

How to find the song name in any video

You are listening to the song in that playlist you feel good but don't know its name. You want to search for the name of the song so you can hear the right song when you like. The following article details how to find the name of a song in any video.

You are listening to the song in that playlist you feel good but don't know its name. You want to search for the name of the song so you can hear the right song when you like. The following article details how to find the name of a song in any video.

1. Search the song title through user comments

In case of a favorite song, you can scroll down to see the comments that the user might mention the name of the song.

2. Use Google to search

In case you can understand the lyrics the simplest way is to remember 1 sentence of a song in Google search. Usually with Vietnamese songs you can apply this way.

For example, listening to a song with the phrase "Only you forever" -> perform on the Google homepage paste the search term press **Enter** results:

So just a small operation to memorize words you can find out the name of the article.

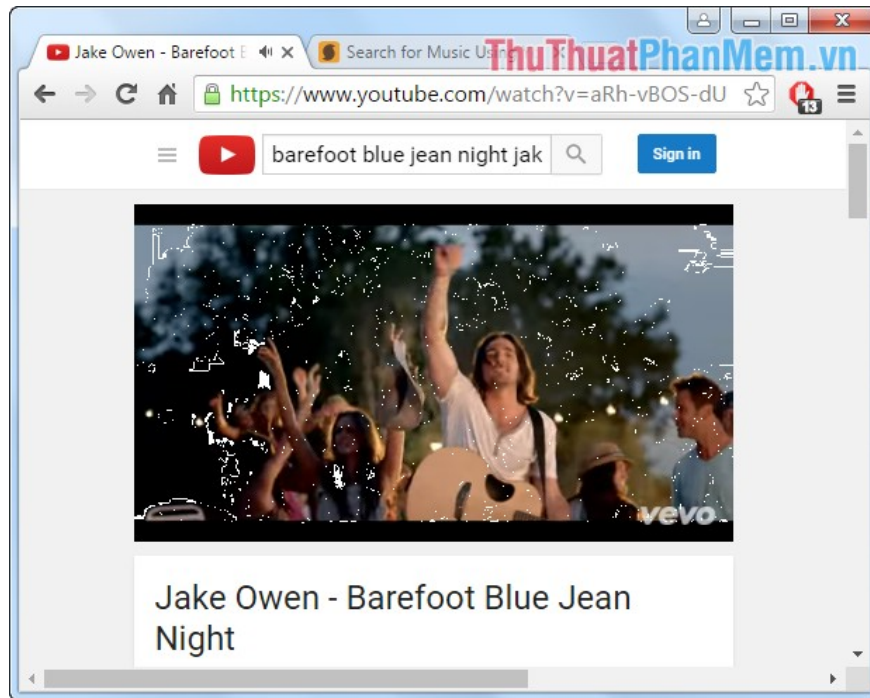

3. Use the song identifier service

- This method is very effective in case of English songs that you cannot remember the lyrics.
- There are many websites that help you identify song titles such as *shazam.com* or *midomi.com*.

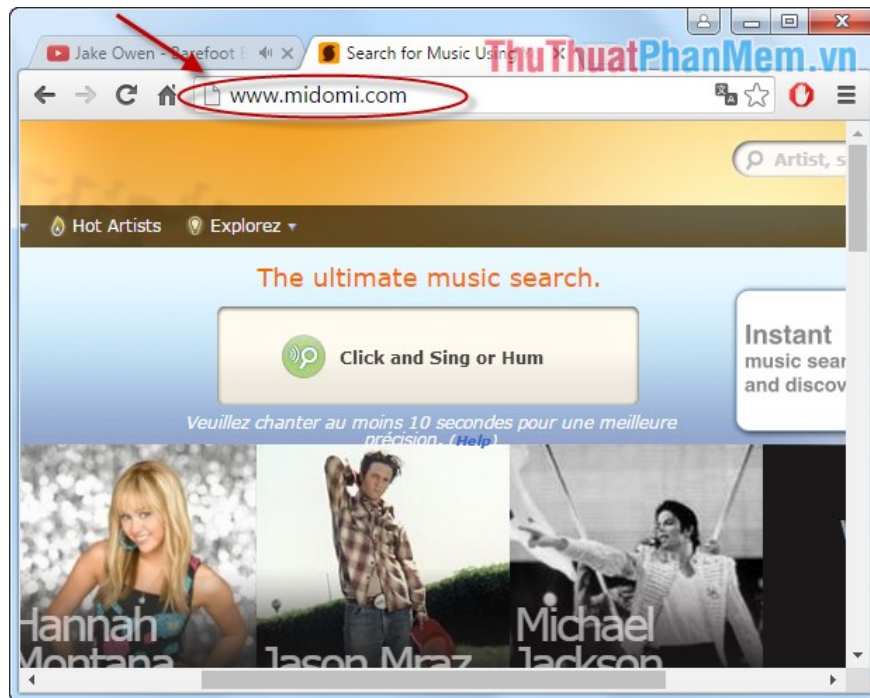

In the article below, there is a detailed guide on how to identify a song on midomi.com.

