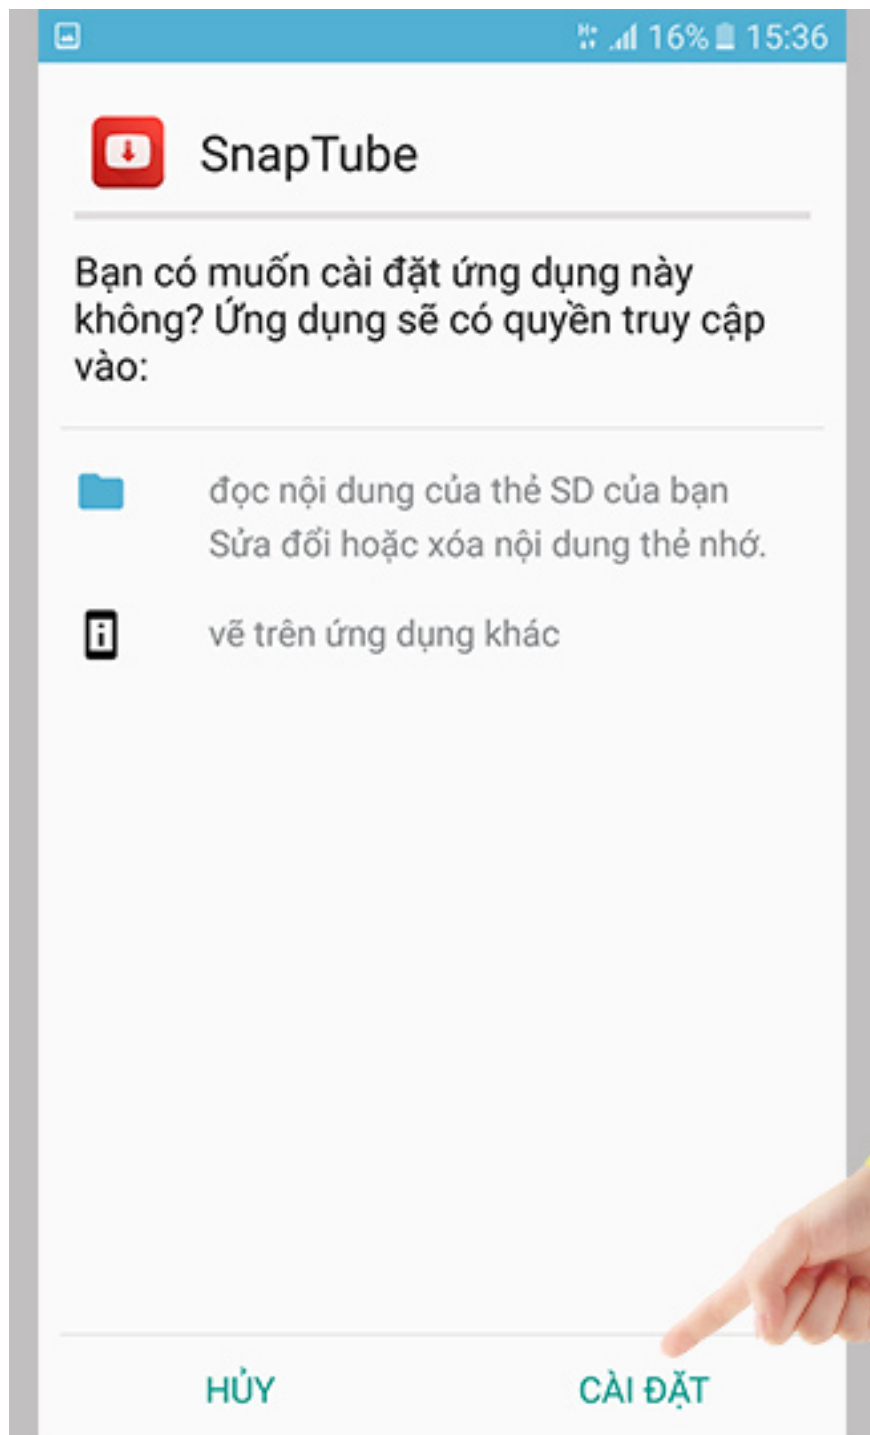

Step 3:

Continue clicking the Open button of the file to download SnapTube on the device to proceed with the installation.

