

# How to 'gather' multiple Pokemon on a single point?

PokeStop is located near you on the map, you can easily recognize PokeStop with a blue icon on the map. When coming closer, the icons will change the shape and click on the icon that will allow users to swipe Photo Disc, displaying items in the bubble.

PokeStop is the point on Pokemon GO, allowing players to collect items like eggs and PokeBalls used to catch more Pokemon.

PokeStop is placed in the position near the player on the map and players can easily recognize PokeStop with a blue icon on the map. When closer, the icons will change shape and if clicking on the icon will allow the user to shoot Photo Disc, displaying items in the bubble.

PokeStop icon will change to purple after the player collected a certain item and players will have to wait about 5 minutes for PokeStop to return to the old color and continue to collect other items. A PokeStop will give players 3 to 4 items at the same time, but if you are at level 5 or higher, players can get Poké Balls, Pokemon Eggs (Pokemon eggs) and some other items like revival and Medicine for use in battles.

## 1. Lure Modules and PokeStop

Buying a Lure Modules will give the player the right to place a decoy at any PokeStop point to attract and increase the number of Pokemon in the area. The pink petals will show on the map at the place where the Lure Module is used and if clicking on a nearby PokeStop will provide you with detailed information about Lure users.

## 2. How to create a PokeStop Farming Spot

When using Lure Module, PokéStop is the best position to find Pokémon. And some areas of creating Farming Spot will actually have loads of Pokémon and a source of Pokémon. Creating a Farming Spot is not easy and you have to do some of the following tasks:

### - Create PokéStop plow point:

Location is the most important part of Farming Spot. You must have many PokéStops in the same position. There should be about 3 to 5 PokéStops with the distance close together is best. Check out the location and find a best location for you.

Also remember to use PokéStops for 2 important purposes. First PokéStop can give you Pokémon resources when the lure is activated on PokéStops and the second is to provide Poké Ball.

### - Providing Lures:

Players will have to use a lot of Lure Modules to perform missions. To add Lure Modules, players can buy or ask for support from friends in the group.
