

How to get 1TB of Google Drive capacity for free

To receive an additional 1TB from Google Drive, users will join the Donate for Local Guides program, a new feature that is additionally upgraded on Google Maps.

Google Drive is now widely used by many users to store all their online data. Once you join, you already have 15 GB of free content. With this 15 GB we can store everything we want. However, for those who often use this tool to store, it will quickly run out of use.

So what if you want to receive 1 TB of Google Drive capacity? There is a fairly new way that many users have tried and succeeded in being a member of the Local Guides program. This is a new feature of Google Maps, which will help users to receive 1 TB of Google Drive capacity in 2 years. Join the Network Administrator to learn how to do it in the following article.

Get 1 TB for free Google Drive from Google Maps

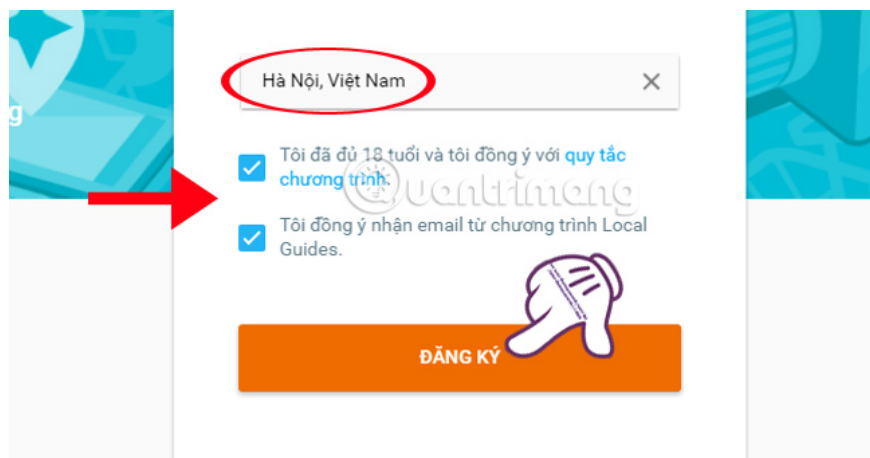

First, **log in to your Google Drive personal account** .

Step 1:

Then, go to the Local Guides homepage on the link below:

1. Please visit Local Guides Google Maps

Enter the address of the city or country in which you live. Check the 2 terms of the program and select **Register** .

Step 2:

We will be transferred to the new interface. Here, click on **Start contributing at level 1**.

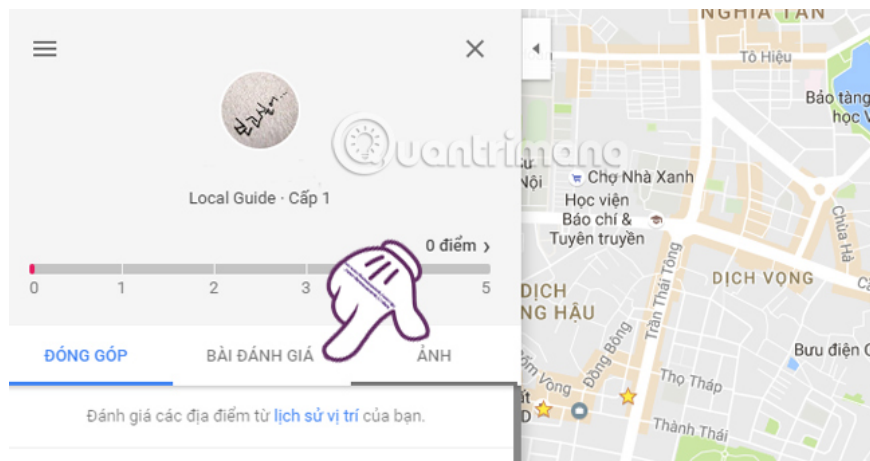

Step 3:

Next, you will be redirected to **the Google Maps interface and the map where you live** . We will proceed to contribute to Google Maps.

The tasks you need to do will have 3 parts, including: **Contributions , Reviews , Photos** .

