

How to enable Circle To Copilot on Microsoft Edge

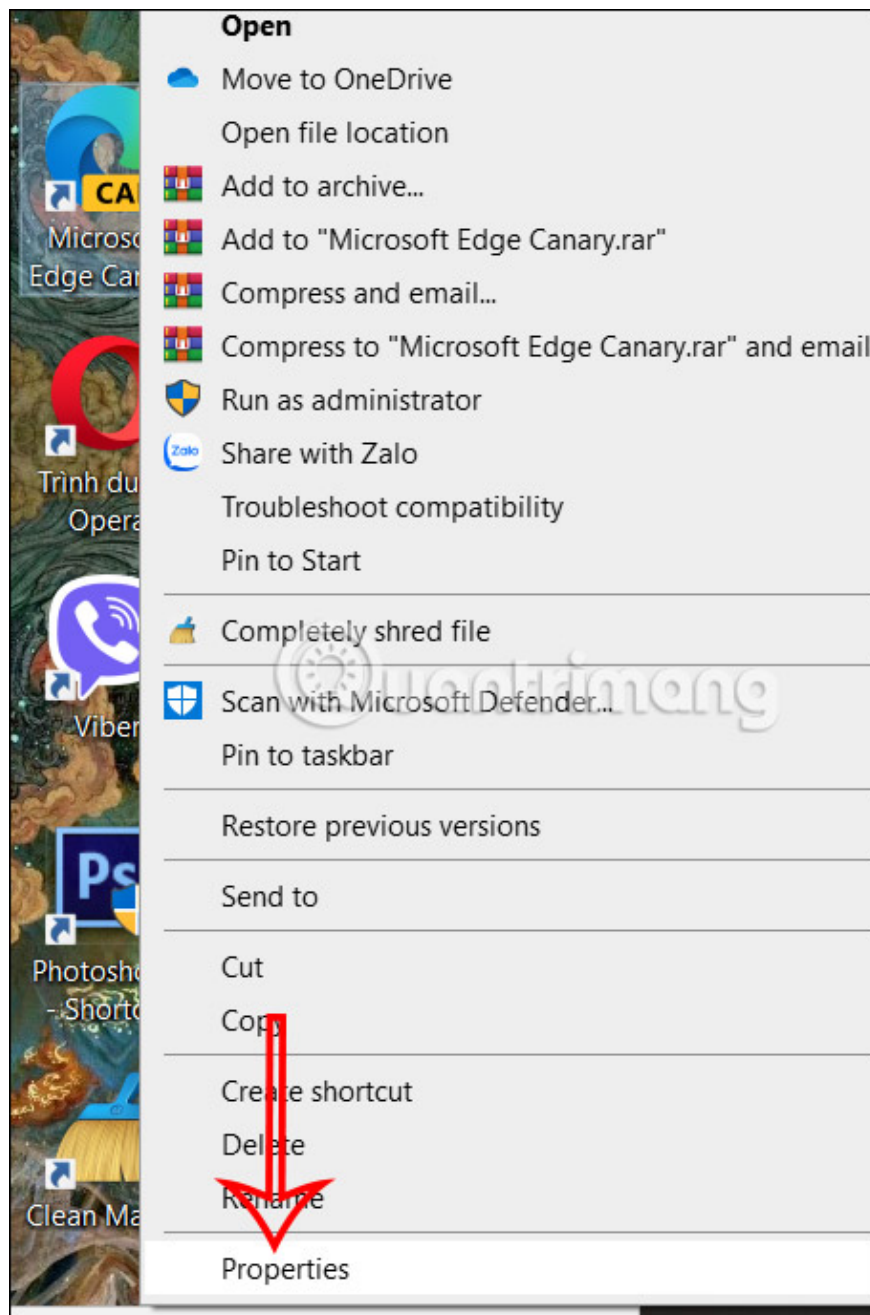

Microsoft Edge browser has a hidden Circle To Copilot feature, which circles certain content to search on Copilot like Samsung's Circle to Search feature.

Microsoft Edge browser has a hidden Circle To Copilot feature, which circles certain content to search on Copilot like Samsung's Circle to Search feature. Then you just need to localize the content you want to search on Copilot, especially with images that you do not need to download. Below are instructions for enabling Circle To Copilot on Microsoft Edge.