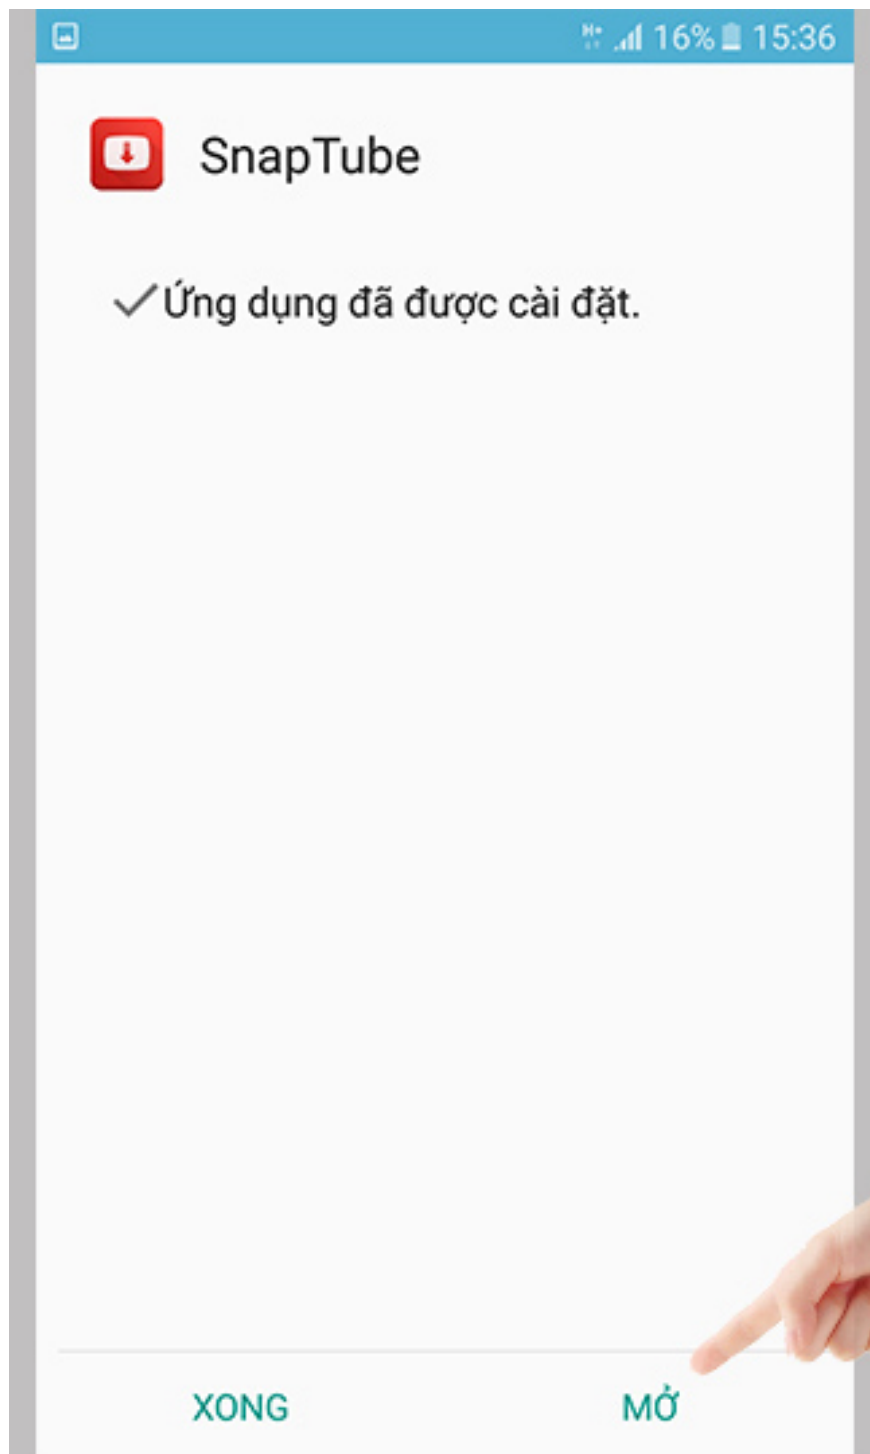

Next, you do the SnapTube Application **Installation** operation on the device.