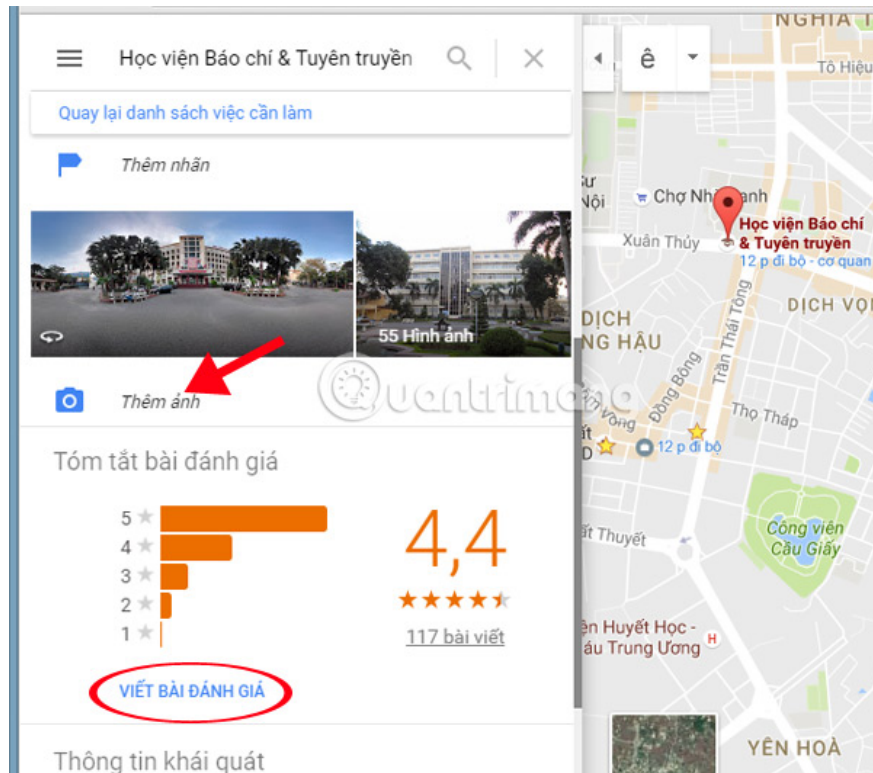

Note , in order to be able to execute users, turn on Location History in the Google settings section.

Step 4:

To conduct a job of writing a place review or adding a location photo with a Local Guides account, click on a location on the map, maybe a cafe, restaurant, certain place to add photos.

For example, I choose the location of Academy Press and propaganda. Right below, there will be a **Add Photo** or **Write a Review section** .

Step 5:

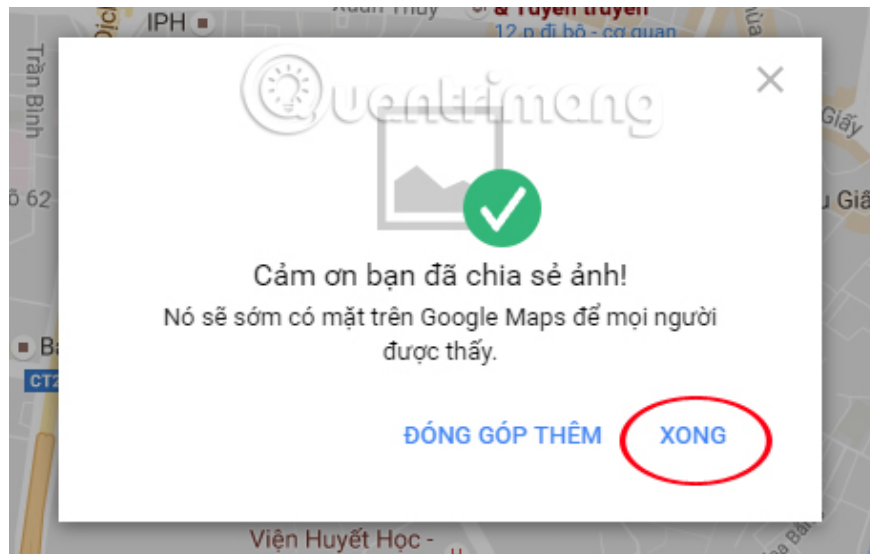

When you click Add image, you will see the image upload position. Users can click the **Choose image to upload to** the middle, or drag and drop the image into the frame to upload photos to Google Maps.