Instructions for enabling Circle To Copilot on Microsoft Edge

Step 1:

First you need to update Microsoft Edge Canary browser to the latest version. Next, **right-click on the Microsoft Edge Canary icon** and **select Properties** .

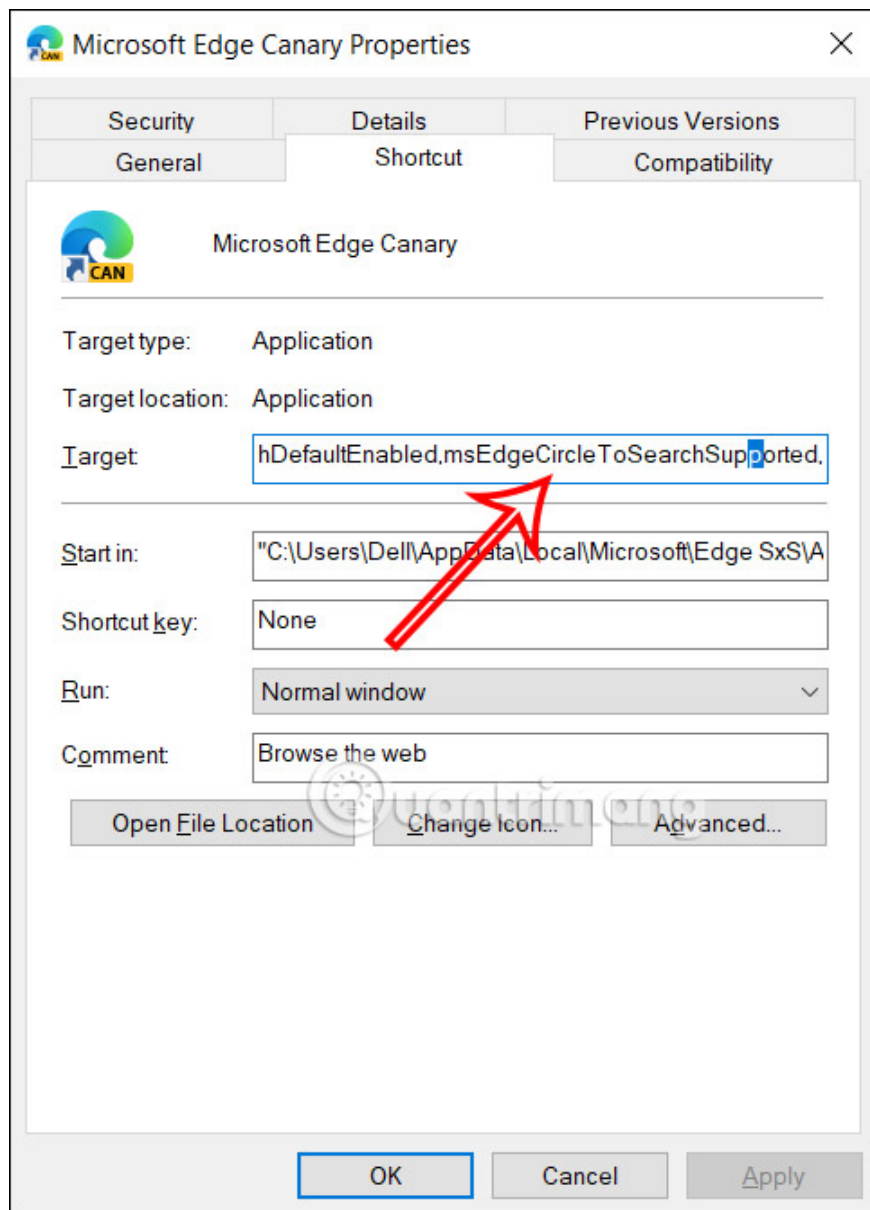

Step 2:

Next, display the new interface, in **the Target section** , press **space** and then enter the link below.

