

How to enter the latest League of Legends code 2020

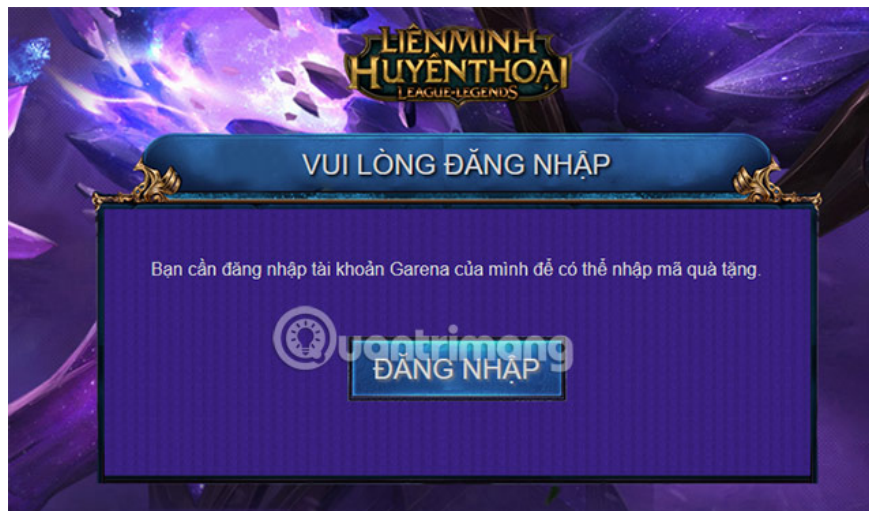

These are the addresses for entering the official League of Legends code and how to enter the code to receive League of Legends gifts.

In addition to earning rewards directly from events in League of Legends, you can also earn rewards thanks to Giftcode LMHT. Giftcode you can also get through the events in the game to get the reward corresponding to the giftcode achieved.

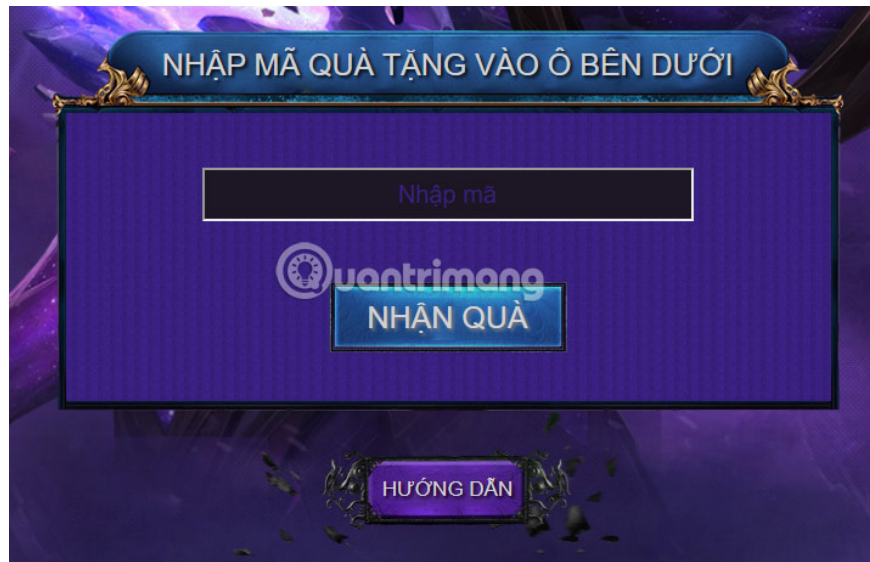

To enter Giftcode LMHT, you need to visit the web address of the League of Legends code input to enter the code below is the valid code entry addresses of the League of Legends and Garena instructions for entering the code.

Instructions to enter the latest LMHT code 2020

First to enter the LMHT code, you can access code.lienminh.garena.vn > then log in your Garena account. Next enter the code obtained in the Code Entry section, then click Get Gifts below.

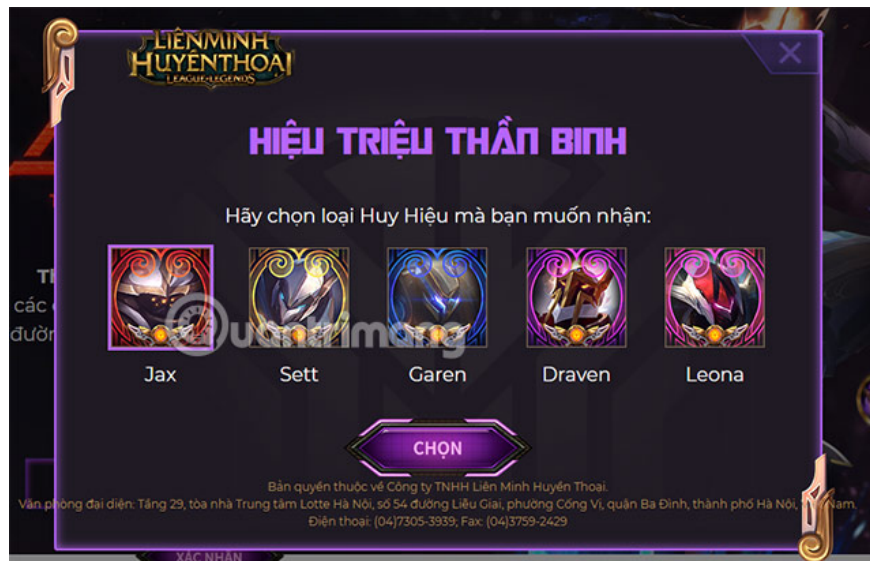

Gifts received at code.lienminh.garena.vn will be the rewards corresponding to the event taking place in the game. It may be a costume with a champion that you do not yet own, the time it takes the system to send gifts to your account may be a bit long. If after 3 days the gift has not arrived, contact the customer service department for assistance.

In addition, you can also enter the code at muagiai2020.lienminh.garena.vn to receive the Warrior Badge. Similar to code.lienminh.garena.vn, you only need to log in and enter the code into the code box to receive the award.

Code Badge of **League of Legends** : **League of Legends**

The crusader badge is an item used in the event to own upcoming Than Binh costumes. This badge will appear in your account when the Trieu Than Binh event starts, the event to enter the code to receive the Badge will start from January 10 to January 16, 2020.

For League code entry events, you should visit the two addresses above to enter the code with the extension lienminh.garena.vn. If the code entry page does not have this extension, it is a phishing site and you risk losing your account if you log into the fake code address.