You wait for the process to upload photos to Google Maps.

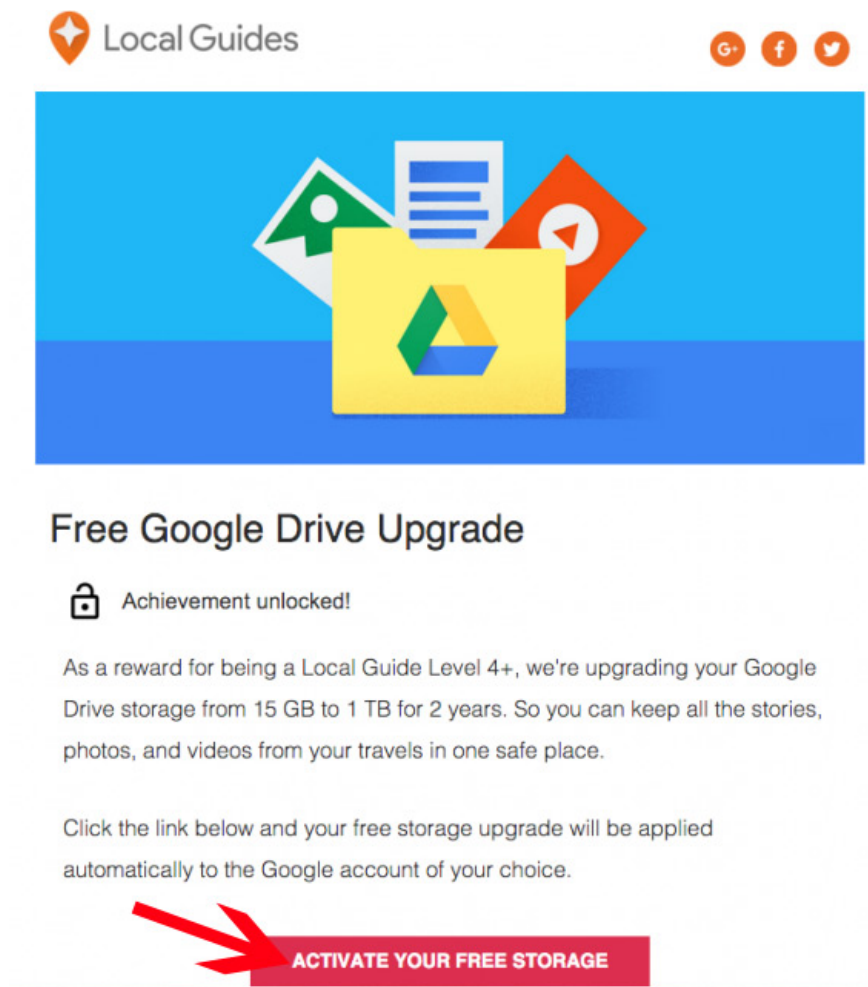

When the image download process ends, we will receive a successful notification from Google Maps. Click **Done** . Users will be able to download unlimited photos of locations. Photos are not censored, but you should also find accurate photos of places to upload to Google Maps.

At each level there are different scales. When we complete each scale, we will finish a level.

After you contribute to Local Guides to level 4, you will receive 1 TB of Google Drive free. Google will send activation email to user if eligible. You just need to click **Activate your free storage** as shown below.

The above is a guide to receive 1TB of free storage from Google Drive through your participation in Local Guides, posting reviews and righteous image locations in your current location. Each time you submit a review or photo you will get points, and upgrade to level 4 to receive space. So please work hard to contribute to the positions on Google Maps.