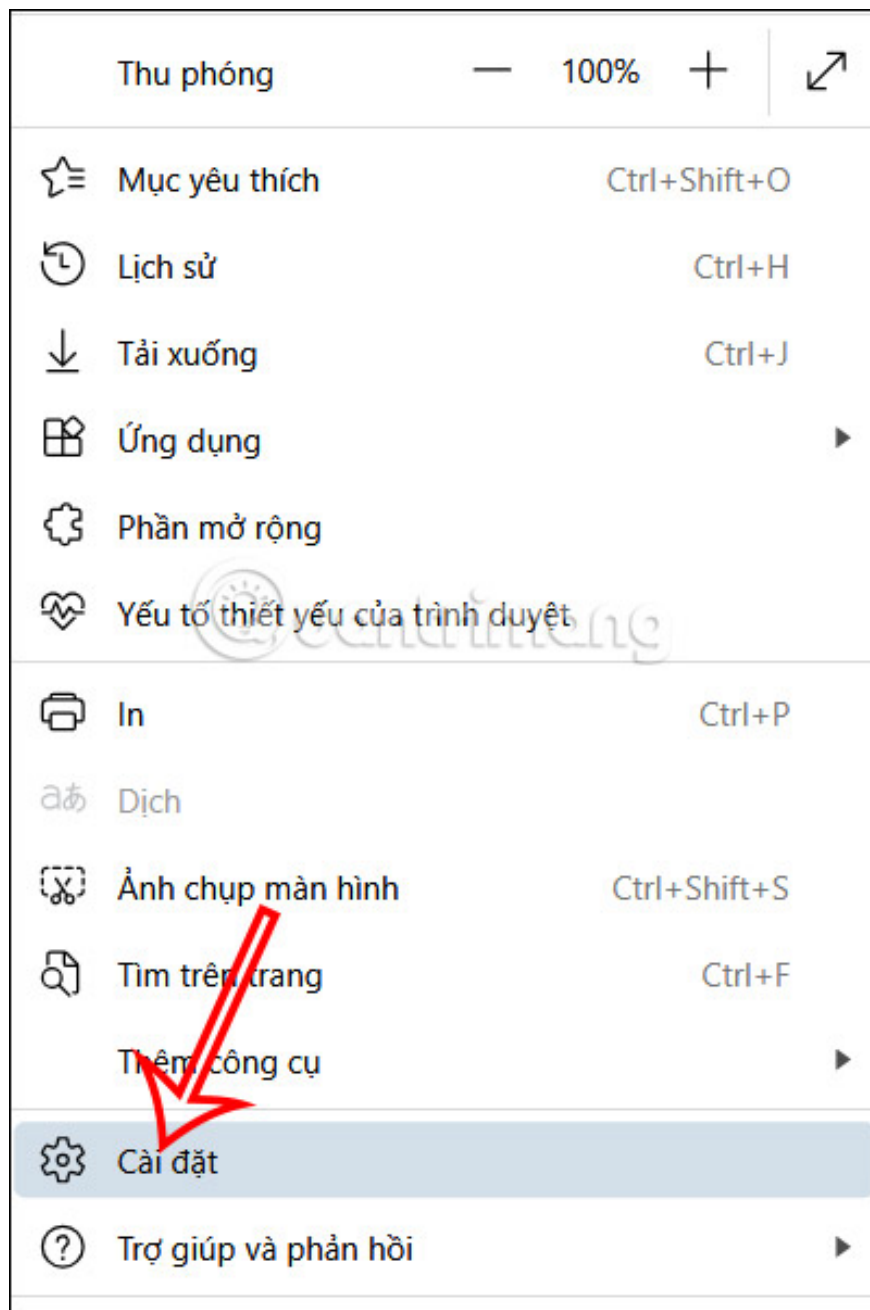

`-enable-features=msEdgeCircleToSearchDefaultEnabled,msEdgeCircleToSearchSupported`

After adding the path, **click Apply** to apply and click OK to save.

Step 3:

Return to the Microsoft Edge Canary interface and click on **the 3-dot icon** and select **Settings** in the displayed list.

In the new interface, click on **Interface** to adjust.