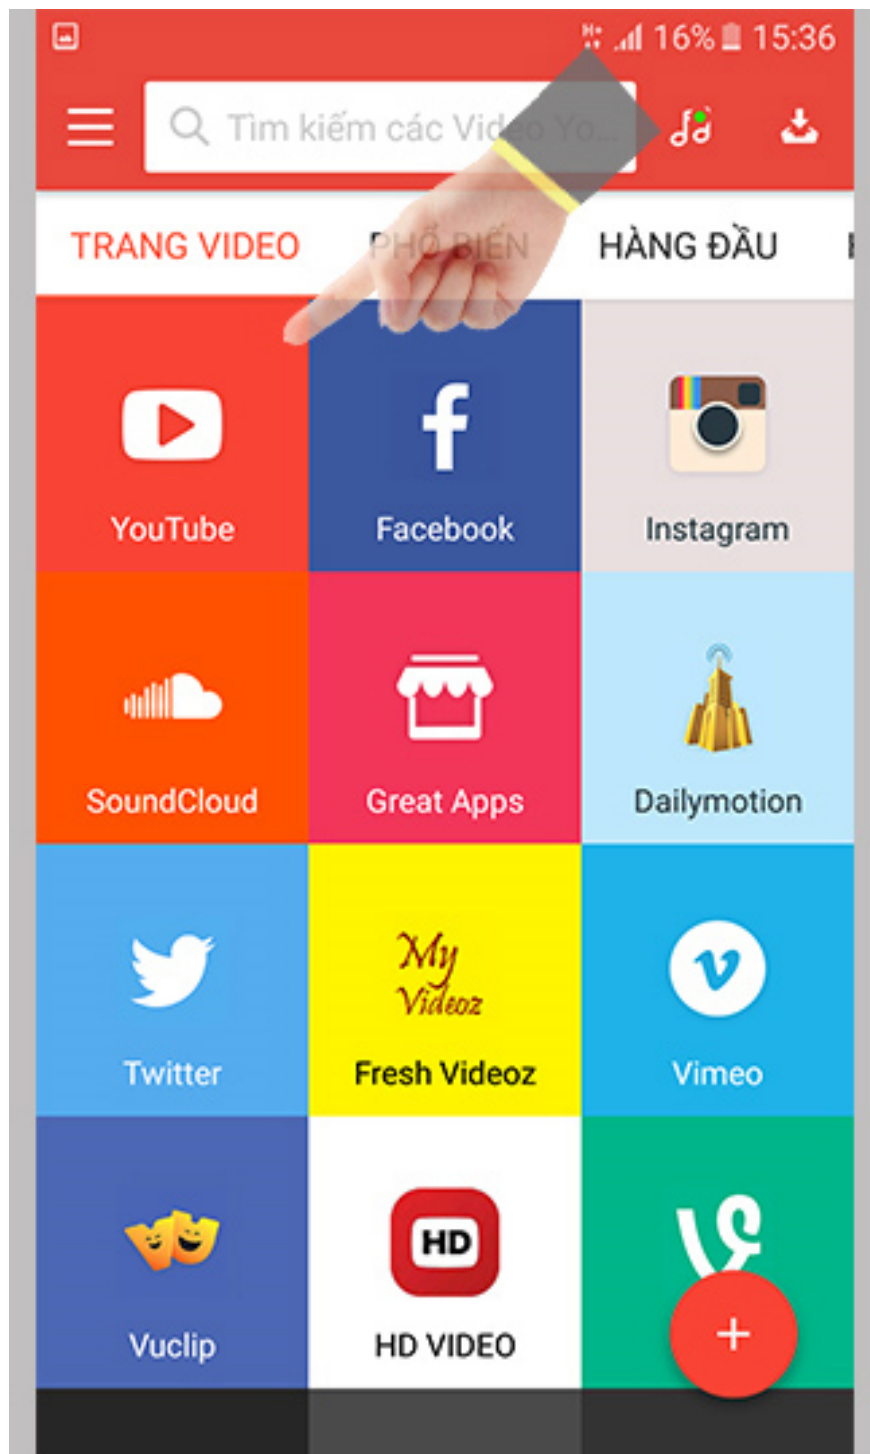

Step 4:

After the installation is successful, the screen of the screen will appear informing that the **application has been installed** . We click on **Open** on the right side of the interface to use the application.

