Quick Summary

1. Collect Candy Corn in Grow a Garden by filling the Witch's Cauldron or interacting with Jack-O-Lanterns.

3. The Witch Pot and Pumpkin NPC rankings both have limited rewards that only appear during the Halloween season.

How to get Candy Corn in Grow a Garden

You can earn Candy Corn in two main ways during the Halloween event:

1. Witch's Cauldron Leaderboard

In the Ghoul Garden update, NPC Witches will appear in the center of the map. Players can donate random crops to the Witch Pot, and when the pot is filled to 100%, you will receive Candy Corn and other mysterious rewards.

Depending on your position on the Cauldron leaderboard, the amount of Candy Pops and rewards you receive will vary. There is also a chance to receive a Spooky Egg or other special gifts. After the reward is distributed, the Witch's Cauldron will go into a cooldown period before it can be refilled.

2. NPC Pumpkin Jack-O-Lantern

The second way to get Candy Corn is through the Pumpkin Jack-O-Lantern NPC. This NPC will appear every 2 hours, to the right of the Witch. When the Jack-O-Lantern appears, you can interact with it to receive exclusive rewards.

Pumpkin rewards are similar to Witch rewards, but there is a random chance of receiving one. Jack-O-Lanterns only last for 5 minutes, so be quick if you don't want to miss out.