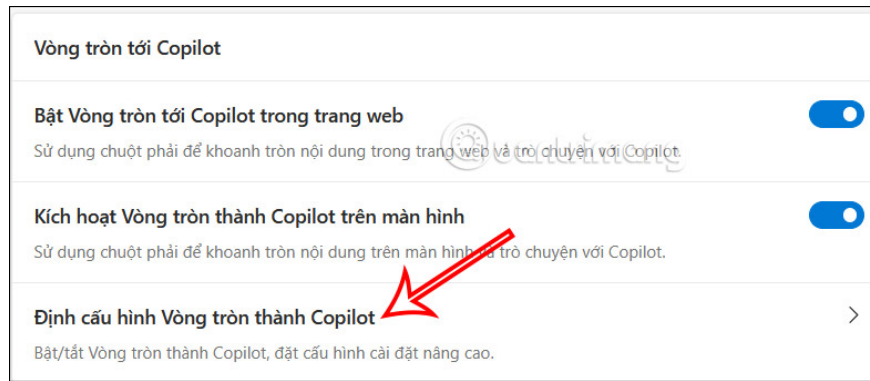

Cài đặt

🔍 Tìm kiếm trong cài đặt

- 📁 Hồ sơ
- 🔒 Quyền riêng tư và bảo mật
- 🔍 Tìm kiếm và dịch vụ
- 🗣️ Giao diện
- 📱 Thanh bên
- 📄 Bắt đầu, nhà riêng và các tab mới
- 📄 Chia sẻ, sao chép và dán
- 🍪 Cookie và quyền truy nhập site
- 📄 Trình duyệt mặc định
- ↓ Nội dung tải xuống
- 👤 An toàn gia đình
- 🗣️ Ngôn ngữ
- 🖨️ Máy in

Step 4:

Next, look at the content next to it and **activate the settings for Circle to Copilot** . You enable 2 settings to use. Then **tap Configure Circle to Copilot** to set up the keyboard shortcut.

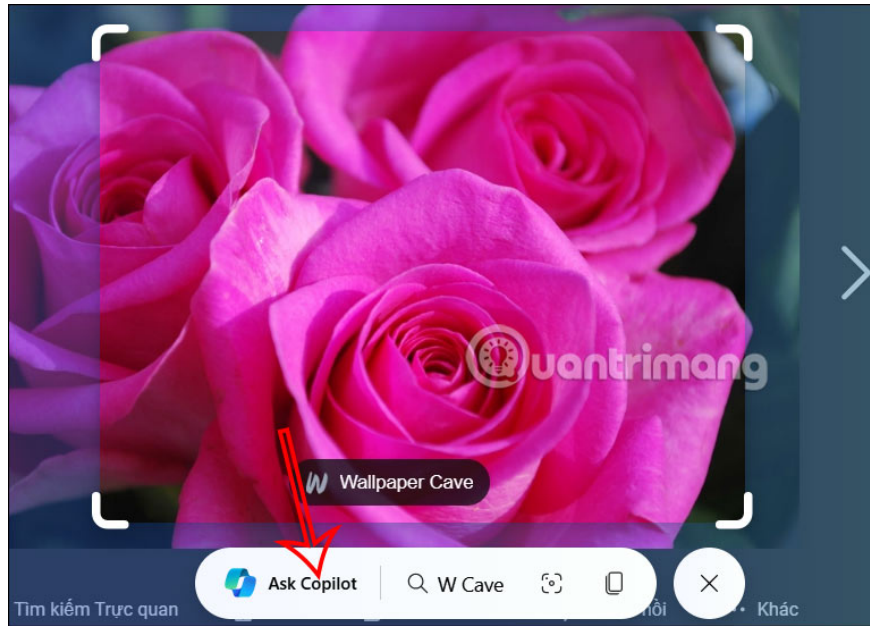

You will now see **the shortcut to set up the Circle To Copilot tool on Microsoft Edge** .