Example: Testing the identity of the song Barefoot Blue Jean Night by singer Jake Owen.

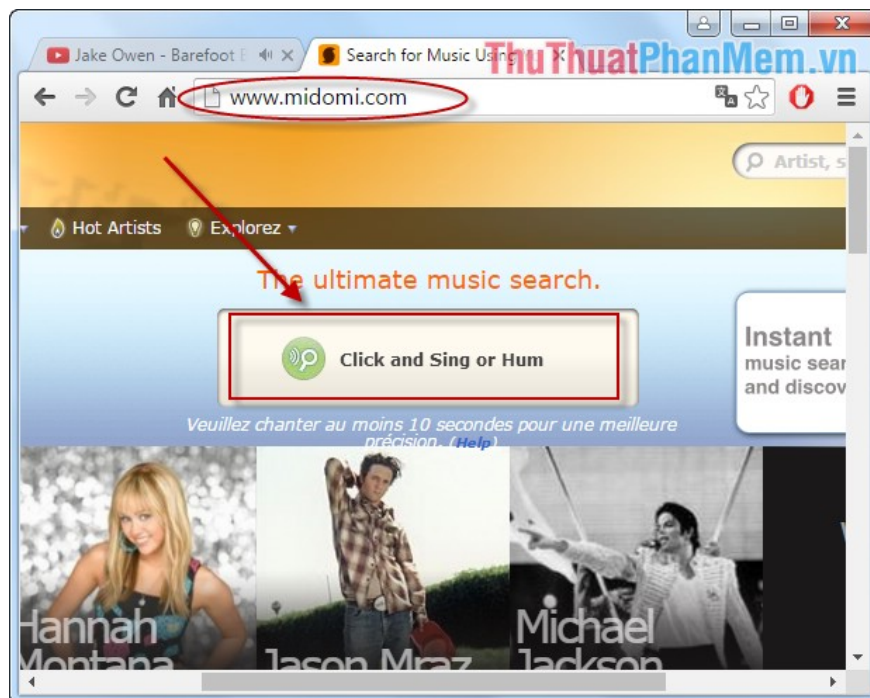

Step 1: Visit youtube to find the song Barefoot Blue Jean Night by singer Jake Owen.

Step 2: Select a new tab to access the website <http://www.midomi.com/>.

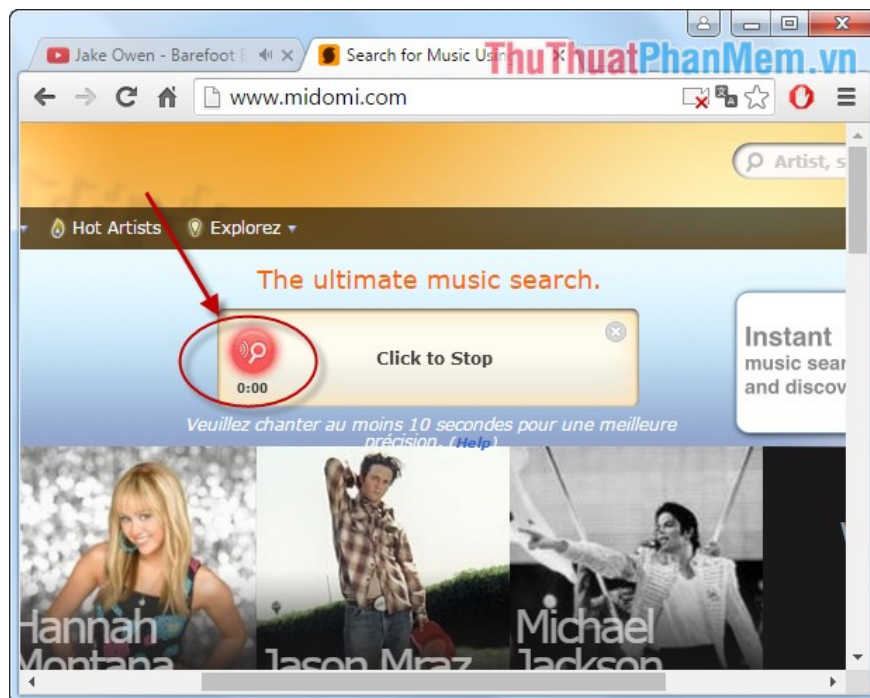

Step 3: Play the song Barefoot Blue Jean Night on Youtube tab -> move to *midomi.com* page and click on **Click and sing or Hum** .

Step 4: Click **Allow** to start the song.

Step 5 : The identification process begins:

The search process ends -> the song results are searched:

So if you do not know the name of the song, play the song and visit *midomi.com* to find the name of the song.

Also you can use the search id in **Twitter** .

Above are some simple ways you can identify your favorite songs.

Good luck!