Step 5:

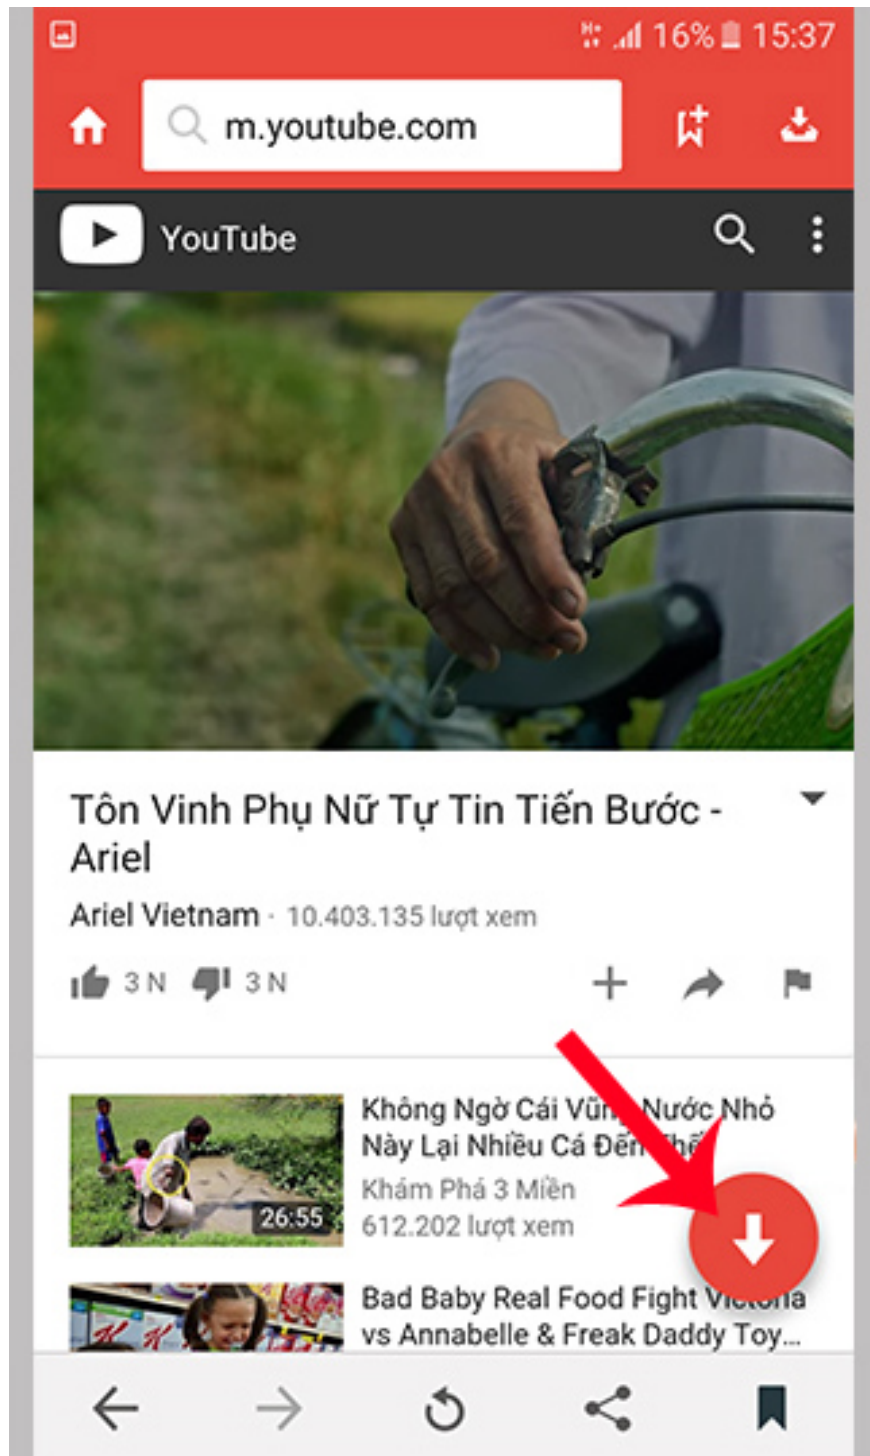

Appearing on the SnapTube application interface, readers choose **YouTube** application.

Step 6:

You **enter keywords on the homepage to search for videos you want to download** . Open the video you want to download and we will see a red arrow appear on the right interface. Click on **the red arrow to download the video** .

Soon, videos on Youtube will be downloaded to the device and you just need to open the video for entertainment, even without a Wi-Fi connection.

Just with SnapTube application, users can download and watch Youtube videos offline right on Samsung J7 Prime device. No need for Wi-Fi or 3G connection, we can still entertain all Youtube videos on the device as if there was a connection.