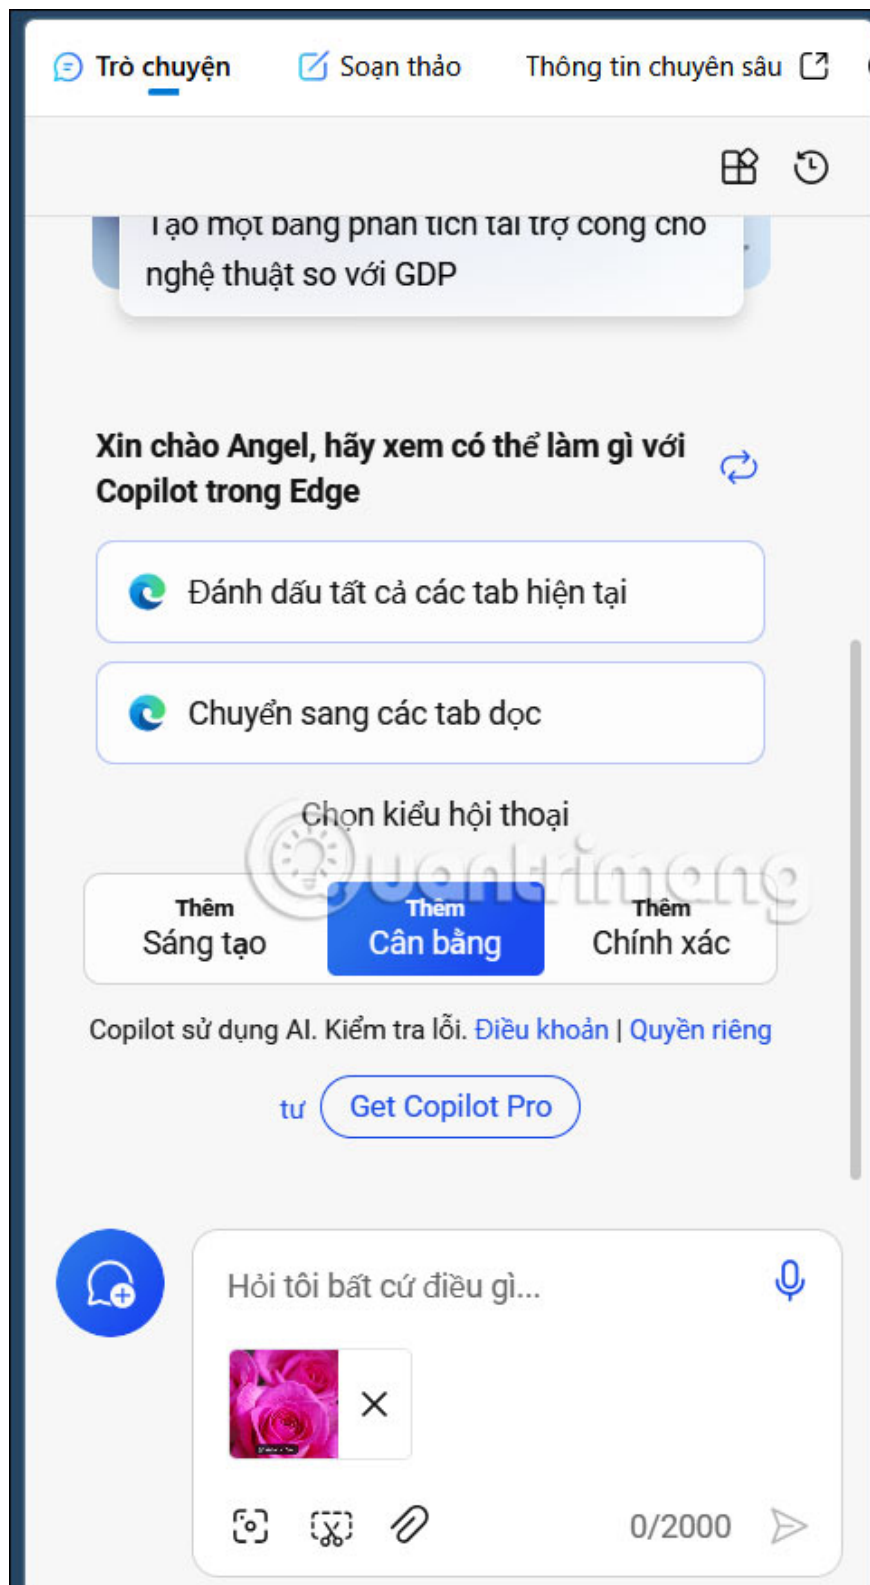

Step 5:

Now you just need to **press the shortcut key combination** , then **hold down the right mouse button and select the area** and click **Ask Copilot** to search for any image or information on the browser.

Immediately after that, on the right edge of the screen you will see the Copilot interface appear with the photo or content you have selected.

Now you can chat with Copilot for the content you want to search.
