

How to find the blood stock in Rules of Survival

When fighting to the narrow rounds, gamers need to replenish blood to avoid losing much energy when traveling outside the board. So how to find the blood stock on Rules of Survival?

In the energy required for Rules of Survival, the blood pool plays an important role especially when the player fights when the ring is narrowed. The ring is narrow and you have to fight outside the ring or have to fight with other players, forced to have more blood to avoid losing the battle, or eating top 1.

In the Rules of Survival update on May 9, the amount of blood stock has been greatly increased so that users can search for them. These blood stores can be found on densely populated roads and places. Each position can hold 6 to 12 boxes. Each player can receive 50 health when using each Blood Kit.

Locations appear blood boxes on Rules of Survival

Currently the blood stock will be mostly located in the roads in the southwest of Logging Camps area, the three-way road north of Bitter Lake or west of the Training Base .

However, to own these blood bags, users need to move a lot. Blood boxes will be neatly arranged and neatly placed on boxes in the room. During the loot process, pay attention to the surrounding, still moving in the room because maybe other people go looking for blood boxes like you.

If you play by team, you can ask for help from your friends. Being able to quickly loot the blood can help check the surrounding static.

It is necessary to have more blood for the battle in Rules of Survival, especially when fighting outside the ring or the boils narrow. But even though there are many, you should not be hungry, because you can loot the blood of the enemy and attack and destroy you at any time.
